N. E. FOREIGN TRADE \$680,100,000 IN 1946.

The value of foreign trade flowing through the Customs Districts of New England amounted to \$680,100,000 in 1946, which was more than 4.6 per cent of the total for the U. S. and involved a movement of 7.7 million tons of commodities. Exports were valued at \$209,500,000, with weight of 1.2 million tons, whereas imports totaled \$470,600,000, weighing 6.5 million tons. Compared with the U. S. totals, New England had only 2.1 per cent of value and 1.2 per cent of weight of exports, but accounted for 9.5 per cent of value and 11.1 per cent of tonnage of imports. New England's share of U. S. exports and imports registered gains in both for the years 1945 and 1946, reflecting the resumption of private trade and the gradual availability of ocean shipping at New England ports.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

The following is a statement showing the number of new buildings for purposes of habitation, together with the number of family accommodations provided thereby, for the erection of which applications were filed with the Building Department of the City of Boston during the

Proposals will be received until 12 o'clock noon, Tuesday, May 18, 1948, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

No. 20.

MAYOR CURLEY ANNOUNCES PLANS FOR ESTABLISHING A PARKING LOT FOR CHILDREN ON BOSTON COMMON, TO BE LOCATED NEAR LA FAYETTE MALL ON TREMONT STREET, FOR BENEFIT OF SHOPPING MOTHERS WHO CANNOT LEAVE THEIR LITTLE ONES AT HOME—PLAY SPOT TO BE FITTED OUT WITH ALL THE APPARATUS THAT DELIGHTS THE CHILDISH HEART, INCLUDING SWINGS, TEETERBOARDS, JUNGLE GYMS, ETC.—COMPETENT SUPERVISORS WILL BE PROVIDED TO WATCH OVER TOTS.

Announcement has been made by Mayor James M. Curley that a parking lot on Boston Common, somewhere along La Fayette mall on the Tremont Street side, will be established for children—complete with swings, teeterboards, jungle gyms, sand boxes, and the rest.

MAYOR MAKES PLANS FOR BUILDING ON BILLINGS FIELD FOR YOUTH USING PLAY SPOT.

The following communication from the office of the Mayor was made public on May 10:

MR. JOHN MURPHY, *Chairman.*
Boston Park Commission.

MY DEAR MR. MURPHY,—I have discussed with Councilor Walter D. Bryan the possibility of a building on Billings Field for the benefit of that rapidly developing section.

I would appreciate your getting an estimate, at the earliest possible date, as to what it would cost for a building to house showers and lockers or, if it would be more advisable, to install an open swimming pool for the children.

Kindly take this matter up with me further, when you secure the necessary information.

Sincerely yours,

JAMES M. CURLEY, *Mayor.*

TO SPRAY PARK TREES FROM AIR TO BATTLE INSECT PESTS.

Mayor Curley has authorized the Park Department to spray by airplane the trees in Franklin Park, George Wright Golf Course, and Mount Hope Cemetery. It is to be the first spraying of the trees on these areas this year. They are to be sprayed with a D.D.T. solution so as to prevent any damage that might result from leaf-eating insects.

It will be the first time that Boston's trees on the city's parks and cemeteries will be sprayed from the air. What formerly took days, and sometimes weeks to do, will be done in a matter of hours. The work is to be done by contract. The contractor will carry all the necessary insurance required. It is intended to spray only these large areas from an airplane.

Mothers may leave their youngsters there under competent supervision while they go about their business in the downtown shopping district.

The whole thing will cost about \$3,000, and most of that will go for wire fencing. The rest of the paraphernalia is already on hand, Park Commissioner John J. Murphy said the project has the blessing of the stores and of the Chamber of Commerce, and probably will be welcomed by a lot of mothers.

The announcement from the Mayor's office reads as follows:

MAYOR CURLEY, GOVERNOR BRADFORD, JAMES LYNCH, EDUCATIONAL DIRECTOR, BUREAU OF NATURALIZATION AND IMMIGRATION, AND JUDGE ROBERT GARDINER WILSON FEATURE BOSTON'S OBSERVANCE OF "I AM AN AMERICAN DAY" ON SUNDAY ON COMMON.

Plans have been completed by the Public Celebrations Department, Henry F. Brennan, Acting Director, for the official observation of "I Am an American Day," Sunday, May 16, according to announcement issued from the office of the Mayor.

James Lynch, Educational Director of the Bureau of Naturalization and Immigration, the United States Department of Justice, will be one of the principal speakers at the exercises on MacArthur mall at 2 p. m. Judge Robert Gardiner Wilson, Jr., Imperial Guide of the Order of the Mystic Shrine, will deliver the principal address, followed by Governor Robert Bradford and Hon. James M. Curley.

Color Guards from the Army, Navy, Marine Corps, and Coast Guard will be present and will flank the speakers' stand.

Capt. Floyd Sexton will represent the United States Coast Guard; Rear Admiral Morton L. Deyo, the United States Navy; Maj. Gen. Frank A. Keating, the United States Army; Col. W. W. Orr, the United States Marines. Governor Robert F. Bradford will attend.

Continental Color Guard, Sons of the American Revolution, commanded by Mr. Raymond Bowley, will officiate at the

Model Playground.

The suggestion has been made that some consideration should be given to the installation of a model playground on Boston Common. This idea is based on the following facts: (1) that most large cities with progressive playground programs have one model play area that is used for a "showpiece"; (2) that a playground on Boston Common would be justified in the amount of usage that such a play area would command; (3) establishment of this play area would gain immeasurable good will for the city government and particularly the Park Department. It would be a tangible gesture on the part of the city government to encourage and cooperate with tax-paying business enterprises—in this case, the retail organizations in the area commonly called the "downtown shopping district."

This proposed playground would be located off of La Fayette mall in the section where the May Day celebration is held annually, convenient to established lavatory facilities. The best of the new equipment already purchased would be placed here, and an amount of money sufficient to make an enclosed, attractive play area would have to be spent—otherwise, the whole idea would not be effective.

From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

SERVICES OF VETERANS BEING UTILIZED LARGELY BY TRANSIT DEPARTMENT FOR TUNNEL CONSTRUCTION IN EAST BOSTON AND OTHER SECTIONS OF CITY TO SAVE CITY'S FUNDS BY TAKING THEM FROM VETERANS' SERVICES AND OTHER RELIEF ROLLS—CHAIRMAN NICHOLS OF COMMISSION PREDICTS A POSSIBLE ANNUAL SAVINGS EVENTUALLY IN EXCESS OF \$500,000—OF TOTAL FORCE OF 530 PERSONS NOW EMPLOYED IN TRANSIT DEPARTMENT, 387 ARE IN THE LABOR DIVISION, WITH ABOUT 95 PER CENT OF PERSONNEL COMPOSED OF VETERANS—LABOR FORCE EXPECTED TO INCREASE FROM TIME TO TIME.

His Honor the Mayor on May 11 received the following communication from Malcolm E. Nichols, Chairman, Boston Transit Commission:

DEAR MAYOR CURLEY,—This letter is a brief report on the progress of the work being carried on by the Transit Department. It includes the Rapid Transit facilities, East Boston District; the new bus terminals at Andrew Station, Fields Corner, and Ashmont; the installation of moving stairways at Atlantic Station; the plans authorized by the Legislature for a second traffic tunnel.

The estimated cost, as of today, of this work is somewhat in excess of \$10,000,000, of which the major part is in East Boston. Here progress has been extremely difficult, not only by the nature of the work, but by the conditions imposed by severe winter weather.

It is the plan of the department to start immediately a second shift of men on the East Boston construction. Electrical work by the Edison Company is so far completed as to provide in a few days for lighting that part of the line for the service of the night shift.

Of a total force in the Transit Department of 530 individuals, there are at the present time 387 in the labor division. About 95 per cent of our personnel is composed of veterans. The department has followed the policy of the Legislature laid down in the law that veteran labor shall be employed wherever practicable. The labor force will be increased from time to time. We are subject, of course, in all appointments to the rules of civil service, and at the moment we feel that it is the labor force which should be built up, and opportunity for employment outside of this labor force is so limited as to be practically nonexistent. Our last requisition for laborers was for 115, of whom 80 are already at work, and in the course of a few days we shall ask for 100 more.

Reference has been made to the policy laid down in the statutes for veteran rehabilitation. While it has not been possible to take employees as heretofore from the welfare rolls, it is still possible to make a comparison of probable savings in Soldiers' Relief. A breakdown of the figures would show the following result. Assuming that the veterans placed in employment on the East Boston project are potential applicants at the Soldiers' Relief Department, the sav-

ings for the city on account of those placed, on a basis of 275 veterans employed, would be \$28,600 per month, or \$343,000 per year. With the immediate increase of 500 in the labor division, it will be seen that the annual estimated saving in Soldiers' Relief will exceed \$500,000 annually.

The engineering structure of the department has been strengthened in contemplation of this increase in the force of those in the labor division.

In East Boston the department is engaged in the most difficult part of the project. It has been hard to secure the services of competent supervision, and the labor force itself has been put together with men who were largely inexperienced and required much direction.

Outside contracting firms, who pay a higher rate of wages than those paid by the Transit Department, have contributed to the problem of securing engineers and experienced help on subway construction. Again, it was formerly easier than today to obtain laborers for deep construction. The work is not attractive to men who have had no previous training in subway construction, and an illustration of this is that, since the work began, we have lost the services of considerably over 100 men on the laboring force from resignation.

On the whole, we are able to state that all this work is proceeding in a highly satisfactory manner.

Respectfully,

CITY OF BOSTON TRANSIT DEPARTMENT,
MALCOLM E. NICHOLS, *Chairman*.

MAYOR CURLEY PLANS PARKING LOT FOR CHILDREN ON BOSTON COMMON.

(Continued from page 465.)

The playground would be mainly for transient children, particularly children of mothers who have shopping to do in the Boston stores. It would eliminate the necessity for mothers to leave their children at home without supervision. Through publicity, the city would make known to thousands of parents that this

play area was installed so that the benefits of healthful, happy, supervised play would be available to their children, without the necessity for dragging them through the stores, a trial for any mother.

MERCHANTS' FAVOR.

As a sound public relations gesture, the idea cannot be questioned. The Retail Trade Board, the leading merchants' association, would most certainly use the existence of the play area as an idea to secure a greater volume of business. The retail stores have spent thousands of dollars in advertising the conveniences for shopping by rapid transit, fighting for easier shopping facilities.

This play area would be the unit in the whole system that could be pointed out to visiting delegations as typical of all of the playgrounds. It could be used to test equipment, right under the eyes of the Park Commissioners—it would make the Common-Public Garden area, with the swan boats and frog pond, one children's paradise.

The city government would win everlasting affection from the parents who would be able to deposit their children in a safe place, transact their business, and pick up the kids on the way home. There could be a tie-up between the larger stores which would be actually interested in "Playland" (a suggested name) and the Park Department. The stores would use "Playland" as an inducement to attract more shoppers. Historic Boston Common could fulfill its function as a haven in the center of a busy metropolis.

A fenced-in-area, with attractively painted equipment and selected, cheerful young women instructors, would combine to present to the public in practical fashion just what the Park Department does each summer for Boston's children. Playground organizations, just like a business, cannot remain static—progressive ideas, in keeping with the times, are required.

ceremonies. Various flags, all replicas, are carried by the Color Guard, including the Continental Flag, supposedly carried at Bunker Hill and portrayed in Trumbull painting; the Bunker Hill Flag; the first flag flown by John Paul Jones, under which Washington took command of the army; the British East India Flag; the first Navy Jack; the Bennington, Vermont Flag, carried by Gen. Joseph Stark; the Betsy Ross Flag, after which the official Flag of the United States has been fashioned.

Rt. Rev. Daniel J. Donovan, pastor of St. James Catholic Church, Boston, will offer an invocation. Monsignor Donovan has figured prominently in church affairs throughout the Boston diocese. He is the former executive secretary of the Diocesan Holy Name Societies.

A band concert will be held for a half-hour preceding the program. Miss Marion Mulhall, a popular soprano, will sing a solo, followed by an address by Mayor James Michael Curley. There will be prayer by Rabbi Samuel I. Korff of Temple Kehillath Jacob. The presentation of distinguished guests will follow. Rev. Luther L. Weller, former rector of Christ Church, Somerville, will close the program with a benediction. Miss Marion Mulhall will lead in singing the "Star-Spangled Banner."

In case of rain, exercises will be held at Faneuil Hall.

NEW RULES AND REGULATIONS APPLYING TO USE OF PARKING METERS THROUGHOUT CITY ANNOUNCED BY TRAFFIC COMMISSIONER LEO F. CURLEY—ENFORCEMENT OF NEW RULES EXPECTED TO END ALL-DAY PARKING, EN- COURAGE USE OF OFF-STREET PARKING AREAS, FACILITATE FLOW OF TRAFFIC AND AID BUSINESS ESTABLISHMENTS BY INCREAS- ING TURNOVER OF SPACES DEVOTED TO USE OF CUSTOMER-PARKERS—TWO-HOUR PARKING LIMITATIONS STILL IN EFFECT.

Leo F. Curley, Traffic Commissioner, has announced the new rules and regulations of the Traffic Commission which will apply to the use of parking meters throughout the city.

As a result of the enforcement of the new rules the Traffic Commission hopes:

1. To eliminate all-day parking.
2. Encourage the use of off-street parking areas.
3. Facilitate the flow of traffic.
4. Assist business establishments by increasing the turnover of spaces used for customer-parking.

The commissioner was emphatic in pointing out that the present two-hour parking limitation is *still* in effect and that any attempt to evade existing regulations by the use of the parking meters will be prosecuted. A practice in other cities by which business concerns gratuitously deposit coins extending the parking time of a parked vehicle beyond the legal limit as an advertising and goodwill stunt will not be tolerated.

No streets, where parking is at the present time prohibited, will be opened up by the use of parking meters.

Loading and unloading of commercial vehicles will continue the same as at present and no charge will be made—even though the operation takes place in a parking-meter zone.

The fee set for the parking meters is one nickel for one hour or two nickels for two hours. Coins need not be deposited on Sundays, holidays and week days after 6 p. m.

The penalty for the use of slugs in the metered machines may be as high as \$50 with more severe penalties for those who tamper or maliciously destroy the installations.

The public was further warned that, while installation of meter heads will begin on May 13, coins should not be deposited in the meter until an official announcement is made that the meters are legally in operation. This announcement may be expected within the next two weeks.

TRAFFIC COMMISSION RULINGS.

Voted, The Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective beginning May 24, 1948:

Article I, Section 1 ((Definitions), is amended by adding the following:

(z) "Person"—The word "person" shall mean and include any individual, firm, co-partnership, association or corporation.

(aa) "Parking Meter"—The words "Parking Meter" shall mean a mechanical device, not inconsistent with the provisions of these regula-

tions, and placed or erected on any public way for the regulation and control of traffic.

(bb) "Parking Meter Zone"—The words "Parking Meter Zone" shall mean and include any street or portion thereof upon which parking meters are installed and in operation.

(cc) "Parking Meter Space"—The words "Parking Meter Space" shall mean any space within a parking meter zone, adjacent to a parking meter, which is designated to regulate the parking of a single vehicle by lines painted on the surface of the street adjacent to or adjoining each parking meter.

Section 5 (Obedience to Traffic Signs and Signals) is amended so as to read as follows:

No operator of any vehicle or of any street car shall disobey the instructions of any official traffic control signal, parking meter, sign, marking, marker or legend, unless otherwise directed by a police officer.

Section 6 (Traffic Signs), Part 1, is amended so as to read as follows:

(1) Sections 7A, 8, 8A, 8B, 9, 9A, 13, 14A, 15, 16, 17, 18, 19A, 19B, 20, 20A, 20B, 21 and 22 relating to parking and sections 35, 35A and 36 concerning turning, shall be effective only during such time as official signs are erected and maintained in each block designating the provisions of such sections.

Article IV is amended by adding the following new sections:

SECTION 8A. PARKING METERS—GENERAL REGULATIONS.

(1) It shall be unlawful for any person to stop, stand or park a vehicle within a parking meter space unless such vehicle is wholly within the painted lines adjacent to such meter.

(2) The owner or operator of any vehicle upon entering a parking meter space during the hours when the parking meter zone is effective as hereinafter provided, shall immediately deposit in said meter the required fee in coin or coins of the United States in the manner and amount as indicated or shown on said meter, and, if so required, set the mechanism in motion.

(3) No owner or operator of a commercial vehicle shall be in violation of section 8A, sub-section 2, of these regulations who shall, without depositing the required fee, stop, stand or park such

vehicle in a parking meter space for not more than one hour continuously for the purpose of and while actually engaged in loading or unloading of materials.

(4) It shall be unlawful for any person to deposit or cause to be deposited in a parking meter any coin for the purpose of permitting a vehicle to remain in a parking meter space beyond the maximum period of time allowed in the particular zone.

(5) It shall be unlawful for any unauthorized person to tamper with, break, injure or destroy any parking meter or to deposit or cause to be deposited in such meter any slugs, device, metallic substance, or any other substitute for the coins required.

SECTION 8B. RESTRICTIONS IN PARKING METER ZONES.

(1) (a) No person shall park a vehicle for a period of time longer than two (2) hours continuously on any day, except Sundays and legal holidays, in any of the streets hereinafter designated in this section as parking meter zones, on the days and during the hours when such zones are effective.

(b) The fee to be deposited in the parking meter adjacent to a parking meter space shall be one (1) nickel for one hour or fraction thereof, and two (2) nickels for more than one hour but not more than two hours.

(c) Parking meter zones are hereby made effective under these regulations in the following streets or parts of streets on all days except Sundays and legal holidays during the hours hereinafter indicated:

LEO F. CURLEY, *Commissioner.*

TRIBUTE BY HIS HONOR, MAYOR JAMES M. CURLEY.

Upon May 7 Mayor Curley issued the following Mother's Day tribute:

Throughout the world, mothers everywhere, this is your day. It is indeed a day of days.

To our loved ones who have gone and who are now living in an eternal and heavenly home, we bend our knee in prayer, for you brought us into this world that we might make of it a happier, holier and lovelier place in which to live. God bless you, mother! That is our united and fervent prayer.

To the mothers of today—and our affection can never die—we know you are undergoing a most uncertain time. There are wars, and rumors, which, according to the Bible, shall endure for all time. Our prayers are that they shall never extend beyond the rumor stage. But we must be prepared. Please God, don't let it happen again.

Mothers of the future—our children now—we beseech you to learn the true lessons of motherhood, to nourish and cherish the golden offspring God has helped bring to you. Teach the blessings of understanding and love, for in a dynamic and atomic age which may destroy us all, these are the only human attributes which can save us.

Yes, mothers everywhere, this is your day. The past we revere; the present we lovingly share; the future, under our wonderful God in Heaven, the Saviour of all mankind, may rest in your hands.

AMENDMENTS TO CONTRACTS.

INSTITUTIONS DEPARTMENT.

J. A. Singarella Company has been allowed to amend the contract for construction of new sewer line at nurses' home at Long Island Hospital, Boston Harbor, as follows: By substituting as the date of completion of the work "July 1, 1948," in place of "April 15, 1948." Delay is due to difficulty in securing delivery of the universal cast-iron pipe.

Jones, McDuffee & Stratton Corporation have been allowed to amend the contract for furnishing and installing of cafeteria equipment in patients' dining room, Long Island Hospital, Boston Harbor, as follows: By substituting as the date of completion of the work "June 1, 1948," in place of "February 15, 1948." Delay is due to difficulty in securing required materials.

REPAIRS TO SHAW MONUMENT ON BEACON STREET TO FORESTALL SOUVENIR HUNTERS.

On May 7 Mayor Curley received the following letter:

BOSTON, May 6, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—In answer to your letter of May 3 about the memorial opposite the State House on Beacon street. I wish to say that a new sword of heavier material has been installed at this Shaw Memorial.

I suppose that these repeated acts, which appear to be vandalism, are the work of some college students looking for souvenirs.

I trust that the heavier type steel rod will stand up better under the modern type of warfare.

Respectfully yours,

JOHN J. MURPHY, Chairman.

TO PURCHASE CALCULATING MACHINE.

The Mayor has approved the following request of the City Treasurer:

CITY OF BOSTON,
TREASURY DEPARTMENT,
April 29, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—At the present time the Treasury Department has but one calculating machine. It is a portable machine that is not suitable for our requirements. This machine is over 12 years old and in need of repairs. I feel that it has outlived its usefulness to the department, and a new machine more adaptable to our requirements is necessary.

I, therefore, respectfully request an allocation of \$487.50 from the Departmental Equipment account for the purchase of one calculating machine for the Treasury Department.

Very truly yours,

HENRY F. BRENNAN,
City Treasurer.

CITY SQUARES NAMED FOR VETERANS.

The following communications from the Board of Street Commissioners were, on May 10, received at the office of the Mayor:

MR. FRANK B. HOWLAND, Secretary,
Mayor's Office, Boston, Mass.

DEAR SIR,—At a meeting held this day of the Committee to Memorialize Veterans, it was voted unanimously to designate the junction of Forest Hills street and Glen road, Jamaica Plain, as Arthur J. F. Creighton Square.

Very truly yours,

L. W. COSTELLO, Secretary.

MR. FRANK B. HOWLAND, Secretary,
Mayor's Office, Boston, Mass.

DEAR SIR,—At a meeting held this day of the Committee to Memorialize Veterans, it was voted unanimously to designate the intersection of Park Drive and Buswell street, Boston, as Frederick C. Pickard Square.

Very truly yours,

L. W. COSTELLO, Secretary.

MR. FRANK B. HOWLAND, *Secretary*,
Mayor's Office, Boston, Mass.

DEAR SIR,—Your communication of April 27, addressed to the chairman, enclosing a letter from Michael Lazzaro, Commander of the James F. Mahoney Post No. 457, requesting the naming of a memorial square in honor of the late Pvt. Gioacchino Izzo, has been received.

I am directed to inform you that at a meeting held this day of the Committee to Memorialize Veterans, it was voted unanimously to designate the square at the intersection of Hampden and Albany streets, Roxbury, in memory of Pvt. Gioacchino Izzo.

Very truly yours,

L. W. COSTELLO, *Secretary*.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the appointment of John G. O'Donnell, 9 Bowdoin street, Dorchester, as boiler-maker at \$2,700 a year.

FIRE DEPARTMENT.

The following-named firemen have been promoted to fireman-masters with an increase in salary:

Federal Window Cleaning Company, \$4,350; Bay State Cleaning Company, \$3,675; Careful Cleaning Company, \$2,700.

PUBLIC WORKS DEPARTMENT.

Upon April 26 the Mayor approved a contract as indicated in the following letter:

BOSTON, April 27, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—On April 8, 1948, following an advertisement in the *City Record* of March 27, this department received proposals for sewerage works in Muddy River improvement, from a point 250 feet north of Brookline avenue 130 feet northerly, Roxbury. The following proposals were received:

Rev-Lyn Contracting Company, \$39,137.70; Walter Reed Corporation, \$45,733; Charles Struzziery Company, \$46,914; A. Baruffaldi Company, \$49,880; Coleman Brothers Corporation, \$58,508; R. A. Buccella & Sons, Inc., \$60,551.

This work is necessary in connection with a contract which the Park Department has awarded for construction of a by-pass roadway and parking area in the Riverway, the award of the latter contract having been made to Walter Reed Corporation, the low bidder.

As I consider it to the best advantage of the city and thereby eliminate the possibility of dividing the responsibility, I feel that the best interests of the city will be served if the entire job were done by one contractor. I therefore respectfully request your approval for awarding the contract for the above-mentioned sewerage works to Walter Reed Corporation, the second bidder, at an estimated cost of \$45,733.

The work contemplated in this contract is to be completed within 90 days after approval of the contract.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Upon April 28 the Mayor approved a contract as indicated in the following letter:

BOSTON, April 26, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Attached is list of bids on proposals for furnishing various grades of motor oils for use in the several city departments, which were publicly opened and read at this office on April 30, 1948.

Coded specifications from all of the bidders were submitted to Skinner & Sherman, Inc., chemists and engineers, for recommendation as to the oil closest meeting our specifications with further consideration being given to the prices quoted, and in compliance with their recommendation I would respectfully request that permission be granted me to award a contract for approximately 16,500 gallons of motor oil, to be delivered to the various city departments, to the Gulf Oil Corporation at a price of 46½ cents per gallon, less a 1 per cent cash discount for payment within ten days.

Total amount of contract, \$7,672.50.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

* Contract awarded.

TRANSIT DEPARTMENT.

Upon April 30 the Mayor approved a contract with Gehagan Construction Corporation for alterations to Atlantic Avenue Station, Section B, East Boston Tunnel. Bids were opened on April 21, as follows:

Martin J. Kelly Company, Inc., \$372,765; contractor agrees to complete the work included in constructing shafts for electric stairways No. 2 and No. 3 on or before Dec. 30, 1948; No. 1 and No. 4 within following number of days after No. 2 and No. 3 are placed in operation, 150 days; complete contract within following number of days after No. 1 and No. 4 are placed in operation, 100 days.

J. A. Singarella Company, \$343,370; contractor agrees to complete the work included in constructing shafts for electric stairways No. 2 and No. 3 on or before Nov. 1, 1948; No. 1 and No. 4 within following number of days after No. 2 and No. 3 are placed in operation, 60 days; complete contract within following number of days after No. 1 and No. 4 are placed in operation, 60 days.

Gehagan Construction Corporation, \$309,456; contractor agrees to complete the work included in constructing shafts for electric stairways No. 2 and No. 3 on or before Sept. 15, 1948; No. 1 and No. 4 within following number of days after No. 2 and No. 3 are placed in operation, 60 days; complete contract within following number of days after No. 1 and No. 4 are placed in operation, 60 days.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, firms and contractors for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

BOSTON TRAFFIC COMMISSION.

BOSTON, April 23, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your permission is respectfully requested to enter into an agreement with the Boston Edison Company to do the following work at a cost not exceeding \$1,834:

1. Columbus Avenue and Massachusetts Avenue. Relocate traffic signal post

No. 95-1. New signal post No. 95-5 to be installed by Boston Traffic Commission.

2. Columbus Avenue and West Newton Street. Relocate traffic signal post No. 320-4 and control post No. 320-3.

3. Chandler Street and Columbus Avenue and Dartmouth Street. Relocate traffic signal posts Nos. 319-1, 319-2, 319-4, 319-5, 319-6.

Install conduit and cable to all above relocated posts and to new signal post No. 95-5. Any new 7 conductor No. 12 control cable and 12 conductor No. 12 lateral cable required will be furnished by Boston Traffic Commission.

It was necessary to do the work because of the construction and reconstruction of Columbus Avenue. Inasmuch as the Boston Edison Company is the only authorized company capable of doing this work and because no benefit would be derived by public advertising, your permission to dispense with public advertising is requested. The payment of this work will be charged against the appropriation "Public Ways, Construction of."

Respectfully submitted,

PHILIP T. DESMOND,
Acting Commissioner.

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, April 22, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I respectfully request your Honor's permission to make an expenditure to the Travelers Indemnity Company, 147 Milk street, Boston, Mass., in the sum of \$11,929.27, which is the three-year premium for boiler insurance coverage as described in policy BM-957011 and covers the period from May 1, 1948, to May 1, 1951.

As the rates for this coverage are of a uniform nature and as there would be no advantage gained by the city in publicly advertising, it is my opinion that the best interests of the city are being maintained in this procedure.

Very truly yours,

JAMES H. MOONEY,
Superintendent of Construction.

FIRE DEPARTMENT.

BOSTON, April 26, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your Honor's approval is hereby requested for the allocation of the sum of \$13,470.25 from the reserve of the 1947 Departmental Equipment Loan to the Tools and Instruments Item, Departmental Equipment Loan, Fire Department.

This allocation is necessary in order to pay for five Cardox units which are to be mounted on new Mack hose wagons at a cost of \$11,396.25. Also, to pay for twenty-six foam valves at \$165 each, and twenty-six screw bases for same at \$9 each. The foam valves are to be attached to the foam proportioners on pumps.

The total cost of this equipment is \$15,920.25 and, at the present time, there is a balance of \$2,450 in the Tools and Instruments Item of the Departmental Equipment Loan.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

INSTITUTIONS DEPARTMENT.

BOSTON, April 26, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

Attention: Budget Commissioner.

DEAR MR. MAYOR.— Authority is requested to incur expenditure not exceeding \$2,000 for boat hire to supplement our regular boat service.

This department has been accustomed to hire a boat to allow our night crew regular time off — one trip on Saturday, two trips on Sunday, and as required on holidays.

Since the forty-hour week went into effect we have hired a boat for the 11.30 p. m. trip three nights a week, to avoid overtime. The department is also obliged to hire a boat when the "Curley" is laid up for repairs, inasmuch as the "O'Meara" is at present out of commission.

Rates paid are as follows:

- 1 round trip — on any one day, \$30.
- 2 round trips — on any one day, \$30 each trip.
- 3 round trips — on any one day, \$30 each trip.

These trips are covered by service orders and charged to Item B-10, B-39 of appropriation for "Steamers." (See S. O. No. 17.)

The prices appear reasonable, and I believe nothing would be gained by advertising.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

PARK DEPARTMENT.

BOSTON, April 28, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.— I respectfully request that we be allowed to issue a service order to the Ward General Contracting Company, 157 Hampden street, Roxbury, for grading and seeding a section of Franklin Park playstead. For several years this area has been used for victory gardens. It is now intended to grade and seed a portion of it so that it may be used as a ball field.

The work is to be done at current rates allowed by the city for hire of labor and equipment. The cost is not to exceed \$1,950 and is to be charged to "Park and Playground Improvements, etc., Revenue."

Respectfully yours,

JOHN J. MURPHY,
Chairman.

SUPPLY DEPARTMENT.

BOSTON, April 22, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.— Permission is respectfully requested to award an order to the New England Alcohol Company for furnishing 20 drums of Ethyl alcohol, 95 per cent-190 proof, to the Boston City Hospital at a price of \$1.01 per gallon f.o.b. Everett.

Prices were secured from the New England Alcohol Company, United States Industrial Alcohol Company and the Commercial Solvents Corporation. New England Alcohol Company submitted the lowest price.

Total amount of order is \$1,090.80.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, April 28, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.— On March 13, 1947, a contract was approved with

Dan O'Dea, Inc., of Lowell, Mass., for furnishing thirty 1947 Dodge one and one-half-ton dump trucks as per specifications to the Sanitary Service of the Public Works Department at a price of \$2,449.46 net, delivered.

Delivery of seventeen of these trucks has been made at this price. Although the contractor diligently tried to deliver the remaining thirteen trucks, he has been unable to do so due to the inability of the manufacturer to furnish them to him.

The contractor has offered to deliver immediately thirteen 1948 model trucks at the prevailing list price of \$2,794.36, or at an advance of \$344.90 per unit. I believe that the 1948 model is of an improved design over the 1947 model and that payment of the increase is warranted because it will result in the city's obtaining a better vehicle.

In view of the foregoing, I respectfully request your permission to cancel the contract of March 13, 1947, insofar as it relates to the delivery of the remaining thirteen trucks and to enter a new contract with Dan O'Dea, Inc., for the delivery of thirteen 1948 trucks at the unit price of \$2,794.36. Total amount of contract, \$36,326.68.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

ADDITION TO AND DEDUCTION
FROM CONTRACT.

FIRE DEPARTMENT.

Approval has been given for the following addition to and deduction from the contract of J. S. Kelliher, for alterations and additions to Engine House 41, located at 16 Harvard avenue, Brighton.

Addition No. 7.

Furnish and install door check and bracket on side door, near patrol booth at front of fire station, \$20.37.

Deduction No. 3.

For omission of electrical operator and photo eye on overhead doors, \$210.

Total contract, \$18,471; total of Additions 1, 2 and 3, dated May 13, 1947, \$4,197; total of Additions 4 and 5, dated August 1, 1947, \$4,052.76; Addition 6, dated August 27, 1947, \$111.10; Addition 7, \$20.37; total contract with foregoing additions, \$26,852.23; Deductions 1, 2 and 3, \$660.55; total contract with all additions and deductions, \$26,191.68.

The door check and bracket installed were not included in the original hardware list in the contract but should be installed. The low head room on one of the station doors requires a special arrangement for electrical operation and, therefore, the electrical operator and photo eye had to be omitted as they cannot be obtained at the present time. Although the installation of the door check and bracket is in addition to the work contemplated in the original contract it is incidental thereto.

EXTENSION OF CONTRACTS.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time for completion of contract with Rossano Construction Company, Inc., for installation of sterilizing equipment, Boston City Hospital, from March 30, 1948, to July 1, 1948. This extension is requested because of delay in the delivery of the equipment.

SUPPLY DEPARTMENT.

Approval has been given to extend the following contracts for furnishing milk and cream to the various city departments for one month, from May 1, 1948:

Herlihy Brothers, Inc.—Boston City Hospital.

H. P. Hood & Sons—Boston Sanatorium, Franklin Park Zoo, Suffolk County Jail.

Whiting Milk Company—Long Island Hospital.

Approval has been given to extend the completion date of the coal contracts listed below from April 30, 1948 to May 31, 1948:

White Fuel Corporation—contract dated July 1, 1947, for furnishing run of mine and nut and slack bituminous coal to the Public Buildings.

Staples Coal Company, doing business as City Fuel Company—contract dated June 26, 1947, for furnishing run of mine bituminous coal to the ferry boats, Public Works Department, and stoker size bituminous coal to the various city departments.

Snider Fuel Corporation—contract dated June 25, 1947, for furnishing egg and stove size anthracite coal to the various city departments.

The Boston Ice Company—contract dated July 2, 1947, for furnishing buckwheat anthracite coal to the various city departments.

This extension is requested in order that new proposals may be considered at a time when conditions governing the price of coal will be more stabilized.

TRANSFERS OF APPROPRIATIONS.

POLICE DEPARTMENT ORDERS.*General Order No. 1,047.*

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, effective Tuesday, May 11, 1948, at 7.45 o'clock a. m.:

Patrolman William J. Goldston, Bureau of Criminal Investigation, 25 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,048.

Sergts. John F. Cullinan and Timothy L. Sullivan and Patrolmen Michael J. O'Brien, George J. Harnden and Francis A. Glavin, all of Division 4, are hereby commended for their outstanding police work in the solution of a brutal murder.

On the morning of April 19, 1948, the body of a woman was found on the shore of Fort Point Channel stuffed in a copper wash boiler and tied in with wire. Identification was made through fingerprints, and the above-named officers were assigned to investigate.

The untiring efforts of these officers, and the thorough and efficient manner in which they proceeded with their investigation, brought about the prompt solution of this heinous crime.

In recognition of their splendid work, it is hereby ordered that each be granted one week's additional vacation.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,049.

In accordance with provisions of section 1, of chapter 392, Acts of 1930, as amended, Rule 65 of the Police Rules and Regulations relating to Hackney Carriages established by the Police Commissioner for the City of Boston is hereby amended by striking out the first sentence of the third paragraph in section 8, under the subtitle "Rate of Fare," as appearing upon page 224 of said rules and regulations, and inserting in place thereof the following sentence which shall read as follows:

"Waiting time shall include all time during which the vehicle is not in motion, beginning after its arrival at the place to which it has been called, and the party engaging same has been notified."

All rules and regulations inconsistent herewith are hereby repealed.

This amendment will take effect Wednesday, May 12, 1948, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,050.

Acting under provisions of chapter 521, Acts of 1922, as amended, the Boston Retirement Board has approved for retirement, on account of accidental disability, the following-named police officers, members of the Boston Retirement System; effective at the close of business Monday, May 31, 1948:

Wherefore, In view of this operation of law, after May 31, 1948, the said police officers shall no longer be active members of this department, and it is hereby ordered that its records be so amended.

Patrolman John J. Hynes, Division 4.
Patrolman Walter K. Stimson, Division 4.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.*General Order No. 31.***ANNUAL COMMUNION SUNDAY.**

The fifth annual Communion Sunday for Catholic members of the Boston Fire and Protective Departments will be held in the Cathedral of the Holy Cross at 9 a. m., May 16, 1948.

The celebrant of the Mass will be Department Chaplain Rev. Henry J. O'Connell, and the sermon will be given by Rev. Cornelius Sherlock, diocesan superintendent of schools. His Excellency, Archbishop Cushing, will also address the group at the Mass.

The guest speaker for the breakfast will be Edward A. Soucy, special agent in charge, F. B. I., Boston. The toastmaster will be Chief of Department John F. McDonough.

Members of the department who are to participate will report to District Chief-Supervisor of Drilling John J. Crehan at the quarters of Engine Company 3, Harrison avenue and Wareham street, at 8.30 a. m., May 16, 1948. They will form at this location and march to the Cathedral in time for 9 o'clock Mass. The band and color guard will participate. Band members and color guard members shall report to Band Manager Frank Marr at Engine Company 3 quarters at 8.30 a. m. Members working will be excused from duty until 2 p. m. Members on the previous night's tour of duty will be excused at 7 a. m. Color guard members are Hoseman Mahoney, Engine Company 2; Ladderman Camick, Ladder Company 24; Ladderman Stetson, Ladder Company 1; and H. Kearns, Fire Alarm Division.

Upon completion of the Mass members will form again outside the Cathedral and march from there to the East Newton street armory where the annual Communion breakfast will be held.

Regulation uniform with sack coat and white gloves will be worn on this occasion. Members without uniforms may wear the department cap with civilian suit and no gloves.

Any member planning to attend the Mass will be excused from duty when relieved by his partner.

Members of the Communion Sunday committee will meet at the quarters of Engine Company 3 at 8.30 a. m., May 16.

Members who desire to participate in the annual Communion Sunday exercises are privileged to exchange time.

Members may have their sons accompany them at the Mass, in the march, and at the breakfast.

This ceremony has become an established annual rite for the Catholic members of the department. For new members of the department, inducted during the past year, it will be a unique opportunity to meet their spiritual leaders and to make new contacts and friendships in the department during the breakfast. It is hoped that all men off duty will make special effort to attend the Mass and breakfast. It is particularly requested that members possessing uniforms should wear same, although the lack of a uniform should not act as a deterrent for participation in the exercises. An especially fine program has been arranged for those attending.

By order of Fire Commissioner RUSSELL S. CODMAN, JR.

JOHN F. McDONOUGH,
Chief of Department.

SURVEY OF WARD 16 INTERSECTIONS.

The following was received:

City of Boston,
Office of the Mayor, April 27, 1948.

To the City Council.

Gentlemen,—I transmit herewith communication from the Traffic Commission, relative to your order of April 12, 1948, concerning the making of a survey of the intersection of Tolman street and Neponset avenue, and also Minot street and Neponset avenue, Ward 16, with a view to installing traffic lights at these intersections.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, April 23, 1948.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—In reply to blue memo from Chief Clerk Lawrence P. Gilligan, dated April 14, in which he requests consideration and report on Council order of Councilor Beades, that a traffic survey be made at the intersection of Tolman street and Neponset avenue, and Minot street and Neponset avenue, with a view to installing traffic lights at these intersections; Tolman street is a quiet residential street with very little traffic using this street. It enters into Neponset avenue making a "T" intersection. It is the opinion of the engineers of this commission that there is no necessity of installing a traffic light at this intersection.

The engineers of the Traffic Commission also feel that the volume of traffic and the accident records do not warrant the installation of traffic signals at Minot street and Neponset avenue.

Respectfully,
PHILIP T. DESMOND,
Acting Commissioner.

CONSTRUCTION OF VETERANS' HOUSES, WARD 10.

The following was received:

City of Boston,
Office of the Mayor, April 28, 1948.

To the City Council.

Gentlemen,—I transmit herewith communication from the Boston Housing Authority, relative to your order of April 12, 1948, concerning the construction of one and two-family houses for veterans in Ward 10, same to be paid for out of the appropriation which the City of Boston will receive from the state as its share of the \$200,000,000 which was recently passed by the Legislature for this purpose.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Boston Housing Authority,
April 27, 1948.

Hon. James M. Curley,
Mayor of Boston.

Subject: City Council order dated April 12, 1948, re construction of one and two-family houses for veterans in Ward 10.

Dear Mr. Mayor,—With respect to the City Council order of April 12, 1948, referred to in the subject, the Authority advises you that it will be pleased to take this matter under consideration.

The Authority wishes to point out to the Honorable, the City Council, at this time however, that despite enactment of the law, procedures have not been promulgated by the State Board of Housing which would allow this Authority to make application for specific developments.

As promptly as state financial guarantees are available be assured that every consideration will be given to this request.

Very truly yours,
CORNELIUS P. CRONIN, Chairman.

Placed on file.

BASEBALL DIAMOND, FRANKLIN FIELD.

The following was received:

City of Boston,
Office of the Mayor, May 3, 1948.

To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department, relative to your order of April 12, 1948, concerning the regrading of the baseball diamond adjoining the grandstand at Franklin Field so that baseball teams may be able to use same.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, April 30, 1948.

Mr. Laurence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of April 14 with enclosure, City Council order requesting the Park Commission to regrade the baseball diamond adjoining the grandstand at Franklin Field.

We are now working on all baseball diamonds on our parks and playgrounds, rolling and grading them so as to have them in good playing condition. The diamond adjoining the grandstand at Franklin Field is on the list and will be taken care of just as soon as we can get to it.

Please be assured it will be ready for use by baseball teams early this spring.

Very truly yours,
JOHN J. MURPHY, Chairman.

LOAN FOR CONSTRUCTION OF BUILDINGS, ETC.

The following was received:

City of Boston,
Office of the Mayor, May 3, 1948.

To the City Council.

Gentlemen,—I submit herewith a loan order in the sum of \$4,315,000, for the construction of buildings by several departments of the city. The sum of \$156,079.81 has already been appropriated in the 1948 budget as required under the provisions of section 7 of chapter 44 of the General Laws.

The major portion of this loan will be allocated for the construction of a 200-bed hospital on Long Island at a cost of \$1,250,000 which will make possible the transfer of chronic patients now treated at the City Hospital; a building for the Fire Department at a cost of \$1,500,000 which will include a garage and repair shop, space to house the administrative offices of the department, and a fire station to accommodate Engine 23 now located at 84 Northampton street; a new district office building for the Welfare Department at 43 Fayette street, and an addition to the present Central Office Building at 43 Hawkins street at a total cost of \$650,000; a garage, repair shop, and office building for the Traffic Commission at a cost of \$500,000.

Other projects included in this loan order are a laundry building costing \$160,000 and an incinerator costing \$25,000 at Long Island Hospital; a branch library in Ward 16 at a cost of \$100,000; a building for the Neurological Service at the City Hospital at a cost of \$30,000; an incinerator at the Sanatorium at a cost of \$35,000; a convenience station for women on Boston Common opposite West street at a cost of \$35,000; and a golf starter's building at Franklin Park at a cost of \$30,000.

I respectfully recommend to your Honorable Body the approval of the loan order herewith submitted.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That under the provisions of clause (3) of section 7 of chapter 44 of the General Laws, the sum of four million three hundred and fifteen thousand dollars (\$4,315,000) be, and hereby is, appropriated, to be expended by various departmental officials, under the direction of the Mayor, for construction of buildings, original equipment, and furnishings thereof, and for the acquisition of such land as may be required for such purposes; and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

AUTOMATIC AMUSEMENT DEVICES.

The following was received:

City of Boston,
Office of the Mayor, April 30, 1948.

To the City Council.

Gentlemen,—On April 14, 1948, I approved the ordinance passed by your Honorable Body on April 12, 1948, concerning automatic amusement devices and providing in part that "On and after

May 1, 1948, no person managing or controlling any restaurant, cafe, tavern or other eating or drinking establishment or any inn, hotel, club or public lodging house, or any store, terminal, public hall, bowling alley, place of amusement or other place to which members of the public may resort shall keep or offer for operation therein or allow to be kept or offered for operation therein any automatic amusement device, unless and until such automatic amusement device has been licensed by such licensing authority as the mayor shall from time to time appoint."

Between April 14, 1948, the date when I approved the ordinance, and tomorrow, May 1, 1948, when the ordinance becomes operative, there have been but eleven business days. This has proven much too short a time for the members of the public affected by the ordinance to get notice of its passage, ascertain its exact provisions, determine upon a suitable course of action, contact the Director of Standards and Necessaries of Life, and apply for and obtain licenses. Eleven days has also proven wholly inadequate for printing and distributing the necessary forms, acting upon applications, and issuing licenses.

Accordingly, I recommend the immediate passage of the accompanying ordinance changing the operative date of the ordinance concerning automatic amusement devices from May 1, 1948, to June 1, 1948.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston.

In the Year Nineteen Hundred and Forty-Eight.

An Ordinance Postponing the Time when the Ordinance Concerning Automatic Amusement Devices Becomes Operative.

Be it ordained by the City Council of Boston, as follows:

Paragraph (1) of section 101A of chapter 40 of the Revised Ordinances of 1947, as inserted by chapter 1 of the Ordinances of 1948, is hereby amended by striking out the words "On and after May 1, 1948," and inserting in place thereof the words "On and after June 1, 1948."

Referred to the Executive Committee. Later in the session it was unanimously voted to withdraw the ordinance from the Executive Committee.

The ordinance was passed.

DEPOSIT OF CERTAIN MUNICIPAL FUNDS.

The following was received:

City of Boston,
Office of the Mayor, May 3, 1948.

To the City Council.

Gentlemen,—One of the statutes recently enacted by the General Court and approved by the Governor is St. 1948, c. 143, entitled "An Act Authorizing the City of Boston to Make Deposits in National Banks or Trust Companies in the City of New York." The full text of this Act is as follows:

"SECTION 1. Section 55 of chapter 44 of the General Laws, as appearing in the Tercentenary Edition, is hereby amended by adding at the end thereof the following:— For the purpose of paying the principal or interest due on any bonds, note or other obligation of the city of Boston, which is payable or requested to be paid in the city of New York, the city of Boston may keep on deposit in any national bank or trust company in the City of New York, a sum not exceeding in the aggregate twenty-five thousand dollars; provided, that for a period of two weeks prior to the date of any such payment or payments, said amount may be increased by a sum or sums sufficient to cover the same.

"SECTION 2. Said chapter 44 is hereby further amended by striking out section 55A, as so appearing, and inserting in place thereof the following section:— Section 55A. A city or town officer receiving public money and lawfully and in good faith and in the exercise of due care depositing the same in a savings bank or trust company organized under the laws of the commonwealth or in a national bank doing business in the commonwealth or, in the case of the city of Boston, in accordance with the provisions of section fifty-five in a national bank or trust company in the city of New York shall not be personally liable to the city or town for any loss of such money by reason of the closing up of such depository for the liquidation of its affairs."

Section 1 of chapter 36 of the Revised Ordinances of 1947 presently provides that the City Treasurer may deposit any portion of such current funds in such national bank or banks established in Boston, or such trust company or companies organized under the laws of Massachusetts and doing a banking business in Boston, and on such conditions and rates of interest, as he shall deem best, subject to the approval of the Mayor, provided, however, that the amount of such deposit in any bank or trust company shall not exceed 60 per cent of its paid-up capital.

Submitted herewith for your consideration is the draft of an ordinance which would amend section 1 of chapter 36 of the Revised Ordinances of 1947

and bring it into conformity with St. 1948, c. 143. The immediate adoption of the ordinance would enable the city to enjoy forthwith the full benefits of the new legislation.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston.

In the Year Nineteen Hundred and Forty-Eight.
An Ordinance Concerning the Deposit of Certain Municipal Funds.

Be it ordained by the City Council of Boston as follows:

Chapter 36 of the Revised Ordinances of 1947 is hereby amended by striking out section 1 and inserting in place thereof the following section:

SECTION 1. The treasury department shall be under the charge of the city treasurer, who shall require from his subordinates, for the faithful performance of their respective duties and for the safe custody of the money and other property entrusted to them, bonds to himself as obligee, with sureties satisfactory to the mayor, with penal sums as follows, namely, from the cashier, not less than twenty thousand dollars; from the tellers and paymasters, not less than ten thousand dollars each, and from all other permanent employees not less than five thousand dollars; shall receive, receipt for, and have the care and custody of, the current funds of the city from the time the same shall come into his possession, and also of all money, property, and securities which may come into his possession by virtue of any statute or ordinance, or as a gift, devise, bequest, or deposit; may deposit any portion of such current funds in such savings banks or trust companies organized under the laws of Massachusetts and doing business in Boston or such national banks or trust company in the city of New York, and on such conditions and rates of interest, as he shall deem best, subject to the approval of the mayor, provided, however, that no such deposit shall be made except in conformity with law; shall, with the mayor and city auditor, sign all bonds and certificates of indebtedness issued by the city; shall preserve all bids for loans, and papers relating thereto; and shall, if elected, serve as treasurer of the board of sinking funds commissioners.

Referred to Committee on Ordinances.

APPROPRIATION FOR LIBRARY DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, May 3, 1948.

To the City Council.

Gentlemen,—In compliance with the request contained in the attached communication from the president of the Trustees of the Public Library of the City of Boston, there is forwarded herewith an order appropriating the sum of thirty-nine thousand dollars (\$39,000) from the special account, Sales of City Property.

Thirty thousand dollars of the appropriation is needed to enlarge the space available to the Print Department in the Central Library building, and \$9,000 for the installation of two new staircases from the main floor of the Central Library building to the stack area immediately beneath, thus providing more public space on the main floor.

I respectfully recommend to your Honorable Body consideration and adoption of this order herewith submitted.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Library Department, April 16, 1948.

Hon. James M. Curley,
Mayor of Boston.

Dear Governor,—At a conference with the Budget Commissioner early this year in connection with budget allowances for the library for 1948, there was removed from the General Repairs account (B-39) an item amounting to \$30,000 for enlarging the space available to the Print Department in the Central Library building, and a second item amounting to \$9,000 needed for the installation of two new staircases from the main floor of the Central Library building to the stack area immediately beneath in connection with arranging public space on the main floor to bring about a much-needed improvement in service to the public. The Budget Commissioner believed that both of these items were of a special nature for which provision ought not to be made in the ordinary budget allowances for the library for 1948. He therefore removed these items from the budget in the belief that funds for these two items could be made available at a later date from the Sales of City Property account.

It is now respectfully requested that the necessary steps be taken to provide the sum of \$39,000 from the Sales of City Property account, in order that the above-mentioned changes may be undertaken as early as possible.

Respectfully,
FRANCIS B. MASTERSON,
President.

Ordered, That under the provisions of section 63 of chapter 44 of General Laws the sum of thirty-nine thousand dollars (\$39,000) be, and the same

hereby is, appropriated from the special account, Sales of City Property, to be expended under the direction of the Trustees of the Public Library of the City of Boston, for remodeling of the Central Library building.

Referred to Committee on Appropriations.

SALE OF STEAMER "MICHAEL J. PERKINS."

The following was received:

City of Boston,
Office of the Mayor, May 3, 1948.

To the City Council.

Gentlemen,—After the acquisition of a new boat by the Institutions Department, it was decided over a year ago to dispose of the Steamer "Michael J. Perkins," no longer needed or adaptable to any public purpose. At that time, your Honorable Body passed an order authorizing its sale at an upset price of five thousand (5,000) dollars.

To date, it has been impossible to sell the "Perkins" for the above-mentioned price, and it is now the opinion of the Institutions Commissioner that the order authorizing the sale of this boat should be \$2,500. It is his belief that, at this upset price, the boat will be sold at a figure which might possibly approach the original sale price of \$5,000.

I submit herewith an order for the sale of the Steamer "Michael J. Perkins," and respectfully recommend its passage by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the Commissioner of Institutions be, and hereby is, authorized to sell at public auction, at an upset price of twenty-five hundred dollars (\$2,500), the Steamer "Michael J. Perkins," no longer needed for public purposes.

Referred to the Executive Committee.

RULES REGULATING USE OF AUTOMATIC AMUSEMENT DEVICES.

The following was received:

City of Boston,
Office of the Mayor, April 27, 1948.

By authority of paragraph (8) of section 101A of chapter 40 of the Revised Ordinances of 1947, as amended, and every other authority me hereunto enabling, I, in my capacity as Mayor of the City of Boston, do hereby make the following rules regulating the use and operation of automatic amusement devices licensed under said section 101A:

1. The licensing authority shall be the Chief of the Licensing Division in the office of the Mayor of Boston.

2. Nothing in a license granted under said section 101A shall in any way be construed to license, authorize, or permit any automatic amusement device which is illegal or unlawful for any reason apart from said section 101A; and no such license shall protect any automatic amusement device unless such device is of a type approved by the Director of Standards and Necessaries of Life under section 283 of chapter 94 of the General Laws.

3. Every license granted under said section 101A shall be kept in a conspicuous place on or near the automatic amusement device which it licenses or protects.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN NEILLAN CRESCENT, WARD 19, FROM POND STREET TO POND STREET, AND WOODLEY AVENUE, WARD 20, FROM WASHINGTON STREET 426 FEET SOUTHEASTERLY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Neillan Crescent, Ward 19, from Pond street to Pond street, and Woodley Avenue, Ward 20, from Washington street 426 feet southeasterly. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement in Neillan Crescent, Ward 19, from Pond Street to Pond Street, and Woodley Avenue, Ward 20, from Washington Street 426 Feet Southeasterly," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of TUESDAY, MAY 25, 1948, with a certified check for TWELVE HUNDRED (1,200) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

I. C. E. and other medical encyclopedias which have monthly or annual supplements.

A knowledge of bookbinding, book repairing, rhetoric, spelling and grammar is required, as well as familiarity with Inter-Library loan arrangements in order to obtain books on advanced or technical subjects required for occasional use by patients.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER, TENTH FLOOR.

PROPOSALS FOR FURNISHING RUN OF MINE AND NUT AND SLACK SEMIBITUMINOUS COAL FOR BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing run of mine and nut and slack semibituminous coal required for the school buildings from June 16, 1948, to December 31, 1948, deliveries to be continued until June 15, 1949, provided appropriation is made therefor and the School Committee so orders. Proposal forms are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Run of Mine and Nut and Slack Semibituminous Coal for Boston Public Schools." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check, payable to the City of Boston, in the amount of three hundred dollars (\$300), must be left at the office of the Business Manager on or before 12 o'clock noon on Friday, May 28, 1948. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock noon of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The coal is to be delivered in the bins of the several buildings, and the price per ton named in the proposal must include the delivery and housing in a manner satisfactory to the School Committee. The contractor must furnish suitable equipment and sufficient number of men to house the coal properly and promptly. The estimated tonnage required is as follows, and as much of it as possible will be housed during July and August, 1948:

Semibituminous Coal.

District.	Run of Mine.	Nut and Slack.
1. City Proper.....	3,800 tons	
2. South Boston.....	1,700 tons

546 NEW INDUSTRIES ON NYC SYSTEM.

A record number of new industries located in a single year on the lines of the New York Central System, of which the Boston & Albany Railroad is a part, was established during 1946.

The 1946 record totals 546 new industries, and it is estimated that they will produce annually an approximate volume of 204,900 carloads of freight traffic, or the equivalent of that produced by a major city.

The location of these new businesses in the territory served by the New York Central demonstrates the continuing growth of that great manufacturing section of the United States, extending through the north-central and northeastern states.

DEPARTMENT OF SCHOOL BUILDINGS.

TO ROOFING CONTRACTORS.

INVITATION FOR PROPOSALS FOR ROOFING AND OTHER WORK AT THE EVERETT SCHOOL, NORTHAMPTON STREET, BOSTON, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for roofing and other work at the Everett School, Northampton street, Boston, Mass.

Proposals will be received until 12 o'clock noon, Tuesday, May 25, 1948, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING COAL.

The Supply Department of the City of Boston invites proposals for furnishing and delivering best quality anthracite and semi-bituminous coal. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 1001, City Hall Annex, and deposit his bid with a certified check for \$500, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above-named office. *There will be a charge of twenty-five cents (\$0.25) for each set of blank proposals taken out.* A duplicate bid, without check, must be left at the office of the City Auditor, prior to the time named for opening bids. *Both bids to be sealed in envelopes, marked "Proposal for Coal."* Proposals will be publicly opened and read on Monday, May 24, 1948, at 12 m., at the Supply Department, 1001 City Hall Annex. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder. Surety bond will be required for one half the total estimated amount of the contract.

WILLIAM I. ROSE,
(May 15.) Superintendent of Supplies.

SEALED PROPOSALS FOR \$5,800,000 CITY OF BOSTON LOANS.

COUPON SERIAL BONDS.

BONDS EXEMPT FROM TAXATION IN MASSACHUSETTS AND FROM THE PRESENT FEDERAL INCOME TAX.

TREASURY DEPARTMENT.
OFFICE OF THE CITY TREASURER.

CITY HALL, BOSTON, MASS., May 14, 1948.

In pursuance of the authority given by orders of the City Council of Boston and Acts of Massachusetts, the undersigned will receive proposals until 12 o'clock m., Eastern Daylight Saving Time, Wednesday, May 26, 1948, for the purchase of all but no part of the following-described coupon serial bonds.

Coupon Serial Bonds.

Bidder to name rate of interest in multiples of $\frac{1}{4}$ of one per cent; no bid to be less than par and accrued interest, and a different rate of interest may be bid for all but no part of each purpose loan to be issued.

DEPARTMENTAL EQUIPMENT LOAN, \$380,000.

Order of City Council of Boston of September 4, 1947, effective September 25, 1947. Payable \$76,000 annually, June 1, 1949, to June 1, 1953, inclusive.

DEPARTMENTAL EQUIPMENT LOAN, \$1,420,000.

Order of City Council of Boston of June 27, 1947, effective July 18, 1947. Payable \$284,000 annually, June 1, 1949, to June 1, 1953, inclusive.

PUBLIC WAYS, CONSTRUCTION OF, \$1,000,000.

Order of City Council of Boston of June 27, 1947, effective July 18, 1947. Payable \$100,000 annually, June 1, 1949, to June 1, 1958, inclusive.

PERMANENT HOUSING FOR VETERANS OF WORLD WAR II, \$3,000,000.

Order of City Council of Boston of November 13, 1946. Payable \$200,000 annually, June 1, 1949, to June 1, 1963, inclusive.

All loans will be issued in Coupon Bond Certificates of \$1,000 each, and will be paid on the dates specified for each loan, all with interest payable semiannually on the first days of June and December in each year, at the office of the City Treasurer, Boston.

In comparing bids, preference will be given to the bidder whose bid provides for the lowest net interest cost to the City (total interest for the duration of the loan from June 1, 1948, less the amount of premium bid).

The bonds will be dated June 1, 1948, and will be ready for delivery on or about June 24, 1948. Interest will begin June 1, 1948, and will cease on the dates the bonds are payable.

These bonds are exempt from taxation in Massachusetts and from the present Federal Income Tax.

Proposals must be sealed and addressed to Henry F. Brennan, City Treasurer, Boston, Mass., indorsed "Proposals for Loans." Each proposal must be accompanied by a cashier's or certified check on a Boston National Bank or Trust Company, or by cash, equal to one per cent of the amount of loans bid for, the check made payable to the City of Boston, Henry F. Brennan, City Treasurer. The check or cash of any bidder to whom an award is made will be retained as part payment of the loans awarded. All other checks or cash will be returned.

Accrued interest from June 1, 1948, to date of delivery, is to be paid by the purchaser.

All proposals will be opened in the office of the City Treasurer, Wednesday, May 26, 1948, at 12 o'clock m., Eastern Daylight Saving Time. The City Treasurer reserves the right to reject any or all bids or to accept such bid or bids as may seem to him to be the most advantageous to the City.

HENRY F. BRENNAN,
(May 15.) City Treasurer.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

Voted, The Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective beginning May 24, 1948:

Article I, Section 1 (Definitions), is amended by adding the following:

(z) "Person"—The word "person" shall mean and include any individual, firm, co-partnership, association or corporation.

(aa) "Parking Meter"—The words "Parking Meter" shall mean a mechanical device, not inconsistent with the provisions of these regulations, and placed or erected on any public way for the regulation and control of traffic.

(bb) "Parking Meter Zone"—The words "Parking Meter Zone" shall mean and include any street or portion thereof upon which parking meters are installed and in operation.

(cc) "Parking Meter Space"—The words "Parking Meter Space" shall mean any space within a parking meter zone, adjacent to a parking meter, which is designated to regulate the parking of a single vehicle by lines painted on the surface of the street adjacent to or adjoining each parking meter.

Section 5 (Obedience to Traffic Signs and Signals) is amended so as to read as follows:

No operator of any vehicle or of any street car shall disobey the instructions of any official traffic control signal, parking meter, sign, marking, marker or legend, unless otherwise directed by a police officer.

Section 6 (Traffic Signs), Part 1, is amended so as to read as follows:

(1) Sections 7A, 8, 8A, 8B, 9, 9A, 13, 14A, 15, 16, 17, 18, 19A, 19B, 20, 20A, 20B, 21 and 22 relating to parking and sections 35, 35A and 36 concerning turning, shall be effective only during such time as official signs are erected and maintained in each block designating the provisions of such sections.

Article IV is amended by adding the following new sections:

SECTION 8A. PARKING METERS—GENERAL REGULATIONS.

(1) It shall be unlawful for any person to stop, stand or park a vehicle within a parking meter space unless such vehicle is wholly within the painted lines adjacent to such meter.

(2) The owner or operator of any vehicle upon entering a parking meter space during the hours when the parking meter zone is effective as hereinafter provided, shall immediately deposit in said meter the required fee in coin or coins of the United States in the manner and amount as indicated or shown on said meter, and, if so required, set the mechanism in motion.

(3) No owner or operator of a commercial vehicle shall be in violation of section 8A, sub-section 2, of these regulations who shall, without depositing the required fee, stop, stand or park such vehicle in a parking meter space for not more than one hour continuously for the purpose of and while actually engaged in loading or unloading of materials.

(4) It shall be unlawful for any person to deposit or cause to be deposited in a parking meter any coin for the purpose of permitting a vehicle to remain in a parking meter space beyond the maximum period of time allowed in the particular zone.

(5) It shall be unlawful for any unauthorized person to tamper with, break, injure or destroy any parking meter or to deposit or cause to be deposited in such meter any slugs, device, metallic substance, or any other substitute for the coins required.

SECTION 8B. RESTRICTIONS IN PARKING METER ZONES.

(1) (a) No person shall park a vehicle for a period of time longer than two (2) hours continuously on any day, except Sundays and legal holidays, in any of the streets hereinafter designated in this section as parking meter zones, on the days and during the hours when such zones are effective.

(b) The fee to be deposited in the parking meter adjacent to a parking meter space shall be one (1) nickel for one hour or fraction thereof, and two (2) nickels for more than one hour but not more than two hours.

(c) Parking meter zones are hereby made effective under these regulations in the following streets or parts of streets on all days except Sundays and legal holidays during the hours hereinafter indicated:

MAYOR CURLEY SUBMITS SUPPLEMENTARY BUDGET TO CITY COUNCIL CALLING FOR TOTAL OF \$690,003.66 IN ADDITIONAL FUNDS—MOST OF THIS TO BE EXPENDED FOR NEEDS AS LISTED BY DEPARTMENT HEADS, WHO FIND EXTRA SERVICES TO SUPPLY OTHER NECESSARY EQUIPMENT, WITH LARGEST DEMANDS BY FIRE, HOSPITAL, PARK, PENAL INSTITUTIONS, POLICE, AND PUBLIC WORKS DEPARTMENTS—LATTER IS FOR NEW WORKMEN'S COMPENSATION SERVICE CITY IS PUTTING INTO EFFECT, TO INCLUDE ALL WORKERS EXCEPT POLICEMEN AND FIREMEN.

Mayor Curley on Monday, May 17, submitted a supplementary budget to the City Council with the following message:

To the City Council.

GENTLEMEN,—I submit herewith supplementary budget recommendations totaling \$690,003.66 for the following purposes:

MAYOR CURLEY MAKES REPLY TO FINANCE COMMISSION ON LOAN ORDERS PENDING BEFORE CITY COUNCIL—POINTS TO VITAL NECESSITY WHICH PROMPTS REQUEST FOR IMMEDIATE APPROVAL TO SAFEGUARD LIFE AND HEALTH OF CITIZENS.

The following is a letter made public from the Mayor's office on May 14:

MR. JOSEPH K. COLLINS, *Chairman*, Boston Finance Commission, 24 School Street, Boston, Mass.

DEAR SIR,—I am in receipt of a communication from the Finance Commission under date of May 13, 1948, and replying thereto beg to state that the loan orders pending before the Council have been examined in detail and represent the considered judgment of municipal officials competent to determine the needs of the city.

They represent in the main replacements that are made necessary through the failure to furnish quarters that are vitally necessary for the conduct of departmental activities since 1934, a total of 14 years, and to further delay pending a survey and further investigation is not justifiable.

The establishment of a 200-bed hospital for chronic patients at Long Island at an estimated cost of \$1,250,000 will make available 200 beds for acute cases at the Boston City Hospital where they are vitally needed.

The new central fire headquarters, garage and repair shop, and a transfer of Fire Engine 23 at a cost of \$1,500,000 has been recommended by Fire Commissioner Russell S. Codman, Jr., after a most exhaustive survey. He has reported

A brief explanation of these appropriations is given below.

Assessing Department, \$5,000. This additional appropriation is to be expended for overtime by regular employees. This overtime is necessary in order to meet the advanced tax calendar proposed by the State Tax Commissioner and for the extra service required during the first year's operation of the newly installed punch card accounting system.

Auditing Department, \$1,400. The bookkeeping machines that have been in use for 13 years will be replaced with new equipment on July 1, making necessary the purchase of trays and stands and also a complete set of new forms.

Election Department, \$27,000. This sum is necessary to employ additional temporary help to provide for two weeks' vacation in the summer for the regular office force and the extra amount of work expected if Wallace supporters and the supporters of the petition for birth control file papers.

Finance Commission, \$110,000. The Finance Commission has requested an additional \$10,000 in accordance with the provisions of chapter 175 of the Acts of 1948, and \$100,000 for administrative survey under the provisions of chapter 261 of the Acts of 1948.

BOSTON'S 100,000 PLAYGROUND-GOING YOUNGSTERS WILL SEE A NEW DRESS ON THEIR PLAY SPOTS BECAUSE OF INSTALLATIONS OF NEARLY \$80,000 WORTH OF PERMANENT PLAY FIXTURES SOON TO BE COMPLETED — ANNOUNCEMENT MADE BY MAYOR CURLEY AS PART OF PARK DEPARTMENT PROJECT — PLAN DEVELOPED TO SUBSTITUTE FOR WORK FORMERLY DONE FOR SMALLER CHILDREN UNDER SCHOOL COMMITTEE SUPERVISION.

The following was made public by the office of the Mayor:

Boston's more than 100,000 playground-going youngsters will see a new look on their local playgrounds this summer because of nearly \$80,000 worth of permanent play fixtures soon to be installed on many of the play areas throughout the Hub.

In the first large-scale equipment installation in many years, the plan for the rehabilitation of the city's playgrounds was worked out last year by Mayor Curley and the Park Commission members, Chairman John J. Murphy and associates Joseph Lee and Theodore Haffenreffer.

It all began when the School Department, early in 1947, notified the Mayor that, because of a budget situation, the schools' organization would not be able to staff sections of the playgrounds devoted to smaller children last summer. Learning of this, the Park Department, as the only other municipal agency qualified to take on the burden, agreed to take on the job of supervising the smaller children, in addition to the older boys' and girls' programs with which the Park Recreation had always been charged. In addition to recruiting and training qualified men and women instructors, and placing them on the playgrounds in record time, the Park Department, through the efforts of Mayor Curley, was given \$100,000 for equipment and supplies, to give Boston kids a real summer of play. Heavy playground equipment is made of steel and cable, both of which were in short supply even

last year, so that the \$78,000 worth of jungle gyms, teeter boards, slides, and swing frames could not be made in time for installation.

Through the winter, the orders have been filled, and the equipment has arrived; all that remains is the installation, a big job in itself. The department is confident that these permanently installed pieces will last for years, and it has been proven in modern playground equipment testing that the pieces selected are the most popular and the most durable types. Slides, teeter boards, and swings are traditional playground equipment, but newer, and expected to be the most popular, are the jungle gyms—a maze of piping which affords all of the climbing that Junior wants, without the danger.

Supplies to the tune of \$20,000 worth will be on hand, and under this item will come volleyballs, baseballs, tennis nets, bats, beanbags, children's games, most of which will be expendable, or worn out in a year or two of hard usage.

At any rate, Mayor Curley, the Park Commission and Bill Mullen, Director of Recreation, who will be in direct charge of Operation Playgrounds, feel that at last they are making strides towards the modernization of Boston's playgrounds, so that the Hub, where the playground idea was conceived by Joseph Lee, Senior, can once again be the leader in this important municipal function.

MAYOR CURLEY REPLIES TO FINANCE COMMISSION ON PENDING LOAN ORDERS.

(Continued from page 489.)

that the present quarters are not only inadequate but should be condemned, and what is true of the central fire station and repair shop is equally true of Engine 23 at the South End.

The addition to the central office building of the Welfare Department and a new district building at a cost of \$650,000 should no longer be delayed.

The premises presently occupied by the Traffic Commission at Atkinson street, consisting of a garage and repair shop, and with the necessity for a proper place for storage and repair of parking meters, and the necessity for consolidation of services under one roof, since the office building is presently located in the North End of the city, while the paint shop, repair shop, garage, etc., are located in Southampton street in property that has been declared a fire hazard by the Building Department and the Fire Department.

A new laundry building for the Long Island Hospital at an estimated cost of \$160,000 is necessary to provide for the requirements of the institution located there.

The other smaller projects speak for themselves.

The Finance Commission directs attention to the possibility of an increase in the tax rate if these improvements are made and it is most unfortunate the Finance Commission fails to conduct a survey and investigation as to the ways and means through which the city might secure sufficient revenue to meet its obligations without unnecessarily increasing the tax on real estate.

Substantially 75 per cent of the increased cost of conducting the city affairs in the past two years has been due to legislative enactments over which the Mayor had no control, and against which the adoption of no protest was lodged to my knowledge by the Finance Commission.

Public office, whether it be that of Mayor, or membership in the Finance Commission is ephemeral. The city, however, and its people and its problems represent a permanent and continuing institution whose needs must be provided for regardless of statements emanating from appointed officials setting up a defense to perpetuate the jobs held by them.

Sincerely,

JAMES M. CURLEY,
Mayor of Boston.

MAYOR CURLEY ASKS SCHOOL COMMITTEE TO TAKE STEPS TO END VANDALISM AND DESTRUCTION OF SCHOOL PROPERTY.

The following communication has been issued from the office of the Mayor:

JOSEPH C. WHITE, *Chairman*, Boston School Committee, 15 Beacon Street, Boston, Mass.

MY DEAR MR. WHITE,—I sincerely trust that the School Committee will take the necessary steps to end the annual loss in the vicinity of \$50,000 for windows that are broken in various school buildings.

I had occasion during the past week to pass by a number of schools and found the beautiful building costing upwards of \$3,000,000 known as the Roxbury Memorial High School with more than fifteen windows broken, and, at the school building at Hunneman street and Harrison avenue, children playing in the yard, with at least six more windows broken, and a playground but one block away with no one utilizing the playground.

I am quite certain, if the School Committee will give the subject matter the consideration it deserves, that some plan can be evolved whereby there will be an end to this waste of money every year.

It might be possible to make some arrangement for better policing and for better protection by the janitors of the schools or by screening windows with steel screen, which in the end would represent a considerable saving.

It might be possible likewise, which I have suggested before, to have a certain number of teachers talk to the various classes on the importance of respect for public property which is used by them and develop in the minds of the pupils at the public schools an idea of their individual responsibility to the community in the matter of destroying public property.

Sincerely,

JAMES M. CURLEY, *Mayor*.

MAYOR BARS WALLACE RALLY ON COMMON ON MAY 30 OR 31.

On May 17 the Mayor's office issued the following statement:

A request was received by the Park Commission that a rally under the auspices of the supporters of Henry Wallace be held on May 31. In view of the fact that Decoration Day, May 30, falls on Sunday, it is customary to carry over the observance of decorating graves of the departed on May 31. Consequently, it was deemed advisable to notify the proponents who made the request for assignment of the Parkman Bandstand for a rally that no permit would be issued for May 31, and that any other date, other than a holiday, they might seek to hold the demonstration would be approved.

MAYOR CURLEY SUBMITS SUPPLEMENTARY BUDGET TO CITY COUNCIL.

(Continued from page 489.)

Fire Department, \$47,700. \$8,000 of this amount is required to modernize four 85-foot aerial ladder trucks, which will give many years of efficient service at a fraction of the cost of new ones. \$8,500 is required for repairs to old North Ferry slip for the purpose of providing a dock and landing pier for two new fireboats and to dredge berth adjacent to North End Park, with a view to abandonment of fire station at Northern Avenue Bridge. \$17,200 is required to complete the 1947 contract for uniforms, which amount was not carried over into 1948. \$14,000 is required to supply 25 new pumping engines with liquid foam for use on oil, gasoline, and airplane fires, and liquid carbon dioxide for transit tanks on hose cars.

Hospital Department, \$243,000. \$5,000 of this sum is for gas for the new South Department kitchen and increased use of Edison A.C. current on newly installed X-ray and other machines. \$20,000 to purchase bedding, which is now available in larger quantities than during the past years. \$10,000 to cover cost of uniforms for employees not previously provided and the increase in the amount needed for patients' body garments. \$190,000 for food, fuel, medical supplies, laundry and cleaning items, due to increased prices. \$8,000 to purchase emergency lighting units required by law. \$10,000 for payment of Workmen's Compensation.

Sanatorium Division, \$75,000. \$50,000 is needed because of filling of vacancies in the labor groups and the payment of overtime to nurses because of shortage. \$25,000 necessary for food, because of increased prices.

Long Island Hospital, \$20,000. It is now possible to definitely establish a school to train attendants, and this amount will be needed for personnel. It is hoped that this arrangement will alleviate in part the nursing situation.

Park Department, \$47,500. \$36,500 is needed to hire trucks to supplement departmental equipment in clearing the Common and other parks, due to innumerable celebrations and other increased activities, to clean beaches more frequently, reseeding ball fields and playgrounds, and a more extended program for control of the Dutch elm disease. \$7,000 needed for fuel because of increase in price. \$4,000 for gasoline because of extensive use of trucks on snow removal.

Police Department, \$15,000. This sum is necessary to provide funds for the payment of an annuity to a widow of a member of the Police Department who died in 1937 as a result of injuries received in the line of duty. This annuity payment was approved by the City Council and Mayor.

Public Works Department, Workmen's Compensation Service, \$18,000. The Workmen's Compensation Law having been extended to include all employees of the City of Boston and County of Suffolk, with the exception of the uniformed forces of the Police and Fire Departments, this additional sum is estimated as necessary to properly administer the law, as a result of the increase in the number of employees brought within its scope. It is intended to establish a branch within the Central Office of the Public Works Department

to handle the details involved, and employ the additional personnel required, together with necessary supplies and equipment.

Suffolk County Court House, Custodian, \$3,000. This sum has been requested by the Court House Commission to provide for the purchase of cabinets and a bookcase for the Registry of Deeds; document files for the Superior Civil Court; and rubber matting for entrances to Court House on the Pemberton Square and Somerset Street sides and in the main corridors.

Supreme Judicial Court, \$4,726.66. Under the provisions of chapter 183 of the Acts of 1948 the salaries of the clerk and two assistant clerks of the Supreme Judicial Court were increased. To provide for this increase from May 1. as requested by the clerk, will require \$2,666.66. An additional \$2,000 is necessary to pay a bill submitted by a master appointed by the court and \$60 for the purchase of a court officer's uniform, which were not included in the budget estimates.

Registry of Deeds, \$12,000. \$9,800 of this sum is needed to provide for personnel changes made by the Register in the interests of efficiency since original appropriations were made, and \$2,200 for re-binding books which should be kept in good condition for public use.

House of Correction, \$60,000. \$25,000 of this additional sum is needed for food, due to increase in prices. \$35,000 for fuel, due to severe winter and the fact that this appropriation was reduced with the understanding that the proposed changeover to A.C. would save fuel, but shortage of equipment has delayed the changeover.

Consideration and adoption of the accompanying order by your Honorable Body is recommended.

Respectfully,

JAMES M. CURLEY, Mayor.

FOR CLEANING STREETS.

PUBLIC WORKS DEPARTMENT.

The Mayor has approved the following request of the Commissioner of Public Works.

BOSTON, May 10, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I respectfully request your authority to issue service orders to the following-named contractors for cleaning streets in designated areas, the cost of the work in each case not to exceed \$2,000.

Patrick J. Morgan, 21 Levant street, Dorchester; Columbo Graglia, 15 Stanley street, Dorchester; James Norton, Jr., 11 Fawndale road, Roslindale; J. P. Haley, 71 St. Marks road, Dorchester; John L. Hanrahan, 33 Potomac street, West Roxbury; Edward M. Matz, Inc., 25 Huntington avenue, Boston; Wilfred Lafrond, 53 Codman park, Roxbury; Appel & O'Toole Company, 78 Moreland street, Roxbury; Peter DePesa, 21 Minot street, Dorchester.

The terms and conditions under which this supplementary work will be done by these contractors will be those mentioned in my letter to your Honor under date of April 13, 1948.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

REPORT OF AGNES K. BRENNAN, DIRECTOR OF DISTRIBUTIVE EDUCATION, PRESENTED TO THE SCHOOL COMMITTEE AT ITS MEETING ON APRIL 29.

The following is the report of Agnes K. Brennan, Director of Distributive Education, on attendance at the Eastern Business Teachers Association, Philadelphia, March 24 to 27:

The theme of the convention was "Better Education for Business." Sessions were held at the Benjamin Franklin Hotel. Business teachers and administrators from secondary schools, colleges, and private schools, together with representatives from business, participated in the meetings.

Exhibits of office equipment companies, office supply companies, and book companies made it possible for me to see the latest equipment available in the business education field.

The keynote address, "The Business Teacher's Horizon," was given Thursday afternoon by W. H. Evans, Secretary, National Office Management Association. In his discussion of the present horizons, Mr. Evans said that the business teacher should take a definite stand on economic problems. The teacher should formulate his thoughts on such economic problems as the ownership of personal property; profit sharing; competition; government regulation vs. government control. He pointed out that the business teacher has a dual responsibility—to keep abreast of what is new and good in education and to keep abreast of what is new and worth while in business.

In his discussion of the horizons of the future, Mr. Evans recommended the development of exploratory and tryout courses to help pupils select for themselves the fields of business training in which they have the strongest aptitudes and interests. Such tryout courses should tie in very closely with the school guidance programs and should open up new possibilities in cooperative business education programs.

Mr. Evans' second recommendation was that business education teachers in the schools adopt the demonstration method of teaching which is used by instructors in the job instruction training and human relations training courses given to supervisors in business and industry. Expert teachers would then be teaching more by demonstration and less by talking.

The National Office Management Association recommends that business teachers and office executives hold regular meetings and conferences in an attempt to set standards to be used as guides in business education. Mr. Evans explained that such meetings had been most successful in Seattle, Washington, where a joint committee of businessmen and teachers had recommended the quantity and type of business equipment to be purchased for the business education courses in the schools. As a result of the joint recommendation \$110,000 was spent for new equipment in the schools.

Thursday night I attended the annual banquet. Mr. Walter E. Leidner was toastmaster. On Friday I attended the group meetings for distributive education.

Friday morning, coordinators from three schools and a store personnel representative spoke in the panel meeting, the theme of which was "Better Distributive Education for Business." They discussed the problems presented in setting up the part-time programs for supervisors in the

job instruction and human relations training programs. Mrs. Jones presented the point of view of store management toward the supervisory training programs made available to stores by the schools of Philadelphia. Trained instructors who come to the store from the school department are more successful than store instructors in handling delicate human relations problems arising among supervisors.

Friday evening, I saw the films presented at the conference entitled "Better Education for Business through the Effective Use of Audio-visual Aids." I saw the following: a demonstration of "Teaching Bookkeeping by the Use of the Opaque Projector"; a demonstration of W. T. Grant Company film strips used in giving merchandise information to sales people; two films for social business, "What is Money?" and "Sharing Economic Risks."

On Saturday morning, Mr. James V. Toner, President, the Boston Edison Company, gave a stimulating talk on "The Executive Views Business Education." By a questionnaire, Mr. Toner asked 30 top executives to list the school subjects which they thought were most useful in their business. All were unanimous in listing English and mathematics. Specific skills, general science, and history were named by all executives, with varying emphasis on their importance.

In response to his questionnaire, Mr. Toner said that top executives consider the following important in selecting new employees: character, work habits, health and personality, basic education, attitudes, and sense of humor.

In the third part of the questionnaire Mr. Toner asked the executives to list common deficiencies which they found in new employees. They listed deficiencies in English, mathematics (figure sense), accuracy, work habits, and attitudes (respect for superiors).

Mr. Toner referred to the great difficulty business has in finding workers who are of a promotional type. Industry in general has one supervisor for ten workers. He wants to hire the one rather than the ten. He says that workers, today, put a premium on loafing so that they will not "spoil the job for the poor worker." He regretted the tendency of business and industry, since 1934, to turn away from individualism to collectivism.

Mr. Toner concluded his talk by expressing regret that pupils who take business education are deprived of the basic training and mental discipline gained through the study of Latin. Finally, he holds the schools responsible for impressing on pupils that they must make a contribution to earn their pay.

The convention program gave me much valuable information which I shall try to incorporate in my work.

Respectfully submitted,

AGNES K. BRENNAN,
Director.

\$60,000 SAVED TO CITY IN PURCHASE OF SUPPLIES.

His Honor the Mayor received the following communication from William I. Rose, Superintendent of Supplies:

About six months ago the city purchased many thousands of pounds of fowl and beef which resulted in a saving to the city of \$50,000. This along with a saving of approximately \$10,000, by using oleomargarine, which has the same nutritional value as butter, makes a total saving to the city of \$60,000.

PAY FOR REPAIRING IRONERS.

The Mayor has approved the following request of Dr. James W. Manary, Superintendent of the Boston City Hospital:

CITY HOSPITAL.

Boston, May 5, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—On March 12, 1948, an order was placed with Mr. James L. Palmateer for overhauling 3 Troy flatwork ironers located in the main laundry, Boston City Hospital. Upon completion of the above-mentioned work, Mr. Palmateer submitted a bill in the sum of \$1,136.86.

Your approval is respectfully requested for the payment of \$1,136.86 to Mr. Palmateer for labor and materials furnished in connection with the above-mentioned work.

Respectfully yours,

JAMES W. MANARY, M. D.,
Superintendent.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts and service orders to the contractors, commercial houses, etc., for furnishing supplies, labor, commodities, etc. Communications from the heads of the several departments interested were as follows:

LIBRARY DEPARTMENT.

BOSTON, May 4, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is respectfully requested for entering into a service agreement for the year 1948 with the International Business Machines Corporation for the preparation of varied miscellaneous reports from punched record cards furnished by the Library. This is a service which has been performed by the International Business Machines Corporation for the Library for many years. During 1948 the cost will be approximately \$1,600. Inasmuch as this is in excess of \$1,000, and since this service can be obtained only from the International Business Machines Corporation, it is necessary to obtain your approval for entering into this agreement without public advertising for competitive bids.

Your approval of entering into this agreement is hereby respectfully requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
FRANCIS B. MASTERSON,
President.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, April 28, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On April 13, 1948, an order was written to the P. J. Riley Company (No. 259) to do emergency work in the men's toilet at City Hall Annex in the sum of \$850. It was anticipated from what could be observed at that time the defective piping could be removed and replaced for that figure.

The work was started on the hot water lines from the sixth floor to the eleventh floor. After removing marble slabs we found the condition of piping and fitting much worse than we realized, and that it must be renewed from the basement to the eleventh floor.

This work is very difficult as the piping is in very inaccessible places back of marble partitions in back of toilets. Some more of these lines are located in back of plaster walls and others are located in rear of marble partitions. In order to obviate wherever possible cutting of plaster walls that would have to be replaced and cause toilet rooms to be repainted, it is planned to expose the piping by drilling marble slabs, valving off at these points and installing chrome supplies to service sinks and lavatories.

The P. J. Riley Company have carried this work to a point where it is obvious that this repair job is on a much larger scale than anticipated. Mr. Rogers, our Chief Engineer, Mr. Keeney, Deputy Superintendent, and Mr. Riley have gone over this work very carefully and estimate that this work now will amount to between \$3,250 and \$3,500.

In view of the above and that the P. J. Riley Company have had three men on the job who are thoroughly familiar with the conditions that exist, and that they are one of the most reputable plumbing concerns in Boston together with the fact that it is practically impossible to write this work up intelligently to advertise for prices, I respectfully ask your permission to have the P. J. Riley Company continue this repair work as outlined above on a time and material basis not to exceed a sum of \$3,500, without the usual form of advertising.

Very truly yours,

JAMES E. SULLIVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, May 7, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I respectfully request your permission to dispense with advertising and to award a contract, in the estimated amount of five thousand (5,000) dollars, to the New England Broom and Supply Company, 191 Forest Hills street, Jamaica Plain, for refilling cores of the brooms used in our mechanical street-sweeping machines.

This is the only concern in Boston properly equipped to do this work, and for a number of years it has been refilling these cores on service orders issued by the Sanitary Division of this department.

The amount of the work to be done during the current year will exceed \$1,000 in cost, and for that reason I feel it will be to the city's advantage to make a contract for the year's requirements. The price is reasonable, and the quality of the work done by this firm is entirely satisfactory.

Under the circumstances, nothing, in my opinion, would be gained by advertising.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, April 21, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award an order, without public advertisement, to the Hersey Manufacturing Company, 214 Second street, South Boston, for two 6-inch detector meters.

The above meters are needed immediately for the new telephone building on Congress street and have been requested by the Division Engineer of the Water Service of the Public Works Department. As the Hersey Manufacturing Company are the only manufacturers of these meters no advantage would be gained by publicly advertising.

Total amount of order is \$1,280.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, April 21, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On September 23, 1947, a contract was approved by the Temporary Mayor with the Noyes Buick Company for furnishing Buick sedans to the Child Welfare Division of the Institutions Department, and the Boston Traffic Commission, respectively.

The item for the Child Welfare Division of the Institutions Department called for one new 1946-47 Buick, Model 51, five-passenger sedan, standard specifications at a price of \$1,987 delivered, less a trade-in allowance on one 1942 Dodge sedan of \$800, making a total net price of \$1,187 for this sedan.

In the quotation from the Noyes Buick Company it was specified that the price on delivery was to be accepted by this department. At the time of delivery the price of same had advanced by \$109.90.

I would respectfully request that permission be granted me to amend the contract by increasing the cost of this automobile from \$1,187 to \$1,296.90.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, April 22, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—This department is in receipt of a requisition from the Boston Sanatorium to purchase for them one A0015P Model F-4-35 combination X-ray unit, mobile and portable, as per specifications, with an allowance to be made on old unit offered in exchange.

The Superintendent of the Boston Sanatorium has made an investigation and notified this department that this model which is manufactured by the General Electric X-Ray Corporation is best suited for his needs, and in view of

this I would respectfully request that permission be granted me to award an order to the General Electric X-Ray Corporation for the machine designated above at \$1,065, less an allowance on an old unit offered in exchange of \$75, making the total \$990 net, delivered.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, April 22, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award an order to the Mueller Company, 1322 Empire State Building, New York, for water fittings consisting of couplings and curb corks.

The Water Division of the Public Works Department needs this material immediately and the three manufacturers were solicited with the following results on informal bids:

Mueller Company, \$1,369; Farnum Brass Works, \$1,507; Hays Manufacturing Company, \$1,639.

Total amount of order will be \$1,369.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, May 3, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award an order to the Bay State Nurseries, North Abington, Mass., for delivering to the Park Department the following supplies:

Twenty Tilia Cordata, 2-inch to 3-inch caliper; 75 Sugar Maples, 2-inch to 2½-inch caliper; 100 Populus Simonie, 1½-inch to 2-inch.

The Chairman of the Park Department and the Tree Superintendent have visited these nurseries and have notified this department that the trees specified are the best suited for their needs and therefore have requested that we purchase the selected trees.

Total amount of order is \$1,482.50.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, May 4, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award an order to McCarthy Brothers, 218 Dudley street, Boston, for the following items:

Fourteen swivel chairs, No. 429-6, or equal, at a price of \$21.50 each; Forty-eight smoking room chairs, No. 1778-14, or equal, rodged and saw braced, at a price of \$18.75 each; two side chairs, No. 429-0 or equal, at a price of \$16.50 each.

These items are usually purchased from the Massachusetts Prison Commission but they are unable to supply same and have given this office a release which permits us to purchase them in the open market.

McCarthy Brothers were the only bidders able to supply at once and for this reason I would request that the permission asked for be granted.

Total amount of order is \$1,234.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, May 10, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award an order to Taller & Cooper, 75 Front street, Brooklyn, New York, for furnishing two toll register treads 9 feet long to the Sumner Traffic Tunnel.

Taller & Cooper are the manufacturers of the above equipment, therefore it is my opinion that it would be to the city's advantage to award the order to this company.

Total amount of order is \$1,430.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, May 10, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award an order to the American Sterilizer Company, Boston, for the following items:

One Model 1075 American major operating table complete with standard accessories less Bierhoff knee crutches and with friction type screen for anesthesia.

One Model 1045 foam rubber pad 2 inches thick, with detachable head and foot sections.

One Model 1085 American ganglion head rest with 1288 A axillary braces.

One doctor's light head rest.

One Model 1084 American cerebellar head rest with shoulder supports (plus freight).

I am attaching herewith a copy of a letter received from the Superintendent of the Boston City Hospital in which he recommends that the items manufactured by the American Sterilizer Company are best suited to perform the work that is required.

Total amount of order is \$1,854.50, less a 1 per cent cash discount for payment within ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, May 10, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without public advertisement for bids, to Johnson & Johnson, New Brunswick, New Jersey, for furnishing to the Boston City Hospital 300 cartons of small chux sanitary napkins at a price of \$8.92 per case, less a discount of 2 per cent for payment in ten days.

The regular price on this item is \$11.15 per case. Johnson & Johnson have voluntarily lowered the price to \$8.92 per case which will result in a saving to the city of \$669, and as Johnson & Johnson are the manufacturers no advantage would be gained by publicly advertising for bids.

Total amount of contract is \$2,676, less a 2 per cent cash discount for payment within ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

TRANSIT DEPARTMENT.

BOSTON, May 5, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—This department has awarded a contract to the Gahagan

Construction Company for certain alterations to the Atlantic Avenue Station, Section B, East Boston Tunnel, in the amount of \$309,456, in connection with the installation of four electric stairways.

The contract with the aforementioned company does not include the demolition and removal of the present four elevators and their operating equipment which, in the opinion of this department, can most efficiently be handled by a company specializing in elevator work.

With this in mind the Transit Department invited proposals and received the following quotations

Westinghouse Electric Corporation, \$7,972; Otis Elevator Company, \$9,000; F. S. Payne Company, \$9,160.

It was decided to award a contract, without publicly advertising for bids, to the Westinghouse Electric Corporation, 10 High street, Boston, in the sum of \$7,972, for the demolition and removal of the present four elevators and their operating equipment at the Atlantic Avenue Station, Section B, East Boston Tunnel.

Very truly yours,

MALCOLM E. NICHOLS, *Chairman.*

EXTENSION OF CONTRACTS.

PARK DEPARTMENT.

M. Solimando has been granted an extension of time until June 15, 1948, for the completion of the contract for alterations and additions to the Lion House, Franklin Park, Boston Mass.

John Guarino has been granted an extension of time until May 15, 1948, for the completion of the contract for architect's services for field house on Ross Playground, Hyde Park.

John Rugo has been granted an extension of time until June 15, 1948, for the completion of the contract for alterations and repairs to Columbus Park field house, opposite Preble street, South Boston, Mass.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

John D. McArdle, 6 Druid street, Dorchester, in the sum of \$42.14, as compensation for damage to automobile caused by hole in highway on Broadway, near Washington street, August 2, 1947.

Alice M. Goodwin, 408 Seaver street, Dorchester, in the sum of \$125, compensation for personal injuries caused by portion of cement sidewalk which protruded about four inches above the level of the sidewalk in front of 392 Seaver street, August 11, 1947.

Hugh Mains, 906 Harrison avenue, Roxbury, to be reimbursed in the sum of \$119.15, as a result of an accident which occurred on December 17, 1947, when motor truck belonging to the Sanitary Division, Public Works Department, which he was operating, collided with an automobile owned by Edward F. Norberg.

Michael Kaczka, 30 Marshfield street, Roxbury, to be reimbursed in the sum of \$100, as a result of an accident which occurred on January 27, 1948, when motor truck belonging to the Sanitary Division, Public Works Department, which he was operating, collided with an automobile owned by the Kahn Transportation Company.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the following requests for transfers of appropriations:

COLLECTING DEPARTMENT.

From D-1, Office, \$436.30, to B-29, Stenographic and Copying, \$36.30, B-1, Printing and Binding, \$400.

INSTITUTIONS DEPARTMENT.

RETIREMENT BOARD.

The sum of \$1,500 from the Departmental Equipment Loan, Revenue, to the Boston Retirement Board, to purchase three (3) Model 31E Allen Wales adding machines.

Since these machines are of a newer type, their use will enable the department to cut to one half the time it takes to add 16,000 posting cards, being the account cards of members of both retirement systems.

POLICE DEPARTMENT ORDERS.

General Order No. 1,051.

The following-named officer having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department, effective Thursday, May 13, 1948, at 7.45 o'clock a. m.:

Patrolman Joseph W. Cullen, Division 2, 27 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 32.

I. WILLIAM J. BUCKLEY.

It is with deep regret that the Fire Commissioner announces the death, on May 6, 1948, of Ladderman William J. Buckley of Ladder Company 3. Ladderman Buckley was appointed to the department, April 5, 1918.

The funeral was held from his late home, 603 South street, Roslindale, at 8.15 a. m., Monday, May 10, 1948, followed by services at the Sacred Heart Church, Cummins Highway, Roslindale, at 9 a. m.

The chief of department made the customary detail to act as a funeral escort, and members of Ladder Company 3 were excused from duty in order to attend the services.

II. ASSIGNMENT OF PERMANENT FIREMAN.

The following assignment of a permanent fireman, which became effective at 8 a. m. Wednesday, May 12, 1948, in accordance with chapter 262 of the Acts of 1948, is hereby announced:

James H. Mahoney to Engine Company 25.

III. RETIREMENTS.

The following retirement, which became effective at 8 a. m., Wednesday, May 5, 1948, is hereby announced:

Hoseman George A. West, Fire Prevention Division.

The following retirement, which will become effective at 8 a. m., Monday, May 17, 1948, is hereby announced:

District Chief Daniel J. Hurley, District 10.

The following retirement, which will become effective at 4.30 p. m., Tuesday, May 18, 1948, is hereby announced:

High Pressure Engineer Henry A. Miner, Maintenance Division.

District Chief Hurley was appointed to the department on October 4, 1901. He was promoted to the grade of lieutenant January 31, 1914, to captain December 19, 1921, and to district chief May 13, 1932. Hoseman West was appointed to the department May 24, 1907. Engineer Miner was appointed to the department July 20, 1928.

All the foregoing-named leave the department with the best wishes of their associates.

IV. INSTALLATION OF NEW FIRE ALARM BOX.

In the near future a new Fire Alarm Box will be installed as follows:
Box 1578, Beacon and Clarendon streets.

Apparatus assignment to this box will be the same as for Box 1575, and the box will be connected into circuit No. 50.

V. CHANGE IN DESIGNATION OF FIRE ALARM BOX.

Due to change in name of Walnut Park road to Waldron road, designation of Fire Alarm Box 2192 should be changed to read as follows:

Box 2192, Walnut avenue and Waldron road.

VI. REV. DENNIS F. LYNCH SCHOLARSHIP.

Notice has been received from the Reverend Principal of Boston College High School that on Saturday, June 5,

1948, at 9 a. m., in the High School Building, James street, there will be a special examination for the Rev. Dennis F. Lynch Scholarship, founded by members of the Fire Department, in memory of their late chaplain.

This is an annual scholarship award to the son of a member of the Fire Department (or son of retired or deceased member) who obtains the highest average in the annual competitive entrance examination, which will be held on June 5, 1948.

VII. HOUSE JOURNALS.

Company commanders shall forward to Headquarters on or before May 20, 1948, requests for the annual supply of journals required from June 1, 1948.

VIII. COMMENDATION.

Ladderman James W. McDonald of Ladder Company 12 is hereby commended for responding to and working at fire, Box 2224, April 30, 1948, while off duty.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

JOHN F. McDONOUGH,
Chief of Department.

General Order No. 33.

Ladderman George J. Finch, Ladder Company 4.

Ladderman Finch was appointed to the department January 30, 1918, and he leaves the department with the best wishes of his associates.

IV. PROHIBITION OF INFLAMMABLE ANTIFREEZE SOLUTIONS IN FIRE HYDRANTS.

For the information of the department, chapter 188 of the Acts of 1948 is hereby announced:

"AN ACT FORBIDDING THE USE OF INFLAMMABLE ANTIFREEZE SOLUTIONS IN FIRE HYDRANTS.

Be it enacted, etc., as follows:

Chapter 148 of the General Laws is hereby amended by inserting after section 23 the following section: *Section 23A.* No inflammable fluid shall be used as an antifreeze mixture in hydrants used to convey water for extinguishing fires.

Approved April 2, 1948."

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

JOHN F. McDONOUGH,
Chief of Department.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Brayton road, Brighton district, as a highway, between Kenrick street and Breck avenue, bounded and described as follows:

An extension of the highway named Brayton road is hereby laid out, between Breck avenue and Kenrick street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Breck avenue, fifty-two and 66-100 feet; northeasterly by the northeasterly line of said extension of said Brayton road as hereby laid out, by five measurements, four hundred ten and 24-100 feet, twenty-one and 4-100 feet on a curve of seventy feet radius, twenty-four and 53-100 feet on a curve of seventy and 42-100 feet radius, 47-100 feet, and two hundred ninety-five and 96-100 feet on a curve of seven hundred seven and 40-100 feet radius; easterly by the easterly line of said extension of said Brayton road as hereby laid out, by two measurements, fifty-three and 19-100 feet on a curve of forty-eight feet radius and thirty-two and 81-100 feet on a curve of twenty-two and 39-100 feet radius; southerly by Kenrick street, seventy feet; westerly by the westerly line of said extension of said Brayton road as hereby laid out, forty-one and 76-100 feet on a curve of fifteen feet radius; and southwesterly by the southwesterly line of said extension of said Brayton road as hereby laid out, by three measurements, three hundred forty-five and 16-100 feet on a curve of seven hundred forty and 40-100 feet radius, two hundred ninety-six and 26-100 feet, and one hundred eight and 53-100 feet.

Trees or structures standing upon or affixed to the aforesaid described land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of said extension of Brayton road, between Breck avenue and Kenrick street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein

ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of an extension of Brayton road, Brighton district, as a highway, between Breck avenue and Kenrick street, under the order of the Board of May 10, 1948, and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following-described lands, exclusive of any interest in trees, buildings, or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings, or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being the private way known as Ferncroft road, bounded:

Northeasterly by Corey street, thirty-five feet; southeasterly by the southeasterly line of said road, three hundred eighty-six and 59-100 feet, southwesterly by Kirk street, thirty-five and 13-100 feet; and northwesterly by the northwesterly line of said road, three hundred eighty-nine and 77-100 feet; containing thirteen thousand five hundred and eighty-six square feet, more or less.

The sewerage works to be constructed are as follows: 350 linear feet of 10-inch pipe sanitary sewer and 355 linear feet of 10-inch pipe surface drain, in the above-described premises.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of said Ferncroft road, excluding the lots at the corners of Kirk street and Corey street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore mentioned and on file in this office.

PROGRAM OF BOSTON HOUSING AUTHORITY.

The following was received:

City of Boston,
Office of the Mayor, May 3, 1948.

To the City Council.

Gentlemen,—In regard to orders of City Council dated April 26, 1948, concerning various phases of the program of the Boston Housing Authority, I enclose herewith a letter which I have this day received from Cornelius P. Cronin, Chairman of the Board.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Boston Housing Authority,
May 3, 1948.

Hon. James M. Curley,
Mayor of Boston.

Subject: Orders of City Council dated April 26, 1948, concerning various phases of the program of the Authority.

Dear Mr. Mayor,—The Authority is in receipt of three communications from you concerning the above subject. In addition, it has received a letter dated April 28, 1948, from Robert E. Green, Clerk of Committees of the City Council, in which the Authority is requested to meet with the Executive Committee of the Council on May 3, 1948, to discuss its program.

The Authority is respectfully requesting the City Council to postpone this meeting for one week, to Monday, May 10, 1948, inasmuch as some of its members will be in New York on Monday, May 3, 1948, at a conference concerning Federal housing legislation.

In addition, for those members who will be in Boston May 3, 1948, a meeting has been arranged with the State Board of Housing to discuss all phases of the relationship between the two organizations.

Because of these matters it is believed that the Authority will be in a better position to discuss its program with the Council on May 10, 1948, instead of May 3, 1948, as originally requested.

Very truly yours,
CORNELIUS P. CRONIN, Chairman.

Placed on file.

POLICE PATROL ALONG SOUTH BOSTON BEACHES.

The following was received:

City of Boston,
Office of the Mayor, May 7, 1948.

To the City Council.

Gentlemen,—I transmit herewith communication from the Police Department, relative to your order of May 3, 1948, concerning the assigning of an adequate police patrol along the beaches of South Boston and Castle Island, and in addition assigning a safety car for the purpose of having police instructors inform the public on safety measures relative to traffic hazards and danger of broken glass on the beaches.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Police Department, May 6, 1948.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—With reference to Council order, dated May 3, 1948, which was forwarded to this office by Lawrence P. Gilligan, Chief Clerk, as follows:

"Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to assign an adequate police patrol along the beaches of South Boston and Castle Island, and in addition assign a safety car for the purpose of having police instructors inform the public on safety measures relative to traffic hazards and danger of broken glass on the beaches."

Please be advised that the Superintendent of Police, Edward W. Fallon, has been directed to comply with this order.

Respectfully yours,
THOMAS F. SULLIVAN,
Police Commissioner.

Placed on file.

REPLACING OF GAS LAMPS, WARD 12.

The following was received:

City of Boston,
Office of the Mayor, May 3, 1948.

To the City Council.
Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of April 5, 1948, concerning the replacing of gas lights with electric lights immediately on those streets which are now being repaired, especially on Cliff street, Ward 12.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
April 30, 1948.

Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works replace gas lights with electric lights immediately on those streets which are now being repaired, especially on Cliff street, Ward 12, and this will advise you that the lighting service of the Public Works Department will have a survey made of these locations with a view to complying with this request.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

INSTALLATION OF ELECTRIC LIGHTS, NEWCOMB AND EAST LENOX STREETS.

The following was received:

City of Boston,
Office of the Mayor, May 3, 1948.

To the City Council.
Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of April 12, 1948, concerning the installing of electric lights in front of the following-named locations: 9 Newcomb street, 24 Newcomb street, 20 East Lenox street.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
April 30, 1948.

Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works arrange for the installation of electric lights in front of the following-named locations: 9 Newcomb street, 24 Newcomb street, 20 East Lenox street.

Please be advised that the lighting service of the Public Works Department will have a survey made of these locations with a view to complying with this request.

Very truly yours,
ROBERT P. CURLEY,

Office of the Mayor, May 3, 1948.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of April 26, 1948, concerning the reconstructing of the following streets in Ward 18: Mansfield street, Weeks street, Jeffers street, Colchester street.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
April 30, 1948.

Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works reconstruct the following streets in Ward 18: Mansfield street, Weeks street, Jeffers street, Colchester street.

This will advise you that the above-named streets are private ways and will have to be laid out and accepted by the Board of Street Commissioners before the Public Works Department can enter same for construction.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

RESURFACING OF CERTAIN STREETS, WARD 18.

The following was received:

City of Boston,
Office of the Mayor, May 3, 1948.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works, relative to your order of April 26, 1948, concerning the resurfacing of the following streets in Ward 18: Alpheus road, Bateman street.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
April 30, 1948.

Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works resurface the following streets in Ward 18: Alpheus road, Bateman street.

This will advise you that Alpheus road will be placed on the list of streets to be given consideration for construction this year.

Bateman street is part public and part private. The public portion runs from Beech street to the Hyde Park boundary line, and this street will be given consideration for construction this year. Bateman street, from the Hyde Park boundary line to Grassmere road, is a private way and will have to be laid out and accepted by the Board of Street Commissioners before same can be entered for construction by the Public Works Department.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

REOPENING OF RIPLEY ROAD PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, May 5, 1948.

To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department, relative to your order of April 12, 1948, concerning the reopening of the Ripley Road Playground, Ward 14, and the assigning of an attendant and recreational instructors there during the summer season.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 3, 1948.

Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of April 14 with enclosure, City Council order that the Park Commission be requested to reopen the Ripley Road Playground, Ward 14, and to assign an attendant and recreational instructors there during the summer season.

This playground used to be very well attended during the summer season. The trouble has been that, in the last year or two, vandals have been tearing the buildings down piece by piece, brick by brick, and the shelter between the buildings has been partially destroyed. The restoration of these three structures is debatable due to the high cost and also, because in the off-season of the year, the same thing will happen again, namely, destruction by vandals.

However, the playground can be fixed up for children's use. We will put in some swings, and the grounds can be used for softball. We will also assign an instructor there.

Very truly yours,
JOHN J. MURPHY, Chairman.

To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department, relative to your order of April 26, 1948, concerning the placing of the baseball diamond and the tennis courts at Franklin Field in first-class playing condition.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 3, 1948.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir,—In answer to your memorandum, with enclosure, City Council order of April 26, 1948, requesting the Board of Park Commissioners to take immediate steps to put the baseball diamond and the tennis courts at Franklin Field in first-class playing condition, I wish to report that a contractor has been engaged to slightly relocate the No. 1 baseball diamond near the grandstand at this location. This is necessary due to the fact that in its original location windows of the veterans' housing development were being broken. The diamond will be regraded, rolled and left in good condition. The asphalt tennis courts will be repaired and relined. There is not sufficient money in the budget to construct with asphalt the balance of the courts which have a poor clay surface.

Gentlemen,—I transmit herewith communication from the Park Department, relative to your order of April 26, 1948, concerning the opening of the Copeland Street Playground, Ward 12, with proper supervision.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 3, 1948.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir,—I desire to acknowledge your memorandum, with enclosure, Council order dated April 26, 1948, requesting the Park Commissioner and the School Committee to take immediate steps to open up the Copeland Street Playground, Ward 12, with proper supervision.

This playground is the property of the School Department. I feel that the School Department will allow us to operate during the summer season from June 15 to September 15. Funds have been allowed in the budget for just the three summer months for playground supervision. In this section it can be either Copeland Street or the Howes Playground on Moreland street. I favor the area on Copeland street. When the summer season starts on June 15, we shall be able to comply with the request for a children's playground with supervision in this section.

To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department, relative to your order of April 26, 1948, concerning the establishment of a play area at the corner of B and Third streets, South Boston, for small children.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 3, 1948.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir,—In answer to your memorandum, with enclosure, City Council order requesting the Park Commissioner to establish a play area at the corner of B and Third streets, South Boston, for small children, I wish to report as follows:

This playground is located at the edge of a commercial section of South Boston. About ten years ago a brick field house was erected on this playground. It was built of the very heaviest construction—of brick and concrete. It was being continually broken into. First, the interior of the building was wrecked, and then the exterior of it.

About two years ago, as it could not be kept closed, due to vandals, it was decided, before some youngster would be hurt, to take the building down. Three blocks away, in the residential section, next to a church, is a similar type playground, only slightly larger in area.

It was found impossible to operate the playground at B and Third streets because of it being located at the edge of a nonresidential district.

JOHN J. MURPHY, Chairman.

Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir,—In answer to your memorandum, with enclosure, City Council order of April 26, 1948, requesting the Park Commissioner to make available, by such steps as are necessary, the Playstead at Franklin Park for recreational purposes, I wish to report as follows:

The Playstead in Franklin Park, which has been used for victory gardens during the past few years, contains a total area of 26 acres. Fourteen acres, that portion nearest Egleston square, have been taken by the George Robert White Trustees as a site for the schoolboys' stadium. The remaining 12 acres we have finally decided to plow, harrow, seed, and roll for baseball and other athletic purposes. In fact, this work has already been started.

Gentlemen,—I transmit herewith communication from the Park Department, relative to your order of May 3, 1948, concerning the reseeding and conditioning of the grounds in Dorchester Heights, and the placing of a man in charge of the monument and grounds so that people visiting may be permitted to ascend the stairs to the top of the monument.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 6, 1948.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir,—I desire to acknowledge your memorandum, with enclosure, Council order of May 3, 1948, requesting the Park Commission to do the following in time for the 1948 summer season: Reseed and put in good condition the grounds in Dorchester Heights and to place a man in charge of the monument and grounds so that people visiting that shrine will be permitted to ascend the stairs to the top of the monument.

The work of reseeding will be done within the next few days. We have not a sufficient number of employees to enable us to assign one man, full time, to this location.

The monument and tower are maintained by the Art Commission.

PREFERENCE TO BLIND VETERANS FOR NEWSPAPER STANDS.

The following was received:

Gentlemen,—I beg to submit herewith a report received from the Licensing Division with reference to the granting of preference to blind veterans for the sale of newspapers on Boston Common.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Licensing Division, April 30, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—In connection with the order of the City Council, requesting that preference be given blind veterans for selling of newspapers, let me report that this office issues permits for the sale of newspapers on Boston Common only.

With respect to Boston Common, the total number of licenses issued is approximately 22, for locations which have been long established. This office will be very glad to give consideration to applicants, who are blind veterans, for any of these locations, as they become vacant. It does not appear that new locations should be granted at this time, since such new locations would be unproductive.

Respectfully yours,
WALTER R. MILLIKEN, Chief.

TRANSFER OF CERTAIN HOSPITAL EMPLOYEES.

The following was received:

City of Boston,
Office of the Mayor, May 7, 1948.
To the City Council.

Gentlemen,—In response to your order adopted under date of April 26, I beg to enclose herewith report of the City Auditor, with reference to the same.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Auditing Department, May 7, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I have discussed with the Director of Civil Service the following order adopted by the City Council at its meeting on April 26, 1948:

"Ordered, That his Honor the Mayor be requested to contact Civil Service authorities and ascertain the possibility of permitting employees of the City Hospital to obtain transfers to other departments of the city."

Under the provisions of sections 16A of chapter 31 of the General Laws, "any person actually employed for at least one year in any position in the official or labor service may, after application in writing to the Director by the appointing authority and with the consent of the Director, be transferred to another similar position." It is clear from this language that an employee desiring a transfer from one department to another must have been actually employed for at least one year, and, further, that the position to which the transfer is being sought must be "similar" to that in which the employee is currently employed. If these two conditions are satisfied, the Director of Civil Service can give his consent to the transfer request.

Very truly yours,
CHARLES J. FOX,
City Auditor.

TWO SHIFTS OF ELECTION OFFICERS.

The following was received:

City of Boston,
Office of the Mayor, May 7, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Board of Election Commissioners, relative to your order of May 3, 1948, concerning the advisability of employing enough election officers so that the time of service in receiving and counting ballots at elections can be divided into two shifts.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Election Department, May 6, 1948.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir,—This is in reply to your communication of May 5, with attached City Council order, with reference to the possibility of employing two shifts of election officers.

Since the appointment of election officers is regulated by statute, the Board cannot appoint two shifts of officers as proposed. At the November Election two additional officers will be employed in each precinct from 6 p. m. until such time as the count is completed. The employment of these additional officers will make it possible to count the vote on two tables with proper representation of parties as required by law.

Effective at the State Primaries in September, the compensation of election officers is being increased to \$15 for wardens and clerks, and \$13 for inspectors. The Board anticipates that the higher pay will attract better qualified workers. It is also planned to interview all election officers before the appointments are made this year so that the inefficient may be eliminated.

The Board will be glad to consider applications for appointments from qualified persons. Applicants should be young and should have some knowledge of clerical work.

Very truly yours,

BOARD OF ELECTION COMMISSIONERS.

J. JOSEPH CONNORS, Chairman.

NAMING OF INTERSECTIONS FOR WAR VETERANS.

The following was received:

City of Boston,
Office of the Mayor, May 10, 1948.
To the City Council.

Gentlemen,—I submit herewith sixteen orders for the naming of various intersections in the city in honor of veterans of World War II who were killed in action.

The Committee to Memorialize Veterans, appointed by me in 1946, after due consideration, has recommended the naming of the various sites as set forth in the accompanying orders.

In view of the fact that each site is to be named in memory of a veteran who sacrificed his or her life on the altar of liberty, I recommend that your Honorable Body give approval to the accompanying orders.

Respectfully,

JAMES M. CURLEY, Mayor.

Ordered, That the space at the junction of Sun Court and Moon streets, Ward 3, be named Gus P. Napoli square, in honor of Gus P. Napoli, late veteran of World War II.

Ordered, That the space at the junction of Park Drive and Buswell street, Ward 21, be named Frederick C. Pickard square, in honor of Frederick C. Pickard, late veteran of World War II.

Ordered, That the space at the junction of Woodrow avenue and Blue Hill avenue, Ward 14, be named Robert A. Carpenter square, in honor of Robert A. Carpenter, late veteran of World War II.

Ordered, That the space at the junction of Dorchester avenue, Lonsdale street, and Welles avenue, Ward 16, be named Edward A. McGuire square, in honor of Edward A. McGuire, late veteran of World War II.

Ordered, That the space at the junction of Bellevue Hill road and La Grange street, Ward 20, be named Justin A. McCarthy square, in honor of Justin A. McCarthy, late veteran of World War II.

Ordered, That the space at the junction of Saratoga street and St. Edward road, Ward 1, be named John W. Lavezzo square, in honor of John W. Lavezzo, late veteran of World War II.

Ordered, That the space at the junction of Forest Hills street and Glen road, Ward 11, be named Arthur J. F. Creighton square, in honor of Arthur J. F. Creighton, late veteran of World War II.

Ordered, That the space at the junction of Southern avenue and Talbot avenue, Ward 17, be named George C. Pappas square, in honor of George C. Pappas, late veteran of World War II.

Ordered, That the space at the junction of Chestnut and Centre streets, Ward 10, be named Anthony J. Scordino square, in honor of Anthony J. Scordino, late veteran of World War II.

Ordered, That the space at the junction of Hampden and Albany streets, Ward 8, be named Gioacchino Izzo square, in honor of Gioacchino Izzo, late veteran of World War II.

Ordered, That the space at the junction of Carmen street, Ripley road, and Vassar street, Ward 14, be named Lawrence J. Riley square, in honor of Lawrence J. Riley, late veteran of World War II.

Ordered, That the space at the junction of Dearborn and Albany streets, Ward 8, be named William F. Bursaw square, in honor of William F. Bursaw, late veteran of World War II.

APPROPRIATION FOR FIRE STATION, HYDE PARK.

The following was received:

City of Boston,
Office of the Mayor, May 10, 1948.
To the City Council.

Gentlemen,—I am advised by the Fire Commissioner that the Fire Station housing Engine 48, on Winthrop street, Hyde Park, is badly in need of major repairs estimated to cost approximately fifty thousand dollars (\$50,000). These repairs include the replacing of the present wooden floor with one of reinforced concrete construction, thus

necessitating certain structural changes on the first floor. It is also proposed to install an approved gasoline pump and separator.

In order that the above essential reconstruction may be completed there is forwarded herewith an order appropriating the sum of fifty thousand dollars (\$50,000) from the special account, Sales of City Property.

I respectfully recommend to your Honorable Body consideration and adoption of this order herewith submitted.

Respectfully,

JAMES M. CURLEY, Mayor.

Ordered, That under the provision of section 63 of chapter 44 of the General Laws, the sum of fifty thousand dollars (\$50,000) be, and the same hereby is, appropriated from the special account, Sales of City Property, for remodeling and reconstructing the Fire Station housing Engine 48 on Winthrop street, Hyde Park.

ORDERS RE PAYMENT OF TAXES AND INTEREST.

The following was received:

City of Boston,
Office of the Mayor, May 3, 1948.
To the City Council.

Gentlemen,—In the appropriation and tax orders passed by your Honorable Body March 14, 1948, in the order relative to the due date and interest on taxes it is specified that all taxes are payable in two equal installments on July first and October first. Chapter 522 of the Acts of 1947, however, makes a distinction between real estate taxes and personal property taxes and provides that real estate taxes shall be due and payable on July first.

While it does not appear that this provision will have any material effect on the payment of real estate taxes the city has always been careful to follow the law strictly, especially in the proceedings relative to taxes and appropriations, and accordingly I recommend the immediate passage of the two accompanying orders to make certain that no technicality can be raised in the matter.

Respectfully,

JAMES M. CURLEY, Mayor.

Ordered, That the order relative to the payment of taxes and interest thereon, being the fourth order in the appropriation and tax orders for the financial year 1948, passed by the City Council March 15, 1948, and approved by the Mayor March 16, 1948, be, and hereby is, rescinded.

Ordered, That all taxes raised to meet the appropriations of the city, and all taxes assessed for meeting the city's proportion of the state tax for the year 1948, or for any other taxes or assessments payable to the Commonwealth, shall be due and payable in the case of real estate taxes on July first, 1948, and, in the case of personal property taxes, in two equal installments, on July first and on October first, 1948. Interest shall be charged at the rate of 4 per cent per annum and computed from October first, 1948, on all real estate and personal property taxes remaining unpaid after November 1, 1948, and assessed and payable in the year 1948, before said November 1, 1948, until such taxes are paid. All interest which shall have become due on taxes shall be added to and be part of such taxes.

Referred to the Executive Committee.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN COLWELL AVENUE, WARD 22, FROM PORTINA ROAD 300 FEET SOUTHEASTERLY; RENA STREET, WARD 22, FROM NORTH HARVARD STREET 375 FEET NORTHEASTERLY; AND SHANLEY STREET, WARD 22, FROM WASHINGTON STREET 270 FEET SOUTHWESTERLY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Colwell avenue, Ward 22, from Portina road 300 feet southeasterly; Rena street, Ward 22, from North Harvard street 375 feet northeasterly; and Shanley street, Ward 22, from Washington street 270 feet southwesterly. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement in Colwell Avenue, Ward 22, from Portina Road 300 Feet Southeasterly; Rena Street, Ward 22, from North Harvard Street 375 Feet Northeasterly; and Shanley Street, Ward 22, from Washington Street 270 Feet Southwesterly," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of THURSDAY, JUNE 3, 1948, with a certified check for ONE THOUSAND (1,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY.

(May 22.) Commissioner of Public Works.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

Voted, The Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective beginning May 24, 1948:

Article I, Section 1 (Definitions), is amended by adding the following:

(z) "Person"—The word "person" shall mean and include any individual, firm, co-partnership, association or corporation.

(aa) "Parking Meter"—The words "Parking Meter" shall mean a mechanical device, not inconsistent with the provisions of these regulations, and placed or erected on any public way for the regulation and control of traffic.

(bb) "Parking Meter Zone"—The words "Parking Meter Zone" shall mean and include any street or portion thereof upon which parking meters are installed and in operation.

(cc) "Parking Meter Space"—The words "Parking Meter Space" shall mean any space within a parking meter zone, adjacent to a parking meter, which is designated to regulate the parking of a single vehicle by lines painted on the surface of the street adjacent to or adjoining each parking meter.

Section 5 (Obedience to Traffic Signs and Signals) is amended so as to read as follows:

No operator of any vehicle or of any street car shall disobey the instructions of any official traffic control signal, parking meter, sign, marking, marker or legend, unless otherwise directed by a police officer.

Section 6 (Traffic Signs), Part 1, is amended so as to read as follows:

(1) Sections 7A, 8, 8A, 8B, 9, 9A, 13, 14A, 15, 16, 17, 18, 19A, 19B, 20, 20A, 20B, 21 and 22 relating to parking and sections 35, 35A and 36 concerning turning, shall be effective only during such time as official signs are erected and maintained in each block designating the provisions of such sections.

Article IV is amended by adding the following new sections:

SECTION 8A. PARKING METERS—GENERAL REGULATIONS.

(1) It shall be unlawful for any person to stop, stand or park a vehicle within a parking meter space unless such vehicle is wholly within the painted lines adjacent to such meter.

(2) The owner or operator of any vehicle upon entering a parking meter space during the hours when the parking meter zone is effective as hereinafter provided, shall immediately deposit in said meter the required fee in coin or coins of the United States in the manner and amount as indicated or shown on said meter, and, if so required, set the mechanism in motion.

(3) No owner or operator of a commercial vehicle shall be in violation of section 8A, sub-section 2, of these regulations who shall, without depositing the required fee, stop, stand or park such vehicle in a parking meter space for not more than one hour continuously for the purpose of and while actually engaged in loading or unloading of materials.

(4) It shall be unlawful for any person to deposit or cause to be deposited in a parking meter any coin for the purpose of permitting a vehicle to remain in a parking meter space beyond the maximum period of time allowed in the particular zone.

(5) It shall be unlawful for any unauthorized person to tamper with, break, injure or destroy any parking meter or to deposit or cause to be deposited in such meter any slugs, device, metallic substance, or any other substitute for the coins required.

SECTION 8B. RESTRICTIONS IN PARKING METER ZONES.

(1) (a) No person shall park a vehicle for a period of time longer than two (2) hours continuously on any day, except Sundays and legal holidays, in any of the streets hereinafter designated in this section as parking meter zones, on the days and during the hours when such zones are effective.

(b) The fee to be deposited in the parking meter adjacent to a parking meter space shall be one (1) nickel for one hour or fraction thereof, and two (2) nickels for more than one hour but not more than two hours.

(c) Parking meter zones are hereby made effective under these regulations in the following streets or parts of streets on all days except Sundays and legal holidays during the hours hereinafter indicated:

HIGHWAY AID.

The Federal Works Agency has apportioned to the states the \$500,000,000 made available for this year under the Federal Highway Aid Act of 1944. This appropriation recognizes that the major traffic problems are in and adjacent to urban centers and is therefore to be spent in large part (\$125,000,000) for removing traffic bottlenecks and connecting principal cities with express highways. A total of \$100,000,000 is being made immediately available for planning, surveying, engineering, acquiring rights-of-way, and for construction.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN ASHMONT PARK, WARD 16, FROM ASHMONT STREET 225 FEET NORTHWESTERLY; COLEUS PARK, WARD 14, FROM LAWRENCE AVENUE TO INTERVALE STREET; OLEANDER STREET, WARD 13, FROM ALEXANDER STREET TO MAGNOLIA STREET; AND WEYANOKE STREET, WARD 16, FROM CARRUTH STREET TO WESSEX STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Ashmont park, Ward 16, from Ashmont street 225 feet northwesterly; Coleus park, Ward 14, from Lawrence avenue to Intervale street; Oleander street, Ward 13, from Alexander street to Magnolia street; and Weyanoke street, Ward 16, from Carruth street to Wessex street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement in Ashmont Park, Ward 16, from Ashmont Street 225 Feet Northwestly; Coleus Park, Ward 14, from Lawrence Avenue to Intervale Street; Oleander Street, Ward 13, from Alexander Street to Magnolia Street; and Weyanoke Street, Ward 16, from Carruth Street to Wessex Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of FRIDAY, JUNE 4, 1948, with a certified check for TWELVE HUNDRED (1,200) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(May 22.) Commissioner of Public Works.

MAYOR CURLEY BATTLING TO HAVE SHELTER RENT PAYMENTS RESTORED TO HOUSING PROGRAMS UNDER WAY IN CITY—SECURES AID OF SENATOR SALTONSTALL IN EFFORT TO ACHIEVE LOW RENTS THROUGH SUBSIDIES, FOR PURPOSE OF GAINING BETTER SHARE IN INCREASED REVENUES, SINCE SUBSIDIES ARE REQUIRED FROM BOTH FEDERAL AND LOCAL GOVERNMENTS—WANTS ACTION OF EIGHTIETH CONGRESS IN NULLIFYING FORMER SUCCESSFUL ADJUSTMENTS REMOVED AND OLD BASIS RESTORED—SENATOR WIRES BEGINNING OF IMMEDIATE ACTION ALONG LINES SUGGESTED BY MAYOR—SUCCESSFUL ACTION ANTICIPATED.

His Honor the Mayor on May 21 received the following telegram from Miner B. Phillipps, Municipal Finances Officers Association:

ARCHBISHOP RICHARD J. CUSHING THANKED BY MAYOR CURLEY FOR AID GIVEN BOSTON'S LOW-COST HOUSING EFFORTS IN ADDRESS BEFORE CATHOLIC ORDER OF FORESTERS CONVENTION—EXPLAINS EFFORTS TO SECURE COOPERATION OF STATE HOUSING AUTHORITY AND SUCCESS.

His Honor the Mayor, on May 24, sent the following letter to the Archbishop of Boston, Richard J. Cushing:

YOUR EXCELLENCY,—You will be pleased to learn that I have this day waited upon the State Board of Housing with reference to providing the necessary money to proceed with the housing program upon which the Boston Housing Authority is embarked, and which includes housing accommodations for some 400 families of the South End, in the vicinity of the Holy Cross Cathedral, and some 900 families in Broadway, South Boston, and several other points which will represent a total accommodation for 2,500 families.

I was informed by Mr. Albert S. Bigelow, Chairman of the State Housing Authority, that the state money has not been available, as yet, for the organization of his office, and is still before the Committee on Ways and Means, and that no action could be taken with reference to expediting the construction of housing in Boston until such time as they have sufficient funds to organize their State Housing office and examine the plans. It was suggested by the State Housing Commission that it would be advisable for the City of Boston to complete negotiations with the Federal government for the purchase of the land in the South End and South Boston, in order that speedy action might be possible for the city when state funds are made available for the organization of his department.

HOUSE OF REPRESENTATIVES CONTINUED PRESENT RESTRICTIONS HOUSING IN LIEU PAYMENTS. SENATE COMMITTEE CONSIDERS PROBLEM MAY 24. REQUEST MAYOR WIRE OR AIR MAIL SENATOR SALTONSTALL IMMEDIATELY REQUESTING 10 PER CENT SHELTER RENT PAYMENTS. REFER MY LETTER APRIL 20.

MINER B. PHILLIPPS,
Municipal Finances Officers Association.

His Honor the Mayor sent the following telegram to Senator Leverett Saltonstall, Senate Office Building, Washington, D. C.:

WE HAVE IN BOSTON THREE PUBLIC LOW-RENT HOUSING PROJECTS CONTAINING 2,478 DWELLING UNITS. THESE HOUSING DEVELOPMENTS WERE CONSTRUCTED UNDER PUBLIC LAW 412. IN ORDER TO ACHIEVE LOW RENTS, SUBSIDIES ARE REQUIRED FROM BOTH THE FEDERAL GOVERNMENT AND THE LOCAL GOVERNMENTS. OUR ANNUAL LOCAL CONTRIBUTION HAS BEEN IN THE FORM OF COMPLETE TAX EXEMPTION. PUBLIC LAW 412 REQUIRES THAT SUCH LOCAL CONTRIBUTION BE EQUAL TO 20 PER CENT OF THE FEDERAL CONTRIBUTION. BUT THE LOCAL CONTRIBUTION HAS FAR EXCEEDED THIS REQUIREMENT. UP TO LAST YEAR, THE PUBLIC HOUSING ADMINISTRATION PERMITTED PAYMENTS IN LIEU OF TAXES UP TO 10 PER CENT OF SHELTER RENTS. THE PURPOSE OF THIS POLICY WAS TO EQUALIZE THE SUBSIDY BURDEN AND PERMIT CITIES TO SHARE IN THE INCREASED REVENUE BEING RECEIVED.

BUT THIS POLICY WAS COMPLETELY NULLIFIED BY THE ACTION OF THE EIGHTIETH CONGRESS IN ATTACHING A CLAUSE TO THE APPROPRIATIONS FOR PUBLIC HOUSING LIMITING PAYMENTS IN LIEU OF TAXES THAT COULD BE MADE ON FEDERALLY AIDED, LOCALLY OWNED, LOW-RENT HOUSING PROJECTS. THIS HAS LED TO AN INEQUITABLE DISTRIBUTION OF THE HOUSING SUBSIDY BETWEEN THE FEDERAL GOVERNMENT AND THE LOCAL GOVERNMENTS. UNDER THE 10 PER CENT POLICY WE RECEIVED \$79,194.68, AND OUR LOCAL CONTRIBUTION WAS EQUAL TO \$311,051.45, WHICH AMOUNTS TO 1,466 PER CENT OF THE FEDERAL SUBSIDY. UNDER THE PRESENT CONGRESSIONAL LIMITATION WE RECEIVE ONLY \$37,617.47, AND OUR LOCAL CONTRIBUTION IS EQUAL TO 1,675 PER CENT, OR NEARLY 16½ TIMES THAT REQUIRED BY PUBLIC LAW 412.

I AM ADVISED THAT THE SENATE COMMITTEE ON APPROPRIATIONS WILL CONSIDER THE APPROPRIATIONS FOR THE PUBLIC HOUSING ADMINISTRATION BEGINNING NEXT MONDAY. FEELING THAT THE HOUSING SUBSIDY SHOULD BE MORE FAIRLY DISTRIBUTED BETWEEN THE FEDERAL GOVERNMENT AND THE LOCAL GOVERNMENT, I REQUEST THAT YOU ADVOCATE THE RESTORATION OF THE POLICY WHICH PREVAILED

BOSTON'S PER CAPITA TRAFFIC DEATH RATE LOWEST OF ALL LARGE CITIES IN COUNTRY.

In a statement issued on May 25, Traffic Commissioner Leo F. Curley announced that Boston's per capita traffic death rate is the lowest of all the large cities of the United States. The rates for all over the country were released by the National Safety Council. Boston did not have a fatal accident during the month of April.

The Commissioner pointed out that, during the first four months of 1948, nine less were killed in Boston than during the same period a year ago when twenty were killed. But he issued a plea for more cooperation from parents of preschool-age children. "Four of the eleven killed during the first four months were children," he said, "who are not yet enrolled in our schools, where safety is taught." "There is no doubt," the Commissioner said, "that the effectiveness of our city's traffic safety program is largely measured by the death rate. This rate can be lowered still further if we receive the cooperation of parents."

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

ANOTHER OF BOSTON'S TRAFFIC BOTTLENECKS REMOVED—COMMISSIONER LEO F. CURLEY ANNOUNCES ROADWAY WIDENING OF MACALLEN STREET AT DORCHESTER AVENUE FOR BENEFIT AND SAFETY OF AUTOISTS—WILL ALSO SPEED TRAFFIC IN RUSH HOUR PERIODS—ANOTHER HAZARD ON COMMERCIAL STREET ALSO REMOVED.

Traffic Commissioner Leo F. Curley has announced that, with the completion of the roadway widening of Macallen street at Dorchester avenue, another of Boston's bottlenecks has been removed. The roadway has been widened by the demolition of a substandard building located at the corner and a cutting back of the curb for the entire width of the land occupied by the building.

Because of this work, an additional lane has been given to vehicles making a right turn from Macallen street into Dorchester avenue.

The Commissioner explained that before the widening, during the peak hours of 4 p. m. to 6 p. m., each day approximately 2,200 vehicles made the right turn. Only one lane was available for this volume. When the new lane is opened it will carry approximately 1,100 vehicles per hour between 4 p. m. and 6 p. m. The new land will cut in half the time previously required to pass through the intersection, with a continuous right arrow signal light in operation.

The project is one of 19 recommendations submitted by the Boston Traffic Commission to his Honor the Mayor. Several of these have been completed. Unfinished projects are of a long-range nature.

The project is the first part of a recommendation that will eventually see Dorchester avenue inbound, from West Seventh street to Broadway, also widened.

During the period of roadway widening on Macallen street, Dorchester avenue

has been a two-way street from West First street to Broadway. With the re-opening of Macallen street, this portion of Dorchester avenue will again be one way inbound.

Traffic Commissioner Curley also has announced that a project initiated by the Boston Traffic Commission, namely, the removal of the last two elevated structure columns from the roadway portion of Commercial street, has been completed. These columns, located at Copp's Hill terrace, were a serious hazard and obstructed traffic movement.

Two new columns were placed on the sidewalk of Commercial street to take the place of those removed from the center of the roadway. M. T. A. officials, under whose direction the work has been performed, said that the shortage of steel used in the new columns delayed the work until this time. The Atlantic Avenue structure was removed just prior to the Pearl Harbor attack. Resurfacing of the excavated area will be finished in a day or two, but the roadway is still open for use.

MAYOR URGES CITY EMPLOYEES TO JOIN IN SECURITY BOND SALES CAMPAIGN NOW UNDER WAY.

To All Department Heads.

The Treasury Department is now sponsoring a Security Bond campaign which goes through June 30, 1948. The object is to increase the sale of U. S. Savings Bonds.

These bonds are excellent security and their public sale at this time is fully as important as it was during the war period.

It is far better that these bonds, carrying an annual interest, be held by the people rather than by financial institutions. Their ownership, spread among the individuals of the nation, will do more than any other single factor to control prices.

There are two ways, I am told, to participate in this campaign. The worker can purchase bonds through the payroll deduction plan or by the "Bond-a-Month" plan in the banks. The advantage of either of these plans is clearly established, and it is hoped that those that can will avail themselves of the opportunity of investing in U. S. Savings Bonds.

JAMES M. CURLEY,
Mayor of Boston.

RESULTS OF SCHOOL COMMITTEE CONFERENCE IN MAYOR'S OFFICE.

The following are the minutes of the meeting of the Mayor and School Committee on May 25:

Re: The use of Harvard Stadium for the Latin-English football game in the fall. The matter will be taken up by the Harvard Fellows at their annual meeting on the first of September.

Re: Council Order of May 3, 1948, by Councilor Shanley, that the George Robert White Fund be requested to build a play area for small children on city-owned land on Union street, at the corner of Lyne road, Ward 21. The matter was brought to the attention of the White Fund and the committee has ruled that moneys cannot be used for playground purposes.

Lawrence School, B and Third streets, South Boston—property to be sold for \$200—so ordered.

Property on Glen road, near school—to be sold for \$100.

Moved and seconded that the land on Everett street, Dorchester, be readvertised at an upset price of \$2,000.

MAYOR CURLEY THANKS ARCH-BISHOP CUSHING FOR HOUSING AID.

(Continued from page 517.)

I called at the Governor's office, and left a memorandum with one of his secretaries to notify the Governor of the situation, and urged that he arrange an early conference with the Committee on Ways and Means at the State House to speed up this essential work. It is pleasing to report definite progress as an order is at present pending before the Boston City Council for \$10,000,000 for housing, from which it would be possible to take the necessary money to pay for the land in South Boston and the South End.

When these details are completed, which ought not to be in excess of two weeks, it should be possible to advertize for the construction of the properties and begin work by August of this year.

The impetus given by you in your address before the Massachusetts Catholic Order of Foresters convention is already producing results.

With every good and sincere wish, and congratulating you on your vibrant message, I am,

Respectfully,

JAMES M. CURLEY,
Mayor of Boston.

MAYOR SETTLES MATTER OF NAMING SQUARE AFTER WAR HERO.

His Honor the Mayor received the following communication from James J. Barrett, Commander, James F. Mahoney Roxbury Post No. 457:

YOUR HONOR THE MAYOR,—In regards to the naming of the square between the Scardina and the Mutacia family, I believe Past Commander Laszaro has taken too much for granted. Yes, the Post did approve of naming the square in honor of Lieut. Anthony J. Scardina, provided you, your Honor, and the City Council had approved of it. As Commander of the James F. Mahoney Roxbury Post, I want you to know that I will abide by your ruling and your Council's, without any controversy whatsoever, and if there are to be controversies, please discount any statements of any member as contrary to the wishes of the present commander.

Your Honor, you have always been a great and true friend of the veteran, looking out for their welfare and providing them with work. We appreciate your help and guidance, your Honor, and we hope you will carry on with the same zeal and interest in behalf of the veteran. Thank you.

JAMES J. BARRETT, *Commander.*

CIRCULAR LETTER.

CITY OF BOSTON,
MAYOR'S OFFICE, May 20, 1948.

To All Department Heads.

GENTLEMEN,—You are hereby directed to grant leave of absence without loss of pay to employees of your department who are elected delegates to the 68th Annual Convention of the Massachusetts Catholic Order of Foresters to be held at the New Ocean House, Swampscott, on Monday, May 24, and Tuesday, May 25.

Respectfully,

JAMES M. CURLEY, *Mayor.*

MAYOR CURLEY MOVES TO
HAVE SHELTER RENT PAY-
MENTS RESTORED TO HOUS-
ING PROGRAMS.

(Continued from page 517.)

UP TO LAST YEAR, NAMELY, PAYMENT BY THE PUBLIC HOUSING ADMINISTRATION OF A SUBSIDY EQUIVALENT TO 10 PER CENT OF SHELTER RENTS.

JAMES M. CURLEY,
Mayor of Boston.

The following telegram was received from Senator Leverett Saltonstall by his Honor the Mayor:

BRINGING MATTER TO THE ATTENTION OF THE SENATE APPROPRIATIONS COMMITTEE AT ONCE.

LEVERETT SALTONSTALL.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

FIRE DEPARTMENT.

District Chief Daniel J. Hurley, 15 Barna road, Dorchester, has been retired at \$2,420 a year.

Approval has been given for the following amendment to the 1948 Fire Department budget under Item A-1, Permanent Employees:

One assistant engineer of motor apparatus at \$3,700 a year should be changed to read two assistant engineers of motor apparatus at \$3,700 a year.

This addition is necessary in order to allow for the promotion of Engineers in Charge David I. Driscoll and James E. Plunkett who are now assigned to the Motor Squad of the department. Because of the great number of new and various types of pieces of motor fire apparatus delivered to the department the services of two assistant engineers of motor apparatus will be required in order to train all members of the Fire Fighting Force in the proper and efficient operation of said equipment.

HOSPITAL DEPARTMENT.

Permission has been granted for the employment of two ambulance drivers at \$45.68 a week, for a period of three months, to be used as Vacation Supplies.

Permission has been given for the employment of the following hospital laundry workers for a period of four months, to be used as Vacation Supplies:

Nine female hospital laundry workers at \$24 a week; three male hospital laundry workers at \$25 a week.

Permission has been given for the permanent appointment of one clerk-typist at \$1,400 a year, to be used in our plaster room.

General Division.

For the week ending May 4:

The following provisional employees have been appointed:

William Cassidy, 612 Massachusetts avenue, William Stearns, 5 Upham avenue, Josephine Shepard, 11 East Newton street, hospital house workers, \$25 a week; Katherine Wallace, 12 Malbon place, hospital medical worker, \$24 a week; Cornelius Daley, 33 Harvard street, Agnes V. Driscoll, 64 Middle street, hospital kitchen workers, \$25 a week; Phillip Velanski, 29 Cunningham street, elevator operator, \$26.68 a week; Emily Sullivan, hospital medical worker at \$13.84 a week to hospital medical worker at \$24 a week.

South Department.

Kazimer Zukowski, hospital house worker, replacing Cornelius Murphy, now Vacation Supply.

The following weekly nurses have been appointed:

Permanent.—Shirley Davies, 8 Holman street, floor nurse, \$2,200 a year; Gladys Gallupe, Armentry Hullum, floor nurses at \$2,200 a year to floor nurses at \$1 an hour.

CONTRACTS AWARDED.

Permission to award contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SUPPLY DEPARTMENT.

Upon March 18 the Mayor approved a contract with bidders, as indicated, for furnishing drugs to the various city departments. Bids were opened on January 27.

Regarding Item 291, calling for 12,000 cans of ether in half-pound cans, there were two bidders—Mallinckrodt Chemical Works who quoted a price of 44½ cents per can and E. R. Squibb & Sons who quoted a price of 48 cents per can, in half-pound cans. On the date following the opening of bids, the Mallinckrodt Chemical Works announced that the price on this item had advanced to 48 cents per half-pound can, but the city was able to secure from this company 3,200 cans at the original price quoted, namely, 44½ cents per half-pound can. In view of this explanation permission was granted to award this item, without further advertisement, as follows:

To E. R. Squibb & Sons, 6,000 half-pound cans of ether at 48 cents per can.

To Mallinckrodt Chemical Works, 3,200 half-pound cans at 44½ cents per can and 2,800 cans at 48 cents per can.

Upon varying dates as indicated the Mayor approved contracts with contractors, supply houses, etc., for furnishing labor, supplies, etc. Communications from the heads of the several departments interested were as follows:

INSTITUTIONS DEPARTMENT.

BOSTON, May 12, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your permission is respectfully requested to permit the Institutions Department to award a contract in an amount not exceeding \$3,600 to the Boston Marine Works, Inc., 37 Sumner street, East Boston, for the repair of the motor vessel "James Michael Curley," without the formality of public bidding.

On April 21, 1948, the motor vessel "James Michael Curley," while on the 8 a. m. trip, developed trouble with the shaft, causing considerable rumbling and labor with its propeller. It was discovered that the shaft coupling had become worn on one side and was throwing the shaft out of line. To continue operating the vessel would cause severe damage to engine bearings which would then necessitate major repairs. As the steamship "Stephen O'Meara" is now undergoing repairs in the shipyard and not operating, the entire service was being maintained solely by the "Curley." I deemed an emergency was occurring as we were without vessels to maintain service to the Long Island Hospital.

It was found that the Boston Marine Works, Incorporated, had the facilities available for repairing the vessel, had the men and equipment, and could start work on the same day.

While the work is proceeding on the shaft and coupling, the opportunity is had to complete other work that is necessary but no time could be spared to have it done in the past. The scaling and painting of the hull and superstructure, the removal, reinforcing and installing of a spring line bid, and the building on the starboard side of a recessed hawse pipe for the anchor, with steel plates to protect hooking into the guard, is proposed.

The Boston Marine Works, Incorporated, has performed work on the vessel in the past, and its prices and work have always been found satisfactory. Their estimate for this work has been carefully checked by the captain, chief engineer, and me, and are deemed fair and reasonable.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, May 13, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Recently the City Clerk purchased a new photostatic machine and washing apparatus and upon investigating the conditions in order to make waste and water connections, it was found that it would be necessary to make major changes in the drainage system. Mr. Otis Rogers, Chief Engineer, called in Mr. McAlaney, the Plumbing Inspector, and they found that it would be necessary to make the following changes, starting at 6-inch drain across ceiling of basement.

The present 2-inch horizontal waste must be increased to 3-inch cast-iron and carried up to the first floor, reduced to 2-inch vertical cast-iron to third floor, making connections to photostatic machines, four rinse sinks, two lavatories, vents, etc. Extend 2-inch vent from point at third floor down to second floor fixtures. Make all hot and cold water connections to main supply lines with necessary valves, traps, check valves, mixing valves, etc. Do all cutting, patching and painting in connection with above work.

In view of above conditions and the urgency of the installation of the photostatic machine for the City Clerk, I have invited the P. J. Riley Company, Joseph P. O'Hearn & Co., and L. H. Jacobs Company to submit estimates on the above work with the following results:

P. J. Riley Company, \$2,235; Joseph P. O'Hearn & Co., \$2,165; L. H. Jacobs Company, \$1,800.

Your permission is respectfully requested to award this to L. H. Jacobs Company, without the usual form of advertising.

Respectfully yours,

JAMES E. SULLIVAN,
Superintendent of Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, May 12, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I respectfully request your authority to issue service orders to the following-named contractors

for cleaning streets in designated areas, the cost of the work in each case not to exceed \$2,000;

John J. McCarthy, 21 Lochstead avenue, Jamaica Plain.

William Pohzel, 52 Winthrop street, Roxbury.

Chick's Trucking Company, 19 Woodville street, Roxbury.

Timothy A. Hurley, 51 Austin street, Hyde Park.

A. Vozzella, 536 Hyde Park avenue, Roslindale.

Charles Addomi, 881 Harrison avenue, Boston.

M. & C. Construction Company, 95 Russett road, West Roxbury.

Green & Co., 131 Anawan avenue, West Roxbury.

The terms and conditions under which this supplementary work will be done by these contractors will be those mentioned in my letter to your Honor under date of April 13, 1948.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, May 13, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—To comply with the requirements of the Steamboat Inspection Service of the U. S. Coast Guard, this department advertised for proposals for certain work to be done on the ferryboat "Charles C. Donoghue." The specifications called for repairing the hull, etc., of this boat, and for general machinery repairs and other work.

Only one proposal was received on April 20, 1948—that of the Bethlehem Steel Company, which agreed to do the work for \$56,003.75. I considered this proposal too high and, accordingly, rejected the bid. The department readvertised for bids and, in addition, so as to obtain competition, invited eleven shipbuilding and repair concerns to submit proposals on the date of the public opening on May 10, 1948. In spite of all of our efforts, only one proposal was received on that date, when the Bethlehem Steel Company agreed to do the work for \$53,203.75. This price, in my opinion, is also too high, and I have rejected the offer.

I feel, under these circumstances, that it will be much more economical for the city if the work that is necessary is divided into two contracts; one for cleaning and painting the outside of the hull, and the second of the machinery and other repairs, and for cleaning and painting parts of the boat not included in the first contract. With that in mind, conferences have been held with officials of the Bethlehem Steel Company towards negotiating a contract for cleaning and painting the outside of the hull, since this is the only concern in Boston Harbor or its vicinity having facilities for taking vessels out of the water. In my opinion, doing the work in this manner will result in the total cost to the city being considerably less than what it would be if all of the work required by the Steamboat Inspection Service were awarded in one contract in accordance with the bids which were received.

It is absolutely essential that this part of the work be done immediately and our negotiations have resulted in an offer of \$11,898.75. I am convinced, in view of these facts, that nothing would be gained by further advertising for proposals. As the best interests of the city will be served by having the work done in the

manner outlined, I respectfully request your authority to dispense with further advertising and to award a contract to the Bethlehem Steel Company, 256 Marginal street, East Boston, for cleaning and painting the outside of the hull of the ferryboat "Charles C. Donoghue," at an estimated cost of \$11,898.75, based upon unit prices which have been agreed upon for the several items of the proposed contract.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, May 11, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award an order to Mueller Company, 1322 Empire State Building, New York, for furnishing couplings to the Water Division of the Public Works Department.

Quotations were solicited among the various dealers and the following prices were received:

Mueller Company, \$1,074.50; Hays Manufacturing Company, \$1,164.50; Farnan Brass Works Company, \$1,300.

As the Water Division is in immediate need for the above equipment and owing to the fact that the Mueller Company are the manufacturers of these couplings, it is requested that the order be awarded to the Mueller Company. Total amount of award is \$1,074.50.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

SUFFOLK COUNTY.

SHERIFF'S OFFICE.

BOSTON, May 10, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—It is necessary to replace the motor vehicle used at the Suffolk County Jail. The Bennington Motor Sales, Inc., of East Boston, has submitted a proposal to take in trade the 1946 Ford sedan, allowing \$850 for it on the list price (\$2,379) of a fully-equipped Mercury sedan. This would mean a cash expenditure of \$1,529 for which there is sufficient money allocated in the Jail budget.

Because of the present state of the automobile market it has been very difficult to interest any dealers in supplying the Jail with a new vehicle. Therefore I feel that it would serve no purpose to attempt to get bids for such a purchase. Consequently I respectfully request that I be allowed to purchase this vehicle without advertising.

Sincerely,

FREDERICK R. SULLIVAN, *Sheriff.*

EXTENSION OF CONTRACTS.

BOSTON HOUSING AUTHORITY.

Construction Units, Inc., have been granted an extension of time for the general construction of veterans' housing at Sawyer avenue, Dorchester, and Tileston street, Mattapan. This extension of time is necessitated due to causes beyond our control, as outlined in letter dated April 14, 1948.

The City of Boston has determined that: (1) the delay is due to unforeseen causes beyond our control and without

our fault or negligence; and (2) notice of the cause of the delay was given within the time and in the manner prescribed by the contract; now, therefore, subject to conditions hereinafter set forth an equitable adjustment of the contract time is established as follows: the contract time for completion is extended to June 3, 1948.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.

2. The rights of this Authority are in no way prejudiced by this order.

3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

BOSTON HOUSING AUTHORITY, 10 Post Office Square, Boston, Mass.

Re: 11-House Contract, Sawyer Avenue, Dorchester, Tileston Street, Mattapan.

Attention of Mr. L. C. Chase.

GENTLEMEN,—We respectfully request an extension of time on the above contract from April 3, 1948, to June 3, 1948. This delay has been caused by the terrible weather conditions which prevented us from operating the job full time.

Very truly yours,

CONSTRUCTION UNITS, INC.,

BOSTON HOUSING AUTHORITY, 10 Post Office Square, Boston, Mass.

Re: Veterans' Housing, Captain John's Hill.

GENTLEMEN,—We request that the completion date for the above project be extended to June 8, 1948.

The unusually severe winter, the delay in receiving plumbing and heating

material, slow delivery of doors, etc., all of which were beyond our control have naturally slowed down the work.

Yours truly,

MATTHEW CUMMINGS COMPANY,

CHIEF OF CONSTRUCTION, Boston Housing Authority, 10 Post Office Square, Boston, Mass.

Re: Veterans' Housing Development, Everdean Street, Dorchester.

GENTLEMEN,—We hereby submit, for your approval, this request for an additional extension of time, on the above project.

Due to the severe winter, just past, we were unable to do any of our outside ground work; therefore, to complete this work to your satisfaction, we will need until May 1, 1948.

Trusting this will meet with your approval, we remain,

Very truly yours,

S. VOLPE & Co.

Construction Units, Inc., have been granted an extension of time for the general construction of twenty houses at River street, Mattapan. This extension of time is necessitated due to causes beyond our control, as stated in letter dated April 6, 1948.

The City of Boston has determined that: (1) the delay is due to unforeseen causes beyond our control and without our fault or negligence; and (2) notice of the cause of the delay was given within the time and in the manner prescribed by the contract; now, therefore, subject to conditions hereinafter set forth an equitable adjustment of the contract time is established as follows: the contract time for completion is extended to May 15, 1948.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.

Re: 20-House Contract, River Street,
Mattapan.
Attention of Mr. L. C. Chase.

GENTLEMEN,—We would like an extension of time on the above contract from April 1, 1948, until May 15, 1948. This delay is caused by our inability to complete the grading and exterior painting on some of the houses on account of the weather, also your delay in accepting our price of December 19, 1947, for regrading and rebuilding on walks and steps on Lots 16, 17 and 18.

Very truly yours,

AMENDMENTS TO CONTRACTS.

INSTITUTIONS DEPARTMENT.

John H. Pray & Sons Company have been allowed to amend the contract for complete asphalt tiling of the first and second floors of the so-called Children's Building, Long Island Hospital, Boston Harbor, as follows:

Additional Work.—To furnish and install $\frac{3}{8}$ -inch B group asphalt tile in kitchen of nurses' home, including removing of present linoleum and feathering floor to curb where stairway was removed; and to furnish and install $\frac{3}{8}$ -inch asphalt tile, for patching in corridor of nurses' home, \$79. The area covered by this amendment was not anticipated at the time the original contract was made. Original contract, \$3,212; additional work, \$79; total contract to date, \$3,291, and substituting as the date of completion of the work, "June 1, 1948," in place of "April 9, 1948." Delay is due to fact that the department was unable to carry on the hospital activities and allow this work to be completed within the time originally agreed.

The J. A. Singarella Company has been allowed to amend the contract for alterations in patients' dining room, Long Island Hospital, Boston Harbor, as follows: By substituting as the date of completion of the work "July 1, 1948," in place of "June 1, 1948." Delay is due to fact that it is impossible to obtain the glaze brick tile required.

CLAIMS DISAPPROVED.

The following 74 claims have been disapproved by the Law Department:

Fire Department, nineteen claims; Health Department, two claims; Licensing Department, three claims; Park Department, three claims; Police Department, nine claims; Hospital Department, two claims; Public Works Department, thirty-one claims; School Buildings Department, one claim; Suffolk County, one claim; Traffic Department, one claim; Transit Department, one claim; Weights and Measures Department, one claim.

Severally referred to Committee on Confirmations.

FLAGPOLE, LESTER J. ROTCH PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, May 11, 1948.

To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department, relative to your order of May 3, 1948, concerning the erecting of a flagpole on the Lester J. Rotch Playground, Albany and Randolph streets, South End.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 10, 1948.

Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of May 5 with enclosure, Council order, requesting the Park Commissioner to erect a flagpole on the Lester J. Rotch Playground, Albany and Randolph streets, South End, and I desire to report as follows:

At the present time there is no flagpole on this playground, but I plan to have one erected there within a short time. I have received a bid of \$597 to furnish and erect a 60-foot high pole, and the order will be issued very soon to have the work done.

Very truly yours,
JOHN J. MURPHY, Chairman.

Placed on file.

TRASH CANS FOR SOUTH BOSTON BEACHES.

The following was received:

City of Boston,
Office of the Mayor, May 17, 1948.

To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department, relative to your order of May 3, 1948, concerning the placing of trash cans with appropriate signs along the South Boston beaches.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 14, 1948.

Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir,—In answer to your memorandum, with enclosure, City Council order of May 3, 1948, requesting the Park Commissioner to place trash cans with appropriate signs along the South Boston beaches, please be advised that arrangements have been made to comply with this order.

Very truly yours,
JOHN J. MURPHY, Chairman.

Placed on file.

RESCISSION OF TWO LOAN ORDERS AND NEW LOAN ORDER FOR VETERANS' HOUSING.

The following was received:

City of Boston,
Office of the Mayor, May 17, 1948.

To the City Council.

Gentlemen,—I recommend the passage of the enclosed order rescinding prior orders of your Body approved by the Temporary Mayor on August 6 and August 20, 1947. Those orders, which purport to appropriate the total sum of \$10,000,000 for the construction of veterans' housing, have been objected to by bond counsel in that they do not specifically refer to section 6 of chapter 372 of the Acts of 1946, as amended by section 1 of chapter 479 of the Acts of 1947, and therefore leave in doubt the question whether the sums appropriated are to be devoted to permanent or temporary veterans' housing. In place of the orders just referred to, I recommend the passage

of a second enclosed order appropriating the sum of \$10,000,000 for the purpose of constructing permanent veterans' housing.

Very truly yours,
JAMES M. CURLEY, Mayor.

Ordered, That the order of this Body approved by the Temporary Mayor on August 6, 1947, appropriating the sum of \$8,000,000 for veterans' housing, and the order of this Body approved by the Temporary Mayor on August 20, 1947, appropriating the sum of \$2,000,000 for veterans' housing, be, and the same hereby are, rescinded.

Ordered, That under the provisions of section 10 of chapter 372 of the Acts of 1946, as amended by section 6 of chapter 479 of the Acts of 1947, the sum of \$10,000,000 be, and the same hereby is, appropriated to meet expenses necessary in providing housing for veterans of World War II, pursuant to section 6 of chapter 372 of the Acts of 1946, as amended by section 1 of chapter 479 of the Acts of 1947, and that the city treasurer be, and hereby is, authorized to issue from time to time, upon request of the Mayor, bonds, notes, or certificates of indebtedness of the City of Boston to said amount.

Referred to the Committee on Finance.

SUPPLEMENTARY BUDGET RECOMMENDATIONS.

The following was received:

City of Boston,

Office of the Mayor, May 17, 1948.

To the City Council.

Gentlemen,—I submit herewith supplementary budget recommendations totaling \$690,003.66 for the following purposes:

City Maintenance.

Assessing Department.....	\$5,000 00
Auditing Department.....	1,400 00
Election Department.....	27,000 00
Finance Commission.....	110,000 00
Fire Department.....	47,700 00

Long Island Hospital.....	20,000 00
Park Department.....	47,500 00
Police Department.....	15,000 00
Public Works Department, Workmen's Compensation Service.....	18,000 00
	<u>\$609,600 00</u>

County Maintenance.

Suffolk County Court	
House, Custodian.....	\$3,677 00
Supreme Judicial Court.....	4,726 66
Registry of Deeds.....	12,000 00
House of Correction.....	60,000 00
	<u>80,403 66</u>

Grand total..... \$690,003 66

A brief explanation of these appropriations is given below.

Assessing Department—\$5,000. This additional appropriation is to be expended for overtime by regular employees. This overtime is necessary in order to meet the advanced tax calendar proposed by the State Tax Commissioner and for the extra service required during the first year's operation of the newly installed punch card accounting system.

Auditing Department—\$1,400. The bookkeeping machines that have been in use for 13 years will be replaced with new equipment on July 1, making necessary the purchase of trays and stands and also a complete set of new forms.

Election Department—\$27,000. This sum is necessary to employ additional temporary help to provide for two weeks' vacation in the summer for the regular office force and the extra amount of work expected if Wallace supporters and the supporters of the petition for birth control file papers.

Finance Commission—\$110,000. The Finance Commission has requested an additional \$10,000 in accordance with the provisions of chapter 175 of the Acts of 1948, and \$100,000 for administrative survey under the provisions of chapter 261 of the Acts of 1948.

Fire Department—\$47,700. \$8,000 of this amount is required to modernize four 85-foot aerial ladder trucks, which will give many years of efficient service at a fraction of the cost of new ones. \$8,500 is required for repairs to old North Ferry slip for the purpose of providing a dock and berthing pier for two new fireboats and to dredge benth adjacent to North End park, with a view to abandonment of fire station at Northern Avenue bridge. \$17,200 is required to complete the 1947 contract for uniforms, which amount was not carried over into 1948. \$14,000 is required to supply 25 new pumping engines with liquid foam for use on oil, gasoline, and airplane fires, and liquid carbon dioxide for transit tanks on hose cars.

Hospital Department—\$243,000. \$5,000 of this sum is for gas for the new South Department kitchen and increased use of Edison AC current on newly installed X-ray and other machines. \$20,000 to purchase bedding, which is now available in larger quantities than during the past years. \$10,000 to cover cost of uniforms for employees

not previously provided and the increase in the amount needed for patients' body garments. \$190,000 for food, fuel, medical supplies, laundry and cleaning items, due to increased prices. \$8,000 to purchase emergency lighting units required by law. \$10,000 for payment of Workmen's Compensation.

Sanatorium Division—\$75,000. \$50,000 is needed because of filling of vacancies in the labor groups and the payment of overtime to nurses because of shortage. \$25,000 necessary for food because of increased prices.

Long Island Hospital—\$20,000. It is now possible to definitely establish a school to train attendants, and this amount will be needed for personnel. It is hoped that this arrangement will alleviate in part the nursing situation.

Park Department—\$47,500. \$36,500 is needed to hire trucks to supplement departmental equipment in clearing the Common and other parks, due to innumerable celebrations and other increased activities, to clean beaches more frequently, reseeding ball fields and playgrounds, and a more extended program for control of the Dutch elm disease. \$7,000 needed for fuel because of increase in price. \$4,000 for gasoline because of extensive use of trucks on snow removal.

Police Department—\$15,000. This sum is necessary to provide funds for the payment of an annuity to a widow of a member of the Police Department who died in 1937 as a result of injuries received in the line of duty. This annuity payment was approved by the City Council and Mayor.

Public Works Department, Workmen's Compensation Service—\$18,000. The Workmen's Compensation Law having been extended to include all employees of the City of Boston and County of Suffolk, with the exception of the uniformed forces of the Police and Fire Departments, this additional sum is estimated as necessary to properly administer the law, as a result of the increase in the number of employees brought within its scope. It is intended to establish a branch within the Central Office of the Public Works Department to handle the details involved and employ the additional personnel required, together with necessary supplies and equipment.

Suffolk County Court House, Custodian—\$3,677. This sum has been requested by the Court House Commission to provide for the purchase of cabinets and a bookcase for the Registry of Deeds; document files for the Superior Civil Court; and rubber matting for entrances to Court House on the Pemberton Square and Somerset Street sides and in the main corridors.

Supreme Judicial Court—\$4,726.66. Under the provisions of chapter 183 of the Acts of 1948 the salaries of the clerk and two assistant clerks of the Supreme Judicial Court were increased. To provide for this increase from May 1, as requested by the clerk, will require \$2,666.66. An additional \$2,000 is necessary to pay a bill submitted by a master appointed by the court and \$60 for the purchase of a court officer's uniform which were not included in the budget estimates.

Registry of Deeds—\$12,000. \$9,800 of this sum is needed to provide for personnel changes made by the Register in the interests of efficiency since original appropriations were made, and \$2,200 for rebinding books which should be kept in good condition for public use.

House of Correction—\$60,000. \$25,000 of this additional sum is needed for food, due to increase in prices. \$35,000 for fuel, due to severe winter and the fact that this appropriation was reduced with the understanding that the proposed change-over to AC would save fuel, but shortage of equipment has delayed the changeover.

Consideration and adoption of the accompanying order by your Honorable Body is recommended.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the respective sums of money specified in the schedules hereinafter set out be, and hereby are, appropriated for the purposes hereinafter specified, said sums to be raised by taxation on the polls and estates in the City of Boston, and that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes, and the interest thereon, apply to the appropriations and taxes herein provided for.

APPROPRIATION FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, May 17, 1948.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners, requesting the appropriation of \$36,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1948 budget estimates of the personal service requirements of the Park Department included an estimate of the total income of \$170,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$36,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 12, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$36,000, which is now available, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of.....\$36,000

When making up the budget estimates for the year 1948, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1948, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
JOHN J. MURPHY, Chairman.

Ordered, That the sum of \$36,000 be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on January 12, 1887, Maintenance and Improvement of.....\$36,000

Referred to Committee on Parkman Fund.

FINANCE COMMISSION REPORT RE LOANS FOR CONSTRUCTION OF BUILDINGS.

The following was received:

City of Boston,
Finance Commission,
May 13, 1948.

To the Honorable the Mayor and City Council.

Gentlemen,—His Honor the Mayor has recently submitted to the City Council a \$4,315,000 loan order for the construction of buildings by several departments of the city. The proposed buildings include a 200-bed hospital for chronic patients at Long Island at an estimated cost of \$1,250,000; a new central fire headquarters with garage and repair shop, and with a fire station to supplant the existing station for Engine Company 23, at an estimated cost of \$1,500,000; a new district building for the Welfare Department and an addition to the central office of that department, at an estimated cost of \$650,000; a new office building, garage and repair shop for the Traffic Commission at an estimated cost of \$500,000; a new laundry building for the Long Island Hospital, at an estimated cost of \$160,000; and numerous smaller projects.

You are aware of the present financial difficulties of the city. Because of high maintenance costs a tax rate above \$50 has been freely predicted. How much higher the rate is likely to go in future years as the result of the constant trend toward higher maintenance costs should be considered carefully. It has been the experience of the city that maintenance costs have increased following replacements of old and construction of new plants.

Realizing the present financial situation and the fact that it makes difficult the attraction of new or increased business which is the city's lifeblood, the Finance Commission has obtained legislative authority and funds to conduct an over-all survey of city administration. That survey is about to begin. Its purpose is to reveal all possible opportunities for increasing the effectiveness and reducing the cost of the services rendered by the city.

The Commission is confident that the survey will reveal ways in which existing plant facilities may be used more effectively and economically. It is also confident that it will reveal that some of the proposed building projects will not be needed; that some of them should be abandoned in favor of other more necessary, efficient, and economical projects resulting from consolidation of functions now separately and uneconomically performed by more than one department.

The survey may also reveal the need for other and different projects to achieve the same purposes intended with regard to the projects covered by this loan order.

The Finance Commission is, therefore, strongly of the opinion that for the time being the proposed

program of construction should be deferred and that the loan order before the City Council should be withdrawn or rejected.

Respectfully submitted,
JOSEPH K. COLLINS, Chairman,
ALEXANDER WHEELER,
LEO J. DUNN,
FREDERICK DEANE,
EDWARD F. MULLEN,
The Finance Commission.

ROBERT E. CUNIFF,
Secretary.
Placed on file.

REPORT OF COMMITTEE ON FINANCE.

Coun. CAREY, for the Committee on Finance, submitted the following:

Report on message of Mayor and order (referred April 26) for loan of \$2,000,000 for construction of public ways or permanent pavement—that same ought to pass.

The report was accepted, and the question came on giving the order its first reading. On motion of Councilor Coffey the order was referred to the Executive Committee.

ADVERTISING BY METROPOLITAN TRANSIT AUTHORITY.

Coun. BEADES offered the following:
Whereas, Residents of the City of Boston are required to pay any deficit incurred in the operation of the Metropolitan Transit Authority; and

Whereas, The Metropolitan Transit Authority has spent money on advertising and on the radio in an attempt to influence the voters of cities and towns south of Boston to vote in favor of the Metropolitan Transit Authority operating on the Old Colony Railroad lines, and

Whereas, This expenditure was of a political nature, therefore be it

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to submit an opinion as to whether these aforementioned acts are legal and can be added to the deficit of the Metropolitan Transit Authority, to be later paid by the taxpayers of the City of Boston.

Passed under suspension of the rules.

ACCEPTANCE OF CERTAIN STREETS, WARD 20.

Coun. BRYAN offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept the following-named streets in Ward 20 as public ways:

Worley street, Freeman avenue, Cedar street, Acadia road, Rendall road, and Rumford road.

Passed under suspension of the rules.

NAMING OF SPACE AT CHESTNUT AND CENTRE STREETS, WARD 10.

Coun. CAREY offered the following:
Ordered, That the order passed by the City Council, May 10, 1948, and approved by the Mayor, May 11, 1948, for the naming of the space at the junction of Chestnut and Centre streets, Ward 10, Anthony J. Scordino square, be and hereby is, rescinded.

Ordered, That the Committee to Memorialize Veterans be requested, through his Honor the Mayor, to consider recommending the naming of the junction of Chestnut and Centre streets, Ward 10, in honor of Capt. Peter R. Mutascio, killed in action during the recent World War, and a resident of Ward 10, upon entrance into the armed services.

Severally referred to the Executive Committee.

MYRTLE STREET PLAYGROUND.

Coun. YERXA offered the following:

Ordered, That the School Committee be requested, through his Honor the Mayor, to officially authorize the Park Commission to use, occupy, and maintain the so-called Myrtle Street Playground, until such time as appropriate legislation can be enacted for the permanent transfer of this property to the Park Department.

Ordered, That his Honor the Mayor, request the Corporation Counsel to prepare suitable legislation for the transfer of the so-called Myrtle Street Playground from the School Department to the Park Department, said property to be used as a permanent playground under the maintenance of the latter department.

Severally passed under suspension of the rules.

ROOF OVER STAIRWAYS NEAR COLUMBIA STATION.

Coun. LINEHAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make provision for the construction of a roof over the steel stairways recently installed near the Columbia Rapid Transit Station so that pedestrians using the stairways will be adequately protected from the danger of snow and ice on the stairs during the winter time.

Passed under suspension of the rules.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LANIGAN, for the Committee on Claims, submitted the following:

Report on petition of Joseph H. Dashner (referred April 26), to be reimbursed as a result of executions issued against him on account of his acts as operator of motor apparatus belonging to Fire Department—recommending passage of accompanying order:

Ordered, That the sum of three thousand three hundred fifty-six dollars and thirty-four cents (\$3,356.34) be allowed and paid to Joseph H. Dashner in reimbursement for account of execution issued against him on account of his acts as operator of motor apparatus belonging to the Fire Department, said sum to be charged to the Contingent Fund.

Report accepted, said order passed.

RECESS.

On motion of Councilor Keenan the Council took a recess at 2.45 p. m. The members re-assembled and were called to order by President HANNON at 4.48 p. m.

REPORT OF COMMITTEE ON CONFIRMATIONS.

Coun. ANSEL, for the Committee on Confirmations, submitted the following:

1. Report on appointments by the Mayor (referred May 3) of Constables for term of one year beginning with the first day of May, 1948, not authorized to serve civil process and to serve without bond: John A. Murphy, Timothy G. O'Neill, John P. Carey, Thomas H. Glynn—recommending confirmation of the appointments.

2. Report on appointment by the Mayor (referred May 10) of Michael J. Mahoney as Weigher of Goods for term ending April 30, 1949—recommending confirmation of the appointment.

3. Report on appointments by the Mayor (referred May 10) of Ida Zaks and Samuel Bloch as Weighers of Coal for term ending April 30, 1949—recommending confirmation of appointments.

The reports were accepted, and the question came on confirmation. Committee, Councilors Chase and Ramsey. Whole number of ballots 13, yeas 13, and the appointments were confirmed.

EXECUTIVE COMMITTEE REPORTS.

Coun. McCORMACK, for the Executive Committee, submitted the following:

1. Report on order (referred today) rescinding order of May 10, 1948, naming of space at junction in Ward 10 the Anthony J. Scordino Square—recommending that same ought to pass.

2. Report on order (referred today) naming of space at junction in Ward 10 in honor of Capt. Peter R. Mutascio—recommending that same ought to pass.

The reports were accepted and the orders were severally passed.

3. Report on message of Mayor and order (referred today) for loan of \$2,000,000 for construction of public ways or permanent pavement—that same ought to pass.

The report was accepted, and the question came on giving the order its first reading. The order was rejected, 15 votes being required for passage, yeas 13, nays 9:

Yeas—Councilors Ansel, Beades, Bryan, Cantwell, Carey, Hannon, Keenan, Lane, Linehan, McCormack, Ramsey, Shanley, Sullivan—13.

Nays—0.

On motion of Councilor Sullivan it was voted to reconsider the foregoing vote.

On motion of Councilor Sullivan it was voted to lay the order on the table for one week.

REPLACEMENT OF GAS LAMPS IN WARD 16 BY ELECTRIC LIGHTS.

Coun. BEADES offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to take immediate steps to replace 50 per cent of the gas lamps in Ward 16 with modern electric lights, which is in agreement with the contract now held by the American Service Company, Inc.

Passed under suspension of the rules.

MARTEL-MUNRO SQUARE.

Coun. LANIGAN offered the following:

Whereas, The public square at the corner of Dorchester avenue and Summer street, Boston, is now known as Lieut. Martel Square, so named, in honor of Lieutenant Martel, a deceased veteran of World War I; and

Whereas, The American Legion Post 322, the Martel-Munro Post, is desirous of having this square rededicated and named in memory of the second veteran to lose his life in World War II, from the vicinity known as the wool district of Boston, Hugh Munro, Jr., a member of the firm of Munro, Edgell & Kincaide; therefore, be it

Ordered, That the public square at Dorchester avenue and Summer street, now known as the Lieut. Martel Square, be rededicated and be made known as the Martel-Munro Square, in honor of these veterans of World War I and II.

Passed under suspension of the rules.

IMMEDIATE CONSTRUCTION OF PAULA ROAD.

Coun. KEENAN offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to have John Deveney Contracting Company start immediate construction of Paula road, Ward 17, under the terms of his contract within one week, and if work does not start within this period that said contract be canceled forthwith.

Passed under suspension of the rules.

MASKS FOR CERTAIN EMPLOYEES AT MATTAPAN SANATORIUM.

Coun. WENZLER offered the following:

Ordered, That the trustees of the Boston City Hospital be requested, through his Honor the Mayor, to provide masks and gowns for the orderlies and kitchen employees at the Mattapan Sanatorium for the purpose of alleviating the possibility of their contracting the disease or germ.

Passed under suspension of the rules.

LEGAL OPINION ON ADVERTISING BY METROPOLITAN TRANSIT AUTHORITY.

Coun. WENZLER offered the following:

Ordered, That the Law Department be requested, through his Honor the Mayor, to render a legal decision relative to the right of the Metropolitan Transit Authority to spend public funds to advertise the extension of the rapid transit throughout Quincy, Braintree and other towns. Enormous sums of money have been spent for newspaper advertising, circulars, and telephone calls throughout the area of Boston, Quincy and Braintree.

Passed under suspension of the rules.

INVESTIGATION OF CHARGES RE DEVENEY COMPANY BY FINANCE COMMISSION.

Coun. CHASE offered the following:

Ordered, That the Boston Finance Commission be requested to investigate Councilor Keenan's charge "that Contractor John Deveney is doing his work improperly, that he publicly boasts of his ability to do just about what he pleases, that his actions have earned him the reputation as the second Mayor of Boston."

Passed under suspension of the rules.

Adjourned, on motion of Councilor Keenan, at 5 p. m., to meet on Monday, May 24, 1948, at 2 p. m.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for erecting wire fence on Boston Common, Boston, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed and marked "Proposal for Erecting Wire Fence on Boston Common, Boston, Mass." and left before 2 o'clock on Tuesday, June 8, 1948, at the office of the Park Department with a certified check for \$150, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. A bond will be required for doing the work in the sum of 100 per cent of the estimated contract price. The rate per hour of the wages to be paid to mechanics, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits, under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

JOHN J. MURPHY, Chairman,
THEODORE C. HAFENREFFER,
JOSEPH LEE,
(May 29.) Commissioners.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR GENERAL REPAIRS TO FERRY-
BOAT "CHARLES C. DONOGHUE."

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for general repairs to Ferryboat "Charles C. Donoghue." A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for General Repairs to Ferryboat 'Charles C. Donoghue,'" and left at Room 508, fifth floor, City Hall Annex, before 12 m. of FRIDAY, JUNE 4, 1948, with a certified check for EIGHTEEN HUNDRED (1,800) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(May 29.) Commissioner of Public Works.

BOSTON HOUSING AUTHORITY REFUTES CHARGES AND ALLEGATIONS PUBLISHED CONCERNING PROPOSED PLAN TO OBTAIN LAND IN DORCHESTER FOR VETERANS' HOUSING—CHAIRMAN CORNELIUS P. CRONIN DENIES ANY "DICKER" FOR PROPERTY AND BRANDS AS "OUTRIGHT MISSTATEMENT" THE CHARGE THAT APPLICATION HAD BEEN FILED MORE THAN YEAR AGO—FIRST APPLICATION FILED MARCH 15 OF THIS YEAR—ALSO EXPLAINS PROCESSES TAKEN IN ALL CASES OF ACQUISITION OF LAND FOR HOUSING DEVELOPMENT SO AS BEST TO PROTECT INTERESTS OF BOSTON AND ITS CITIZENS.

Chairman Cornelius P. Cronin of the Boston Housing Authority on June 2 issued the following press release:

A Boston morning newspaper today purported to discuss the proposed action of this Authority concerning land in Dorchester with the caption "NEW CITY LAND DICKER BARED."

Of course this Authority has never entered, is not now going to, nor ever will, enter into any "land dicker" with anyone.

In view of the implications in the article, however, the Authority believes it advisable to issue a statement of facts. The facts are that the parcel in question is eminently suitable for its purposes. Its location, topography, nature of the soil, and the fact that all utilities needed are already installed in the surrounding streets, make it highly desirable for its contemplated use.

MAYOR CURLEY GETS MONUMENTS AND STATUES DESECRATED BY HOODLUMS AND VANDALS CLEANED—APPROVED PARK COMMISSIONER'S PLANS.

The following communication was received at the office of the Mayor on June 1:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The Park Department has authorized a stone monument company to clean off the markings from the stonework of the Soldiers' and Sailors' Monument, Boston Common. The markings on the stonework of the monument were made with lipstick. The company has men today cleaning off these markings. The Park Department had tried to clean off these markings, without too much success, because they had penetrated too deep into the stonework.

The monument company has had considerable experience in removing markings from stonework. In their experience, the removal of lipstick markings is the most difficult job of all. Lipstick is made up of oil and dye. There are no two brands of the same consistency. Each marking needs a somewhat different treatment.

First, the company is using an oil remover to try to draw the oil out from

No Discussion with Owners.

No discussion of any sort has been undertaken with the owners of the property by anyone connected with the Housing Authority. It is true, however, that this Authority has filed with the State Housing Board an application for approval of a development to be built on this land. In that application it was indicated that the net cost of the land was estimated to be \$13,905. This figure was computed very simply by adding 25 per cent to the assessed value of the land when it was held by the School Committee. It is not in any way intended that this is the exact price which the Authority intends to pay, but rather only the best information it has as to what it believes it might be compelled to pay if adjudicated.

The approval of the application in no way commits the State Housing Board to approval of a payment of this sum, nor does it commit the Boston Housing Authority to pay it. Under state law governing development of such apartments it is necessary for the State Housing Board to approve each and every expenditure of \$1,000 or over. Any expenditure of money for this land must meet with the approval of the State Housing Board over and above any approval given to an application.

In acquiring land, this Authority can contact the owners of the land about purchase or it may, if it wishes, under the powers given it as agent for the City of Boston, take the land by eminent domain, make an award of \$1, or more, if it sees fit, and then allow the case to go to court, at which time land damages can be awarded by the court which the Authority must pay.

Court Procedure.

It has been the policy of the Authority to go to court for assessment of land damages many times in the past. It will continue to do so if it believes such procedure to be in the best interests of itself or the city and its inhabitants, as the case may be.

REPORT OF THOMAS D. GINN, DIRECTOR, VOCATIONAL GUIDANCE DEPARTMENT, ON ATTENDANCE AT NATIONAL VOCATIONAL GUIDANCE ASSOCIATION CONVENTION, IN CHICAGO.

The following is a report of the attendance at the National Vocational Guidance Association by Thomas D. Ginn, Director of Vocational Guidance, March 28-April 2, 1948, Chicago, Illinois:

The theme of the convention was "Personnel Work as a Profession."

I attended both "Delegate Assemblies" as one of the representatives of The Greater Boston Vocational Guidance Association.

Harry A. Jager, Chief, Occupational Information and Guidance Service, U. S. Office of Education, made an ardent plea for trained counselors—men and women who can counsel young people and also influence changes in the curriculum when necessary to allow for complete living. Mr. Leonard M. Miller, the chairman of the committee on "The Professional Preparation of Counselors," presented a "Proposed Manual" covering 14 areas of preparation. The entire group was asked to read this manual and make constructive suggestions on a prepared form. This manual will be a great help in raising our group to a professional status. Many poorly prepared students are trying to be counselors. This practice must be discouraged. One of our Boston professors gave a splendid paper on the "Basic Core of Training for All Counselors." He made it clear that counselors must be mature, experienced teachers with at least a master's degree carrying a major in guidance. A New York professor suggested courses in guidance in the undergraduate college. He was roundly criticized and did not stand to make any defense to the negative arguments that were brought forth by his untenable suggestion.

Another of the outstanding addresses was given by Professor Carl Rogers of the University of Chicago on "Some Implications of Client-Centered Counseling." Professor Rogers did much research in the World War II in the so-called "non-directive counseling." He has attracted many students who are now using this therapy. The basic pattern of this type of counseling has been successfully used with groups of twenty at the college level. Groups have met once a week before the examination period and this has reduced the anxiety of the students at a trying time. Doctor Rogers and his students have devised a new type of orientation week. The burden of the planning is on the shoulders of the students, guided by the professor. At the outset of his address, Doctor Rogers made it clear that the knowledge about the student should be in the hands of the students themselves. It is not new. Our counselors have used it here in Boston.

Wednesday afternoon I spent two hours with the head of the Guidance and Testing Departments of one of our large industries. She was a research pupil of Professor Thurstone, and the professor still acts as a consultant. Miss Brewer has worked out a pattern for choosing executives. It has been in use for about five years and scientifically selects leaders for promotion in industry.

Thursday afternoon I spent at Parker High School in South Chicago—a com-

prehensive school. Within a block, public school instruction is given from the pre-school through junior college. I met the placement counselor and the adjustment teacher. The class sponsor, a teacher, one for each class, is allowed four periods a week, takes care of the petty discipline; tardiness, absences, and keeps the group running smoothly. The classroom teacher is "the keystone of the High School Personnel Structure." The division teacher does the educational and vocational counseling. She is the one that the students go to with their problems. She meets with the group one period every day. At the twelfth grade level there is an elective guidance course called Self-Appraisal and Careers.

Crane Technical High School is the oldest school of its kind in Chicago but does not outdate our own Technical High School. It is a four-year school for boys, and shop work is offered in the first three years. Many boys go on to college. I visited a class in *Remedial Reading*. This course devised by the Bureau of Child Study is carried on from grades 1-10. Doctor Munson is its founder. She believes every child *must* learn to read. The class I visited had many boys whose reading ability was of only the seventh grade. The instruction is individual and all materials for the course are carefully graded by the Bureau of Child Study. Doctor Munson believes in giving service and the principals are usually ready to receive it. There is no imposition. The children enjoy the course because they are getting a key to the world around them. This is offered as an elective in all high schools.

The highlight of the convention was a study group conducted by Dr. Paul A. Young, Director of Research and Guidance of the Evanston Township Schools. Seven of us sat around a table for five hours while Mr. Young described his work at Evanston. It has been in operation seven years. The director is responsible to the Superintendent of Schools, Francis Bacon, formerly of Newton, Massachusetts. The plan embraces a complete program of testing—14 hours in the grades to 20 hours in the high school. Being located near two universities, Doctor Young has many graduate students working with him in addition to a staff of 14. All test batteries are checked. Interest inventories are given at grades VI, VIII, and IX. No charts are made for the parents, but the counselor, student, and child may sit down any time for a conference. Doctor Young believes that diagnosis must precede therapy and no tests are imposed on a student. A pupil may be tested at his request any time, and it happens often. Doctor Young and his assistants are constantly testing. A copy of all studies made by the research department are given to the counselors concerned. In the high school there is one counselor for about every twenty

pupils. There are five guidance periods a week. The assistant principal meets with the students on one of these periods. The high school is divided into twelve divisions with about 300 students in each. There is an assistant principal in charge of each division. It is an ideal setup. It is, of course, expensive, but a real service is rendered to the children.

In closing, Doctor Young reiterated his basic philosophy: We all have limits. Aptitude tests may help determine some of these limits. The trained counselor interprets test results in the light of the student's abilities and interests and helps him make a plan for a successful career.

BOSTON HOUSING AUTHORITY REPLIES TO CHARGES CONCERNING LAND IN DORCHESTER.

(Continued from page 545.)

The statement that the application was filed with the State Housing Board more than a year ago is an outright misstatement, inasmuch as the first application for the development of these apartments for veterans was filed on March 15 of this year.

This Authority, acting as agent for the city in this transaction, is not concerned with the present ownership of the land or former ownership of the land as such. It is, however, the duty of the Authority to pay for the land exactly what it is worth and no more, and to properly protect its own interest and that of the city and its inhabitants. That is a constant policy of the Authority and will be carried out in this instance.

the stone. The cost of the oil remover is \$25 a gallon. After this treatment comes a naphtha cleansing. Following this is a general cleansing mixture which is applied. Finally, a general washing down and scrubbing of the stonework takes place. Between each operation, and each one means plenty of rubbing, much time elapses. It is a job for only those experienced in fancy stonework. Today this monument would cost over \$100,000. The cost of removing these markings could go much over \$500. Similar markings on a smaller monument in Jamaica Plain were removed a few years ago at a cost of over \$200. A few girls with lipstick could do the same job all over again.

Respectfully yours,

JOHN J. MURPHY,

Chairman.

MAYOR CALLS FOR FLAG DAY OBSERVANCE.

Mayor James M. Curley on May 28 issued the following public statement:

Monday, June 14, 1948, is Flag Day—the 151st anniversary of the adoption of our Star-Spangled Banner as a National Flag by the Continental Congress, as the symbol of the ideals, hopes, and principles upon which our country was founded—equality of opportunity without regard to race, creed, or color; individual freedom; and representative government.

We love and revere our Flag and all

that it stands for. It is the most beautiful and most precious emblem in all the world.

I am asking our people of Boston to observe June 14, 1948, and the following week, in recognition of their devotion to "Old Glory." It might also be in order for all of us to repeat our oath of allegiance to ourselves and to our government. It is simple in its wording, but it means much to us.

"I pledge allegiance to the Flag of the United States and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

With God's help we shall maintain these principles forever. We salute our Flag!

MAYOR PROPOSES JUNE 17 FOR SCHOOLBOYS' PARADE.

On May 27 Mayor Curley addressed the following letter to the School Committee Chairman:

MR. JOSEPH C. WHITE, *Chairman,*
Boston School Committee.

DEAR SIR,—I wish to draw your attention to the advisability of conducting the schoolboy's parade in Charlestown on June 17, the date of the anniversary of the Battle of Bunker Hill, which I am quite certain will meet with general approval. In view of the fact that schools are not closed until June 24, and it would be a considerable saving to the city in the observance of this event, 15,000 or more of our schoolboys marching in military formation would add materially to the maintenance of this important event in the life of the nation. I trust you will take this up with the School Committee and consider this measure favorably.

JAMES M. CURLEY, *Mayor.*

MUNICIPAL EMPLOYEES THANK MAYOR CURLEY FOR IMPROVING SALARY CONDITIONS AND SECURING INCREASES.

His Honor the Mayor received the following letter from Edward T. Quinn, President, Municipal Clerk's Association, Boston:

YOUR HONOR,—The officers and members of the Municipal Clerks' Association wish to extend their appreciation to your Honor for your recognition of the need for improvement in the salaries of municipal employees. The press reports of your plan to increase salaries of employees have definitely bolstered their morale, as these employees have been forced to cope with advanced living costs on incomes that have not been adjusted in a manner comparable to the general adjustment of wages throughout the country.

The general increase plan put into effect by your Honor at the beginning of 1947 was a concrete step taken by your administration toward a general improvement in the condition of employees. While we realize the difficulty, in a public corporation like the City of Boston, of effecting an increase designed to parallel, in one adjustment, the upward spiral of living costs, the plan adopted by your Honor at the close of 1946 was, nevertheless, a greatly needed step in the direction of establishing incomes for employees that would enable them better to cope with the problem of maintaining their

equilibrium economically. The time elapsing since that increase went into effect has shown, however, that municipal employees are still in need of an increased income, if they are to go on maintaining their homes and families.

For this reason the statements of your Honor, as quoted in the press, have been a source of pleasure and pride among employees who feel that they have in the office of Mayor an executive who is aware of the problems facing them, and who has expressed his willingness to take definite and constructive steps toward their solution.

With cordial good wishes to your Honor, we are

Sincerely,

EDWARD T. QUINN, *President.*

CIRCULAR LETTER NO. 7.

CITY OF BOSTON,
MAYOR'S OFFICE, May 20, 1948.

To Department Heads.

GENTLEMEN,—The Treasury Department is now sponsoring a Security Bond Campaign which goes through to June 30, 1948. The object is to increase the sale of United States Savings Bonds.

These bonds are excellent security and their public sale at this time is fully as important as it was during the war period.

It is far better that these bonds, carrying an annual interest, be held by the people rather than by financial institutions. Their ownership, spread among the individuals of the nation, will do more than any other single factor to control prices.

There are two ways, I am told, to participate in this campaign. The worker can purchase bonds through the pay roll deduction plan or by the "Bond-A-Month" in the banks. The advantage of either of these plans is clearly established, and it is hoped that those that can will avail themselves of the opportunity of investing in United States Savings Bonds.

JAMES M. CURLEY,
Mayor of Boston.

STATE-BOSTON RETIREMENT BOARD REPORT.

June 1, 1948.

To the Auditor.

At a meeting of the Retirement Board, held on May 14, 1948, the following-named employees of the State-Boston Retirement System were voted to be retired from active service, effective at the close of business May 31, 1948:

FIRE DEPARTMENT.

Charles J. Ferguson, ladderman, salary at time of retirement \$3,000 a year.

HOSPITAL DEPARTMENT.

Dr. Joseph Resnick, physician, salary at time of retirement \$2,400 a year.

POLICE DEPARTMENT.

Patrick J. Hurley, janitor, salary at time of retirement \$2,050 a year.

PUBLIC WORKS DEPARTMENT.

James L. Manley, laborer, salary at time of retirement \$2,015 a year.

Attest:

W. D. KENNEY,
Secretary and Executive Officer.

CIRCULAR LETTER NO. 8.

CITY OF BOSTON,
MAYOR'S OFFICE, May 26, 1948.

EXECUTIVE ORDER.

Chapter 308 of the Acts of 1948 authorizes in general terms an increase of \$120 a year in the pensions or retirement allowances of all former employees of the city and County of Suffolk who were retired prior to October 1, 1946, and whose present pension or allowance is less than \$900 a year. This act was accepted by the City Council May 24, 1948, and approved by the Mayor, May 25, 1948.

Acting under the provisions of the act, I hereby establish the following regulations in order to effect the increases authorized therein:

1. The increases shall take effect beginning June 1, 1948.

2. They shall apply to every employee of the city or county who was retired prior to October 1, 1946, whose pension or retirement allowance is chargeable to the City of Boston and was less than \$900 a year at the time of retirement.

3. They shall apply to the beneficiaries, if any, of the employees retired as set forth in regulation 2.

4. Retired employees whose pension or retirement allowance is less than \$780 a year shall be given an increase of \$10 a month beginning June 1, 1948.

5. Retired employees whose pension or retirement allowance is more than \$780 and less than \$900 a year shall be given a monthly additional amount beginning June 1, 1948, sufficient to increase their pension or retirement allowance to \$75 a month.

6. For employees retired under contributory retirement systems the necessary action is to be taken by the Boston Retirement Board. For employees under any other retirement or pension acts it is taken for granted without formal action that the appropriate retiring authority concurs with the purpose of the act, and the departments and offices are authorized and requested to amend their pension pay rolls beginning June 1, 1948, in accordance with these regulations.

Respectfully,

JAMES M. CURLEY, *Mayor.*

RETIREMENT BOARD REPORT.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

BOSTON TRAFFIC COMMISSION.

BOSTON, May 19, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—Your permission is respectfully requested to enter into an agreement with the Boston Edison Company to do the following work at a cost not exceeding \$1,777.

Install conduit and cable to the proposed traffic signal installation at the intersection of Commonwealth avenue and Griggs street, Brighton.

Inasmuch as the Boston Edison Company is the only authorized company capable of doing this work and because no benefit would be derived by public advertising, your permission to dispense with public advertising is requested.

Respectfully submitted,

LEO F. CURLEY, Commissioner.

INSTITUTIONS DEPARTMENT.

BOSTON, May 18, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

Attention of Budget Commissioner.

DEAR MR. MAYOR,—Authority is requested to incur expenditure not exceeding \$2,000 for boat hire to supplement our regular boat service.

This department has been accustomed to hire a boat to allow our night crew regular time off—one trip on Saturday, two trips on Sunday, and as required on holidays.

Since the forty-hour week went into effect we have hired a boat for the 11.30 p. m. trip, three nights a week, to avoid overtime. The department is also obliged to hire a boat when the "Curley" is laid up for repairs, inasmuch as the "O'Meara" is at present out of commission.

Rates paid are as follows:

One round trip—on any one day, \$30.

Two round trips—on any one day, \$30 each trip.

Three round trips—on any one day, \$30 each trip.

These trips are covered by service orders and charged to Item B-10 of appropriation for "Steamers." (See service order No. 29.)

The prices appear reasonable, and I believe nothing would be gained by advertising.

Respectfully yours,

G. FRANK McDONALD, Commissioner.

BOSTON, May 19, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—Your permission is respectfully requested to permit the Institutions Department to amend the original contract of the Rossano Construction Company, Inc., 401 Border street, East Boston.

The original contract is for \$2,778 for the erection of a cinder wall and tile partition to enclose and provide for a vegetable room for the Long Island Hospital kitchen. The tile partition extended from the floor to within 4 feet of the ceiling. To prevent foreign matter being thrown over the partition it was decided to erect iron grill between the wall and the ceiling, and to apply cement plaster on the sides, not considered in or covered by, the original specifications. The cost of the grill and its erection is \$460, and the cement plaster wall is \$56, making a total of \$516.

As the Rossano Construction Company, Inc., has its men and equipment on the work, and the cost as submitted is deemed fair and reasonable, no advantage could be gained by completing the work otherwise.

Respectfully yours,

G. FRANK McDONALD, Commissioner.

BOSTON, May 21, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—Your authority is respectfully requested to permit the Institutions Department to award a service order in an amount not exceeding \$1,987 to R. Tweed & Son, 499 Huntington avenue, Roxbury, for plastering and painting at the Long Island Hospital, Boston Harbor.

The two wards, twelve rooms, and corridors of Ward AA require considerable plastering, some new ceilings, and the entire ward repainted two coats. It is impossible to determine the scope of the plastering sufficiently to draw off quantities as the plastering generally is in very poor condition. The painting is incidental thereto.

R. Tweed & Son was the low bidder on work now being completed. They have their equipment and men on the job and can proceed immediately. They have agreed to perform the work on a wage and material basis, and an accurate account will be kept by our engineer on the time and material used. They are doing excellent work, are thorough and reliable, and we are very satisfied with their work.

It is in the best interests of the city that we perform the work in the manner I have outlined, with the understanding that under no circumstances shall the cost exceed \$1,987, and that they will complete the entire ward.

Respectfully yours,

G. FRANK McDONALD, Commissioner.

PARK DEPARTMENT.

BOSTON, May 19, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—I respectfully request your permission to award a contract, on a service order, to the Caproni Galleries of

Amedeo, Mr. Amedeo P. Nardini, president, for reconditioning and painting, repairing and cleaning of statuary, vases, pedestals, etc., in the Franklin Park and Fenway Rose Gardens.

The work in the Franklin Park Rose Garden, as mentioned herein, will total \$1,150. Similar work in the Fenway Rose Garden will amount to \$770. The total for the work at both locations will be \$1,920.

The work to be done is in conformance with proposals submitted by this concern to this office. The total amount of \$1,920 is to be charged to B-39, Park Department budget. The address of this firm is 1914-1920 Washington street, Boston 18.

Respectfully yours,

JOHN J. MURPHY, *Chairman.*

BOSTON, May 19, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—A license given by this department to Mr. Edward E. Adams, of the Mills Automatic Merchandising Corporation, 130 Broad street, Boston, for the operation of weighing machines in some of the buildings of this department, expires on June 30, 1948. This license has been held by Mr. Adams for many, many years, and he pays for this privilege the annual fee of \$350. These machines are owned by this company and are not the property of this department.

Our business relations with this firm have been very satisfactory over a period of years and, as it would be difficult to find another concern that would have the necessary machines, the Board of Park Commissioners believes that nothing would be gained by advertising for bids and, therefore, respectfully requests your approval to the award of a license, without advertising for bids, to Mr. Adams for one more year, from July 1, 1948, to June 30, 1949, for the sum of \$350.

Respectfully yours,

JOHN J. MURPHY, *Chairman.*

SUPPLY DEPARTMENT.

BOSTON, May 14, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—This department is in receipt of a requisition from the Fire Department for arsenical condenser tubes. Requests for prices were solicited among the various dealers and the same price, that is, 49.10 cents per pound, was received from the following companies:

Revere Copper Brass, Inc., Scovill Manufacturing Company, Chase Brass and Copper Company, American Brass Company, Bridgeport Brass Company.

It is respectfully requested that permission be granted me to award a contract, without public advertisement, to Revere Copper Brass, Inc., as they can offer the earliest delivery date. Total amount of contract is \$2,111.30.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, May 20, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—This office is in receipt of a requisition from the Boston City Hospital for two (2) E & J IVR "Large Tank" Hospital Model Resuscitators equipped with all accessories.

Quotations were solicited among the various dealers and Thomas W. Reed Company submitted the lowest price as

per specifications. It is respectfully requested that permission be granted me to award an order for furnishing the above equipment to Thomas W. Reed Company, the lowest bidder.

Total amount of order is \$1,120, less a cash discount of 2 per cent for payment within ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

ADDITION TO AND DEDUCTION FROM CONTRACT.

FIRE DEPARTMENT.

Approval has been given for the following addition to and deduction from the contract of Construction Units, Inc., dated July 16, 1947, for the erection of a new fire station for Engine 8, Ladder 24, at 392 Hanover street, Boston.

Addition No. 3.

In the contract the allowance carried for electrical control board in fire station is \$300, but the lowest price obtainable for the type board required by the Fire Department is \$700. This will be an addition to the contract of \$400.

Deduction No. 2.

An allowance of \$1,700 is carried in the contract for furnishing of lockers and shelving. However, the lockers and shelving will be furnished for the amount of \$1,597.83, making a deduction in the contract of \$102.17.

Original contract, \$172,000; addition No. 1, dated September 12, 1947, \$19,948.42; addition No. 2, dated October 14, 1947, \$1,763.79; addition No. 3, \$400; total contract with all additions, \$194,112.21; less deduction No. 1, dated December 10, 1947, and deduction No. 2, \$212.17; total contract with additions and deductions, \$193,900.04.

In the contract an allowance of \$300 was given to pay for an electrical control board approved by the superintendent of the Fire Alarm Division. This board would control operation of lights, gongs, electric doors, etc. The lowest cost obtainable for making the specified control board was \$700.

An allowance of \$1,700 was made in the contract to cover furnishing and installation of steel lockers and boot racks. However, the price of \$1,597.83 was obtained for locker and rack installations.

Although addition No. 3 mentioned above is in addition to the work contemplated in the original contract, it is incidental thereto.

CHANGES IN CONTRACT.

John Rugo has been ordered to make the following changes in the contract for alterations and repairs to Columbus Park Field House, opposite Preble street, South Boston, signed January 6, 1947.

1. Omit three electric door openers as required by the specifications. For this change the sum of \$35 will be deducted from your contract price.

2. In attendants' room substitute asphalt tile in place of linoleum. For this change the sum of \$20 will be deducted from your contract price.

Adjustment to contract: Original amount of contract, \$30,900; addition approved March 18, 1947, \$385; addition approved August 20, 1947, \$456; present contract, \$31,741; deductions per this order, Items 1 and 2, \$55; contract now standing, \$31,686.

ADDITION TO CONTRACT.

HOSPITAL DEPARTMENT.

J. A. Singarella Company, contractor for additional X-ray facilities, Boston City Hospital, has been instructed to add to the contract \$430 for removing present drain outlet in area on Concord street side of X-Ray Building. Excavate the piping, make necessary changes in piping and install Josam 6704 drain outlet with back water valve, making all necessary repairs and relay floor of area. Original contract, \$160,947; corrected contract, as per order No. A2130, \$165,121.50; now added, \$430; corrected contract, \$165,551.50; total added, \$4,604.50.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

To enter the building or other structure, or the abutting land or buildings, at 47 Oswego street, Ward 3, with such assistance as required, and make safe, vacate forthwith, or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 22 Rollins street, Ward 3, with such assistance as required, and make safe, vacate forthwith, or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 10-inch pipe and six (6) catch-basins in Undine road (Chandler's Pond side), between 120 feet northwest of Lake street and 715 feet westerly, in the Brighton district, at an estimated cost of \$10,500.

A surface drain of 12-inch pipe in Colwell avenue, between Portina road and 280 feet southeasterly, in the Brighton district, at an estimated cost of \$2,500.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted. FIRE DEPARTMENT ORDERS.

General Order No. 35.

MAYOR'S CHARITY FIELD NIGHT.

His Honor Mayor James M. Curley has requested that all city employees give their customary generous support to the Annual Charity Field Night for the Special Welfare Fund to be held at Fenway Park on Tuesday evening, July 13, 1948. Everyone who purchases tickets is contributing aid for various charitable purposes for which the city, under existing law, is unable to make direct contributions. A program of

sports and vaudeville has been arranged for the evening. In addition to the usual award of a 1948 sedan, there will be awarded to the holder of the lucky ticket a General Electric Model 802 television receiver with radio and phonograph attachments.

Tickets have been popularly priced at \$1, including Federal tax, and in addition 200 reserved seats have been allocated to the Fire Department at a price of \$2 each, including tax. In order that members of the department may give their assistance to the cause, tickets have been placed in the hands of every district chief and division head today, and they will interview each member of their commands as to his wishes in purchasing tickets. All returns must be made to Miss Mary C. Kelley at the office of the Fire Commissioner on or before Wednesday, July 7, 1948. Delivery of money at Headquarters may be made on any weekday, except Saturday, between the hours of 9 and 11 a. m. Returns should be made as quickly as possible before July 7th.

Members purchasing tickets should fill out the stub attached to each ticket and give it to the district chief or division

head who will see that all stubs are returned to the Fire Commissioner's office not later than July 7, 1948. Thus, purchasers will participate in the drawing for the 1948 automobile and television set.

The commissioner is especially anxious for the members of the department to support his Honor the Mayor in this most worthy endeavor. It should be unnecessary to remind the members that his Honor the Mayor has at all times given special consideration to the needs of this department and no better expression of our appreciation can be given than to support wholeheartedly this cause and take up 100 per cent the allocation of 3,000 tickets to this department.

Inasmuch as the Field Day will probably be given publicity through the medium of radio and press, the public may desire to purchase tickets at fire stations. A few tickets should be kept on hand at each station for this purpose.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

JOHN F. McDONOUGH,
Chief of Department.

Voted, The Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective June 14, 1948:

Article IV, section 7, subsection (1), is amended so as to read as follows:

Within an intersection, except in those intersections where parking meter spaces have been approved by the Department of Public Works, Commonwealth of Massachusetts.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Brayton way, Brighton district, as a highway, between Nonantum street and Brayton road, with the name of Letitia way or some other distinctive name, bounded and described as follows:

A highway named Letitia way is hereby laid out, between Nonantum street and Brayton road, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Nonantum street, by two measurements, eleven and 50-100 feet and forty-five and 53-100 feet; easterly by the easterly line of said Letitia way as hereby laid out, one hundred sixty-six and 68-100 feet; southerly by Brayton road, sixty-six and 76-100 feet; northerly by the northerly line of said Letitia way as hereby laid out, thirty-five and 75-100

feet on a curve of twenty feet radius; westerly by the westerly line of said Letitia way as hereby laid out, one hundred thirty and 99-100 feet, and southerly by the southerly line of said Letitia way as hereby laid out, twenty-four and 50-100 feet on a curve of twenty feet radius.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Letitia way (formerly Brayton way), between Nonantum street and Brayton road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore mentioned and on file in the office of this department.

Lot.	Amount.
1. Sarah W. Gibson and Dorothy M. Wighton	\$243 00
2. Arthur Gibson	222 55
3. Patrick F. Walsh and Mary K. Walsh	216 35
4. Louisa A. Gibson	135 00
Total	\$816 90

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Letitia way (formerly Brayton way), Brighton district, as a highway, between Nonantum street and Brayton road, under the order of the Board of May 11, 1948, and awards no damages therefor.

LAND-TAKING IN BOSTON PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the widening and construction of Devonshire street, Boston Proper district, as a highway, on the easterly side at Winthrop square, bounded and described as follows:

The highway named Devonshire street is hereby widened on the easterly side, at Winthrop square, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to the City of Boston, bounded:

Southerly by Devonshire street, two and 72-100 feet; westerly by the same, by four measurements, twenty-two and 95-100 feet on a curve of one hundred feet radius, sixty-one and 10-100 feet, seventy-six and 25-100 feet on a curve of one hundred twenty and 50-100 feet radius and twenty and 12-100 feet; and easterly by the easterly line of Devonshire street as established under this order, one hundred seventy-six and 70-100 feet, containing twenty hundred and fifty-four square feet, more or less.

Trees or structures standing upon or

affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Devonshire street as hereby widened is bounded:

Southerly by the northerly line of Devonshire street as it existed previously to this widening, two and 72-100 feet; westerly by the easterly line of Devonshire street as it existed previously to this widening, by four measurements, twenty-two and 95-100 feet on a curve of one hundred feet radius, sixty-one and 10-100 feet, seventy-six and 25-100 feet on a curve of one hundred twenty and 50-100 feet radius and twenty and 12-100 feet; and easterly by the easterly line of Devonshire street as hereby widened, one hundred seventy-six and 70-100 feet, containing twenty hundred and fifty-four square feet, more or less.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the widening of Devonshire street, Boston Proper, as a highway, under the order of the Board of May 10, 1948, and awards no damages therefor.

City of Boston, 2,054 square feet, nothing.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Frost Avenue Footway, Dorchester district, as a highway, from Frost avenue easterly for a distance of approximately one hundred and three feet, bounded and described as follows:

A Footway named Frost Avenue Footway is hereby laid out, from Frost avenue easterly for a distance of approximately one hundred and five feet, and ordered constructed.

Said footway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for footway purposes is hereby taken, is bounded and described as follows:

Westerly by Frost avenue, three feet; northerly by the northerly line of said footway as hereby laid out, one hundred five and 21-100 feet; easterly by the easterly line of said footway as hereby laid out, three feet; and southerly by the southerly line of said footway as hereby laid out, one hundred and five feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Frost Avenue Footway, under the order of the Board of May 13, 1948, and awards no damages therefor.

HEAVY LIFT LIGHTER TO SERVE HUB PORT.

A new all-steel, diesel-powered, heavy lift lighter has been obtained by Charles L. Hazelton & Son Co. of East Boston. With a capacity to lift from 60 to 70 tons, it was built for the U. S. Army and completed just as the war came to an end, and features an elevated boom which makes it more adaptable for all around general port work. It can also be used for dredging by attaching a 5-ton grab bucket.

The lighter is 135 feet long, has a 50-foot beam, and was purchased recently from the Maritime Commission. According to its owners it has the heaviest lifting capacity of any equipment north of New York. It cost \$265,000.

PROCEEDINGS OF SCHOOL COMMITTEE.

Apr. 5, 1948.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 12:50 o'clock P. M., the Chairman presiding.

Present: Messrs. Foley, McDevitt, Muchnick, Ward, and White.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

APPROVAL OF APPOINTMENTS

The Chairman stated that the question was on approving the appointments of teachers as reported by the Superintendent and laid over at the meeting of Mar. 23, 1948.

The appointments were approved, Mr. Ward dissenting on the appointment of Eloise R. FitzGerald, as vice-principal, Martin District (Model School).

CONSIDERATION OF BUDGET

Chairman: The first question comes on the consideration of the appropriations under the budget. The first matter for consideration is the question of the provisions of the statute under the referendum. The Committee is recognizing Mr. John Canty, President, Boston Schoolmen's Association.

Before I go any further, Mr. Canty, and before you proceed: At the conference yesterday the School Committee agreed to include in the budget the money that the statute provided under the referendum for the payment of salaries to the women teachers.

The Committee also included in its budget, by agreement at this conference, a provision for the additional appropriation of \$450,000 to give to the men teachers an increase in salary of \$400 for a one-year period if, after consultation with the Law Department, the Law Department said that was legal. Is that so, Miss Kane?

Secretary: Yes.

Chairman: Any objection to that?

Mr. McMorro, representing Elementary Teachers' Association: May I ask a question, Mr. Chairman? Is that a reversal of the position outlined to me last night? You have termed this an increase of \$400 in salary.

Chairman: That is right.

Mr. Muchnick: Mr. Chairman, that was termed yesterday an emergency, one-year-only, cost-of-living allotment.

Chairman: Is there any objection now to a statement for the clarification of the record?

Business Manager: Mr. Chairman, this is for men teachers only.

Chairman: Is that right?

Business Manager: Yes. I just want to make sure of that.

Chairman: And that was the unanimous agreement of the School Committee at that time.

Mr. Canty: I didn't hear that statement made. I was not present at the time. I had suspended my case at the time, and that statement was made when I was not present.

Now, following that statement, the School Committee offered that plan to me, and I said it was not acceptable for the reason that I had asked the School Committee in session up here to adhere to a strict interpretation of the statute that every voter on last Nov. 4 was presumed to know what he was voting for.

He voted for School Committee-men and he voted on referendum, and in that referendum he voted that men and women teachers should receive the same pay for the same work in the same grade with the same preparation and training.

Nowhere in the law is there any slogan, "Equal Pay." That has been coined by press representatives. Equal pay is not known in Massachusetts law, and I ask this School Committee to adhere to the laws of the Commonwealth and to interpret those laws when they are determining administrative policy and to consider the needs of all the teachers and no particular group of teachers.

This Committee listened—and I thought agreed—to that request. I cited the case of Murphy vs. the City of Lawrence or the School Committee of Lawrence, wherein Justice Qua, Chief Justice of the Massachusetts Supreme Judicial Court, rendered the only decision that we have in Massachusetts on this matter of men and women's compensation.

Justice Qua refers to that as the "so-called equal pay provision." I ask this School Committee to be as careful as Justice Qua in its interpretation of its duty under the referendum.

I ask this Committee to consider all of its teachers. I came here not to obstruct anyone. I came here to see that all teachers in Boston are adequately compensated. I said last November and again in December and again in March that the teachers of Boston are inadequately paid, and I did not distinguish between men and women.

I came in here yesterday to advocate an increase in salary for the men teachers. The women teachers have their own advocates. I pointed out to this Committee that a careful reading of Murphy vs. the School Committee of Lawrence will disclose to them the power that they have under General Laws, Chapter 71, Section 40.

They always had the power under General Laws, Chapter 71, Section 38, to fix salary schedules. They did not need a refer-

endum to give a pay increase either to men or women. They did not need a referendum to give the women more pay than the men. They did not need a referendum to give the men more pay than the women.

Justice Qua, on an appeal from the decision of Judge Hudson in the Superior Court, wrote the following opinion in Murphy vs. The School Committee of Lawrence. I would like to repeat what I read yesterday.

Mr. Canty read the following opinion of Justice Qua:

"This is a bill for a declaratory judgment as to the rights of the plaintiff under General Laws, Tercentenary edition, Chapter 71, Section 40, as appearing in Statutes 1945, Chapter 727, paragraph 1, and for further relief.

"The Statute, sometimes called the 'Teachers' Equal Pay Law' contains this provision: 'Women teachers employed in the same grades and doing the same type of work with the same preparation and training as men teachers, shall be paid at the same rate as men teachers.' The City of Lawrence has accepted this Statute.

"The plaintiff is employed in the public schools of Lawrence as a supervisor of arithmetic. It is her contention that she is entitled to the same pay as that received by one Durgin, a man teacher who is employed in the public schools of Lawrence as a supervisor of manual training and whose pay is higher than that of the plaintiff. The School Committee has decided against her contention.

"Detailed findings of fact were made by the trial judge. He ruled upon the findings that the plaintiff was not entitled to the benefit of the Statute and entered a decree accordingly. The plaintiff appeals the evidence as reported.

"The findings, amply supported by evidence, show that the work of the plaintiff woman is in the fourth, fifth and sixth grades, while the work of Durgin is in the sixth, seventh and eighth grades, and that, although both the plaintiff and Durgin are called supervisors, the type of work performed by them differs substantially in that the plaintiff supervises the teaching of arithmetic to both girls and boys, while Durgin supervises the teaching of woodworking to boys only, and in addition performs other duties not similar to any performed by the plaintiff in ordering and distributing supplies and in keeping the time of other teachers.

"Supervision is the only common element in the work of the two teachers, and it is obvious that supervision of the work in manual training must differ substantially from supervision of the teaching of arithmetic.

"The plaintiff has had extensive education and experience on the scholastic side of teaching. The woman has academic train-

ing. Durgin's preparation and training consisted principally of experience as a journeyman carpenter, with the addition of a short normal school course in the teaching of manual training.

"This case does not call for a careful definition of the words, 'the same,' used four times in the Statute. Neither do we determine to what extent, if at all, the Court must give weight to the judgment of the School Committee as to whether the grades, type of work, and preparation and training are the same. It is clear that in this case none of the three requirements of the Statute is met. The question is not whether these teachers ought to receive the same pay. That question involves many considerations which ought to be weighed by the School Committee. The question for us is simply whether the plaintiff has proved a case establishing rights within the Statute.

"The trial judge correctly ruled that she has not."

Mr. Canty: This case was decided on June 25, 1947. Our referendum was Nov. 4, 1947—five months afterwards.

Then, gentlemen, I pointed out to you that you have the duty to all your teachers to make no blanket or gratuitous increase unless you feel that you are justified in doing so—justified from an administrative point of view.

Can you justify an \$816 raise, which it is, to some 389 high school women, plus some elementary principals and others, and forego any raise to 1031 men, most of whom are married and have families?

If this School Committee has funds at its disposal, those funds should be disposed of in a just manner. There can be no justice in these times of rising prices and in the spiral of inflation when a gratuity of \$816 downward is granted to women without a reclassification.

Now, gentlemen, it is within your power to adopt a salary schedule. You can put figures in that salary schedule that you think are for the best interest of all of your teaching force.

I ask you to consider the men when you are revising your salary schedule. I ask that you give the men a \$400 raise. I originally asked you to ask the women to uphold their part of the agreement a year ago when they asked for \$800, \$1000, and \$1200. They have abandoned their agreement. They have not complied with their own agreement. They have broken faith.

Those women originally asked for \$800, \$1000, and \$1200. They now have the equal pay referendum intervening. They think that equal pay means that they are automatically entitled to the same pay as men.

Now, "equal pay" I am using in the sense that Justice Qua used it. I am using it not in its statutory

sense—simply to use it in place of "same work, same grade, same preparation, and same training."

Therefore, there is no reason why this School Committee should, in weighing equities here, decide in favor of the women to the effect that they should receive a blanket increase at the expense of the men. The School Committee has two equities here to weigh, as any court has it in any decision it has to render.

It has the equity of the married men versus the equity of the single women, and I think there is little or no difficulty in this Committee resolving that disparity in the equities.

Dr. Foley: Mr. Chairman, in bringing this matter before us, I move reconsideration of yesterday's order pertaining to the men teachers' salaries.

Chairman: Dr. Foley moves reconsideration. Any objections?

Mr. Muchnick: Mr. Chairman, it seems to me that we must attack this problem logically and completely. I follow Mr. Canty in much of what he says, and I would like to repeat verbatim, if I have it correctly.

Chairman: Are you now, Mr. Muchnick, talking on reconsideration or are you going to talk on the questions presented by Mr. Canty?

Mr. Muchnick: I think they both tie in, Mr. Chairman.

Dr. Foley: I do not think so.

Chairman: Are you opposed to reconsideration, or are you going to talk about being opposed to reconsideration, or are you in favor of it?

Mr. Muchnick: I am opposed to reconsideration at the moment.

Chairman: Well, go ahead and proceed, but we have to take a vote on the motion. I would like to hear what you have to say if you are going to object to reconsideration.

Mr. Muchnick: I am going to object to reconsideration on the same grounds that yesterday I was in favor of the motion.

Dr. Foley: Mr. Chairman, I wonder if Mr. Muchnick will yield.

Mr. Muchnick: Surely.

Dr. Foley: As I said yesterday, of course, it being the Sabbath, we were wholly out of order in making any motions whatsoever, and I do not think we should have really done too much business as the Committee met in conference.

We did, however, sit down and discuss matters. So, I really think we were out of order yesterday, and I must of necessity press that, Mr. Chairman.

Chairman: Well, Mr. Muchnick, if Dr. Foley's order for reconsideration prevails, we are in the position then of being where we were when we started the conference yesterday.

Dr. Foley: That is correct.

Chairman: And I do not think perhaps that would be a healthy position to be in.

Mr. Muchnick: All right. What motion, specifically, does Dr. Foley want to reconsider?

Chairman: Miss Kane, will you read the motion that was carried yesterday?

Mr. Muchnick: There is no motion as of yesterday, Mr. Chairman.

Dr. Foley: Maybe we haven't any motion in there.

Mr. Ward: Maybe it is an agreement.

Mr. McDewitt: I think we just agreed.

Secretary: Mr. Chairman, what you talked about yesterday was that you would ask for an opinion from the Law Department whether an emergency cost-of-living increase to men teachers only for this year is legal.

Mr. Muchnick: And that wasn't by way of a motion.

Chairman: That was by agreement, Mr. Muchnick, that we would include \$450,000 for a one-year emergency allotment to the men.

Mr. Muchnick: And we agreed it could not be a motion because yesterday was Sunday.

Chairman: That was an agreement. Now he is asking, for clarification purposes I assume, that we reconsider that agreement, so that we will be in the same position as we were before any action was taken, and I have no objections to that motion.

Mr. Muchnick: I don't particularly object to that.

Dr. Foley: That is exactly the position I want to be in, Mr. Chairman.

Mr. Muchnick: No objection to the procedure.

Chairman: No objections?

Mr. McDewitt: No objections.

Secretary: This is reconsideration of the agreement reached by the School Committee at yesterday afternoon's conference, whereby \$450,000 was included in the budget for the purpose of giving an emergency, one-year-only, cost-of-living allotment to men teachers.

Chairman: Well, actually, you are reconsidering that motion now, so you are rescinding your action, whatever action you had for agreement.

Mr. Muchnick: And we are in the position that the \$450,000 is now unappropriated.

Chairman: Unappropriated and under consideration.

Dr. Foley: Mr. Chairman, I move now that \$450,000 be included in the bracket of salaries of principals, teachers, etc.

Chairman: Doctor, could I ask you to desist or withhold that motion?

Dr. Foley: I think it's necessary for me to put it in just now, Mr. Chairman. Inasmuch as there isn't anything in there, I am very anxious to get it in. I want to state my purpose for that, Mr. Chairman.

I feel that a reclassification of teachers should take place in the system and that \$450,000 additional should be put into the budget. The purpose of this amount is for the reclassification of teachers, so that we can interpret the statute and provide for all

teachers irrespective of whether they be male or female.

Mr. Muchnick: Mr. Chairman, I would like to add, just to clear the record, that the amounts—the \$450,000 having come out not only of the salaries of principals, teachers, etc., but out of other salaries—that those proportionate amounts remain in the other items.

Dr. Foley: I missed that, Mr. Muchnick, and it was my intention that it would be included in the four brackets I believe.

Mr. Muchnick: Now, Mr. Chairman, I would like to speak against the motion now that we have it clear.

Dr. Foley: I wish the Secretary would record me on that.

Chairman: You will be recorded when the roll call is taken, Dr. Foley.

Dr. Foley: I don't want to put it just in the salaries of principals and teachers. There are four brackets, I believe, that the men are in.

Chairman: That is the motion that you rescinded. That is exactly the motion that was carried yesterday. Now you rescinded that. Are you making another motion?

Mr. Muchnick: Now he wants to add it without any limitations or qualifications.

Dr. Foley: That's right.

Chairman: Then may I ask you, Doctor, to clarify this: What is the purpose of the additional \$450,000?

Dr. Foley: The purpose is to increase that particular bracket \$450,000 in order to take care of increases for teachers, undoubtedly.

Chairman: All teachers?

Dr. Foley: Well, I would say all teachers.

Mr. Ward: All men teachers?

Dr. Foley: All teachers, after there is a reclassification.

Chairman: I see. An additional increase over and above the money appropriated under the statutory provisions in the referendum—an additional \$450,000 to all teachers?

Dr. Foley: After the reclassification.

Mr. Muchnick: Mr. Chairman, it seems to me we must attack the problem logically, basically, and completely, and today is just as good a time as any.

Mr. Canty was perfectly correct when he said that the School Committee didn't need a referendum in order to equalize pay, whether it be called the "same pay for the same work" or whatever the four "sames" are or however you want to interpret equal pay.

The School Committee always had that power in Boston, and I assume also in most cities in the Commonwealth. Not having exercised that power, the people took it upon themselves to give a direct mandate to the School Committee which the School Committee, in my opinion, is morally bound to follow to the best of its ability.

I think the opinion from the Law Department that we have would indicate also that the School Committee is legally bound to follow that referendum.

Dr. Foley: Mr. Chairman, will Mr. Muchnick yield?

Mr. Muchnick: Yes.

Chairman: Dr. Foley?

Dr. Foley: I think he is beside the point. I think he is arguing irrelevant to the motion in order, because my motion was to include all teachers. I didn't say anything about equal pay. I didn't say anything about how we were going to dispose of the salary question.

Mr. Muchnick: You discussed reclassification, Doctor.

Dr. Foley: I discussed reclassification, yes.

Mr. Muchnick: Which I am leading up to—maybe a little slowly.

Now, there were two things, in my opinion, that were involved in that referendum. There was not only the financial equality or the money issue, but the equality of status that women sought along with men teachers; and I think that second issue is fully as important for us to determine as the financial issue, as to whether 389 teachers are picking up a bounty this year of \$816, or whatever the amount is in dollars.

I think the people specifically directed us to give equality of status. Now, we heard yesterday and we heard again today—and as far as I am concerned I had a very interesting discussion with Mr. Canty—about the legal niceties and technicalities involved in the fact that people are presumed to know the law when they vote and people are bound by the knowledge of the law.

However, I don't think that the people who voted on November 4th knew anything about or cared anything about the statute of 1875—if that was the year of the statute. I, among others, didn't know that men had a pupil load under the School Committee rules of an extra fifty-four hours per week, and I think most people assumed when they were voting for this that they were voting to equalize the status as well as the finances of men and women teachers.

I feel that the people, either in their discussion at home among themselves or in their private thoughts or in the ballot box, thought that Miss Jones and Mr. Sullivan were both high school teachers, and as far as they were concerned, were both doing substantially the same kind of work; and if Miss Jones was good enough to teach in a high school along with Mr. Sullivan, then both of them should get the same kind of pay.

I think that was the predominant motive with the people, and I know that technically we are not supposed to look at the intent of people when they pass a law or the intent of a legislature when they pass a law, but it seems to me we have a moral as well as a legal obligation; and I think

too, that if we adopt the theory of reclassification, all we are doing is attempting to circumvent the will of the people which was given to us in a direct mandate according to my way of thinking on it.

We must divorce that problem from the inflation with which men and women are faced this year and have been faced with last year. And I thought that yesterday we tried to divorce that problem and had tried to handle it to the best of our ability.

There is no question but what men and women both need more money, but having given equality of status, and not trying to get around the equality of status by reclassification, it was my feeling that the women would have received and will receive everything to which they are entitled, and that the men in turn could receive a one-year emergency allotment based on the increased cost of living on the understanding that it was a one-year grant only.

But the two problems should not be confused. The financial problem of the men should not be confused with both the financial and status problem of the referendum under the terms of which, in my opinion, we are morally bound as gentlemen to go along and vote what has been commonly—maybe improperly—called "equal pay."

I am against reclassification, and therefore I am against the motion as it's presently put because, in my opinion, it would be a subterfuge or a means of getting around the expressed intent of the majority of the people in Boston.

Dr. Foley: I haven't any questions, Mr. Chairman.

Mr. Canty: May I speak, Mr. White?

Chairman: Yes, Mr. Canty.

Mr. Canty: Well, Mr. Muchnick, if we really want to be fundamental, then, we can ask the question, "Why didn't the Legislature use the term 'single salary' or 'equal pay'?" Why did the Legislature use those words, "same type of work, same grade, same training and preparation"?

Let's put it back in the Legislature, then. Why didn't the Legislature go all the way through and say that the women should receive the same compensation as men if they are teachers? They could have done that.

Now, if you are talking about moral obligation, wherein should the elementary group, for instance, come within this provision? When did you get a mandate from the people to grant them a \$524 increase? You received no mandate there.

Mr. Muchnick: With the elementary group, Mr. Canty, I am the one to whom that question should not be addressed. I was not a member of this Committee.

Mr. Canty: But I am pointing out that you are telling these gentlemen that they have a moral obligation.

Mr. Muchnick: I will make no comment on any actions prior to

January 4th or 5th, or whenever it was.

Mr. Canty: We are talking about the funds.

Mr. Muchnick: Yes.

Mr. Canty: We have to become very basic, and we have to determine whether every one of these individuals who receives an increase over and above another is entitled to receive such increase under the law, because you are using the law as your shield or sword with which to provide this increase.

Mr. Muchnick: I am not using the law itself. I am using what, in my opinion, is the will of the people as they expressed it on election day.

Mr. Canty: The will of the people is expressed through the law. It's expressed first by the Legislature here in setting up the statute, and then it is put into effect as a mandate through the vote.

Mr. Muchnick: Correct, and—

Mr. Canty: And that is the will of the people. You have complied with the will of the people. You are complying with the referendum, and you can't go over and beyond that.

Mr. Muchnick: There I don't agree with you.

Mr. Canty: If you will comply with the will of the people, I am all the way with you.

Mr. Muchnick: In my opinion, the will of the people was expressed on November 4th saying that if a man and woman—and let's stick to the high school example for the moment because that is the one we used yesterday—if a man teaches in a high school and in the next room to him a woman teaches in the same high school—let's take a mixed high school for a moment like Hyde Park High School—that there should be no differential in their status or in their pay.

That is all I think the referendum meant to the people, and I may be wrong in my interpretation of it.

Mr. Canty: Well, Justice Qua will disagree with you, of course.

Mr. Muchnick: No. Justice Qua is talking as a lawyer. I am talking as a lay person trying to interpret what I think the people meant. I am not here as a lawyer. I wouldn't want to compete with Qua anyway, very frankly.

Chairman: Mr. Muchnick, for the purpose of clarification, may I let you know the opinion of the Law Department or have read for the record the opinion of the Law Department? They are our legal advisers. Regarding this subject on which you are now talking and on which Dr. Foley's motion is based, the Law Department submitted certain opinions in answer to the Superintendent's questions in reference to this referendum.

Superintendent (reading):

Dr. Arthur L. Gould,
Superintendent of Schools,
15 Beacon Street,
Boston 8, Massachusetts.

Dear Superintendent Gould:

By your letter dated December 3, 1947, and sent at the direction

of the School Committee, you have requested my opinion on certain aspects of the so-called teachers' equal pay law, which is in force in the City of Boston by reason of acceptance, as provided in St. 1946, c. 527, s. 2, by a vote at the biennial city election on November 4, 1947.

The exact text of the law is to be found in G. L. (Ter. Ed.) c. 71, s. 40, which, as most recently amended by St. 1946, c. 527, s. 1, reads as follows:

"The compensation of every teacher employed in any public day school in the commonwealth, except persons in training and those employed as temporary substitutes, shall be at a rate of not less than one thousand dollars in towns of less than two million five hundred thousand dollar valuation for the fiscal year preceding and in all other towns at a rate of not less than twelve hundred dollars for the school year in that school. Women teachers employed in the same grades and doing the same type of work with the same preparation and training as men teachers shall be paid at the same rate as men teachers. Such equal pay shall not be effected by reducing the pay of men teachers. The provisions of this section relative to equal pay for men and women teachers shall be in force in any city or town which accepts or has accepted provisions relative to equal pay for men and women teachers in any manner from time to time provided by law."

One query is: Must equal pay be achieved by immediate advancement of women teachers to the maximum salary of corresponding groups of men teachers, or may equal pay be achieved by the use of annual increments, assuming that the same maximum is established for men and women in corresponding groups?

The statute says: "Women teachers employed in the same grades and doing the same type of work with the same preparation and training as men teachers shall be paid at the same rate as men teachers." For the statute to be applicable, the "grades," "type of work," and "preparation and training" must be "the same."

Murphy v. School Committee of Lawrence, 1947 Mass. Adv. Sh. 801. If all three of these requirements are met, then the rate of compensation must be "the same." In my opinion, this means that a woman teacher who has met all three requirements is entitled to compensation at the same rate as a man teacher in the same year of the male rank corresponding to hers. Consequently, such a woman teacher who is on the maximum salary of her rank will, if equal pay is effected by increasing her compensation, go on the maximum salary of the corresponding male rank.

You also ask: Would School Committee classifications, present or future, of groups of teachers be upheld by the courts?

This question was expressly left open by the Supreme Judicial Court in *Murphy v. School Committee of Lawrence*, supra. Nevertheless, it seems probable that a well-reasoned and basically-sound classification made by the School Committee in good faith would not be upset by the courts.

In view of the passage of St. 1948, c. 167 and of my communication to you of even date concerning that act, it would appear to be presently unnecessary to consider the remaining questions asked by your letter of December 3, 1947.

Yours very truly,

(s) Joseph A. Scolponeti
Corporation Counsel.

Mr. Canty: Mr. Chairman, may I speak?

Chairman: You may proceed.

Mr. Canty: Dr. Gould, did those questions supplement the questions you asked on November 17th?

Superintendent: Yes. Those were the questions that I was directed by the School Committee to have answered.

Mr. Canty: On November 17th, the question was asked: "Is the statute referendum mandatory?" The answer was, "Yes."

Superintendent: That's correct.

Mr. Canty: "When is it effective?"

Superintendent: That is not a written reply, but that is an oral reply as I reported to you at that meeting.

Mr. Canty: "When is it effective?"

"When the salary schedule is under consideration."

"Would the School Committee classification be upheld by the courts?"

"Yes, the School Committee can make any classification it wants."

"Must equal pay be achieved by immediate payments or can it be achieved by increments?"

"Equal pay may be achieved by increments."

"Is Chapter 71, Section 40, applicable to Boston in view of Chapter 224?"

"Yes."

"Is 1875 Act for Boston governed by Chapter 71, Section 40?"

"Yes."

"Assuming that equal pay goes into effect now, would an equal cut in the future violate the provisions of Chapter 224, Acts of 1946?"

"No."

"Would any cut in the salary schedule at any time violate Chapter 71, Section 40?"

"No."

"Is the establishment of a salary schedule by the School Committee a legislative or administrative function?"

"Both legislative and administrative."

"Is the Legislature intending to limit the contracting power of the Boston School Committee?"

Yes.

I think, in view of the opinion of the Corporation Counsel, and in view of what the Town of Dedham has done, for instance,

Gloucester, Salem, Taunton, and three or four others, equal pay, as it is loosely called—Justice Qua stays away from it—may be accomplished by increments, and this School Committee is in the unusual position of being told to grant the same pay for the same type of work and so forth, but it is limited in trying to accomplish that in that it has a statutory ceiling. It is limited in the way that no other school committee in the Commonwealth is limited.

Therefore, this School Committee has an unusual position. It has to adopt an adequate salary schedule, but it hasn't the provisions to adopt a schedule that is adequate for men.

In other communities, before this equal pay, so-called, is achieved, it is achieved at the men's level and not at the women's level. In Dedham, the Dedham School Committee voted the \$500 for everybody in the school system, and then went on from there to accomplish the so-called equal pay, granting equal pay to women teachers with bachelors' degrees—they made that kind of a classification there. As the Corporation Counsel ruled, any classification you wish to make, you can make.

They made a classification in degrees there. A woman teacher having a bachelor's degree may receive equal pay in two increments. A woman teacher having a master's degree may achieve it in three increments.

Now, this School Committee is limited to \$4,150,000 increase under the 1948 law. Dedham has no such limit. Dedham could have first granted a \$10,000 increase for the men and then brought the women up to that level by increments.

However, Boston is limited to an increase of \$4,150,000, and it then hits the ceiling. Now, under that ceiling this Committee must operate. In other cities and towns, the school committees are not concerned with any such ceiling, but this Committee must operate for all of its teachers under a ceiling, and it is going to cut one group out of its program and say, "We are trying to put an interpretation on it that the voters said only the women are to benefit this year. The men are not to benefit."

That is what you are saying when you are trying to read that statute or the will of the people into that statute. You are trying to say that the public has voted against the men in Boston.

Now, I believe that the parents of all the children that the men teachers are teaching had no such intention. You have 2400 women teachers. Altogether, you have 1031 men teachers. It's a ratio of approximately two to one. It's not the great disparity in numbers that the press has led the public to believe. All that we have been reading since last November is propaganda from the women's side of it. The men have not had

the opportunity to have their case presented.

Well, I suppose you could say that we did have the opportunity, but we are engaged in education. I am not out here to become a public figure. I am concerned with the schools of Boston, and I don't need to go to the newspapers and try to advertise my cause.

The only ones who can promote the cause of education in Boston are the five School Committeemen, and they are the elected representatives of the people to promote the cause of education.

If the women have an objective independent of the cause of education, then they can promote it through press relations, but I have no such objective. I have only the objective of promoting the cause of education in Boston, and the Superintendent, in speaking to the School Administrators said, "One of the biggest items in the promotion of that cause is the question of salary schedule. You cannot ignore the needs of the men when you are scheduling salaries."

Now, if this School Committee wants to reach the ultimate, all it has to do is to say that we don't need men teachers any more and go on from there. That is what this School Committee is going to do if it's going to ignore the men and grant this blanket increase to women when there is no demand for it either legally or morally, nor even ethically. There is no need for such a grant.

Unless the School Committee has the funds available, that is so; but I point out to you that you have \$4,150,000 additional ceiling. If you can accomplish what the women want within that \$4,150,000 and if you can accomplish what the men want there, then everything is fine and you have a coherent and organized group and everybody in Boston will thank you.

Mr. Muchnick: Mr. Canty, if the men stayed at the same level this year and women weren't given an increase, would the men be dissatisfied then?

Mr. Canty: Excuse me. I lost the first part as to who was to stay at the same level.

Mr. Muchnick: If the salary schedule of the men and women remained unchanged at present, would the men be dissatisfied?

Mr. Canty: I think they would be. At that point I don't like to think in terms of the men. I like to think of the teaching force of Boston. The teaching force of Boston will be dissatisfied if you stay at that level. I think that every teacher in Boston is entitled to a raise. There is no reason why Boston should look to the rest of the country in any aspect of school administration.

Mr. Muchnick: That I will not quarrel with.

Mr. Canty, leaving the women out of it for a minute, do you think that the men would be satis-

fied or dissatisfied if neither group got a raise—if everybody remained in the status quo?

Mr. Canty: If everybody remained in status quo, would the men be satisfied whether or not women are dissatisfied?

Mr. Muchnick: Yes.

Mr. Canty: I think, as spokesman for the men, I would be dissatisfied.

Mr. Muchnick: Now, if there were enough money and everybody went to \$4888 with a \$400 increase for the men, the men would have no objection to the women realizing equality of status and equality of money, would they?

Mr. Canty: No, that's correct.

Dr. Foley: The answer is no.

Mr. Canty: I go here on one premise, that I am not opposed to anybody receiving more money. I have said it on more than one occasion. I can always stand competition. If a woman can get more money and if she is entitled to it, provided she doesn't take it at my expense, I have no objection.

Mr. Muchnick: Would men then want reclassification to get the four "sames" involved if everybody got \$4888?

Mr. Canty: Reclassification comes within the \$4,150,000.

Mr. Muchnick: I am assuming we have five or six million with which to increase everybody—no ceiling.

Mr. Canty: Would reclassification be necessary?

Mr. Muchnick: Yes.

Mr. Canty: From our standpoint? I think it would not be necessary.

Mr. Muchnick: Then the problem, so far as the men are concerned, isn't what women are getting but that men want \$400 more, isn't that right?

Mr. Canty: I have made that clear all along.

Mr. Muchnick: Regardless of what happens to the women.

Mr. Canty: Correct.

Mr. Muchnick: Then isn't it fair for us to keep the two problems separate and distinguish the equal pay referendum, which I am miscalling, and the problem of the men who need at least temporarily \$400 increase?

Mr. Canty: You can't keep these distinct while you have a \$4,150,000 ceiling. Eliminate the ceiling and then you can keep your problems distinct.

Mr. Muchnick: Let you and I forget for a minute that we are lawyers.

Mr. Canty: Well, if I do, I will lose my case. Go ahead.

Mr. Muchnick: I don't know about that. Don't you think the average person felt, and still feels, that if Miss Jones is good enough to teach her son in the ninth or the tenth grade, to get it away from the junior high school situation, one year, and is good enough to teach her daughter the next year, and that that same boy and girl are either in subsequent or preceding years taught by Mr. Smith, that if the two people are equally qualified

according to our Superintendent of Schools to handle her two children in their respective grades, that the people thought they were entitled to get the same amounts of money and equality of status? Let's forget all the technicalities that go with it. Take just the average lay person's opinion.

Mr. Canty: Well, if we go to the full implication of your question there, we have to count the numbers. There were some 90,000 to 60,000. Now, you point out that there is the question of the intent of the voter. The Lowell School Committee looked at it this way.

Mr. Muchnick: I am talking about the moral obligation.

Mr. Canty: I know you are talking about that. Here is the way the Lowell School Committee saw the moral obligation:

"The teachers' equal pay referendum which appeared in the Plan E election ballot last week has been approved by a vote of 15,033 to 7,133, with 15,784 blanks."

Now, the person you are talking about, whose son I am teaching and whom Miss Smith will teach next year, might have cast one of those 15,784 blanks, so I can't answer for her.

Mr. Muchnick: But in Boston, isn't it true that the affirmative vote exceeded the total of negative plus blanks?

Mr. Canty: I am not sure of that.

Mr. Muchnick: I think that is a fact.

Mr. Canty: I am not sure of that. The Boston papers did not advertise it.

Mr. Muchnick: I think it was more than 50 per cent of the total vote cast, including blanks.

Mr. Canty: I have not the figures here. I'd like to see the Boston figures before I carried on that discussion.

Mr. Muchnick: We can get them.

Mr. Canty: Now, the Lowell story: "Three board members are of the opinion that the blanks should be considered as votes in opposition to the referendum or that the Committee is better able to act on the matter rather than the public at large."

Mr. Muchnick: Why have a referendum at all?

Mr. Canty: You have a referendum to comply with the statute. That is what you certainly should do. That is your basic requirement.

Mr. Muchnick: We had the power without the referendum.

Mr. Canty: Correct.

Mr. Muchnick: And having never exercised the power, the people, in my opinion, said, "From now on you will exercise it in that manner."

Mr. Canty: In that manner. Correct. That is the important part.

Mr. Muchnick: Yes.

Dr. Foley: Well, Mr. Chairman—

Mr. Muchnick: You and I disagree about what that is.

Dr. Foley: Mr. Chairman, just a thought on the motion that I had presented to the School Committee with regard to reclassification. Now, in the Corporation Counsel's brief submitted to the Superintendent, he says, "Women teachers employed in the same grades and doing the same type of work with the same preparation and training as men teachers shall be paid at the same rate as men teachers."

I heartily agree with that provision in this particular letter. Also, I lay stress on this question here about the matter in Paragraph 4. I will omit the court case of Murphy vs. School Committee of Lawrence and just state this. In fact, in all cases that I have sat on this Committee, I believe we had the judgment of the Corporation Counsel and we have taken his judgment and his opinion.

He says here, "Nevertheless, it seems probable that a well-reasoned and basically sound classification made by the School Committee in good faith would not be upset by the courts."

Now, I think that is the entire heart of what we are debating and arguing about here—a classification of all teachers. I am not opposed to the so-called "equal pay." I gladly endorse any individual that meets the requirements of men teachers or anybody else.

I do want to see our teachers, both male and female, treated decently and correctly by this School Committee. That is the only reason I am advocating and trying to do it on my own. That is only an individual's thought. No matter what the press says or what anybody else talks about, I am trying to determine in my own mind that a reclassification is necessary.

I am going off on tangents. I spoke some time ago about a rotation plan for principals in our schools, and I thought it was a good plan and still do, and I think that the reclassification of teachers would be a solution to all our difficulties here, and we must, of necessity, adopt it sooner or later.

Mr. Muchnick: Mr. Chairman, I think there is one thing that we are overlooking in the whole discussion. I don't think it's up to us to decide whether this equal pay referendum is a good referendum or a bad referendum. I don't think we should exercise any independent judgment on it at all.

Assuming for the moment, without admitting, that it's a bad referendum, that is the choice that Boston made; and I think we are morally bound to follow their choice, whether we like it or don't like it.

Mr. Canty: Well, I agree, Mr. Muchnick, and I always say, "follow the referendum." We are in hearty accord there.

Dr. Foley: I agree with you.

Chairman: There was no difference of opinion on that at all yesterday.

Mr. Muchnick: Then we come to the question of how we interpret the referendum. It seems to me if we attempt reclassification—and in my opinion if we attempt it, it's for the purpose of circumventing the referendum—then I think we are breaking faith with the people.

Chairman: If that is the purpose, we will not do it.

Mr. Muchnick: I say in my opinion that would be its purpose.

Chairman: That shouldn't be its purpose.

Mr. Muchnick: I believe it shouldn't be the purpose, but reclassification is rearing its head now only because there is not enough money to go around for everybody.

Dr. Foley: But there is.

Mr. Muchnick: If there were enough money to go around, we wouldn't be discussing reclassification, and if we are discussing it from the point of view of trying to get some money out of what I think the people wanted to give only to the women—maybe at the expense of the men—as a result of this referendum, if we are trying to get some of that money for the purpose of giving to the men an increase—which I think they should have but which unfortunately we don't seem to be able to give unless we give it on an emergency basis—then I think we are breaking faith with the people regardless of whether they did the right thing or the wrong thing in the referendum.

Dr. Foley: Mr. Chairman, I don't quite agree with Mr. Muchnick inasmuch as all reputable business houses take stock in their plants. They find out and determine who is the best qualified for promotion. They find out how their balances are and what it is all about.

So should we, as members of the School Committee, here. We should determine for ourselves in which particular bracket an individual fits, whether he be male or female.

Now, that is all this whole reclassification is for. It's not to penalize anybody.

Chairman: Well, I didn't think that the reclassification, as Dr. Foley suggested, Mr. Muchnick, was for the purpose of circumventing the provisions of this statute in the referendum.

Mr. Muchnick: Well, it would not have come up, Mr. White, if we had enough money for everybody.

Chairman: I do not read that into Dr. Foley's motion in the face of the opinion of the Law Department that says that in the adjustment of the provisions of the law, it is our obligation to see that people doing the same work, doing the same kind of work, should be paid equally. I don't think that is the question that is under discussion right now.

The question that is under discussion right now is getting into

the budget sufficient money to meet the provisions of the statute.

Mr. Muchnick: No. As I understand the motion, it was to get sufficient money subject to reclassification.

Chairman: Reclassification does not need more money than you have already put in your budget, exclusive of the \$450,000.

Now, if it was reclassification, it would not cost you anywhere near the amount of money you have put in already, excluding the \$450,000.

Mr. Muchnick: That's right.

Chairman: I assume that the Doctor's additional \$450,000 was put in by a process of reclassification that both men and women teachers were to receive a raise over and above what was provided in the statute for the women, and another raise for the men.

Now, that is how I interpret it, and I did not know how he was going to make the motion because he did not qualify at all who should get that raise.

Dr. Foley: I don't think Mr. Muchnick is qualified to break it down.

Mr. Muchnick: I agree with Dr. Foley on what he just said, only. If the purpose here is to get additional funds into the budget without earmarking it, unless it's earmarked the way we expressed yesterday if it can be done, then I am all in favor of it.

However, if it is going to be earmarked and either now or later combined with the other \$1,550,000 that is supposed to take care of equal pay, and if there is going to be a reclassification along those lines, then I think it is breaking faith.

Chairman: I, too, want to admit my lack of qualification to interpret what our responsibilities are under this statute, with the advice of our own attorneys.

Mr. Muchnick: I am not talking of the legalities of it, Mr. Chairman. I am talking of the morals and ethics, as I see them and as I have been seeing them since about eight o'clock last night.

Dr. Foley: Yesterday's action has been expunged. That is yesterday's news.

Chairman: No, because it is part and parcel of the explanation of what is going on and what we are going to do finally, Doctor.

Dr. Foley: That's right.

Chairman: We came down to a discussion yesterday and put sufficient money in to meet every provision of the statute and the referendum in the budget, and we assume we reaffirm that action today. Isn't that so?

Then the discussion took place on what is an equitable solution now on the problem, and this is basically what our action was based upon. We agreed wholeheartedly with the provision of the budget, and there were no questions asked.

Mr. Muchnick: That's right.

Chairman: We did say, though, in further discussion that during a period of economic stress and rising costs of living and rising prices for the necessities of life, we find the men teachers are in a position where they as of today have only received approximately 14 to 15 per cent increase in salary since before the war.

Mr. Muchnick: And that regardless of what they had received, they haven't got enough money to get by with.

Chairman: Now, Mr. Muchnick, that is what I am coming to. Then we said in further deliberation, realizing that everybody else, city employees and state employees and everybody else, have received or will receive at the end of this year almost generally a greater percentage of cost-of-living increase than these men under these circumstances have received, is there something this School Committee can do to adjust that, at least temporarily till we get to a position where we can go back to the Legislature to equalize these salaries at an equitable rate which the School Committee is in favor of.

Now, is that a true statement of what we did yesterday?

Mr. Muchnick: Yes, a very fair statement.

Chairman: And then we further agreed—I say that because I think we ought to make our position very clear here today—that we further agreed that we would do it this way. We will include \$450,000 or approximately enough to give each man an increase of \$400 this year.

Mr. Muchnick: With a specific tag on it.

Chairman: That's right. And we asked the Law Department if it was legal, and we then said that we would go to the Legislature next year and explain our difficulty, as I did to them this year, saying that we don't think the men have received a sufficient raise.

And if the law provides, of course, that the women must come up to meet that under the referendum, we did not object to that. Is that right?

Mr. Muchnick: Correct.

Dr. Foley: Mr. Chairman, I must insist that we throw everything that happened yesterday out. Let's not rehash yesterday's news.

Chairman: Now we are getting down to an understanding of what we did.

Dr. Foley: All I am interested in, Mr. Chairman, and have been since I have been a member of the Committee, is our appropriating power and how much money we had to appropriate, and if we were within our limit of appropriation.

The Business Manager assumed me yesterday, or the day before yesterday, that we were within our limit. Now we are within our limit on everything that we have done so far, and in fact with this \$450,000 we are still

within our appropriating power. Is that so, Mr. Smith?

Business Manager: That's correct.

Dr. Foley: That is all I am interested in.

Mr. Muchnick: Well, I am interested in a step further, Doctor. Once we appropriate it, I would like to know what we are going to do with it.

Dr. Foley: Of course, that is factual. That will come afterwards. I move that we accept—

Chairman: That is a question?

Dr. Foley: A very important one.

Chairman: I thought the Doctor agreed with what I interpreted him to say, that it was for the purpose of giving an additional raise under the provisions of your statute, guided by your own counselors.

Dr. Foley: That's right, and I did.

Chairman: Is that clear, Mr. Muchnick? Is that so? Now, is there any confusion in that?

Mr. Muchnick: I am opposed to the word "reclassification" in connection with this \$450,000, or any part of the budget, if the purpose of that reclassification is to circumvent what I think is the will of the people.

Dr. Foley: I wouldn't say that.

Chairman: If the Law Department advises you that in the adjustment of these salaries under the statute we are obligated to give the women the same pay for the same type of work with the same preparation and qualification, isn't that what we have to do?

Superintendent: I think so.

Chairman: Is that what we have to do?

Dr. Foley: I agree. I couldn't go away from the Law Department's opinion.

Mr. Muchnick: Mr. Chairman, I think that in addition to the Law Department opinion we have the moral problem of trying to determine what the people meant. I think that they meant what I said before that I thought they meant. I am more convinced that I am right about that because of some of the statements that have been made by some of the people present—that if there was enough money to go around so that everybody got \$4888, there would be no question of classification and reclassification. Nobody would care very much if Miss Smith and Mr. Jones, both teaching in the third year of high school for the last fifteen years and presumably doing a good job, had the three "sames" down to the nth degree or down to the decimal point.

I am also concerned as to how you can measure that, very frankly, in our system without its being a very general measurement, and if it's a general measurement, then strict interpretation of the word "same" means nothing.

Chairman: That may be so. That is what you and the other members of this Board will have to determine.

Mr. Muchnick: But if the purpose is to give the men a \$400 increase, which I think they should get if we have the money—but if the purpose is to give them a \$400 increase, and as a result of giving them that \$400 increase we have to use reclassification to get around in some manner what I think the equal pay statute calls for, then I oppose it.

Chairman: I agree with you, but I did not read that into Dr. Foley's motion.

Dr. Foley: No, that isn't the purpose at all.

Chairman: I did not because of this, Mr. Muchnick. If Dr. Foley had not made the motion to include \$450,000 additional, you would then be saying, "By purposes of reclassification, can we get that \$450,000 somewhere else?" Do I make myself clear, and do I understand Dr. Foley?

Dr. Foley: That is very true.

Chairman: Do you understand that?

Mr. Muchnick: Then that satisfies me, and we come—

Dr. Foley: Mr. Chairman, I don't want to penalize anybody, male or female.

Mr. Muchnick: Then we must come to our second problem—if we interpret the equal pay referendum correctly—of how we can get this year on the basis of a one-year grant only the sum of \$450,000 in to the men, because in my opinion it must be done that way. If it's a permanent increase, we are violating the principle of equality of status, and we are in effect, in my opinion, giving the women as well a \$400 increase.

Chairman: You could not do that under the provisions of Dr. Foley's motion. Then there would not be enough money in the budget to give \$400 to the men and \$400 to the women.

Mr. Muchnick: That's right.

Chairman: That would not be available under his motion. I did not read that into his motion.

Mr. Muchnick: I say we have to settle that.

Chairman: We will have to settle that before five o'clock.

Mr. Muchnick: Before four o'clock.

Chairman: Now the question comes on Dr. Foley's motion.

Dr. Foley: The question, Mr. Chairman?

Chairman: Question comes on a roll call on Dr. Foley's motion which is substantially as follows:

That \$450,000 additional be included in the budget and distributed among the items salaries of principals, teachers, etc.; salaries of administrative officers, physical education; vocational guidance; for the purpose of providing salary increases after reclassification of all teachers.

Mr. Muchnick: Mr. Chairman, do I understand that this amounts to the fact that on reconsideration we subtracted \$450,000 collectively from these four items and that now all we are doing is putting \$450,000 back?

Chairman: Exactly.

Dr. Foley: Exactly.

Chairman: That is it, but I could not quote his motion for you exactly. Now the question comes on that motion. As I understand that motion, that amount will be allotted generally, Doctor—and I want to be corrected if I am wrong—for a general salary increase under the provisions of the statute.

Mr. Downey: For all teachers.

Dr. Foley: For all teachers.

Chairman: Is that right?

Dr. Foley: For all teachers.

Chairman: Let me make one statement. The reclassification you were talking about is the reclassification talked about in this letter from the Law Department.

Mr. Muchnick: Mr. Chairman, I move to amend this motion by earmarking that extra \$450,000 for male teachers.

Chairman: Well, Mr. Muchnick, I was going—

Dr. Foley: I don't think that we can earmark anything on the basis of sex. I don't think that we can bring male and female into the subject. My motion was for the system at large—both male and female. I don't think we have any authority, and I don't feel as though I have any right to vote for one sex any amount of money that is inserted in the budget.

Chairman: I don't think at this time that I could justify my vote for another increase on top of the increase that the women teachers are getting under the provisions of the statute. I do have a deep understanding and realization of the situation in which the men teachers work and how they have not received any additional adjustment during these times of the high cost of living and economic stress except the \$400 plus a \$200 emergency allotment which they received.

That makes a total of only 14 per cent. If there was some way that that could be legally done, I would vote that today. Now, there is a difference of opinion on whether that can be done. Am I right or wrong?

Mr. Muchnick: There is, Mr. Chairman.

Dr. Foley: Whom are you asking, Mr. Chairman?

Chairman: I am asking anybody who will give me the answer. I believe there was some question, because you questioned the legality of it in your statement just now. I don't know whether we can do that legally.

Mr. Muchnick: I don't, either.

Chairman: That is why I wanted the opinion of the Law Department. Everybody on this Committee did yesterday to see if we could do that. Now, if you can't do that and then if your amendment is against the law as it stands today, then your amendment and my desires are illegal. Is that so?

Mr. Muchnick: I would probably say yes, and I am speaking strictly as a lay person when I say it, Mr. Chairman.

Chairman: I know you are, but that seems to be the general opinion we got from many lawyers we talked to about this case, including yourself, yesterday or today. If that is so, I assume what we are doing is not legal and it couldn't prevail anyway, isn't that right?

Mr. Muchnick: I don't know, frankly. I still have the hope that some way the legality of it might be worked out so that the men could get a one-year-only cost-of-living grant.

Chairman: And then at the end of one year, I would assume, this Committee would go the Legislature to try to make it permanent and also the provisions of the statute which we operate under today in the referendum to be made permanent for all groups.

Mr. Muchnick: Make it permanent for both sexes.

Dr. Foley: That is hypothetical.

Mr. Muchnick: Nobody guarantees it. It is just an attempt on my part.

Dr. Foley: Mr. Chairman, all I have asked in my motion is that within the limits of our budget—we are not overdrawn at all, we have not gone over at all, it is just a provision that can be talked about, and we have until May to discuss it—whether we can reclassify. We might not be able to, but at least we are giving everything we possibly can to determine a classification within our system.

The Law Department holds that up for us. They are interested in it. They are our legal advisers. They say that undoubtedly it is a good plan.

Now, we have always followed the Law Department. Our judgment is a "skip" judgment part of the time.

All we are doing is putting an amount in the budget. We might not be able to use it. There might be something else that would come up, but I'd rather see it in there with the understanding that we might have to take it out than not have it in there at all. Now, that is the whole crux of the business.

Now, is it going to hurt us any by putting it in there? I say no. Is it going to hurt us by taking it out? Maybe we have some other opinions later that might say, "Why didn't you put it in there Monday? That is the last day of the budget."

Now we can always take out but, the same as making a good denture, you can always cut off but you can't add on. I can't add to a piece of work of mine, but I can always cut off a piece, and that is the same way with this budget. I brought that in not to get business. I did that as an illustration that we can't very well do one thing and be sorry for it.

Now I end my plea. That isn't the plea, but I think it's sound judgment. We want to do things intelligently. Let us do it. Let us do things. After all, this is a system of men and women. Let us

treat them as men and women, male and female.

Chairman: Doctor, I think that we are not working at cross purposes. We are trying to do what we think is the most equitable thing.

Dr. Foley: I ask for the motion, Mr. Chairman.

Chairman: I don't think we are at cross purposes at all. I think our purposes are identical. We want to do what we think is the most satisfactory thing for everyone, and by the very fact that we have included as much money as we have in this budget for salaries, that is proof of our intent.

Now, we do recognize the fact that there are certain inequalities no matter if they happen to be beyond our control; and with our statutory limitation, we could not do all we wanted to do. We still thought there was an opportunity to do something for the men.

In your motion, you earmark it for a general salary adjustment. Isn't that so?

Dr. Foley: Yes. I didn't put any strings on it at all. I didn't tie it up with anything.

Chairman: I thought you said definitely that it was general because you couldn't distinguish between the sexes. Wasn't that right?

Dr. Foley: That's right.

Chairman: Now, if Mr. Muchnick's amendment is untenable, being contrary to the law, and my statement of my sympathies and what I'd like to do is untenable because of the law, I would like to have that determined. That would decide for me how I would vote. I don't want to vote against yours if ours is wrong.

Mr. Muchnick: Mr. Chairman, I am not so sure that we have to earmark today for men only.

Dr. Foley: That's right.

Mr. Muchnick: I am not so sure we have to do it, so I would just as soon withdraw the amendment.

Dr. Foley: That is out of order, anyway.

Chairman: The Secretary will call the roll on Dr. Foley's motion.

The motion passed by the following vote:

YEAS—Messrs. Foley, McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

Chairman: The motion now comes on the adoption of the budget. We will now proceed.

APPROPRIATIONS—LAND AND BUILDINGS

The following communication was received:

CITY OF BOSTON—DEPARTMENT OF SCHOOL BUILDINGS

ANNUAL APPROPRIATION FOR MAINTENANCE, EXCLUSIVE OF "ALTERATIONS, REPAIRS, FURNITURE AND FIXTURES"

The Business Manager submitted, in compliance with the rules, the following communication and appropriation order:

April 5, 1948.

In compliance with the instructions of the Committee and pending the compilation of the budget in book form for the fiscal year 1948 with accompanying detailed estimates for all schools, departments and other activities, I am presenting for your consideration the accompanying appropriation order totaling \$20,913,278.20, which sum includes \$1,440,087.24 for equal pay for equal work from Jan. 1, 1948.

The said sum of \$20,913,278.20 covers all expenditures for maintenance under the direct control of the School Committee. The School Committee will also make appropriations for the following items and in the sums set forth below. The expenditures under these items will be under the direct control of the Department of School Buildings.

Alterations, Repairs, Furniture and Fixtures	\$1,773,946.66
Land and Buildings for Schools	633,900.00

In connection with the appropriation order totaling \$20,913,278.20 to cover expenditures under the control of the School Committee, there will be furnished to His Honor the Mayor a copy of the estimates of proposed expenditures, dated January 30, 1948, also the detailed additions or reductions to such estimates which have been approved by the School Committee. In other words, the estimates of proposed expenditures under the control of the School Committee totaled \$19,704,045.09. Since the preparation of these estimates, a net increase of \$1,209,233.11 has been made making the total of the final appropriations to cover expenditures under the control of the School Committee, \$20,913,278.20.

The total appropriations for 1948 will therefore be \$23,321,124.86 (\$20,913,278.20 plus \$1,773,946.66 plus \$633,900.00=\$23,321,124.86).

The total credits made up of the unexpended balances at the end of the year 1947 and the estimated income for the year 1948 will amount to \$2,214,596.50. The amount to be raised by taxation would therefore be \$21,106,528.36, which is the difference between

the total appropriations and the total credits (\$23,321,124.86 minus \$2,214,596.50—\$21,106,528.36).

Respectfully submitted,
(Signed) Henry J. Smith
Business Manager

Placed on file.

Mr. Ward: What are you reading now?

Chairman: This is a statement from the Business Manager to the School Committee.

Dr. Foley: Mr. Chairman, I move that the words "equal pay" be expunged from that letter.

Mr. Muchnick: Mr. Chairman, if I remember correctly, yesterday this Committee agreed unanimously that the sum of \$1,440,000, roughly, would be earmarked for equal pay. I don't remember the exact wording, but it was the unanimous agreement, and in compliance with that agreement, I assume that the Business Manager drafted the letter including that statement which was just read to us by the Secretary.

Chairman: That's right.

Mr. Muchnick: And I think that for the reasons advanced before, we have absolutely no choice, whether we agree or disagree with the merits of the referendum.

However, the referendum having been adopted, I insist we have no choice but to ratify our action of yesterday and to earmark that sum, as has been earmarked by the Business Manager, for equal pay.

Chairman: This is just a notification from the Business Manager of why the amounts were so much money. Isn't that so?

Business Manager: Yes. This is the detailed explanation.

Chairman: Any action you have taken has already been taken on the appropriations.

Mr. Muchnick: But I say we should ratify our vote of yesterday in a formal public meeting, earmarking that money.

Chairman: You have already ratified your action in the appropriation.

Mr. Muchnick: I would like to ratify specifically that portion of our agreement of yesterday and to earmark the \$1,440,087 for the equal pay referendum.

Chairman: For the adjustment of the salaries under the referendum under the statute?

Mr. Ward: For adjustment of salaries under the referendum.

Mr. Muchnick: For compliance with the terms of the referendum.

Mr. McDevitt: I have no objection to that.

Chairman: That is unanimous.

The following was offered:

ORDERED, That in accordance with the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 167 of the Acts of 1948, to meet the estimated cost of maintenance of the Boston public schools for the fiscal year 1948, exclusive of "alterations, repairs,

furniture and fixtures" for which separate appropriation orders are made, the following amounts are hereby appropriated to cover expenditures under the control of the School Committee and for the purposes indicated below, which amounts include provision for equal pay for equal work from January 1, 1948:

For general school purposes:

Salaries of administrative officers, clerks, stenographers and other employees	\$ 666,740.91

(2) It is expected that \$2,201,831.65 of this amount will be provided from estimated income for 1948 and from unexpended balances from 1947.

RE-ELECTION OF ASSISTANT SUPERINTENDENT

Under the provisions of Chapter 497 of the Acts of 1946, the Superintendent presented the nomination of Michael J. Downey as Assistant Superintendent beginning Sept. 1, 1948, the present term of Mr. Downey being due to expire Aug. 31, 1948.

A roll call being ordered, the Secretary proceeded to call the roll with the following result:

Mr. Muchnick: Mr. Chairman, before voting—

Chairman: Will you reserve your right to make a statement, Mr. Muchnick, until your name is called on the roll?

Mr. Muchnick: All right.

Dr. Foley: Yes.

Promoting the Americanization and better training for citizenship of foreign-born persons	29,948.55
Vocational Guidance	59,211.41
Physical education—day schools	441,512.60
Salaries of school physicians, salaries of school nurses and care of teeth	278,125.38
Extended use of the public schools	116,995.42
Pensions to teachers (non-contributory)	(1)
	\$20,913,278.20

(1) No appropriation from tax levy. These pensions are paid from (a) income received from Commonwealth, (b) unexpended balance of last year, (c) accrued interest of Permanent School Pension Fund.

On roll call, the order making appropriations in the sum of \$20,913,278.20 passed by the following vote:

YEAS—Messrs. Foley, McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

Mr. McDevitt: Yes.

Mr. Muchnick: Mr. Chairman—

Dr. Foley: Mr. Chairman, may I break in for a minute? I would like to hear what Mr. Muchnick says, and I reserve my rights.

Mr. Muchnick: Mr. Chairman, it is my intention to vote yes, and I am now voting yes for the reappointment of Mr. Downey because of his long, faithful and excellent service to the school system, but I do not want this in any way to be used as a precedent.

It is my feeling that we do not need six members on the Board of Superintendents or six Assistant Superintendents. I don't think that Mr. Downey, in view of all the conditions surrounding his particular situation, should be

the one with whom this should start; and with that reservation I am voting yes.

Mr. Ward: I vote for Michael J. Downey.

Chairman: Yes.

The Chair thereupon declared Michael J. Downey unanimously re-elected Assistant Superintendent of Public Schools beginning Sept. 1, 1948.

Apr. 9, 1948

A special meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 11.50 o'clock A. M., the Chairman presiding.

Present: Messrs. Foley, McDevitt, Muchnick, Ward, and White.

ELECTION OF SUPERINTENDENT

Chairman: This meeting has been called for the purpose of electing a Superintendent of Schools to take office on September 1, 1948, for a term of six years.

Mr. Ward: Mr. Chairman, I believe that a matter of such importance as the Superintendency of Schools should be given more study, and I would like to ask that this election be postponed until later in the month when the members will have had an opportunity to give further study to the election of our future Superintendent.

Dr. Foley: Mr. Chairman, I have given this matter a great deal of thought. I have gone over the applications. This School Committee has prescribed qualifications and has interviewed all candidates and evaluated them for at least two nights, and of course we have been considering candidates for the last month.

I feel that I am ready now. I don't like to delay, and I practically insist that we proceed immediately with the election.

Mr. McDevitt: I concur with every word that Dr. Foley has spoken here, and I also am ready to go ahead with the election of the Superintendent of Schools.

Chairman: Any further discussion?

Mr. Muchnick: Mr. Chairman, I am a little bit surprised at Mr. Ward's request in view of the fact that I understood he made public his stand sometime last week and stated that his decision had already been made. I have given considerable thought to the

whole situation—and lost a lot of sleep doing it! Frankly, I am prepared now.

Chairman: Any further discussion?

Mr. Ward: No.

Mr. McDevitt: Mr. Chairman, I move that this Committee proceed.

Chairman: The Secretary will call the roll, Mr. McDevitt, on Mr. Ward's motion. The motion is made for postponement. Those in favor will vote in the affirmative. Those opposing postponement will vote no.

Dr. Foley: No.

Mr. McDevitt: No.

Mr. Muchnick: No.

Mr. Ward: Yes.

Chairman: No.

The motion failed to pass.

Chairman: Now the question before the Committee is the election of the Superintendent. The Secretary will call the roll.

Dr. Foley: Dennis C. Haley.

Mr. McDevitt: I would like to reserve the opportunity of making a statement after I vote, Mr. Chairman—after the vote is taken. I vote for Dennis C. Haley.

Mr. Muchnick: Dennis C. Haley.

Mr. Ward: Mr. Chairman, I have gone conscientiously into this matter as best I could. I believe that the man best fitted for the Superintendency is the candidate whom, as I have expressed some time ago, I would want as Superintendent of Schools.

I not only believe that an educational background and educational qualifications are necessary, but I believe further that we need in this system a man of courage. For six years, this School Committee has observed the courage of Dr. Gillis. Not only is it my observation and the observation of many of my colleagues, but it has been ratified by his heroism on the battlefield, which was expressed by General Edwards when he said that Dr. Gillis was the bravest and gamest soldier he had ever seen.

I think that if Dr. Gillis were not first in these qualifications, I would still believe that we should have a man of his undoubted courage as Superintendent of our Boston public schools. When my vote is cast, Mr. Chairman, I must vote in all good conscience for Dr. Gillis.

Secretary: Mr. Ward?

Mr. Ward: Dr. Frederick J. Gillis.

Chairman: Dennis C. Haley.

The Chair declared Dennis C. Haley duly elected to the office of Superintendent of Public Schools for a six-year term beginning Sept. 1, 1948.

Mr. McDevitt: Mr. Chairman and members of the School Committee: I am delighted that I have had an opportunity to assist in the election of Dr. Dennis C. Haley as Superintendent of the Boston public schools.

Years before I aspired to membership on the Boston School

Committee, I came to know the splendid qualities of our Superintendent-elect.

Over a period of years, as a businessman actively interested in the Community Fund drive and other similar community projects, I observed Dr. Haley, then Head Master of the Hyde Park High School. He was always most cooperative in every endeavor sponsored by civic groups, and especially in the work of aiding underprivileged children.

Recognizing at that time the superior executive abilities of Dr. Haley, I welcomed the opportunity to vote for him as an Assistant Superintendent of the Boston Public Schools. In that responsible position, he has convincingly demonstrated his qualifications for the position to which he now has been deservedly promoted.

It is my unique pleasure to be the only member of the School Committee sitting here today to enjoy the distinction of having voted for him as an Assistant Superintendent and now again as Superintendent.

In the present election, the real issue was the question of providing the kind of educational leadership in which the people of Boston can have complete confidence. The selection of Dr. Haley certainly gives our school system that type of experienced and competent leadership—a man who has worked his way up through the ranks, a man who for that and for many other reasons enjoys the respect and admiration of our teachers.

Dr. Haley's qualifications will amply justify his election by the progressive administration of our school system. The parents of our thousands of pupils may be assured accordingly that under the direction of Dr. Haley, Superintendent-elect, our schools will provide the kind of education which will prepare the boys and girls of Boston for successful careers and useful citizenship.

Thank you, Mr. Chairman.

Chairman: The Chair recognizes Dr. Haley.

Dr. Haley: Mr. Chairman and members of the School Committee:

Needless to say, I am very much pleased; but far more important than that is the fact that I want the School Committee to know that there is deep gratitude in my heart for the honor they have shown me and for the confidence they have placed in me in electing me to the high position of Superintendent of Schools of this great city.

The responsibility of the superintendency is great—great in that he must direct the education, morally, physically, and mentally, of nearly 100,000 boys and girls in this system.

It is great, too, in that he must help to prepare, through his policies, these boys and girls for the American way of life, to help them to live in peace and harmony one with the other, to help them constitute a nation that must live

in peace and harmony with the other nations of the world.

Gentlemen, the challenge is great, but with God's help and your cooperation, I will meet the challenge. Thank you.

Chairman: Mr. Haley, I want to assure you that you will have the wholehearted and undivided cooperation and support of every member of this School Committee so that you can meet the ends you so earnestly desire as you proceed in the administration of this great public school system.

Mr. Ward: Mr. Chairman, I want to say that as a member of this Committee I will fully cooperate with Dr. Haley in reaching the goal outlined by him, and I know that each member of the Boston School Committee will also cooperate.

The Committee adjourned.

LOUISE KANE,
Secretary.

April 15, 1948

At the call of the Chairman, a special meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 4:55 P.M., to consider the case of Harold E. Hyder, the Chairman presiding and all members (viz. Messrs. Foley, McDevitt, Muchnick, Ward, and White) being present, waiving notice of the meeting, and voting to suspend the Rules requiring such notice.

After discussion, it was unanimously voted that at a meeting of this Committee to be held on Tuesday, June 8, 1948, a vote be taken by this Committee on the question whether Harold E. Hyder be dismissed as an instructor, mechanic arts, Boston Technical High School, for conduct unbecoming a teacher, said Harold E. Hyder having this day pleaded guilty in the Municipal Court of the City of Boston of having committed on April 8, 1948, at Boston, within the judicial district of said Court, one certain offense, and said Harold E. Hyder having also this day been found guilty by said Court of having committed on said April 8, 1948, at Boston, within the judicial district of said Court, another certain offense, and

It was further unanimously voted that the Secretary of this Committee be, and hereby is, authorized and directed to give notice of the foregoing vote forthwith to said Harold E. Hyder.

The Committee adjourned.

Attest:

LOUISE KANE,
Secretary.

April 23, 1948

At the call of the Chairman, due notice having been given, a special meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 4.40 o'clock P.M. to consider ac-

cepting the resignation tendered by Harold E. Hyder, instructor, mechanic arts, Boston Technical High School.

Present: Messrs. Foley, McDevitt, and Muchnick.

The meeting was called to order by Mr. Daniel J. McDevitt, the senior member who was thereupon elected Acting Chairman.

In the absence of the Secretary, Agnes E. Reynolds was elected Secretary pro tempore.

RESIGNATION

The Superintendent reported that Harold E. Hyder has tendered his resignation as follows:

32 Whitten Street,
Dorchester, Mass.
April 21, 1948.

Arthur L. Gould, Superintendent of Schools, 15 Beacon Street, Boston, Massachusetts.

Dear Sir:

I hereby tender my resignation as an instructor, mechanic arts, in the Boston Technical High School. Said resignation to take effect forthwith upon acceptance of the School Committee.

Yours very truly,

(Signed) Harold E. Hyder.

After discussion, the Chairman stated the question was on accepting the resignation of Harold E. Hyder and the Secretary was directed to call the roll.

The members, as their names were called, respectively voted as follows to accept the resignation of Harold E. Hyder:

YEAS—Messrs. Foley, McDevitt, and Muchnick—3.

NAYS—0.

ABSENT—Messrs. Ward and White—2.

Mr. McDevitt stated that the Chairman, Joseph C. White who was attending an educational convention in Kansas City, Missouri, asked that he be recorded in favor of accepting Mr. Hyder's resignation forthwith.

Therefore, it was voted that the aforesaid resignation of Harold E. Hyder be accepted, to take effect Apr. 23, 1948.

The Committee adjourned.

Attest:

STATE FISCAL AIDS TO CITIES AND TOWNS FOR PUBLIC ELEMENTARY AND SECONDARY SCHOOLS.

State aid to municipalities for public elementary and secondary education amounts annually in Massachusetts to six million dollars. This aid constitutes almost one tenth of the total annual expenditures for public education, and thus it is of considerable importance to municipal finance. The funds come from three sources: Over four fifths from income tax proceeds, the remainder from the General Fund and from the income of the Massachusetts School Fund. This aid for elementary and secondary education is in seven forms, which can be classified under three headings: General aid to every city and town, aid to equalize the financial burden of education among the cities and towns, and special aid to small towns. In all cases the aid is in the form of reimbursement, i. e., partly based on expenditures by the municipality.

STATE-COLLECTED TAXES SHARED BY CITIES AND TOWNS.

Approximately \$5,000,000 is distributed each year among all cities and towns as reimbursement of a portion of the amounts expended locally for salaries of teachers in the public schools. This one distribution constitutes about 80 per cent of all fiscal aid paid by the Commonwealth to cities and towns to assist in financing public schools. As the amount paid to each city and town depends upon the number and educational preparation of teachers employed, it favors well-to-do towns which can afford to hire more and better qualified teachers, and penalizes towns which by reason of less favorable circumstances operate their schools with fewer teachers. The original objective of this distribution was to raise standards of teacher preparation and to encourage local governments to pay certain established minimum salaries. As a means toward these objectives this distribution has outlived its usefulness.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SHEET ASPHALT PAVEMENT IN HUNTINGTON AVENUE, WARD 4, FROM RUGGLES STREET TO LONGWOOD AVENUE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Huntington Avenue, Ward 4, from Ruggles Street to Longwood Avenue. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement in Huntington Avenue, Ward 4, from Ruggles Street to Longwood Avenue," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of MONDAY, JUNE 14, 1948, with a certified check for FOURTEEN HUNDRED (1,400) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,
(June 5.) Commissioner of Public Works.

PUBLIC AUCTION.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

TO BE HELD AT THE OFFICE OF THE COMMISSIONER OF PUBLIC WORKS, 509 CITY HALL ANNEX, BOSTON, TUESDAY, JUNE 16, 1948, AT 11 O'CLOCK A. M.

The City of Boston will sell at public auction all its right, title and interest in and to a certain parcel of land situated on the northerly side of River and Milton streets in the Town of Dedham, Massachusetts.

The title to the said land was acquired by the Inhabitants of Hyde Park by deed dated March 29, 1910, recorded with Norfolk Deeds, Book 1137, page 528, and vested in the City of Boston through the annexation of the Town of Hyde Park to the City of Boston by the provisions of chapter 469 of the Acts of 1911.

Said parcel of land is bounded and described as follows:

Southerly by River street, by two measurements, one hundred forty and 65-100 (140.65) feet, and four hundred seventy-five and 58-100 (475.58) feet, respectively;

Southwesterly by Milton street, by two measurements, five hundred twenty-four and 94-100 (524.94) feet, and fourteen and 65-100 (14.65) feet, respectively;

Westerly by lands now or formerly of George A. Marier and Joseph Montisano, by two measurements, one hundred fifty and 10-100 (150.10) feet, and two hundred twenty (220) feet, more or less, respectively;

Northerly by Mother Brook, so called, nine hundred seventy-five (975) feet, more or less;

Easterly by lands now or formerly of George M. Riley, Salvatore Eannella, and by Paradise lane, by six measurements, one hundred six (106) feet, more or less, ninety-one and 72-100 (91.72) feet, thirty-six and 80-100 (36.80) feet, one hundred eighty-five and 57-100 (185.57) feet, one hundred eighteen and 8-100 (118.08) feet, and one hundred eighteen and 64-100 (118.64) feet, respectively;

containing eleven and 61-100 (11.61) acres, more or less. Said land and all of said measurements are shown on a plan marked "City of Boston, Milton Street, River Street, Dedham, October 9, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," on file in the office of said Street Laying-Out Department, City Hall Annex, Boston, Mass.

The minimum price is three thousand five hundred dollars (\$3,500).

A deposit of one thousand dollars (\$1,000), in cash or certified check, required at the time and place of sale, balance, if any, to be paid in thirty (30) days.

The Commissioner of Public Works reserves the right to reject any and all bids. Further particulars from the Commissioner of Public Works, Room 509, City Hall Annex, Boston, Mass.

ROBERT P. CURLEY,
(June 5-12.) Commissioner of Public Works.

SUPPLY DEPARTMENT.

PROPOSALS FOR WATER METERS.

The Supply Department of the City of Boston invites proposals for furnishing water meters to the Public Works Department, Water Income Division, 710 Albany Street. Blank proposals may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bidder must leave his proposal and a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above-mentioned office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Bids to be in sealed envelopes, marked "Proposal for Meters." The bids will be publicly opened and read on Wednesday, June 16, 1948, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

MAYOR CURLEY AGAIN APPEALS TO GOVERNOR AND LEGISLATURE FOR RELIEF FROM BURDEN OF TAXATION PLACED ON CITIES AND TOWNS OF STATE AND ESPECIALLY ON BOSTON, WHERE INCREASES IN HOURS AND WAGES IN CERTAIN DEPARTMENTS WERE MADE MANDATORY WITH NO PROVISION FOR FINANCES TO CARE FOR THEM — ASKS FOR ACTION BEFORE SESSION ENDS — SPEAKS OVER RADIO TO ASK ALL AFFECTED TO JOIN IN EFFORT TO OVERCOME DIFFICULTIES — CITES CASE OF NEW YORK AND OTHER STATES AND SUGGESTS SALES OR PAYROLL TAX AS BEST MEANS.

At the annual meeting of the United States Conference of Mayors, held in New York last February, a special committee, consisting of the Mayors of Cleveland, Chicago, St. Louis, Pittsburgh, and Grand Rapids, submitted a report on the financial condition of American cities. In view of the fact that no action as yet has been taken by the Governor and the Legislature for the relief of Massachusetts municipalities, I deem it appropriate to read, at this time, a portion of the report.

MAYOR AND BOARD OF CENSORS REVOKE LICENSE OF ALLSTON MOOSE LODGE BECAUSE OF VIOLATIONS OF LIQUOR AND LOTTERY LAWS.

The Board of Censorship, composed of the Mayor of Boston, the Police Commissioner of Boston, and a member of the Art Commission of Boston, held a hearing on this day, the 4th of June, at the office of the Mayor, City Hall, Boston, in connection with the license issued to Allston Lodge, No. 1252, Inc., Loyal Order of Moose, 521 Cambridge street, Allston.

After consideration by the full Board of the report of the Police Department relative to the violation on the licensed premises of the liquor and lottery laws, and after the licensee, appearing through its secretary, Daniel L. Goode, had presented its side of the case, and after the Board was notified that the Secretary of the Commonwealth on May 27, 1948, had given public notice that the incorporated of the Allston Lodge, No. 1252, Inc., was void and of no further effect, and after motion made and duly seconded, it was unanimously

Voted, That the Board, acting under the provisions of St. 1908, chapter 494, as amended by St. 1936, chapter 340, revoke License SH241, issued by the Mayor of Boston to Allston Lodge, No. 1252, Inc., Loyal Order of Moose.

After motion made and duly seconded, it was voted that the said license which was left with the Board by the Secretary of the Corporation be canceled.

GEORGE H. EDGELL, *Member, Art Commission.*

by WALTER R. MILLIKEN, *Chief, Licensing Division.*

"Much has been written about the financial plight of the cities and towns, large and small. The financial condition of the cities has grown steadily worse. Some have had to curtail essential services, and others face a complete breakdown of such services unless adequate revenues are soon forthcoming. That this condition exists is due primarily to the very limited amount of funds shared by the state governments with their local communities.

Nothing Left for Cities.

The Federal and state governments have literally pre-empted the most productive forms of taxation. After reserving to themselves the productive sources, these governments then blandly stand by and let the cities struggle along with what is left.

MAYOR CURLEY ASSAILS "SCHOOL AID" BILL NOW BEFORE LEGISLATURE AS VICIOUS AND FLAGRANT RAID AND ASKS ITS REJECTION.

Upon June 8 Mayor Curley issued the following statement:

The most vicious and flagrant raid upon the limited resources of all municipalities is contained in House Bill No. 2182, and this bill should be amended before promulgation of the Legislature. House Bill No. 2182, now being considered by the Legislature, establishes a new "School Aid" formula and increases the amount to be distributed among the cities and towns of Massachusetts to \$14,500,000.

The Massachusetts Teachers Federation has computed the share Boston would receive under this bill, and the amount is \$1,390,038. Under the present existing law, Boston's share of the estimated \$14,500,000 would be \$2,621,000.

Hence the enactment of House Bill No. 2182 would result in the loss of \$1,231,000 to Boston.

Generally, cities and other local governmental agencies are required by law to depend on revenues provided by property taxes, license and permit fees.

Property taxes have been levied to the point where they have become a threat to the growth of the communities.

Cities are creatures of the state, and it is in city-state relationships that the injustice of present conditions is so glaring. It has been the state governments, by and large, which have put the cities in economic strait jackets and curtailed our home rule powers to the point that the very phrase is meaningless.

One Source of Appeal.

The cities have only one source of appeal, and that is to the state legislatures.

TRAFFIC COMMISSIONER LEO F. CURLEY INSTITUTING NEW PLAN FOR PROTECTION OF PEDESTRIANS AND CHILDREN AT STREET CROSSINGS—WILL MARK WITH HUGE WHITE CROSSES ROADWAYS WHERE FATALITIES HAVE OCCURRED AS WARNINGS AGAINST CARELESSNESS AND DANGER—ELEVEN SUCH SPOTS CHOSEN TO BEGIN PLAN.

For the protection of pedestrians and small children Traffic Commissioner Leo F. Curley will have a huge white cross painted in the roadway marking the exact spot where a fatality has occurred. The total number of pedestrians killed in the city, up to the date of painting each cross, will be painted in the center of the cross with the word "KILLED" below.

Painting will begin immediately at the following 11 spots in the city where pedestrians have been killed since the beginning of the year:

1. No. 145 Harvard avenue, Allston.
2. Opposite No. 887 Dorchester avenue, Dorchester.
3. No. 25 Lothrop street, Brighton.
4. In front of No. 133 Dorchester street, South Boston.
5. In front of No. 908 Parker street, Roxbury.
6. Shawmut avenue, near West Newton street, Boston Proper.
7. No. 295 Huntington avenue, Boston Proper.
8. No. 645 Beacon street, Boston Proper.
9. Cambridge street, between Carter and Brighton streets, Charlestown.
10. Brook avenue and West Cottage street, Roxbury.
11. Harvard Avenue, near Commonwealth avenue, Allston.

All pedestrians killed were males ranging in age from 2½ years to 84 years. Four

of these pedestrians were under 10 years of age, and 6 were over 60 years of age, while the other one was 23.

In his statement Traffic Commissioner Leo F. Curley expressed the hope that these paintings would be constant reminders to motorists and pedestrians alike that dangers lurk on our busy streets.

He said, "So far this year 19 people have been killed by motor vehicles in the streets of Boston. This represents a 30 per cent reduction over last year and is one of the finest records in the country for cities the size of Boston. But when we reflect that 11 of these 19 were pedestrians we must direct our efforts in educating all to the hazards that exist." The Commissioner further said that only one female has been killed in Boston this year. A little girl, five years of age, was killed while coasting.

Commissioner Curley thanked the Boston Junior Chamber of Commerce for their interest in this scheme which becomes another part of the Boston Traffic Commission's extensive roadway painting program.

REPORT OF CASIMIR F. SHEA, DIRECTOR OF FINE ARTS, ON ATTENDANCE AT CONVENTION OF EASTERN ARTS ASSOCIATION IN NEW YORK.

The following report on attendance of Casimir F. Shea at convention of the Eastern Arts Association was presented to the School Committee:

April 26, 1948.

MR. ARTHUR L. GOULD,
Superintendent of Schools.

DEAR MR. GOULD:

Permission was granted for me to attend the Eastern Arts Association Convention held in New York City, April 1, 2 and 3, 1948.

I registered for the convention Thursday morning at the Hotel Pennsylvania, New York City, where many of the most important meetings on the program were to be held.

The theme for the day was "What Do We Mean by Creative Art Education?"

The opening meeting, which I attended, was presided over by Miss Ruth Coburn, president. The chief speaker, Herbert Read, British educator and art critic, presented his philosophy of art education, emphasizing its place in everyday life.

Thursday evening the social event of the Eastern Arts Association Convention was held in the ballroom of the Pennsylvania Hotel.

Friday, April 2—theme for the day was "What Are the Available Means for a Program of Creative Art Education?" The General Session began at 9.30 in the hotel ballroom and the chief speaker was Mr. Tom Prideaux, assistant editor of *Life Magazine*, who gave an interesting presentation entitled "Prometheus in P. S. 18."

At 10.45, I attended a conference entitled "Implementing a Program of Creative Art Education—Elementary Level." Miss Priscilla Nye of the faculty of the Massachusetts School of Art was leader of the conference and was assisted by four art educators who described various problems and experiences in their school systems.

Friday afternoon, a program entitled "Looking at China" was presented, with Jack Bookbinder, assistant director of art of Philadelphia public schools, in charge. The demonstration was designed to foster an understanding and appreciation of the various peoples of the world through a study of their culture, combining the various arts: painting, sculpture, architecture, the crafts, music and literature. The children participating in the program came from elementary parochial schools of New York City.

Saturday, April 3—theme for the day was "The Evaluation of Understanding Through Art." A symposium entitled "Vital Experiences Are the Roots of Understanding" was most interesting. Norman Rice, art educator, was moderator, and presented Robert Guatmey, painter, Alexander Kostellow, industrial designer, Ruth Reeves, textile designer, and Byron Thomas, artist. To hear these specialists, outstanding in their special field, was inspiring to most of the art teachers present.

The closing session, which I attended, consisted of art clinics. I chose the senior high school level, which was conducted by George Conrad, art educator. Four people, representing the point of view of the psychiatrist, the artist, the art teacher, and the parent, discussed the work of students of the art classes in the public schools. The program was enlivened by heated disagreements between the psychiatrist and other members of the group. Although the meeting was interesting, nothing that was of particular value to art education was presented.

The Eastern Arts meeting at New York City was inspiring and well attended.

The 1949 convention is to be held in Boston, from April 6 to 9, 1949, when the Director of Art, his assistants, and art teachers will do their utmost to ensure its success.

Respectfully submitted,

CASIMIR F. SHEA, *Director.*

PLANS FOR BRIGHTENING COMMON.

His Honor the Mayor on June 4 received the following letter from John J. Murphy, Chairman, Park Department:

DEAR SIR:

The first step in brightening up the Common and making it a more cheerful place was taken today. Flowering trees have been planted around the location of the new playland, near the La Fayette mall, about opposite Temple place. These trees were given to the city by Mr. Chandler Hovey, and it is through his generosity that the first step in the brightening up process on the Common is underway.

There were 10 white flowering dogwood about 12 feet high, 5 pink flowering dogwood about 10 feet high, and 2 tulip trees. The trees are in full leaf and are very beautiful.

I feel that consideration should be given to commending Mr. Chandler Hovey for his generosity in donating this worth-while gift to the city.

Respectfully yours,

JOHN J. MURPHY, *Chairman.*

BOSTON'S PHILANTHROPIC CITIZEN THANKED BY MAYOR FOR GIFTS TO PARK DEPARTMENT.

The following communication has gone forward from this office:

MR. CHANDLER HOVEY, 115 Devonshire Street, Boston, Mass.

MY DEAR MR. HOVEY:

My attention has been directed by the Park Commissioner to your most generous gift of 10 white flowering dogwood trees, 5 pink flowering dogwood trees and 2 tulip trees which have been placed by

the Park Department in the vicinity of the new playland near the La Fayette mall at Temple place.

I am quite certain this will be very comforting and pleasing and will add immeasurably to this section of Boston Common. It is to be hoped that other generous-hearted citizens will be induced as a consequence of your gift to make similar offerings that will aid immeasurably in making the city more beautiful.

With every good wish, I am

Sincerely,

JAMES M. CURLEY, Mayor.

MAYOR CURLEY APPEALS TO STATE FOR RELIEF FROM BURDEN OF TAXATION—URGES SALES OR PAYROLL TAX.

(Continued from page 581.)

Our people are already paying enough taxes. What we propose is a better, a fairer, and a more equitable distribution of taxes.

Specifically, we propose that the state governments share with their local governments more of the funds now collected from local taxpayers, to the end that the functions and services of city government may be preserved.

The time for talk is past. The governors and state legislators must act if they want to avoid a nation-wide breakdown of local governments."

The significance of this last statement is readily apparent when the tax rates now being declared by the Massachusetts municipalities are reviewed. From the partial figures now available it appears that the average tax rate increase for communities in this state this year will be at least \$6. In support of this statement, consider the following increases already declared among the cities:

Gardner leads with a \$13.20 increase; Waltham, \$7.80; Melrose, \$6; Somerville, \$6; Lawrence, \$5.80; Quincy, \$5; Westfield, \$5; Haverhill, \$5; and, among the towns, Sudbury, \$11; Scituate, \$10.80; Sturbridge, \$10; Spencer, \$8; Lincoln, \$7; Southboro, \$7; Natick, \$6.20; Bridgewater, \$6.10.

The regrettable feature of this record is that the tax burden represented in these increases must be borne in the main by the owners of real property. With these increases, local tax rates in Massachusetts will, in the majority of cases, be well above \$40 per \$1,000 of valuation. A substantial number will be above \$50, and at least five cases will be \$60 or over. With such a record the Massachusetts municipalities are rapidly approaching, if they have not already arrived at, the breakdown stage.

NOT RESPONSIBLE FOR FLIGHT.

It cannot be said that the cities and towns of this Commonwealth are responsible for the plight in which they now find themselves. The record clearly indicates that the present high tax burden in this state may be attributed in large measure to the failure to take the positive steps to provide additional revenues for its cities and towns, and second, because of its enactment of various pieces of mandatory legislation which have imposed additional burdens on local communities without providing

the financial means to offset such burdens. During the past two years, measures enacted have imposed an additional financial burden of approximately \$12,000,000 on the City of Boston. These measures include:

A 48-hour week for firemen.

A day off in six for patrolmen.

A 40-hour week for municipal employees exclusive of police, fire, and school departments.

Liberalization of pensions and annuity benefits, especially for veterans.

Equal pay for men and women teachers.

Mandatory salary increase for teachers and members of the police and fire departments.

Widespread salary increases for county employees.

Increased public assistance resulting from establishment by the Commissioner of Public Welfare, under legislative authority, of mandatory budgets for persons being aided under the Old Age and Aid to Dependent Children Laws.

INCREASED BURDENS.

In terms of Boston's tax rate, these legislative actions have placed an increased burden of \$8.50 per \$1,000 of assessed valuation on property owners of the city.

On a number of occasions since the first of the year, I have indicated at least two measures which, if enacted by the legislature, would offer adequate funds which, if shared with local communities, would forestall the necessity for the declaration of confiscatory tax rates. The first of these measures is an increase in the corporation tax from the present 5½ per cent to 10 per cent. It is estimated that such an increase would produce roughly \$33,000,000. The second measure is a provision for a withholding payroll tax of 1 per cent. The success which Philadelphia and Toledo have had with these revenue measures is sufficient grounds for the assumption that the Massachusetts municipalities would be aided in a material sense by the enactment of this proposal.

As stated in the report of the special committee of the United States Conference of Mayors, cities and towns only have one source of appeal—and that is to their state legislators. It is not too late for the current session of our Legislature to take steps to correct the existing intolerable situation.

"It is important that local officials in all of the states join together and present the facts of their state governments. It is likewise the responsibility of business, civic, and labor groups to join in support of this program. Business and industry and every taxpayer has a stake in this critical situation."

The report submitted at the Annual Conference of Mayors to which I have made reference in the opening of this address must make it clearly evident to every listener-in that the situation in Boston does not differ in any material degree from the situation which confronts every American city. They have been gradually sinking under the burdens placed upon them by state agencies, and, while demanding they receive a life preserver in the form of legislation of a revenue-producing character to offset the increased burdens placed upon them, in order that the people might not be too

greatly burdened by tax on real property, they have been given a lead life preserver.

NEW YORK'S EXAMPLE.

The commission appointed by the Governor of New York in 1943 to investigate conditions resulted in a distribution of \$750,000 to the City of New York and a similar amount to the cities and towns of the state in 1947. This year, because of increased obligations, the City of New York, through its Mayor, Mayor O'Dwyer, is requesting an allocation of \$1,000,000,000.

In Philadelphia the situation has been met by the imposition of a withholding payroll tax which netted in 1947 \$25,000,000 to the city. A like tax upon 900,000 persons deriving their livelihood in Boston and living elsewhere would net the city about \$11,000,000 and make possible a reduction in the tax rate of \$7 on each \$1,000 of valuation.

In the cities of Ohio the law permits of the imposition of revenue-producing legislation by the municipalities, with the result that they are enabled to meet the increased burden of shorter working weeks and increased wages and the increased cost of all commodities.

APPEALS TO GOVERNOR AND LEGISLATURE.

I have sought in vain to secure relief from the state authorities, and, in view of the fact that the Legislature will prorogue in all probability during the coming week, while the time is short, nevertheless action can be had, provided His Excellency will recommend to the legislative assemblies either the adoption of one of the two of the measures which I have suggested, either one of which, if adopted, would relieve the situation and lessen the burden imposed upon the home owner and industry.

Every municipality in the state is effected by a situation beyond their power to control except through legislative enactment, and it is to be hoped that His Excellency the Governor and the Legislature will courageously meet the issue and provide the relief that is necessary for the protection of every individual in the entire state.

With reference to the increase in the corporation tax, it must be remembered that in 1947 the Federal government granted a refund to Massachusetts corporations of \$354,000,000, and, in addition, any payment of state income tax is deductible from federal income taxes. So that the burden imposed would be absolutely negligible, while the resulting benefits would prove the salvation of the cities and towns of the Commonwealth.

Taxes.

When they come due I don't like them at all;

Taxes look large be they ever so small.

Taxes are debts which I venture to say

No man or no woman is happy to pay.

I grumble about them, as most of us do,

For it seems that with taxes I never am through.

But when I reflect on the city I love,

With its sewers below and its pavements above,

And its schools and its parks where the children may play,

I can see what I get for the money I pay,

And I say to myself: "Little joy would be known

If we kept all our money and spent it alone."

I couldn't build streets and I couldn't fight fire.
Policemen to guard us I could not hire.
A water department I couldn't maintain.
Instead of a city we'd still have a plain.
Then I look at the bill for the taxes they charge,
And I say to myself: "Well, it isn't so large."

I walk through a hospital thronged with the ill,
And I find that it shrivels the size of my bill.
As in beauty and splendor my home city grows,
It is easy to see where my tax money goes,
And I say to myself: "If we lived hit and miss
And gave up our taxes, we couldn't do this."

Riordon, Division 16, honorably discharged veteran of World War I, having arrived at the age of forty-nine years, having been in service of the Boston Police Department for twenty-one years, and having requested retirement under provisions of section 57, chapter 32, General Laws (Ter. Edit.), as amended, it is hereby

Ordered, His Honor the Mayor having approved the same, Patrolman Daniel F. Riordon will be retired from active duty in the Police Department, effective Tuesday, June 8, 1948, at 5.45 o'clock p. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

**REPORT OF WILLIAM J. BARRY,
ASSISTANT SUPERINTENDENT,
PRESENTED TO SCHOOL COM-
MITTEE.**

The following is the report of visit to New York public schools, April 19-23, by Dr. William J. Barry:

At the request of Superintendent Arthur L. Gould, I visited Frank J. O'Brien, M. D., Ph.D., Associate Superintendent of New York public schools in charge of the Division of Child Welfare.

The purpose of my visit was to make a study of the organization and administration of a department similar to our Bureau of Child Accounting, with the aim of improving the administration, supervision and curricula of the various activities of our Bureau, and to achieve a more effective coordination of and cooperation between the programs of the Bureau and the services and programs in our community.

My conference with Doctor O'Brien and his associates, together with my visitation to his various special schools, provided me with many new ideas which are worthy of serious consideration and perhaps an experimental period, in order to evaluate the effectiveness of certain procedures. Doctor O'Brien provided me with data which I am now studying.

I believe that my findings will permit me to present a plan whereby we may coordinate our educational, health, welfare and recreational services so that we may not only discover the reasons for the behavior of delinquent children but also provide treatment and care for those pupils as we participate with the community to combat juvenile delinquency.

My visit to public school No. 37, the adjustment school for boys with problems, was most interesting and afforded me an opportunity to visit classrooms and study an organization similar to our M. Gertrude Godvin School.

I appreciate the opportunity which was given me to make this worth-while educational trip.

**TRANSIT DEPARTMENT MOVES
TO SPEED UP WORK IN EAST
BOSTON TUNNEL.**

On June 4 the Mayor made public the following statement:

At a meeting held with the Transit Commission on this day concerning the expediting of the work of the Rapid Transit in East Boston, it was decided that in view of the pressure of outside contracting firms, due to the payment of higher wages, that the Transit Department was experiencing some difficulty in getting sufficiently skilled men to carry on the work that is being conducted in East Boston.

It is the judgment of the Transit Commission that if a section of the transit work in East Boston, which is of a most hazardous character, were let out on contract that it would shorten the possibility of the completion of the work from six months to one year, and they are giving serious consideration at the present time to the adoption of such a plan. In addition, the Transit Department today informed me that they have started a second shift on the East Boston section, which they had been prevented from doing owing to the difficulties of securing sufficient lighting facilities and power from the Edison Company, and now that the Edison Company is complying with their demands in every particular they are prepared to go ahead.

**REPORT OF HELEN F. CUMMINGS, DIRECTOR,
SPECIAL CLASSES, ON STUDY OF NEW YORK
CITY GROUPS FOR COMPARISON WITH
BOSTON.**

The following is the report of Helen F. Cummings, Director of Special Classes, on visit to special and subspecial classes in New York City, February 23-27:

I. TYPES OF CLASSES.

New York City.

1. "Low I.Q. classes"—I.Q.'s below 50. New York City has 28 classes.
2. Vestibule classes—pupils with C.A. at least 6 but with M.A. lower than 5 (pupils who will eventually be placed in special class when they reach M.A. 5).
3. Children of retarded mental development or "CRMD" classes—I.Q.'s 50-75.
4. Adjustment classes—I.Q.'s 75-85. I.Q.'s 85 in regular grades.
5. New York City single salary schedule. Teacher of kindergarten through high school, \$5,125; with master's degree, \$5,325.
6. Glutamic acid is being administered to some pupils in "low I.Q. classes." Results:
 - a. I.Q.'s unchanged.
 - b. Pupils enabled to work more nearly up to mental level—not beyond.
 - c. Mental level attained only during the administering of glutamic acid.
7. Pupils are placed in CRMD as result of psychometric tests. No approval of parents necessary. Parents informed of placement but not consulted. Parents very frankly informed of status of child's mental development and level of academic achievement.

Boston.

1. "Subspecial classes"—I.Q.'s below 50. Boston has 4 classes.
2. No "vestibule" classes. State law provides—"Only those children whose mental age is such that they can profit by instruction in a special class and whose presence is not detrimental to other members of the class shall be admitted. Except in unusual cases children with a mental age below five shall not be admitted."
3. Special classes—I.Q.'s 50-80.
4. No adjustment classes. I.Q.'s 80+ in regular grades.
5. Special class teachers, \$3,196.
6. Clinic at Children's Hospital is doing some work with glutamic acid.
7. Pupils placed in special class as result of psychometric tests.

In February 1948, a high school was allotted to the department in New York, as it was felt that CRMD classes meet a real need in high school. It will be a vocational high schools for these pupils. This is in fulfillment of Mr. Hungerford's plan for the proper education of the older CRMD children.

II. TYPES OF SCHOOLS.

New York City.

In elementary school buildings.

1. Low I.Q. classes in elementary schools—28 classes.
2. Vestibule classes—I.Q. above 50, M.A. below 5.
3. CRMD classes—675 in number. In junior high schools—
 - a. CRMD classes—I.Q. 50-75.
 - b. Adjustment classes—I.Q. 75-85.
 In high schools (September, 1945, first special class in high school established):
 - a. CRMD classes—I.Q. 60-75.
 - b. Adjustment classes—I.Q. 75-85.
 - c. Entire vocational high school to be given over to CRMD classes.

Boston.

In centrally located school buildings, elementary, or junior high school.

1. Subspecial classes in elementary or junior high schools—4 classes.
2. No vestibule classes. Pupils remain in kindergarten and first grade until seven years.
3. Special classes—118 in number. In junior high schools—
 - a. Special classes—I.Q. 50-80.
 - b. No adjustment classes.
 No special classes in high schools.

III. INSTRUCTION — COURSES OF STUDY.

New York City.

1. New course of study—"Occupational Education"—built on "cores" or "units" of work.

Boston.

1. "The Boston Way."
2. New course of study in progress of construction—built around units or cores.
3. Handwork program—organized by supervisor of handicraft.
4. Extracurricular program—gymnasium, swimming program, bands, glee clubs, square dancing.

IV. THE ADMINISTRATIVE STAFF.

New York City.

Director
3 assistant directors
16 supervisors
7 follow-up workers from Guidance Bureau.
Total staff—27.

Boston.

Director.
1 assistant director.
1 supervisor of handicrafts.
1 follow-up worker.
Total staff—4.

V. COMMENTS AND APPRAISAL OF VISIT.

1. New York has an excellent course of study for the retarded child.
2. The establishment of CRMD classes in the high schools, approved by the head master, with a special class teacher teaching academic subjects, is meeting the problem of the nonacademic pupil in high school. The new Vocational High School offers a richer program for the education of these pupils.
3. The establishment of New York City's so-called "adjustment classes" was made necessary by their lower special class I.Q. range, 50-75. Pupils in 75-85 I.Q. range are a problem in the regular grades. It is merely a recognition of the problem that is created by that group of pupils 80-90, not feeble-minded, but definitely nonacademic. Boston's 50-80 special class range in my opinion meets the problem in part.
4. New York City's low I.Q. classes, called "subspecial" in Boston, are being discontinued slowly. New classes will not be established. Comment of Mr. Hungerford, Director, CRMD: "As institutions are made available for these children, these classes will be closed."

Mr. Richard A. Hungerford, Director of Special Classes in New York City, was cooperative, courteous, and helpful in permitting my study of his special schools and methods, and provided one of his efficient supervisors as my guide for the days I spent in the schools. At the conclusion of my visit, he arranged a conference at which he and his assistants discussed and explained the techniques and methods which I had observed during my visit to the New York special classes.

In conclusion, I wish to thank Dr. Gould and the Boston School Committee for making this study possible.

Respectfully submitted,

HELEN F. CUMMINGS,
Director of Special Classes.

CONTRACTS AWARDED.

Permission to award contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon May 18 the Mayor approved a contract with W. A. Shephard Company for installing horizontal return tubular boilers at the Sarah J. Baker School. Bids, opened May 13, were as follows:

W. A. Shephard Company, \$10,880; Ricciardelli Company, \$10,958; J. J. Hurley & Co., \$11,680; McLean, Cousens & Barton, Inc., \$11,988.

Upon May 21 the Mayor approved a contract with the Columbia Cornice Company for roofing and metal work at the William Howard Taft School, Brighton. Bids, opened May 18, were as follows:

Columbia Cornice Company, \$2,973; Burgess & Blacher Company, \$3,418; John J. Hourihan, \$3,489; Hub Cornice and Roofing Company, \$3,811.85; Atlantic Roofing and Skylight Works, \$3,837; Cavanaugh & Earley, Inc., \$4,470.

Upon May 21 the Mayor approved a contract with the Hub Cornice and Roofing Company for roofing and metal work at the Margaret Fuller School, Jamaica Plain. Bids, opened May 18, were as follows:

Hub Cornice and Roofing Company, \$3,399; Columbia Cornice Company, \$3,598; Burgess & Blacher Company, \$4,140; Cavanaugh & Earley, Inc., \$4,874; John J. Hourihan, \$5,119; Atlantic Roofing & Skylight Works, \$6,325.

Upon May 27 the Mayor approved a contract with John J. Hourihan for roofing and other work at the Everett School, Boston. Bids, opened May 25, were as follows:

John J. Hourihan, \$1,249; Burgess & Blacher Company, \$1,518; Columbia Cornice Company, \$1,578; Atlantic Roofing and Skylight Works, \$1,742.

INSTITUTIONS DEPARTMENT.

Upon May 19 the Mayor approved a contract with the M & R Construction Company for furnishing, erecting and installing two new or used cylindrical oil storage tanks, capacity 75,000 gallons each, at the Long Island Hospital, Long Island, Boston Harbor. The following bids were received:

M & R Construction Company \$39,764; Bradford Saunders Corporation, \$39,995; Joseph A. Singarella, \$72,000.

Upon May 19 the Mayor approved a contract with John F. Pray & Sons Company for asphalt tiling at the Long Island Hospital. The following bids were received:

Appalachian Flooring Company, \$5,089; John H. Pray & Sons Company, \$4,720; Joseph Gazzola, \$3,657.

Joseph Gazzola is the low bidder but is unable to supply evidence of ever having completed an asphalt tiling job. He admits to this and in consequence has withdrawn his bid.

John H. Pray & Sons Company is the next lowest bidder. It is an experienced and reputable concern, has the men and the material, and is presently completing a like contract now at the hospital. It can proceed with the work without delay.

LIBRARY DEPARTMENT.

Upon May 25 the Mayor approved a contract with the Keough Electric Company for the installation of a new switchboard at the Central Library Building. This new switchboard has been made necessary because of the changing over of the electric service from direct current to alternating current. Bids, opened April 21, were as follows:

Keough Electric Company, \$7,542; Stearns, Perry & Smith, \$9,374; M. B. Foster Electric Company, \$9,528.

PARK DEPARTMENT.

Upon May 18 the Mayor approved a contract with S. J. Tomasello Corporation for reconstructing roadway circle and repairs at Castle Island, South Boston. Bids, opened Thursday, May 13, were as follows:

S. J. Tomasello Corporation, \$35,937.50; J. A. Singarella Company, \$41,047.50; James A. Susi, \$41,924; J. D'Amico, \$43,690; DeStefano Construction Company, \$44,367.

Upon May 21 the Mayor approved a contract with Coleman Brothers for reconstructing wall, riprap and repairs at Marine Park pier, South Boston. Bids, opened Tuesday, May 18, were as follows:

Coleman Brothers Corporation, \$12,536; Martin J. Kelly Company, Inc., \$12,739; J. A. Singarella Company, \$14,801; Rev-Lyn Contracting Company, \$15,446; Bradford-Saunders Corporation, \$18,350; Michael Racioppi, \$18,705; James A. Susi, \$19,285.

Upon May 21 the Mayor approved a contract with Martin J. Kelly Company, Inc., for setting playground equipment on concrete foundations in various park department playgrounds in Boston. Bids, opened Tuesday, May 18, were as follows:

Martin J. Kelly Company, Inc., \$22,817; Charles Callahan Company, \$24,268; J. A. Singarella Company, \$24,300; J. F. Stack & Co., \$25,732; Michael Racioppi, \$28,050; Cronin & Horgan, Inc., \$28,730; Conato Antonellis, \$28,975.

PUBLIC BUILDINGS DEPARTMENT.

Upon May 24 the Mayor approved a contract with P. J. Cantwell for masonry repairs in the Charlestown Municipal Building, Bunker Hill and Lexington streets. Bids, opened May 7, were as follows:

Michael Racioppi, \$5,564; P. J. Cantwell, \$7,120; Henry Morgan, \$16,800; Daniel A. Rossano, \$13,092; John Rugo, \$16,475; J. A. Singarella, \$16,700.

Michael Racioppi, the low bidder, has requested that his bid be rejected, without prejudice, due to the fact that he omitted all flashing and roofing.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing art education and manual training supplies (including crayons for use in kindergartens) for Boston public intermediate and elementary schools. Bids, opened Monday, March 8, were received from the following concerns:

Art Craft Industries, Inc., E. E. Babb Company, Boston Envelope Company, Gledhill Brothers, Inc., J. L. Hammett Company, Mainco Trading Company, Massachusetts Envelope Company, George Smith, H. S. Wolkins Company.

Awards were made to the lowest responsible bidders in accordance with specifications, and contracts were awarded as follows:

E. E. Babb & Co., Inc., \$2,564.66; Gledhill Brothers, Inc., \$9,152.75; J. L. Hammett Company, \$27,347.37; Mainco Trading Company, \$1,730.

The School Committee has approved proposals for furnishing laboratory supplies and equipment for Boston public schools. Bids were opened Monday, April 12.

Standard Scientific Supply Corporation was the only bidder, and contract was awarded April 30, 1948, amounting to \$1,801.65.

TRANSIT DEPARTMENT.

Upon May 21 the Mayor approved a contract in accord with the following letter:

BOSTON, May 18, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR:

The Transit Department advertised for bids for steel reinforcing bars to be opened on January 21, 1948, and received no bids. The department then readvertised for bids for this material to be opened on May 12, 1948, and received one bid from the Bethlehem Steel Company.

The bid price is based upon the price in effect at the time the bid was opened and provides that in the event that the bidder's prices in effect at the time of shipment are higher or lower than the bid prices, the department shall pay the increased or decreased prices, provided that the prices to the department shall not be higher than the bidder's prices therefor to any like purchaser, of like material, making allowance for difference in freight rates.

It was voted to accept the proposal of the Bethlehem Steel Company and to award a contract to it in accordance with the foregoing terms.

Respectfully yours,

MALCOLM E. NICHOLS, *Chairman.*

Upon May 26 the Mayor approved a contract with John Deveney Company for renting trucks, Rapid Transit Facilities, East Boston district. Bids, opened May 19, were as follows:

J. A. Singarella Company, \$4.50 per hour; M. Doyle & Co., Inc., \$4.50 per hour; Baker & Co., Inc., \$4.50 per hour; Ward General Contracting Company, \$4.50 per hour; John Deveney Company, \$4.50 per hour.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, firms and contractors for furnishing labor, supplies, etc. Communications from the heads of the departments interested were as follows:

FIRE DEPARTMENT.

BOSTON, May 27, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR:

Subject to your Honor's approval, I will award a contract without advertising to Roy B. Rendle & Co., Inc., 364 Border street, East Boston, for performing the following work at the Old North Ferry Slip, foot of Battery street, in order to prepare pier for berthing of Fireboat Engine 31, at an estimated cost of \$3,500:

1. Remove approximately one half-dozen old piles at the outer end of the pier (north side) and tie up the remaining header.

2. Drive the piles already in position to proper grade, capping same.

3. Construct a new walkway 150 feet by 8 feet wide, to consist of 4-inch by 12-inch stringers and 3-inch planking, extending from outer end to inshore.

4. Drive 15 new piles outside the new work, to serve as protection for boat, high enough to prevent boat rubbing rails from hanging up at high water.

5. Construct two permanent vertical ladders (to board the boat) extending to low water mark.

6. Construct a runway 6 feet wide from the proposed pier to the higher elevated present "snow pier," to act as an entrance to boat pier.

We were able to obtain only one other bid for doing this work, from W. H. Ellis & Son Company, in the amount of \$4,270. No other concern in Boston, able to perform this type of work, was interested in the job. The foregoing work should be done as quickly as possible, in order that we may have a suitable and safe dock at which the fireboat can be berthed. The dock in its present condition cannot be safely used by the crew of the fireboat and, therefore, the foregoing work must be completed in the very near future.

In my opinion no advantage would be gained by the city in publicly advertising the repair work, inasmuch as the bid of Roy B. Rendle & Co., Inc., is reasonable, and it does not appear that we would save any money through advertising the work.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

HOSPITAL DEPARTMENT.

BOSTON, May 19, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

Your approval is respectfully requested for the award of a contract, without advertising, to Consolidated Elevator Company, Inc., for overhauling elevator in Medical Building in the sum of \$2,900.

Because of the emergency nature of this work, the Trustees feel that nothing can be gained by advertising, therefore recommend the award of this contract to the Consolidated Elevator Company, Inc., at the above-mentioned price.

Respectfully yours,

JAMES W. MANARY, M. D.,
Superintendent.

BOSTON, May 21, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

We hereby request your Honor's permission to engage the services of John M. Gray, architect, for architectural services in connection with painting, renovations, general repairs and alterations to the following buildings of the Boston City Hospital:

Out-Patient Building.
Mary Curley Building.
Pavilion Building, Wards 1, 2, 3 and 4.
House Officers' Building.
Annex to House Officers' Building.
Nurses' Home—Vose House B.
Pathological Building.
Health Office.
Fenwall Laboratory.
Surgical Building.
Nurses' and Help's Cafeterias.
Dispensary.

South Department.

Gate House Lodge and Laboratory.
Nurses' Home.

Pavilion No. 3.

West Pavilion Building.

Administration Building.

Laundry Building and Help's Quarters.

Administration Building Annex and Doctors' Quarters.

East Pavilion Building.

The estimated cost for the above work is \$180,000 and the architect is to be paid a fee equal to 8½ per cent of the actual cost of the work subject to the provisions of the contract for said services.

Respectfully yours,

MARTIN J. ENGLISH, M. D.,
President, Board of Trustees.

LIBRARY DEPARTMENT.

BOSTON, May 21, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested of the award of a contract, without public advertising, with the Spencer Company of Boston, 80 Boylston street, Boston, Mass., for furnishing and installing a Spencer Turbo-Compressor in the Central Library Building. Since such a compressor can be obtained only from the Spencer Company of Boston, the sole manufacturer, it is not possible to obtain competitive bidding by public advertising.

This contract is for the purpose of replacing the compressor which furnishes power for the operation of the pneumatic tube system used for despatching the call slips of members of the public who wish to borrow books. The present machine has been in operation 13 hours a day for approximately the last 20 years. It is showing definite signs of wear and must be replaced in order that there may not occur a complete breakdown which would prevent the giving of good service to the public.

Upon the advice of the Director, the Trustees have voted as follows:

"That there be entered into with the Spencer Company of Boston, 80 Boylston street, Boston, Mass., a contract for furnishing and installing a Spencer Turbo-Compressor in the amount of two thousand three hundred eight dollars (\$2,308)."

Your approval of this award is respectfully requested.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,

ROBERT H. LORD, *President.*

PUBLIC WORKS DEPARTMENT.

BOSTON, May 4, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your authority to issue service orders to the following-named contractors for cleaning streets in designated areas, the cost of the work in each case not to exceed \$2,000:

A. Cataldo, 119 Mt. Hope street, Roslindale.

William McEachern, 782 Huntington avenue, Roxbury.

Gaddis Construction Company, 324 Chestnut Hill avenue, Brighton.

Robert Balam, 10 High street, Boston.

David H. Biggs, 608 Gallivan Boulevard, Dorchester.

J. R. Reardon, 815 Centre street, Jamaica Plain.

Cashman Construction Company, 10 Ballard street, Jamaica Plain.

The terms and conditions under which this supplementary work will be done by these contractors will be those mentioned in my letter to your Honor under date of April 13, 1948.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT

BOSTON, May 25, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

On March 11, 1948, your Honor granted permission to this department to purchase certain parts from the Clyde Everett Company, direct agents for the Elgin Sweeper Company, as requisitioned by the Public Works Department.

At the time this approval was secured from you the actual amount of such parts was not known, but it has now been established that the total estimated cost of such equipment will be \$15,000. Your approval to this addendum of our letter approved on March 11, 1948, is respectfully requested.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, May 26, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

Permission is respectfully requested to award a contract, without advertising, to Commercial Refrigeration Company, Brookline avenue, Boston, for furnishing to the Boston City Hospital the following:

Six 11-foot refrigerators, Frigidaire Model MJ, at a price of \$285 each; two deep-freeze cabinets, Frigidaire UR10JS, at a price of \$320 each.

This is in the nature of an emergency purchase for the following reasons: The Boston City Hospital has, in the Maternity Building, six refrigerators which are old and constantly breaking down. They are equipped with sulphur dioxide refrigerating gas, which is extremely dangerous, and they are desirous of removing them at the earliest possible moment.

The two deep-freeze cabinets are to be used in the Dowling Building for the preservation of bone fragments used in bone grafting. Dr. Manary has requested us to expedite this purchase.

Prices were solicited from L. C. Anderson, representing General Electric, and L. J. McAllister, representing Norge Corporation. L. C. Anderson quoted a higher figure for a 10-foot box, and L. J. McAllister quoted a lower figure for a 10-foot box, but their delivery was indefinite.

Total amount of contract is \$2,290.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

TRANSIT DEPARTMENT.

BOSTON, May 13, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR:

Permission is respectfully requested to place an order, without public advertisement, with Charles Bruning Company, Inc., for furnishing one Model 41 BW

Printer and Developer, 42-inch, 220 AC, 60 cycles, blueprinting machine to the Transit Department.

This department, under a recent date, asked for bids and the following bids were received:

Paragon-Revolute Corporation, 42-inch Revolute No. 3 Printer, \$2,600.

Paragon-Revolute Corporation, 42-inch Revolute No. 4 Printer, \$2,600.

Paragon-Revolute Corporation, 42-inch Revolute 8Q Printer, \$2,100.

Charles Bruning Company, Model 41 BW Printer and Developer, 42-inch 220 AC, 60 cycles, \$1,250.

The department is in urgent need of this blueprinting machine.

The total amount of the order would be \$1,250.

The Board voted to award to Charles Bruning Company, Inc., who is the lowest bidder, with immediate delivery, and no advantage would be gained by advertisement.

For this reason I respectfully request that the permission asked for above be granted.

Respectfully yours,

MALCOLM E. NICHOLS, *Chairman.*

EXTENSION OF CONTRACTS.

BOSTON HOUSING AUTHORITY.

Construction Units, Inc., have been granted an extension of time for the general construction of veterans' houses at River street, Mattapan. This extension of time is necessitated due to causes beyond our control, as stated in letter dated March 29, 1948.

The City of Boston has determined that: (1) the delay is due to unforeseen causes beyond our control and without our fault or negligence; and (2) notice of the cause of the delay was given within the time and in the manner prescribed by the contract; now, therefore, subject to conditions hereinafter set forth an equitable adjustment of the contract time is established as follows: the contract time for completion is extended to May 15, 1948.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change and work affected thereby is subject to all the provisions of the foregoing contract.

2. The rights of this Authority are in no way prejudiced by this order.

3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

BOSTON HOUSING AUTHORITY, 10 Post Office Square, Boston, Mass.

Re: 19-House Contract.

Attention of Mr. L. C. Chase.

GENTLEMEN:

Supplementing our letter of February 16, 1948, we hereby request an extension of our contract time from February 16, 1948, to May 15, 1948, because of the inability of the Gil Wyner Company to process their contract on time. Also because of the delays caused by strikes, stoppages and the severe weather encountered this winter which made it impossible to carry on this work.

Very truly yours,

CONSTRUCTION UNITS, INC.,
by CHARLES A. MOGAVERO.

Allied Engineering Corporation has been granted an extension of time for the general construction of veterans' housing development at Saratoga street, East Boston. This extension of time is necessitated due to causes beyond our control, as outlined in letter dated March 29, 1948.

The City of Boston has determined that: (1) the delay is due to unforeseen causes beyond our control and without our fault or negligence; and (2) notice of the cause of the delay was given within the time and in the manner prescribed by the contract; now, therefore, subject to conditions hereinafter set forth an equitable adjustment of the contract time is established as follows: the contract time for completion is extended to May 15, 1948.

Re: East Boston Project.

DEAR SIR:

The time limit for completion of our contract on the East Boston contract expired on February 15, 1948.

Inasmuch as these buildings are now partially occupied and the work is substantially completed with the exception of outside grading, landscaping and driveways, we wish to request an additional extension of time to complete this work for ninety days to May 15th.

As you must realize it has been impossible to commence this work up to this time and it is our intention to begin within the next few days and expect that it will require at least until the 15th of May to complete all the work.

Your cooperation by granting this extension of time will be sincerely appreciated.

Very truly yours,

ROBERT E. BESSETTE, *President.*

Allied Engineering Corporation has been granted an extension of time for the general construction of veterans' housing at Baker street, West Roxbury. This extension of time is necessitated due to causes beyond our control, as outlined in letter dated April 6, 1948.

The City of Boston has determined that: (1) the delay is due to unforeseen causes beyond our control and without our fault or negligence; and (2) notice of the cause of the delay was given within the time and in the manner prescribed by the contract; now, therefore, subject to conditions hereinafter set forth an equitable adjustment of the contract time is established as follows: the contract time for completion is extended to June 23, 1948.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change and work affected thereby, is subject to all the provisions of the foregoing contract.

2. The rights of this Authority are in no way prejudiced by this order.

3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

Re: Baker Street Project.

DEAR SIR:

Due to the severity of the past winter and difficulty in obtaining certain materials for the above project, we wish to request an extension of time for the performance of our contract of three months, commencing March 23, 1948.

We will, however, commence to deliver certain of these houses for partial occupancy approximately May 1, and should have all of the houses delivered within the next three months.

Your cooperation by granting this extension will be sincerely appreciated.

Very truly yours,

ROBERT E. BESSETTE, *President.*

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with S. H. Levin Company, Inc., for furnishing and delivering miscellaneous furniture for various schools, from April 30, 1948, to September 1, 1948. This extension is requested due to difficulty in securing satisfactory tops for biology tables.

FIRE DEPARTMENT.

Approval has been given for a further extension of time to the Rossano Construction Company, Inc., for the performance of a contract for alterations and additions to fire station, Engine 14, located at 27 Centre street, near Eliot square, Roxbury. The contract dated April 8, 1947, was to have been completed within ninety days after the Mayor's approval, dated April 22, 1947. However, an extension for the completion of the contract was granted to November 18, 1947. The completion of the work was delayed considerably as the contractor was unable to obtain the electrically operated overhead doors and the mechanism involved for the operation of said doors. However, this equipment has been received and the contract was completed March 15, 1948. Request is hereby made for an extension of time for performance of the work under the contract until March 16, 1948.

Approval has been given to grant an extension of time to James S. Kelliher for the performance of a contract for alterations and additions to Fire Station Engine 41, located at 16 Harvard avenue, Brighton. Completion of the work has been delayed considerably because of delay in delivery of materials and because of additional work requested by this department. The contract was completed as of January 15, 1948, and an extension of time for the performance of the work under the contract was requested to January 16, 1949.

HOSPITAL DEPARTMENT.

Approval has been given for an extension of time for completion of contract of M. Solimando for furnishing and installing asphalt tile, various buildings, Boston City Hospital, from March 13, 1948, to June 9, 1948. This extension is requested

because of delay in the delivery of tile necessary for completion of the contract.

Approval has been given for a further extension of time for completion of contract of Peabody Construction Company for alterations to kitchen, South Department, Boston City Hospital, from March 1, 1948, to July 16, 1948. This further extension is requested because of delay in the delivery of the kitchen equipment necessary for completion of the contract.

PARK DEPARTMENT.

R. W. Balam has been granted an extension of time until June 1, for the completion of the contract for subsoiling, concrete liners and loaming of Fairview Cemetery, Hyde Park.

PUBLIC WORKS DEPARTMENT.

John P. Shea Company, Inc., has been granted an extension of the time of completion of the contract for resurfacing various bridges to June 1, 1948. This extension is requested for the reason that the contractor needs additional time to complete extra work required on Allston Bridge.

AMENDMENT TO CONTRACT.

INSTITUTIONS DEPARTMENT.

The Rossano Construction Company, Inc., has been allowed to amend the contract for erection of cinder block and tile partition at the Long Island Hospital, Boston Harbor, as follows:

Additional Work.—Construction of grille work between limits of new masonry and ceiling and extending along entire length of new masonry; and apply cement plaster on hall side where present opening is closed in about 10 square yards, for \$516. The work covered by this amendment could not be anticipated at the time the original contract was made. Original contract, \$2,778; additional work, \$516; total contract to date, \$3,294. All provisions of the aforesaid contract except as specifically modified by this agreement shall continue in full force and effect.

BOSTON, May 19, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested to permit the Institutions Department to amend the original contract of the Rossano Construction Company, Inc., 401 Border street, East Boston.

The original contract is for \$2,776 for the erection of a cinder wall and tile partition to enclose and provide for a vegetable room for the Long Island Hospital kitchen. The tile partition extended from the floor to within 4 feet of the ceiling. To prevent foreign matter being thrown over the partition it was decided to erect an iron grille between the wall and the ceiling, and to apply cement plaster on the sides, not considered in, or covered by the original specifications. The cost of the grille and its erection is \$460, and the cement plaster wall is \$56, making a total of \$516.

As the Rossano Construction Company, Inc., has its men and equipment on the work, and the cost as submitted is deemed fair and reasonable, no advantage could be gained by completing the work otherwise.

Respectfully yours,

G. FRANK McDONALD, Commissioner.

ADDITION TO AND DEDUCTION FROM CONTRACT.

FIRE DEPARTMENT.

Approval has been given for the following addition to and deduction from the contract of J. A. Singarella Company for the erection of a new fire station for Engine 10 at 127 Mt. Vernon street, Back Bay. The contract is dated August 29, 1947.

Addition No. 1.

In the contract the allowance carried for electrical control board in the fire station is \$300, but the lowest price obtainable for the type board required by the Fire Department is \$700. This will be an addition to the contract of \$400.

Deduction No. 2.

An allowance of \$1,200 is carried in the contract for furnishing and installation of steel lockers and boot racks. However, the lockers and boot racks will be furnished for the amount of \$742.83, making a deduction in the contract of \$457.17.

Original contract, \$123,200; amendment to contract dated January 7, 1948, \$6,100; addition No. 1 as shown above, \$400; total contract with amendment and addition, \$129,700; less deduction No. 1 dated November 28, 1947, and deduction No. 2 above, \$757.17; total contract with addition, amendment and deductions, \$128,942.83.

In the contract an allowance of \$300 was given to pay for furnishing and installing electrical control board approved by the Superintendent of our Fire Alarm Division. This board will control operation of gongs, lights, electric doors, etc. The lowest cost obtainable for furnishing the specified control board is \$700.

An allowance of \$1,200 was made in the contract to cover furnishing and installation of steel lockers and boot racks; however, a price of \$742.83 was obtained for locker and rack installations.

Although addition No. 1, mentioned above, is in addition to the work contemplated in the original contract, it is incidental thereto.

CHANGE IN CONTRACT.

M. Solimando has been ordered to make the following change in the contract for alterations and additions to the Lion House, Franklin Park, Boston.

Item No. 1.—Remove old and install new beech, birch, or maple No. 1 grade matched hardwood flooring, to entirely re-floor two inside cages, and patch the floors in other cages, approximately 230 square feet total, as directed at the job. Stock to be 3½ inches by 1½ inches, tongued and grooved, or equal, with joints laid in white lead, and securely blind fastened at each support. Floors shall be machine sanded smooth and dressed with boiled linseed oil.

For the above work the sum of \$400 will be added to the contract price.

Item No. 2.—Remove and re-erect entire pipe rail guard fence one foot back from present location, same to be securely fastened to masonry floor with expansion shields and bolts. Remove 21 wire mesh grilles from panels of pipe rail fence as directed and furnish and install 22 new wire mesh panels complete with channels of pattern to harmonize with remaining grilles. Entire work to be painted two coats of paint.

Item No. 3.—Remove entire exterior pipe rail fence approximately 145 feet long and dispose of same. Furnish and

install new galvanized pipe rail fence 1½ I. D. complete with No. 6 galvanized wire mesh and erect same one foot back from present location and securely fasten to concrete base with expansion shields and bolts.

For work included in Item Nos. 2 and 3, the sum of \$1,160.50 will be added to the contract price.

Adjustment to Contract.—Original amount of contract, \$22,927; heating extra approved December 22, 1948, \$372.68; present contract, \$23,299.68; addition as per Item Nos. 1, 2, and 3 of this order, \$1,560.50; total contract now standing, \$24,860.18.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Caruso and Barone, Inc., has been directed to omit and substitute the following extra work under the contract for laying sheet asphalt pavement in Burrwood road, Garth road, Hodgdon terrace, and Kerna road, dated September 15, 1947.

Items ordered: Omit the laying of 1080 square feet of artificial stone sidewalks (Item 9a of contract) in Kerna road and substitute loam spaces. The substituted work will include excavation to a depth of 12 inches, furnishing and placing loam to a depth of 12 inches, grading and seeding. Price to be paid for each square yard of loam space furnished, placed, graded, and seeded, the sum of \$3.75.

Estimated cost of substituted work, \$450; estimated cost of omitted work, \$399.60; estimated increase in cost, \$50.40.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

John Williams Company, has been directed to perform the following extra work under the contract for sewerage works in Cottage street, Washington street, Rosemont street, and Stanley street, Hyde Park, dated February 25, 1948.

Items ordered: For relaying 40 linear feet, more or less, of 12-inch C. I. water pipe in Neponset River Parkway, at Cottage street, Hyde Park, according to the standard specifications of the Water Division, including the furnishing of tools, labor, equipment, and jointing material, excavation, backfill and all incidental work, \$5 per linear foot. This work is necessary because its present elevation interferes with the laying of the proposed 21-inch pipe surface drain.

Estimated cost of extra work, \$200.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A 10-inch pipe surface drain, and six catch-basins in Undine road (Chandler's Pond side) between 120 feet northwest of Lake street and 715 feet westerly, in the Brighton district, at an estimated cost of \$10,500.

A 10-inch pipe surface drain in private land, between 180 feet north of Undine road and 152 feet northerly (to open brook), in the Brighton district, at an estimated cost of \$800.

A 12-inch pipe surface drain in Colwell avenue, between Portina road and 260 feet southeasterly, in the Brighton district, at an estimated cost of \$2,500.

The following was received:

City of Boston,
Office of the Mayor, May 19, 1948.

To the City Council.
Gentlemen,—I transmit herewith communication from the Boston Housing Authority relative to your order dated May 10, 1948, concerning the advisability of the construction of two-family or multiple dwelling units for veterans and their families on vacant land bordering Faneuil street and North Beacon street, in Ward 22, Brighton.

Respectfully,
JAMES M. CURLEY, Mayor.

Boston Housing Authority,
May 18, 1948.

Hon. James M. Curley,
Mayor of Boston.

Subject: City Council order dated May 10, 1948, re land in the Faneuil Street area, Brighton.

Dear Mr. Mayor,—In consideration of its comprehensive program this Authority for some time has had under consideration for housing the land in Brighton referred to by the Honorable the City Council, in its order of May 10, 1948.

The final advisability of use of this site has not been determined, but the Authority wishes to assure of its very active consideration.

Very truly yours,

CORNELIUS P. CRONIN, Chairman.

CLEANING OF SOUTH BOSTON BEACHES.

The following was received:

City of Boston,
Office of the Mayor, May 19, 1948.

To the City Council.
Gentlemen,—I transmit herewith communication from the Park Department relative to your order of May 10, 1948, concerning the cleaning up of debris on Carson Beach and City Point Beach.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 17, 1948.

Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.

Dear Sir,—I desire to acknowledge your memorandum, with enclosure, Council order, May 10, 1948, requesting the Park Commission to immediately clean up the debris on Carson Beach and City Point Beach.

It is the intention of the department to clean up the debris along the South Boston water front, caused by the winter storms, within the next few weeks. The excess this year over last year will require additional funds that I have submitted to the Budget Commissioner.

Very truly yours,
JOHN J. MURPHY, Chairman.

Commissioner of Public Works.

Placed on file.

INCREASED ALLOWANCES FOR CERTAIN RETIRED EMPLOYEES.

The following was received:

City of Boston,
Office of the Mayor, May 19, 1948.

To the City Council.
Gentlemen,—On the petition of the City of Boston the Legislature has enacted chapter 301 of the Acts of 1948, a copy of which I transmit, which authorizes an increase of \$120 a year in the annual pensions and retirement allowances of retired employees of the City of Boston and County of Suffolk receiving less than \$900 a year, provided that the amount of increase shall not bring the pension to more than \$900.

This Act affects over 1,000 pensioners. It provides for a flat increase rather than a percentage increase, on the theory that practically all of the amount of those pensions in the low brackets is required to meet the bare cost of food, lodging, and clothing, and that basic level, or more properly subsistence level, should be raised to meet to some extent the present increased cost of living. That level was set 24 years ago, at my instance, in the Boston Retirement System, at \$480 a year, or \$40 a month. The present budget fixed by the Public Welfare Department for Old Age Assistance ranges from \$50 to \$65 a month, and the Act limits the increase to those pensioners receiving less than \$900 a year, or \$75 a month.

It may well be argued that those receiving an annual pension of more than \$900 a year are also hard hit by the high cost of living, and it is not necessary to dispute that assertion. But there must be a limit to the city's bounty, and, no matter how sympathetic one may be with the problems of the pensioners in the higher brackets, it is evident that, after the level of \$75 a month is reached, a smaller and smaller percentage of the pension is required to meet the bare cost of living.

To reiterate, this Act is designed to assist, and does assist, over 1,000 pensioners receiving less than \$900 a year, at an approximate cost of \$120,000

a year, and the city's financial position does not warrant the expense involved in an increase in the higher brackets.

This Act requires acceptance by the Mayor and City Council, and it is my intention upon its acceptance to put the increases into effect as of June 1, 1948.

I submit herewith and recommend the immediate passage of the accompanying order accepting the Act.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That chapter 301 of the Acts of 1948, entitled "An Act authorizing increases in the amounts of pensions and retirement allowances payable to certain retired employees of the City of Boston and County of Suffolk and their beneficiaries," be, and hereby is, accepted.

Referred to the Executive Committee.

APPROPRIATION FOR INSTALLATION OF TRAFFIC SIGNALS.

The following was received:

City of Boston,
Office of the Mayor, May 24, 1948.

To the City Council.
Gentlemen,—I am in receipt of the attached communication from the Traffic Commissioner, requesting an appropriation of \$112,000 for the installation of traffic signals at certain intersections throughout the city where high accident frequency makes it imperative.

In compliance with this request, I am forwarding herewith an order appropriating the sum of \$112,000 from the Special Account, Sales of City Property, and recommend passage by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, May 21, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—The non-revenue appropriation "Automatic Traffic Control Signals in Various Sections of the City," which provides the funds for the installation of new traffic signals, is at present depleted.

There are many dangerous intersections throughout the city where the high accident frequency makes it imperative, in our opinion, that traffic signals be installed. We have not requested funds previously for a large-scale program because of the scarcity of essential materials, particularly steel. We believe that it is urgently necessary to immediately inaugurate a program of signaling a substantial number of the most hazardous locations in the interest of public safety.

It is our opinion that a suitable preliminary program should contemplate signaling at least 28 locations. Due to increased equipment and material costs, and because several of the intersections with highest accident frequencies are in the downtown and Back Bay areas where the signals would have to be interconnected by cable with existing systems with resultant increased costs, we estimate the average cost per intersection of such a group at \$4,000.

We respectfully request that the sum of \$112,000 be transferred from available sources to the appropriation "Automatic Control Signals in Various Sections of the City."

Respectfully submitted,
LEO F. CURLEY, Commissioner.

Ordered, That under the provisions of section 63 of chapter 44 of the General Laws the sum of one hundred twelve thousand dollars (\$112,000) be, and the same hereby is, appropriated from the Special Account, Sales of City Property, to be expended under the direction of the Traffic Commissioner, as follows:

Automatic Traffic Control Signals in Various Sections of the City....	<u>\$112,000</u>
---	------------------

Referred to Committee on Appropriations.

APPROPRIATION FOR CARE OF GRAVES OF SOLDIERS, SAILORS AND MARINES.

The following was received:

City of Boston,
Office of the Mayor, May 17, 1948.

To the City Council.
Gentlemen,—Chapter 115, section 22, of the General Laws provides that the Mayor shall appoint a citizen, preferably a war veteran, who shall be charged with the duty of suitably keeping and caring for the graves of those who have served in the Army, Navy or Marine Corps of the United States in time of war.

The provisions of this statute have been complied with and with the approval of your Honorable Body funds for the maintenance of this activity have been made available. The last order transferring the sum of \$10,000 from the Contingent Fund was passed by your Honorable Body on Jun 2, 1947.

The funds now available will shortly be expended, and, believing this activity should be continued, there is forwarded herewith an order appropriating the sum of \$10,000 to be charged to the Contingent Fund. Your consideration and passage of this order is respectfully recommended.

Respectfully,
JAMES M. CUBLEY, Mayor.

Ordered, That the sum of ten thousand dollars (\$10,000) be, and the same hereby is, appropriated, to be expended under the direction of his Honor the Mayor, for the care of graves of soldiers, sailors and marines, as provided in chapter 115, section 22, of the General Laws, said sum to be charged to the Contingent Fund.

Referred to the Executive Committee.

1. Order for loan of \$2,000,000, submitted by the Mayor April 26, 1948, for construction of public ways or permanent pavement.

The question came on giving the order its first reading. On motion of Councilor Linehan the order was referred to the Executive Committee.

REPORT OF HOSPITAL COMMITTEE.

Coun. SULLIVAN, for the Hospital Committee, submitted the following report of semiannual visit to Long Island Hospital:

On Thursday, May 20, 1948, the Committee on Hospitals made a visit to the Long Island Hospital for inspection purposes. The committee was accompanied by Commissioner G. Frank McDonald and was met by Dr. James V. Sacchetti at the island.

The committee made an exhaustive inspection of conditions and were agreeably surprised at the great strides made since the last inspection. Great praise should be given to Commissioner McDonald and Doctor Sacchetti for the work which has been done and the improvements which they contemplate making in the future. Hospital wards which previously were eyesores have been put into first-class condition. New beds and mattresses replace the shabby, broken-down ones which were formerly there, and quite a few of the wards have been painted. An air of cleanliness prevails and all of the inmates spoken to had only words of praise for those in charge.

The committee conferred at great length with the Commissioner and Doctor Sacchetti, and are of the opinion that the contemplated improvements are vitally necessary.

DANIEL F. SULLIVAN,
Chairman, Hospital Committee.

The report was accepted.

REPORT OF COMMITTEE ON PARKMAN FUND.

Coun. LANE, for the Committee on Parkman Fund, submitted the following:

Report on message of Mayor and order (referred May 17) appropriating \$36,000 from income of Parkman Fund, to be expended under direction of Park Commissioners—that same ought to pass.

The report was accepted, and the order was passed, yeas 19, nays 0.

Yeas—Councilors Ansel, Beades, Bryan, Cantwell, Carey, Chase, Coffey, Cook, Hannon, Keenan, Kinsella, Lane, Lanigan, Linehan, McCormack, Ramsey, Shanley, Sullivan, Yerxa—19.

Nays—0.

REPORT OF COMMITTEE ON COUNTY ACCOUNTS.

Coun. SHANLEY, for the Committee on County Accounts, submitted the following:

Report on petition of Edson L. McKenna (referred May 3), employed as officer in House of Correction, Penal Institutions Department—recommending passage of following order:

Whereas, Edson L. McKenna, employed in the service of the County of Suffolk, as officer in the House of Correction, Penal Institutions Department, has made application to be retired under the provisions of chapter 678 of the Acts of 1945; and

Whereas, The said Edson L. McKenna has submitted to the City Council satisfactory evidence that he is a veteran as defined in section 36 of chapter 32 of the General Laws; that he has been certified for retirement for disability by the duly authorized medical panel; that he has been in the service of the county at least ten years and has reached the age of fifty; that he is incapacitated for active service, and that his total income from all sources, exclusive of his retirement allowance and of any sum received from the government of the United States as a pension for war service, does not exceed five hundred dollars; therefore be it

Ordered, That under the provisions of section 56 of chapter 32 of the General Laws, as amended by chapter 514 of the Acts of 1943, Edson L. McKenna, employed in the County of Suffolk as officer in the House of Correction, Penal Institutions Department, be, and hereby is, retired by the Mayor and City Council, acting as county

commissioners, at an annual pension of fourteen hundred and fifty dollars, being one half of his highest regular rate of compensation.

The report was accepted, and the order was passed.

REPORT OF COMMITTEE ON CONFIRMATIONS.

Coun. ANSEL, for the Committee on Confirmations, submitted the following:

Report on appointment by the Mayor (referred May 3) of John F. Henderson, to be constable authorized to serve civil process on filing of bond, for term of one year beginning May 1, 1948—recommending confirmation of appointment.

XII. APPRECIATION.

The Fire Commissioner is in receipt of the following letter from Chairman Humphry H. Sheehan of the Everett Board of Fire Commissioners, which he is pleased to publish for the information of the department:

"DEAR SIR:

Please accept our sincere thanks and appreciation for the great service rendered by your department in our recent fire at the Boston Consolidated Gas Company on Saturday, May 15, 1948. Without your great assistance much greater damage would have occurred.

The cooperation and willingness of the men of your department to extend their efforts to the almost unbearable limit, speaks well for your department and the fire service of Greater Boston.

We assure you that if we can be of assistance to your department at any time in the future, we will be at your service.

Thanks.

HUMPHRY H. SHEEHAN, *Chairman,
Board of Fire Commissioners.*"

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

JOHN F. McDONOUGH,
Chief of Department.

General Order No. 37.

Proposals will be received until 12 o'clock noon, Monday, June 21, 1948, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$200, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specification.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

JAMES H. MOONEY,
(June 12.) Superintendent of Construction.

PUBLIC AUCTION.
CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

TO BE HELD AT THE OFFICE OF THE COMMISSIONER OF PUBLIC WORKS, 509 CITY HALL ANNEX, BOSTON, TUESDAY, JUNE 15, 1948, AT 11 O'CLOCK A. M.

The City of Boston will sell at public auction all its right, title and interest in and to a certain parcel of land situated on the northerly side of River and Milton streets in the Town of Dedham, Massachusetts.

The title to the said land was acquired by the Inhabitants of Hyde Park by deed dated March 29, 1910, recorded with Norfolk Deeds, Book 1137, page 528, and vested in the City of Boston through the annexation of the Town of Hyde Park to the City of Boston by the provisions of chapter 469 of the Acts of 1911.

Said parcel of land is bounded and described as follows:

Southerly by River street, by two measurements, one hundred forty and 65-100 (140.65) feet, and four hundred seventy-five and 58-100 (475.58) feet, respectively;

Southwesterly by Milton street, by two measurements, five hundred twenty-four and 94-100 (524.94) feet, and fourteen and 65-100 (14.65) feet, respectively;

Westerly by lands now or formerly of George A. Marier and Joseph Montisano, by two measurements, one hundred fifty and 10-100 (150.10) feet, and two hundred twenty (220) feet, more or less, respectively;

Northerly by Mother Brook, so called, nine hundred seventy-five (975) feet, more or less;

Easterly by lands now or formerly of George M. Riley, Salvatore Eannella, and by Paradise lane, by six measurements, one hundred six (106) feet, more or less, ninety-one and 72-100 (91.72) feet, thirty-six and 80-100 (36.80) feet, one hundred eighty-five and 57-100 (185.57) feet, one hundred eighteen and 8-100 (118.08) feet, and one hundred eighteen and 64-100 (118.64) feet, respectively;

containing eleven and 61-100 (11.61) acres, more or less. Said land and all of said measurements are shown on a plan marked "City of Boston, Milton Street, River Street, Dedham, October 9, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," on file in the office of said Street Laying-Out Department, City Hall Annex, Boston, Mass.

The minimum price is three thousand five hundred dollars (\$3,500).

A deposit of one thousand dollars (\$1,000), in cash or certified check, required at the time and place of sale, balance, if any, to be paid in thirty (30) days.

The Commissioner of Public Works reserves the right to reject any and all bids. Further particulars from the Commissioner of Public Works, Room 509, City Hall Annex, Boston, Mass.

ROBERT P. CURLEY,
Commissioner of Public Works.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 40

SATURDAY, JUNE 19, 1948.

NO. 25.

BOSTON'S FIRE-FIGHTING FORCE, WITH NEW APPARATUS PURCHASED OR CONTRACTED FOR, NOW AT TOP IN EFFICIENCY AND ABILITY TO MEET ANY CONTINGENCY—FIRE COMMISSIONER RUSSELL S. CODMAN, JR., FURNISHES MAYOR WITH LIST, IN HOUSES OR UNDER CONSTRUCTION, AT AN EXPENDITURE OF \$1,683,238.28, OF 143 NEW PIECES, INCLUDING TWO NAVY DIESEL MINESWEEPERS CONVERTED INTO FIREBOATS, NOW ADDED TO DEPARTMENT'S FORCE IN PAST TWO AND ONE-HALF YEARS—TOTAL OF 2,293 MEN IN UNIFORM.

Mayor Curley has been given the following information concerning the Fire Department by the Commissioner, Russell S. Codman, Jr.:

Upon the delivery of apparatus that has been ordered and is in process of construction, 143 new pieces of apparatus, including two Navy Diesel minesweepers that have been converted into fireboats, have been added to the Fire Department's fire-fighting force in a period of nearly two and a half years, at a cost of \$1,683,238.28.

CONTRARY TO FINANCE COMMISSION ASSERTION, CITY SAVED MONEY ON SPRING STREET-CLEANING WORK, MAYOR CURLEY IS INFORMED.

The following letter was received on June 14 by his Honor the Mayor from Robert P. Curley, Public Works Commissioner:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

I have the Finance Commission's report of June 9, 1948, to the Honorable the Mayor and City Council, in which the Public Works Department's operation of street cleaning has been mentioned.

The contractors that we employed to augment the city forces did an exceptionally fine job, the streets have been cleaned, and the purpose for which we requested the money has been accomplished. The intention at the time that the appropriation was requested was to assist the city forces in the different wards for the purpose of cleaning up the heavy accumulation of dirt left after the severe winter.

In order to expend the city's money to the best advantage, we decided that 1½-ton trucks should be used rather than large trucks, which would cost much more. The department was thereby enabled to employ a greater number of men than would have been the case if larger sized trucks were used. We also told each contractor the number of men that he was to employ, and the men and trucks, in turn, were assigned to the street-cleaning yards, to be supervised by our foremen.

This method worked out very well, and I am pleased to say that the work was accomplished at a much less figure than \$100,000, which was available for the purpose.

Respectfully yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

It represents practically a new Fire Department. In addition to apparatus there has been added to the department, as a result of the 48-hour work week law for firemen, 600 new employees, so that the total number of men now on the fire-fighting force is 2,293.

It represents a huge expenditure, but one which was considered vitally necessary for the protection of life and property in Boston.

The following letter was received by his Honor the Mayor:

BOSTON, June 4, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Complying with your request, I present herewith memorandum itemizing amount of equipment ordered for this department under the 1946 and 1947 Equipment Loans:

1946 EQUIPMENT LOAN.

1. 16 pumpers delivered, allocated as follows: Mack Motor Company, 6; Ward LaFrance, 6; American LaFrance, 4.

In addition, the department received 3 Peter Pirsch pumpers and one Ward LaFrance pumper ordered during Mayor Tobin's administration.

Two 500-gallon Chevrolet pumpers were purchased from the War Assets Administration.

One Seagrave pumper and one Seagrave quad were loaned to the city by the United States Navy. Both these pieces are being returned to the Navy on Monday, June 7, this being the day when the lease of said equipment between the city and the United States Government expires. The Government will not allow any further extension of the lease, as the pieces are being shipped to the Hawaiian Islands.

2. Hose wagons delivered and allocated as follows: 6 Mack hose wagons; 2 Mack high pressure wagons.

3. 3 rescue wagons.

4. 3 lighting plants.

5. 1 tractor for Tower 2.

6. 2 Navy minesweepers for conversion into fireboats. (Special loan of \$300,000.) Both boats are now in service.

7. 18 small cars for district chiefs and chief officers.

8. 6 Peter Pirsch 85-foot aerial ladder trucks (undelivered).

(Continued on page 616.)

'O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!'"

CITY AUDITOR CHARLES J. FOX, AT DENVER CONFERENCE OF THE MUNICIPAL FINANCE OFFICERS ASSOCIATION, DELIVERED THE FOLLOWING ADDRESS IN PLEA FOR GREATER LOCAL GOVERNMENT HOME RULE IN DECIDING REVENUE POLICIES — HE, WITH MAYOR A. P. KAUFMANN OF ST. LOUIS, WERE DEBATING ON AFFIRMATIVE SIDE OF QUESTION.

The following is the address delivered by City Auditor Charles J. Fox during a debate at the Denver Conference of the Municipal Finance Officers Association on the subject "Resolved, That There Be Greater Local Government Home Rule in Deciding Revenue Policies." Mr. Fox debated on the affirmative side of the question, being paired with Mayor A. P. Kaufmann of St. Louis. The conference was held June 7 to 10.

One year ago, the Joint Committee of the American Bar Association, the National Tax Association, and the National Association of Tax Administrators, in a comprehensive report on "The Co-ordination of Federal, State and Local Taxation," listed as one of four fundamental assumptions for the attainment of the objective of the committee's study that "in general, each grade of government should support its functions from its own independent revenues."

My colleague and myself subscribe wholeheartedly to this assumption. We maintain that American cities, which serve as guardians of over half the nation's people, which produce nearly three-fourths of the nation's income, and which pay 90 per cent of the nation's tax bill, should possess the necessary powers to finance municipal activities from revenue sources within their own control. We feel it is a travesty of democracy that the industrial and financial, as well as the cultural and educational, centers of American life should be restricted and restrained by constitutional and legislative limitations from the exercise of a reasonable degree of independence in the establishment of their own revenue systems. We protest against a system whereby outworn state laws imprison cities in a strait jacket which prevents them from solving their own financial problems. We regret that municipalities have been forced to don mendicant's robes because in recent years the taxes payable on the wealth and income developed in local communities have gone largely and increasingly to the Federal and state governments.

RECENT DEVELOPMENTS.

Let us consider for a moment recent developments in federal-state-local revenue relations. Back in 1932, before war clouds had appeared on the horizon, and before Social Security had been established, the tax revenues of local governments exceeded the tax revenues of the Federal and all 48 state governments combined. According to the records of the Census Bureau, local governments in that year collected taxes totaling 4.4 billions, the Federal government 1.9 billions, and the states 1.8 billions. In 1946, however, Federal tax collections totaled 40½ billions, the states' total was 6 billions, and that of local governments slightly in excess of 5 billions. In view of the fact that during this 14-year period the world passed through the greatest depression and the most far-flung war in history, it is not difficult to understand the material increases which occurred during the era in the tax revenues of the two upper levels of government.

But what about the local level during this period? Was it immune from the far-reaching economic and social changes which have occurred since 1932? Has the character and extent of municipal activities remained, like the total of local tax revenues, practically unchanged since 1932? The answer to these questions is not difficult to ascertain. Two decades ago our cities were largely concerned with the protection of persons and property, construction of essential public works, and the providing of adequate educational facilities. Today municipal administrators are confronted with problems such as delinquency and crime; economic inequalities and categorical relief; deterioration of urban centers; dirt and noise; rapid

transit and traffic control; off-street parking; housing difficulties, and other matters of social and economic significance.

No — local government has not remained static since 1932. Like the Federal and state governments, it has taken on a wide range of new responsibilities, but, unlike the two upper levels, it has had strictly limited means with which to discharge these responsibilities. Many of these new services, especially those with social implications, have resulted from legislative action at the Federal and state levels, but, unfortunately, little heed has been paid in the enactment of such legislation to the authorization of adequate financial measures to compensate for additional local costs. Moreover, since the close of World War II every type of municipal cost has arisen along with the universal rise in prices. Because of its restricted revenue base, local government has only one principal outlet for advancing costs, namely, higher property taxes.

TAX RATES MOUNT.

Nobody will question the assertion, I believe, that local tax rates have risen sharply in most areas since the end of the war. These increases, combined with the upward trend in assessed valuations, have meant material increases in property tax levies. According to a recent study embracing 12 states, the increase in property taxes payable in 1947 over those payable in 1940 averaged about 32 per cent. In Colorado, our host state, local property taxes rose from 37 millions in 1940 to 48 millions in 1947, an increase of 29½ per cent.

This is the record of the immediate past, but what of the future? Will any

abatement occur in citizen demands for municipal services? Can we expect any diminution in the rate of local expenditures in the next few years? The answers to these questions are available in a study recently published by the Brookings Institute under the title "Governmental Costs and Tax Levels." This study was conducted for the purpose of ascertaining what the cost of government is likely to be in 1952 and what level of taxes will be necessary to meet the indicated expenditures. The year 1952 was selected on the assumption it will be a reasonably settled postwar year — neither extreme boom nor substantial depression.

According to this study, local cash expenditures in 1952, exclusive of debt retirement, are estimated at 8.4 billions, as compared with actual expenditures of 5.6 billions in 1940 and 6.3 billions in 1946. The startling feature of this conclusion is that the estimated increase in local expenditures between 1946 and 1952 is three times that of the actual increase which occurred between 1940 and 1946.

Since the close of the war, local governments have been hard pressed to cope with the financial emergency created by postwar developments. In the light of the trends indicated in the Brookings study, however, the stress and strain of recent years is "only the beginning." Certainly, if difficulty was experienced in financing the actual increase in local expenditures between 1940 and 1946, the fiscal situation in the years immediately before us, when an increase of 300 per cent over the previous six-year period is estimated, will be highly precarious unless our state legislatures will agree to aid local communities by broadening the tax powers of municipalities

so as to permit reasonable diversification in local revenue systems.

DIVERSIFIED TAX STRUCTURES.

According to a survey recently made public by Tax Foundation, Inc., state tax collections in 1947 were 58 per cent (2.1 billion) more than in 1941. This increase represented more than the entire tax collection by all 48 states in 1930. This imposing record was made possible by collections from 14 principal tax sources. This broad and diversified tax base is the principal contributory factor to the strong financial position which states occupy today. There's an old saying, "What's sauce for the goose is sauce for the gander." If states have prospered under a diversified tax structure, what objection can be raised to "greater local home rule in deciding revenue policies"?

At the time our National Constitution was written, the rights of cities was not an issue. Cities as we know them today did not exist. Ninety-five per cent of the people lived "on the land," so that only two levels of government (Federal and state) actually existed. The drafters of our Federal Constitution, therefore, after enumerating the powers to be exercised by the Federal level, provided that all powers not granted to the Federal government by the Constitution nor denied by it to the states were reserved to the lower level of government. Thus so-called "state rights" were recognized, protected, and preserved.

Today our nation is urban rather than agricultural in character, with the result that a third level of government definitely and positively exists. Cities and towns, the members of this third level, are justified as the states were 160 years ago in demanding that their rights be recognized, protected, and preserved. From a revenue point of view, such recognition would warrant, in the light of the Federal precedent just mentioned, delegation to municipalities of the right to impose any and all taxes and licenses which do not conflict with state tax policies. Under such a policy, cities and towns would be privileged to levy any taxes not collected by the state and/or establish supplemental levies on taxes already incorporated in the revenue system of the state. This is not a radical or novel suggestion. Pennsylvania municipalities are now authorized to levy any tax not collected by the state. Ninety California municipalities are collecting sales taxes which are supplemental to that collected by the state.

Maryland has empowered Baltimore to levy until 1951, with certain exceptions, any tax the state may levy. New York has adopted permissive legislation which will enable cities and counties of over 100,000 population to finance the major part of their own expenditures from their own resources. Idaho, Illinois, Minnesota, Ohio, and West Virginia have also enacted permissive tax measures for the benefit of municipalities.

The delegation of nonconflicting tax powers to cities has three advantages: First, it permits cities to levy taxes responsive to local community income instead of taxes based primarily on capital values; second, it invests in the city the power to increase rates if the revenue proves insufficient; and third, it places responsibility for the imposition of the tax directly on the municipal officials who propose to spend the proceeds.

Public money is more carefully raised and more carefully spent when the levying body must show results to a con-

stituency with which it must live closely and to which it must report periodically. As Professor John F. Sly has stated, "Political responsibility for a tax burden is clear cut at the local level. It is diffused at the state level. It is almost beyond comprehension at the federal level." This means that popular democratic influences can be brought to bear more directly and more quickly at the community level. Moreover, local initiative will be preserved and encouraged if independent revenues are made available for financing local functions.

In advocating that "there be greater local government home rule in deciding revenue policies," mine is not "a voice crying in the wilderness." Let me quote what several authorities on local government have said on this subject.

Dr. Paul Studenski, Professor of Economics at New York University, in an article on the local revenue problem which appeared some months ago in the *National Municipal Review*, made the following statement: "The greater portion of the needed moneys should come from local sources. The taxing powers of the municipalities should be broadened so that they may procure these funds in the needed measure and by the use of taxes, other than the real estate tax, best suited to their particular conditions."

GOVERNOR DEWEY'S COMMENT.

Governor Dewey, in his 1947 budget message, made the following observation: "The major share of financing local functions must continue to be provided by the local communities themselves. If the taxing powers of the localities are not sufficient to enable them to take care of their special needs, these powers should be broadened."

Philip Cornick is responsible for this statement: "Why should local governments, operating in a world in which rapid changes are in progress, be confined in constitutional strait jackets which impose on them rigid forms of local taxation?"

The Special Citizens Committee on New Sources of Revenue for Madison, Wisconsin, in a report made in 1945 said: "What municipalities appear to need most is an enlargement of their taxing powers so that they can spend their own money as their citizens wish and can finance municipal spending programs by taxing their citizens in a manner locally acceptable." Professor John F. Sly of Princeton University writes: "Home rule requires not only that a municipality manage its own affairs, but that it assume a major fiscal responsibility for them. Without adequate local finance there can be no permanency to local self-government." Finally, Dr. Thomas H. Reed has stated: "It is not right that cities should be hobbled by restrictive tax legislation enacted by legislatures dominated by members from the country districts. The cities produce most of the tax receipts and should not be discriminated against in their distribution."

I appreciate that the proposal under discussion may, in a number of states, conflict with the provisions of state constitutions. At the risk of being adjudged guilty of lèse majesté, I am going to state that there is a crying need throughout this country for the modernization of state constitutions. As a whole, these instruments are rather antiquated and archaic documents. Forty of them were adopted prior to the twentieth century. How can local governments be expected to meet the rapidly changing

needs of the moment if all discretion and latitude is taken away by constitutional limitations adopted long before our country had become an urban nation?

Alexis de Tocqueville, a French liberal and government magistrate, after a visit to this country in 1831, made the following observation: "Municipal institutions constitute the strength of free nations. A nation may establish a system of free government, but without municipal institutions it cannot have the spirit of liberty." Adequate revenue facilities are essential to assure the effective conduct of municipal institutions. Unless our state legislators are willing to cooperate in the establishment of such facilities for local governments, continuance of "the spirit of liberty" as an integral part of the framework of American government will be imperiled.

PREPARING FOR RECRUITING DRIVE.

The following-named persons conferred with the Mayor of Boston, James M. Curley, in regard to a recruiting drive, at which time pictures were taken:

Second Lieutenant Jack K. Loughlin, Master Sergeant Francis X. Dugan, Technical Sergeant Bernace O. Shugart, Eleventh Airborne Division; Technical Sergeant William S. Grose, Staff Sergeant Raymond Klussman, First Cavalry Division.

Captain Eames was in charge of the group.

FIRE COMMISSIONER CODMAN REPORTS TO MAYOR CURLEY THAT BOSTON'S FIRE-FIGHTING FORCE IS IN EXCELLENT CONDITION.

BOSTON HOUSING AUTHORITY.

BOSTON, June 2, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

This Authority respectfully requests the permission of your Honor to dispense with advertising and to engage the services of George N. Jacobs, 350 Atlantic avenue, Boston, Mass., to prepare the plans and specifications and to supervise the construction of a veterans' housing development on Adams street and Victory road, Dorchester district of the City of Boston. In view of the nature of the professional services involved, no benefit would be gained by advertising for bids publicly for these services.

The cost of the proposed construction is not to exceed \$533,558, which includes general construction work at an estimated cost of \$400,168, and plumbing, heating and ventilating, and electrical work at an estimated cost of \$133,390.

The architect shall be paid a base fee equal to the sum of 6 per cent of the full amount of the contract with the general contractor for construction of said work and, in addition, 2 per cent of \$133,390, which latter sum is the estimated amount of the mechanical work. This latter amount of fee is for coordinating the engineers' work into the whole design of the development.

It will be provided in the contract that the architect shall pay to the engineers

6 per cent of the estimated cost of the mechanical work, not to exceed the sum of \$8,003.40.

Very truly yours,

FRANCIS X. LANE,
Executive Director.

BOSTON, June 2, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

BOSTON, June 1, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

On May 21, 1948, proposals for furnishing one power sprayer to the Park Department were publicly opened and read in this office. Only one bid was received.

It is respectfully requested that permission be granted me to award an order to the Stewart & Savage Manufacturing Company, Quincy, the only company who submitted a bid.

Total amount of order is \$1,950, less a 1 per cent cash discount for payment within ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

NOTICE OF TAX TAKING.

THE COMMONWEALTH OF MASSACHUSETTS.

CITY OF BOSTON.

OFFICE OF THE COLLECTOR OF TAXES.

June 18, 1948.

TO THE OWNERS OF THE HEREINAFTER DESCRIBED PARCELS OF LAND SITUATED IN THE CITY OF BOSTON, IN THE COUNTY OF SUFFOLK, AND THE COMMONWEALTH OF MASSACHUSETTS, AND TO ALL OTHERS CONCERNED.

PROCEEDINGS OF CITY COUNCIL.

Monday, June 7, 1948.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p. m., President HANNON in the chair, and all the members present.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Weighter of Goods, for term ending April 30, 1949: Francis J. Dewey, 120 Bartlett street, Charlestown, Mass.

Constable of City of Boston, authorized to serve civil process on filing of bond, for the term ending April 30, 1949: Reuben Bayley, 17 Fernboro street, Ward 14.

Severally referred to Committee on Confirmations.

WINNERS OF WALTER SCOTT MEDAL.

The following was received:

City of Boston,
Office of the Mayor, June 2, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Fire Department, relative to your order of May 24, 1948, concerning the recompensing of the winners of the Walter Scott Medal in the Fire Department, in the same manner as the winners of this medal in the Police Department.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Fire Department, June 1, 1948.
Hon. James M. Curley,
Mayor, Boston.
Dear Mr. Mayor:

I am in receipt of a City Council order, dated May 24, requesting that his Honor, the Mayor, be requested to confer with the Fire Commissioner for the purpose of recompensing winners of the Walter Scott Medal in the Fire Department in the same manner as the winners of this medal in the Police Department, so that the members of both departments will be similarly rewarded for their heroic deeds, and also to make the same arrangement for future winners of this medal in the Fire Department.

I have discussed this matter with the Police Commissioner, Mr. Sullivan, to ascertain the manner in which members of the Police Department who are holders of the Scott Medal are recompensed in recognition of their heroic deeds. It seems that the amount of \$25 a year is added to the recipients' rate of pay, the amount being deductible under Item A-1.

In order that members of the Fire Department may receive the same recognition as members of the Police Department it is my recommendation that your Honor authorize the payment of \$25 a year to the present holders of the Scott Medal as listed below, and all further winners of said medal:

James H. Curran, Gilbert W. Jones, Edward J. Crowley, Lieut. Thomas J. Clark, Thomas J. McGrath, Edward C. Donovan.

Respectfully yours,
RUSSELL S. COOMAN, JR.,
Fire Commissioner.

CLEANING OF FATHER BUCKLEY PLAYGROUND, ETC.

The following was received:

City of Boston,
Office of the Mayor, June 2, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Park Department, relative to your order of April 26, 1948, concerning the cleaning of Father Buckley Playground, and also the repairing of the benches and cleaning of Thomas Park and the placing of a custodian in charge thereon.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, May 28, 1948.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.
Dear Sir:

I have your memorandum, with enclosure, Council order requesting the Board of Park Commissioners to clean Father Buckley Playground and also to repair the benches and clean Thomas Park and place a custodian in charge thereon.

Both of these places have been cleaned up and put into good condition. Permanent men have been assigned at each place.

There are depressions in the Buckley Playground which hold water. Very soon these depressions will be filled in and rolled to the proper grade.

Very truly yours,
JOHN J. MURPHY, Chairman.

PLAYGROUND ON BRUCE STREET, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, June 7, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Park Department, relative to your order of May 24, 1948, concerning the purchasing of three lots of land on Bruce street, Ward 20, for the purpose of constructing a playground for small children of the neighborhood, as an addition to the land which was transferred to the Park Department by the Real Estate Division in 1945 for playground purposes.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, June 3, 1948.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.
Dear Sir:

In answer to your memorandum, with enclosure, City Council order requesting the Park Commission to purchase three lots of land on Bruce street, Ward 20, for the purpose of constructing a playground for small children of the neighborhood, as an addition to the land which was transferred to the Park Department by the Real Estate Division in 1945 for playground purposes, I wish to report as follows:

The land now on Bruce street, West Roxbury, owned by the city, contains six lots totaling 30,946 square feet. The land is almost entirely high rock ledge. The land immediately adjacent is also ledge. It would be extremely costly and inadvisable to attempt development for playground purposes.

A few hundred feet away is a tract of land containing about seven acres that could be converted into a playground at a relatively low cost. The district needs a playground as the nearest present playground is one and a quarter miles in either direction.

The problem is, however, that the land which I feel is ideal, is apparently owned by the John Hancock Life Insurance Company. It was probably acquired by the company for its housing development. Could the councilor of the district find out if the John Hancock Insurance Company intends to build on the large tract of land?

Very truly yours,
JOHN J. MURPHY, Chairman.

CONVERSION OF FRANKLIN PARK TENNIS COURTS INTO BASEBALL FIELD.

The following was received:

City of Boston,
Office of the Mayor, June 7, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Park Department, relative to your order of May 24, 1948, concerning the converting of the site of the tennis courts in Franklin Park into a baseball field.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, June 3, 1948.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.
Dear Sir:

I desire to acknowledge your memorandum, with enclosure, City Council order requesting the Board of Park Commissioners to convert the site of the tennis courts in Franklin Park into a baseball field.

I shall be pleased to make a baseball diamond for younger children, or for softball, in Franklin Park where the old tennis courts were located.

The area is not large enough for a large regulation baseball diamond without taking down trees and doing considerable grading.

I would suggest that the councilor contact me. He will find that I will do everything within reason to cooperate.

Very truly yours,
JOHN J. MURPHY, Chairman.

GARVEY PLAYGROUND, NEPONSET.

The following was received:

City of Boston,
Office of the Mayor, June 7, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Park Department, relative to your order of May 24, 1948, concerning the putting in of new

drainage and fill at Garvey Playground, Neponset, so that the residents of Neponset may have the type of playground that they are entitled to.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, June 3, 1948.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.
Dear Sir:

In answer to your memorandum, with enclosure, City Council order requesting the Park Commission to alleviate the terrible conditions existing at Garvey Playground, Neponset, by putting in new drainage and fill so that the residents of Neponset can have the type of playground that they are entitled to, I wish to say that I am making arrangements for building two gate manholes at this playground. One of the gate manholes will have two tide gates in it to prevent the tide from backing up and flooding the lower playground. The other, a smaller gate manhole, will have a tide gate in it to prevent the tide from flooding the upper playground. All of the surface drainage of the playground runs into a large surface sewer owned and maintained by the Sewer Division of the Public Works Department.

At the harbor end of this large city surface drain is a tide gate. This tide gate has not been consistently functioning properly and the tide has been backing up and eventually flooding the playground.

The installation of additional tide gates in manholes on the playground will be added insurance against flooding the playground by the tide backing up. In other words, all of the tide gates should not get stuck or blocked at the same time.

A contract agreement will be signed immediately as soon as the supplementary budget is passed by the Council, as the funds on this item are exhausted.

I realize it would be a good idea to raise the height of the lower playground so it would be above flood tide level. It would mean about a three-foot depth of filling all over it. On top of this a three-foot depth of fill would require six (6) inches of loam. It would cost approximately \$75,000 to do this work, at present prices. I believe consideration should be given to opening up the lower-level playground as a free dump for clean earth fill. In a period of a few years we could get the fill at no cost to the city.

Very truly yours,
JOHN J. MURPHY, Chairman.

SIDEWALK, SWALLOW STREET, WARD 6.

The following was received:

City of Boston,
Office of the Mayor, May 28, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Department, relative to your order of May 3, 1948, concerning the installing of a black tar sidewalk to replace the present dirt sidewalk on Swallow street, between O and N streets, Ward 6.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
May 26, 1948.
Mr. Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.
Dear Sir:

I return herewith order in City Council that the Commissioner of Public Works install a black tar sidewalk to replace the present dirt sidewalk on Swallow street, between M and N streets, Ward 6, and this will advise you that this location has been examined by our general foreman and he reports the limits should read from N to O streets.

The local paving service district foreman will be notified to resurface the portion between N and O streets with bituminous macadam pavement.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

ROOF OVER STAIRWAYS, NEAR COLUMBIA RAPID TRANSIT STATION.

The following was received:

City of Boston,
Office of the Mayor, May 28, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Department of Public Works, relative to your order of May 17, 1948, concerning the construction of a roof over the steel stairways recently installed near the Columbia Rapid Transit Station so that pedestrians using the stairways will be adequately protected from the danger of snow and ice on the stairs during the winter.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
May 25, 1948.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor:

In answer to your request for consideration and report of an order of the Boston City Council reading as follows:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make provision for the construction of a roof over the steel stairways recently installed near the Columbia Rapid Transit Station so that pedestrians using the stairways will be adequately protected from the danger of snow and ice on the stairs during the wintertime."

Please be advised that we are not in accord with the idea of installing a roof over stairways such as those at Columbia Rapid Transit Station, due to the fact that a roof provides little or no shelter, and is an item of constant expense and upkeep.

We do not approve of this order.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

EXCLUSION OF HEAVY TRUCKING, FANEUIL STREET.

The following was received:

City of Boston,
Office of the Mayor, May 26, 1948.

To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner, relative to your order of May 10, 1948, concerning the excluding of heavy trucking on Faneuil street, west from Market street to Parsons street, Ward 22.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,

Traffic Commission, May 20, 1948.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

This is in reply to Council order dated May 10, 1948, requesting the Traffic Commission to exclude

heavy trucking on Faneuil street, west from Market street to Parsons street.

The following is a report of our engineers: "During the past couple of months North Beacon street had been under construction. Because of this, traffic has been detoured through Faneuil street and other residential streets. This construction work is nearly completed. Ordinarily Faneuil street does not carry any heavy trucks except those making deliveries."

I concur with the opinion of the engineers.

Respectfully submitted,

LEO F. CURLEY, Commissioner.

The following was received:

City of Boston,
Office of the Mayor, June 7, 1948.

To the City Council.

Gentlemen:

In order that city and county employees receiving less than \$3,500 per year, who represent the greatest number of employees, may receive partial relief, at least, to offset the tremendous increase in the cost of the necessities of life, I have decided to grant to all these employees a permanent increase in wages or salary of \$300 per year. In this connection, therefore, there is forwarded herewith a supplementary appropriation order to provide the necessary funds for this increase of \$300 in compensation for all positions, not to exceed \$3,500 annually, exclusive of the uniformed forces of the Fire and Police Departments, and those the compensation of which is fixed by statute. This increase is to be effective July 1, 1948, and the amounts required for the balance of the year are allocated as follows:

City Maintenance	\$1,316,680
County Maintenance	150,745
Total	\$1,467,425
Revenue Departments	102,950
Grand total	\$1,570,375

While the total amount necessary to grant this increase is \$1,570,375, the sum of \$102,950 for Revenue Departments will be offset by the income received by these departments, making a net total of \$1,467,425 to be provided in the tax levy.

In addition to the amount required for the \$300 increase mentioned above, there is included under City Maintenance a special appropriation of \$17,000, entitled "Federal Public Health Program." In the past the Health Department has received a Federal grant-in-aid through the State Department of Public Health for general health work on a quarterly basis in advance. The State Comptroller has ruled that effective July 1, 1948, all advanced payments will be made on a reimbursement basis. This reimbursement arrangement makes necessary an appropriation from municipal funds because said reimbursement when received will be deposited in the general fund.

I respectfully recommend adoption of this supplementary appropriation order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That the respective sums of money specified in the schedules hereinafter set out be, and hereby are, appropriated for the purposes hereinafter specified, said sums to be raised by taxation on the polls and estates in the City of Boston, and that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes and interest thereon, apply to the

appropriations and taxes herein provided for: and that the Appropriations for Revenue Expenditures herein be met from the balance of every appropriation and that any expenditures in excess of the income be met from taxes.

LOAN ORDERS FOR CONSTRUCTION OF BUILDINGS.

The following was received:

City of Boston.
Office of the Mayor, June 7, 1948.
To the City Council.
Gentlemen:
I submit herewith two separate loan orders, one for \$1,600,000, and the other for \$2,715,000, for the construction of buildings by several departments of the city, in substitution for the single loan order of \$4,315,000 submitted to your Honorable Body on May 3, 1948. This substitution and separation is made after a conference with the Finance Committee of the City Council.

The order for \$1,600,000 includes \$1,250,000 for a hospital building at Long Island; \$100,000 for a branch library; \$35,000 for an incinerator at the Sanatorium, and \$25,000 for an incinerator at Long Island. All of these projects were separated into individual orders by the City Council and given a first reading. It is my understanding that these separate orders will now be rescinded by the City Council. In addition to these projects, there is also included in this loan order \$160,000 for a laundry building at Long Island, and \$30,000 for a neurological building at the City Hospital.

The other order for \$2,715,000 includes \$1,500,000 for a garage and repair shop for the Fire Department; \$650,000 for a branch welfare building; \$500,000 for a garage and office building for the Traffic Department; \$35,000 for a convenience station on the Common, and \$30,000 for a golf starter's building at Franklin Park.

I respectfully recommend to your Honorable Body approval of the loan orders herewith submitted.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, That under the provisions of clause (3) of section 7 of chapter 44 of the General Laws, the sum of one million six hundred thousand dollars (\$1,600,000) be, and hereby is, appropriated, to be expended by various department officials, under the direction of the Mayor, for construction of buildings, original equipment and furnishings thereof, and for the acquisition of such land as may be required for such purposes; and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Ordered, That under the provisions of clause (3) of section 7 of chapter 44 of the General Laws, the sum of two million seven hundred fifteen thousand dollars (\$2,715,000) be, and hereby is, appropriated, to be expended by various departmental officials, under the direction of the Mayor, for construction of buildings, original equipment and furnishings thereof, and for the acquisition of such land as may be required for such purposes; and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

Severally referred to Committee on Finance.

INCREASED SALARIES, SCHOOL COMMITTEE AND SCHOOL BUILDINGS DEPARTMENT EMPLOYEES.

The following was received:

City of Boston,
Office of the Mayor, June 7, 1948.
To the City Council.
Gentlemen:

At a conference held this day, attended by the members of the School Committee, it was decided that increases in salary rates of \$300 be made to all employees of the School Committee, and School Buildings Department, other than teaching personnel and attendance officers, whose salary does not exceed \$3,500.

This increase has been agreed to in order that these administrative employees may receive the same salary increase as that being provided for all other employees of the city and county.

I respectfully request that this order, and all other appropriation orders pending before your Honorable Body, be given approval at today's meeting in order that it may be possible to declare the tax rate at the time specified by statute.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
School Committee, June 7, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

The School Committee, in accordance with the provisions of chapter 224 of the Acts of 1936; as most recently amended by chapter 167 of the Acts of 1948, respectfully requests your Honor to recommend that the City Council pass an additional appropriation for school purposes in the amount set forth below:

Salaries of Officers.....	\$21,535
Salaries of Instructors.....	14,850
Cafeterias—Salaries, Supplies and Incidentals.....	18,150
Salaries of Custodians.....	45,148
Salaries of Medical Aids.....	1,950
Vocational Guidance.....	300
Physical Education.....	600
School Physicians and Nurses.....	4,500
Extended Use of the Public Schools....	150
Total.....	<u>\$107,263</u>

The above request is prompted by the knowledge that your Honor is planning to recommend an annual increase of \$300 for city employees, other than school teachers, policemen and firemen, and with the further understanding that no person shall receive, because of such increase, annual compensation greater than \$3,500.

Respectfully yours,
LOUISE KANE, Secretary.

City of Boston,
School Committee, June 7, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

The School Committee, in accordance with the provisions of chapter 224 of the Acts of 1936, as most recently amended by chapter 167 of the Acts of 1948, respectfully requests your Honor to recommend that the City Council pass an additional appropriation for the Department of School Buildings, Alterations, Repairs, Furniture and Fixtures, Administration Expenses, Salaries, in the amount of \$6,200.

The above request is prompted by the knowledge that your Honor is planning to recommend an annual increase of \$300 for City employees, other than school teachers, policemen and firemen, and with the further understanding that no person shall receive, because of such increase, annual compensation greater than \$3,500.

Very truly yours,
LOUISE KANE, Secretary.

Ordered, That the respective sums of money specified in the schedules hereinafter set out be, and hereby are, appropriated for salaries of school employees, in addition to appropriations previously voted by the School Committee, such sums to be raised by taxation on the polls and estates in the City of Boston, and that all orders heretofore or hereafter passed by the City Council relating to appropriations, taxes and the interest thereon, apply to the appropriations and taxes herein provided for.

Salaries of Officers.....	\$21,535
Salaries of Instructors.....	14,850

REPORT OF COMMITTEE ON CLAIMS.

Coun. LANIGAN, for the Committee on Claims, submitted the following:

Report on petition of Francis W. Callahan (referred May 10) to be reimbursed for amount of execution issued against him on account of his acts as operator of cruising car belonging to Police Department—recommending passage of accompanying order:

Ordered, That the sum of three thousand twenty-two dollars and six cents (\$3,022.06) be allowed and paid to Francis W. Callahan in reimbursement for amount of execution issued against him on account of his acts as operator of a cruising car belonging to the Police Department, said sum to be charged to the Contingent Fund.

Report accepted, said order passed.

TRAFFIC SIGNAL, CAMBRIDGE AND JOY STREETS.

Coun. LANIGAN offered the following:

Ordered, That the Commissioner of Public Works be requested to arrange for the immediate installation of a traffic signal light at Cambridge and Joy streets, Ward 3.

Passed under suspension of the rules.

WELCOME TO FIRST MARINE DIVISION ASSOCIATION.

Coun. LANIGAN offered the following:

Whereas, The former members of the First Marine Division are holding their first postwar reunion in Boston on the sixth anniversary of the landing at Guadalcanal, the first American offensive of World War II, on August 7, 1948, be it

Resolved, That the City Council of the City of Boston, in meeting assembled, hereby extends to the members of the First Marine Division Association well wishes for a successful reunion and an enjoyable visit to Boston.

Passed under suspension of the rules.

JUNE 17TH PARADE.

Coun. KINSELLA offered the following:

Ordered, That the parade route for the June 17th parade in Charlestown be roped off and that the expense of same be charged to the City Council item of Ropes, Stakes and Flags.

Passed under suspension of the rules.

SOUTH BOSTON AND CATHEDRAL SITES.

Coun. LINEHAN offered the following:

Whereas, The Boston City government in August, 1947, passed a loan order for \$7,000,000 under section 26CC of chapter 574 of the Acts of 1946 for the purpose of constructing low-income housing developments on the Cathedral and South Boston sites; and

Whereas, Said \$7,000,000 was to be loaned by the City of Boston to the Boston Housing Authority as Boston's contribution, under the so-called

McCarthy Act, toward the total costs of construction of both developments, in conjunction with an additional sum to be furnished by the Federal Housing Authority; and

Whereas, Building costs have increased since August, 1947, to such an extent that Boston's contribution would have to be increased by several millions of dollars, making it impossible to build both projects at this time due to the fact that the City of Boston, under the law, cannot appropriate any sum in excess of the \$7,000,000 for such a purpose; and

Whereas, The outlook is very doubtful for Federal legislation to remedy the situation in respect to construction of low-income housing developments in the coming year; and

Whereas, The City of Boston, rather than appropriate up to \$10,000,000 as its contribution, under the so-called McCarthy Act, toward the building of the South Boston and Cathedral housing developments, can save millions of dollars by using part of the second \$10,000,000, under chapter 372, Acts of 1946, as amended, for the purchase of the South Boston site at a cost of \$1,417,894 and then, in turn, sell it to the Boston Housing Authority for the purpose of building the South Boston site under chapter 200 of the Acts of 1948, for furnishing multiple housing units for veterans and their families; and

Whereas, The State Board of Housing looks favorably on the existing plans for construction of the South Boston development and probably would approve a reasonable price for the purchase of the land by the Boston Housing Authority from the City of Boston; and

Whereas, His Honor the Mayor, in late 1947, demanded of the Boston Housing Authority that plans for construction of the South Boston and Cathedral developments be rushed so that construction of both projects would start this summer; therefore be it

Ordered, That his Honor the Mayor request the Boston Housing Authority to immediately open negotiations with the State Board of Housing relative to land costs to be paid under chapter 372 of the Acts of 1946 or chapter 200 of the Acts of 1948 on the South Boston and Cathedral sites to be used for the purpose of building multiple units for veterans and their families under said chapter 372 or chapter 200, and be it further

Ordered, That copies of this order and preamble clauses shall be sent forthwith to the Mayor of Boston, the Governor of the Commonwealth, the Boston Housing Authority, and the Committee on Ways and Means of the Massachusetts Legislature.

Passed under suspension of the rules.

PRICES ON PARKING METERS.

Coun. HANNON offered the following:

Ordered, That the parking meters in the outlying communities be set at the price of 12 minutes for one cent, rather than the present five-cent minimum charge.

Passed under suspension of the rules.

APPROPRIATION FOR STATE BOARD OF HOUSING.

Coun. LINEHAN offered the following:

Whereas, Chapter 200 of the Acts of 1948 entitled "An Act to Provide Assistance by the Commonwealth to Housing Authorities in Order to Alleviate the Housing Shortage for Veterans" was approved April 6, 1948, and contemplates the building of \$200,000,000 in houses for veterans and their families; and

Whereas, The State Board of Housing is inadequately staffed at the present time to quickly carry out the provisions of chapter 200; and

Whereas, The Governor of the Commonwealth has requested an appropriation, through the Committee on Ways and Means, for the purpose of furnishing a sufficient staff of employees to carry out the provisions of chapter 200 of the Acts of 1948; therefore be it

Resolved, That his Honor the Mayor request the Committee on Ways and Means of the Massachusetts Legislature to act quickly on the request of the Governor for an appropriation for the State Board of Housing so that there will be no more delay due to an inadequate staff of employees in acting on applications for veterans' housing under said chapter 200 of the Acts of 1948; and be it further

Resolved, That copies of this resolution shall be sent forthwith to the Mayor of Boston, Governor of the Commonwealth, State Board of Housing, and Boston Housing Authority.

Passed under suspension of the rules.

ACCEPTANCE OF CHAPTER 406.

Coun. HANNON offered the following:

Ordered, That chapter 406 of the General Laws, recently enacted by the Senate and the House of Representatives, providing for a 40-hour work week for all employees at the Suffolk County House of Correction, be, and hereby is, accepted by the City Council.

Passed under suspension of the rules.

NAMING OF T/SGT. LEONARD ROSEN SQUARE.

Coun. ANSEL offered the following:

Ordered, That the space at the junction of Helen street and Talbot avenue, Ward 14, be named "T/Sgt. Leonard Rosen Square," in honor of said soldier who made the supreme sacrifice in World War II, and that suitable signs be erected designating same.

Passed under suspension of the rules.

"NO PARKING" SIGNS IN FRONT OF TEMPLE BETH HILLEL.

Coun. ANSEL offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install "No Parking" signs in front of the Temple Beth Hillel, 800 Morton street, Mattapan.

Passed under suspension of the rules.

ESTABLISHMENT OF SENIORITY, ETC.

Coun. BEADES offered the following:

Whereas, Section 15D of chapter 31 of the General Laws, as amended by section 5 of chapter 704 of the Acts of 1945, provides for the establishment of seniority and protects those individuals who have transferred into the City service from the service of the Commonwealth and other municipalities; and

Whereas, The City of Boston has benefited by such transfers; therefore be it

Ordered, That all Department Heads of the City of Boston be requested by his Honor the Mayor to adhere to the above-cited law so that said transferees may derive full vacation benefits according to their length of service.

Passed under suspension of the rules.

SIDEWALKS, WALTON STREET, WARD 17.

Coun. KEENAN offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to replace the red brick sidewalks on Walton street, Ward 17, with granolithic sidewalks.

Passed under suspension of the rules.

USE OF LAND AS PLAYGROUND, WARD 17.

Coun. KEENAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to study the advisability of using the land known as "Mothers' Rest" at Claybourne and Washington streets, Ward 17, as a playground for small children of the neighborhood.

Passed under suspension of the rules.

SUPERVISORS IN SCHOOLYARDS DURING SUMMER.

Coun. KEENAN offered the following:

Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to place supervisors in all schoolyards used for recreational purposes throughout the city during the summer vacation period.

Passed under suspension of the rules.

REFUND TO BOSTON TURN VEREIN, INC.

Coun. BRYAN offered the following:

Resolved, That the City Council of the City of Boston hereby favors the enactment of legislation authorizing the City of Boston to refund to Boston Turn Verein, Inc., certain license fees, provided that said legislation contains a referendum to the Mayor and the City Council.

Passed under suspension of the rules.

"STOP" SIGNS, SOUTH AND CENTRE STREETS.

Coun. BRYAN offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install "Stop" signs at the corner of South and Centre streets, Ward 20.

Passed under suspension of the rules.

EXCLUSION OF HEAVY TRUCKS FROM PART OF CHURCH STREET.

Coun. BRYAN offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to exclude trucks over two and one half tons from that part of Church street bounded by Centre and Weld streets.

Passed under suspension of the rules.

CLEANING OF CATCH-BASINS, WARDS 19 AND 20.

Coun. BRYAN and McCORMACK offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to cause the cleaning of catch-basins in Wards 19 and 20.

Passed under suspension of the rules.

DORCHESTER DAY PARADE.

Coun. RAMSEY, BEADES, and KEENAN offered the following:

Ordered, That the City Messenger be, and he hereby is, requested to rope off certain spots designated by the police in conjunction with the Dorchester Day parade, June 12, 1948, the expense of same to be charged to the City Council appropriation for Ropes, Flags, and Stakes.

Passed under suspension of the rules.

PRUNING OF TREES INTERFERING WITH LIGHTING.

Coun. SHANLEY offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to prune all trees which interfere with the proper lighting of any street in accordance with the provisions set up in the city ordinances.

Passed under suspension of the rules.

NAMING OF SOUTH BOSTON MUNICIPAL BUILDING.

Coun. WENZLER offered the following:

Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to name the gymnasium at the South Boston Municipal Building the Martin F. McDonough Memorial Gymnasium, in memory of said McDonough who lost his life in action in November, 1942, at the sinking of the U.S.S. "Jamez".

Passed under suspension of the rules.

OPENING OF CONVENIENCE STATION, CITY POINT.

Coun. WENZLER offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to open the convenience station at City Point for the thousands of women and children who enjoy the beaches, there not being any convenience station of any kind in that section.

Passed under suspension of the rules.

SUNDAY BAND CONCERTS, MARINE PARK.

Coun. WENZLER offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to make arrangements for band concerts in Marine Park every Sunday during the summer months.

Passed under suspension of the rules.

SURVEY OF LAND AT SECOND AND H STREETS.

Coun. WENZLER offered the following:

Ordered, That the Park Commissioner consider the advisability of making a survey of the land at the northeast corner of Second and H streets with a view to erecting a playground at that location.

Passed under suspension of the rules.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the following vote of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage

works. Said lands are in that part of Boston formerly Brighton and are bounded as follows:

A parcel of land, owners unknown, being the private way known as Ashford terrace, bounded:

Southerly by Ashford street, eighteen feet; westerly by the westerly line of said terrace, one hundred sixty-eight and 55-100 feet; northerly by Wadsworth street, eighteen feet; and easterly by the easterly line of said terrace, one hundred sixty-eight and 85-100 feet, containing thirty hundred and thirty-seven square feet, more or less.

The sewerage works to be constructed are as follows: 167 linear feet of 42-inch pipe surface drain and 167 linear feet of 10-inch pipe sanitary sewer, in the above described premises.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the easterly side of Ashford terrace, exclud-

ing the lot at the corner of Ashford street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, in the amounts hereinafter respectively set against them; said lots and the supposed owners thereof being shown on the plan hereinbefore mentioned and on file in the office of this department.

INVITATION FOR PROPOSALS FOR REGRADING AND LAYING ASPHALT SURFACE AT THE SITE OF THE HENRY ABRAHAMS SCHOOL, MAHLER STREET, ROSLINDALE, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for regrading and laying asphalt surface at the site of the Henry Abrahams School, Mahler street, Roslindale, Mass.

Proposals will be received until 12 o'clock noon, Tuesday, June 29, 1948, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

PROPOSALS FOR SEWERAGE WORKS IN WELD
STREET, WEST ROXBURY, BETWEEN COREY
STREET AND RUSKIN ROAD.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Weld street, West Roxbury, between Corey street and Ruskin road. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Weld Street, West Roxbury, between Corey Street and Ruskin Road," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of THURSDAY, JULY 1, 1948, with a certified check for FOUR HUNDRED (400) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 40

SATURDAY, JUNE 26, 1948.

No. 26.

BOSTON'S 1948 TAX RATE FIXED BY ASSESSORS AND ANNOUNCED BY MAYOR CURLEY AS \$53.40—IN EXPLANATION THE MAYOR CALLS ATTENTION OF PUBLIC TO FACT THAT BOSTON IS IN SAME POSITION AS OTHER CITIES AND TOWNS OF STATE—POINTS TO HIS REPEATED EFFORTS TO HAVE GOVERNOR AND LEGISLATURE PROVIDE SOME RELIEF FOR BURDENS PLACED BY GENERAL COURT WITH MANDATORY INCREASES IN PERSONNEL AND SALARIES MADE INTO COMPULSORY LAW—ALSO POINTS OUT THAT CITIES IN OTHER STATES WERE GIVEN REVENUE RELIEF LEGISLATION TO CARE FOR BURDENS IMPOSED—HAD SOUGHT RELIEF FOR REAL ESTATE, WHICH CARRIES HEAVIEST LOAD.

In establishing its 1948 tax rate, Boston finds itself in the same position as other cities and towns throughout the Commonwealth. I have repeatedly directed the attention of His Excellency the Governor and the members of the Legislature to the necessity of providing relief from the burden of taxation placed on municipalities throughout the state without making provision to offset that burden.

LONG ISLAND NURSES FELICITATE MAYOR CURLEY IN VERSE FOR IMPROVEMENTS IN THEIR HOME.

TO HIS HONOR,
MAYOR JAMES M. CURLEY.

The Nurses on Long Island whose names appear below

Wish to express their gratitude, your Honor, so you'll know

How they appreciate the kindness shown by all you've done

To make the NURSES' HOME a more attractive, happier one.

To mention all improvements made, too great a task would be,

And so we'll concentrate on one that's filled our hearts with glee.

For years we've travelled up the stairs, tired, weary, and footsore,

And at the end of trying days we've felt the climb much more;

But, thanks to you, that's over now, and we no longer dread

Those flights of stairs we had to scale to reach our room—and bed!!!

No, now we press a button, and instantly in view

Appears an ELEVATOR!!! OUR DREAM OF YEARS COME TRUE!

Lighthearted, gay, and happy, we now begin our day,

And when our work is finished to our rooms we speed away.

May every step you've saved us be a jewel in your crown!

And may your road of life wind up through paths that can't come down.

I have advocated an increase in the corporation tax as a means of providing the additional income to meet the burdens imposed either by legislative enactments or by the transfer from single ownership or partnership of business concerns throughout the Commonwealth to corporations but, unfortunately, all pleas made in behalf of municipalities for relief fell upon deaf ears.

Our situation does not differ in any degree from that which obtains in every municipality of the nation, with the exception of those cities located in states where the municipalities have the power to originate revenue-producing legislation, such as Ohio, Pennsylvania, California, etc., or where direct relief is granted by the state in proportion to the burdens imposed, as in the case of New York.

In this connection, I beg to direct the attention of the public to a report recently issued by the Conference of Mayors, held in New York in February last, where a special committee, consisting of the Mayors of Cleveland, Chicago, St. Louis, Pittsburgh, and Grand Rapids, submitted the following statement on the financial condition of American cities, which reads:

Conference of Mayors.

"Much has been written about the financial plight of the cities and towns, large and small. The financial condition of the cities has grown steadily worse. Some have had to curtail essential services, and others face a complete breakdown of such services unless adequate revenues are soon forthcoming. That this condition exists is due primarily to the very limited amount of funds shared by the state governments with their local communities.

"The federal and state governments have literally pre-empted the most productive forms of taxation. After reserving to themselves the productive sources, these governments then blandly stand by and let the cities struggle along with what is left.

"Generally, cities and other local governmental agencies are required by law to depend on revenues provided by property taxes, license and permit fees. Property taxes had been levied to the point where they had become a threat to the growth of the communities.

'O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

SOUNDS WARNING THAT MARXIST CONSPIRACY MUST BE AND WILL BE DEFEATED—CONGRESSMAN PHILIP J. PHILBIN, BUNKER HILL NIGHT BEFORE ORATOR, UNABLE TO LEAVE CONGRESS BECAUSE OF PRESS OF BUSINESS, SENDS PATRIOTIC ADDRESS TO BE READ ON OCCASION OF JUNE 17TH CELEBRATION—URGENCY OF PRESENCE ON DRAFT BILL MATTER HELD HIM IN WASHINGTON—SAYS COUNTRY MUST ALWAYS REMAIN MOST PROSPEROUS, HAPPIEST IN HISTORY OF WORLD TO KEEP FAITH WITH FOREFATHERS WHO FOUGHT TO HAVE IT SO.

The following telegram has been received at this office:

"Hon. James M. Curley, Mayor of Boston, and Henry F. Brennan, City Hall, Boston.

IT IS A SOURCE OF DEEPEST REGRET AND KEENEST DISAPPOINTMENT TO ME THAT BECAUSE OF THE PENDENCY OF THE DRAFT BILL IN THE HOUSE IT WILL BE IMPOSSIBLE FOR ME TO BE WITH YOU THIS EVENING FOR I HAD LOOKED FORWARD WITH GREAT ANTICIPATION AND A PROFOUND SENSE OF HONOR AND PRIVILEGE TO ADDRESSING YOUR HISTORIC GATHERING AT CHARLESTOWN WHICH WILL AGAIN FITTINGLY CELEBRATE SUCH A SIGNIFICANT AND DECISIVE MILESTONE IN THE EARLY HISTORY OF OUR NATION. I AM CONFIDENT THAT THE DISTINGUISHED COMMITTEE AND ASSEMBLAGE WILL FULLY RECOGNIZE THE VITAL IMPORTANCE, CRITICAL URGENCY OF THE PENDING MEASURE WHICH SO UNFORTUNATELY BUT UNAVOIDABLY DETAINS ME IN THE NATIONAL CAPITOL.

AS MANY OF YOU KNOW I AM A MEMBER OF THE HOUSE ARMED SERVICES COMMITTEE AND ONE OF THE SPONSORS AND SIGNERS OF THE MINORITY REPORT OF THAT COMMITTEE UPON THE PENDING DRAFT BILL WHICH IF ENACTED WILL INDENTURE HUNDREDS OF THOUSANDS OF AMERICAN BOYS INTO MILITARY CONSCRIPTION IN PEACETIME. I HAVE TAKEN A LEADING PART IN THE OPPOSITION TO THIS ILL-ADVISED AND ILL-CONSIDERED MEASURE, AND CONSEQUENTLY MY PRESENCE IN THE HOUSE DURING THE DEBATE AND VOTE IS INDEED DIRECTED AND COMPELLED BY EVERY CONSIDERATION OF PUBLIC DUTY AND CONSCIENCE.

TRIUMPH OF COURAGE.

THE OCCASION YOU CELEBRATE IS EPOCHAL IN AMERICAN HISTORY BECAUSE IT MARKED THE TRIUMPH OF THE COURAGE, MORAL STRENGTH AND IDEALISM OF OUR EARLY AMERICAN FORBEARS IN THEIR DETERMINED, IMMORTAL FIGHT AGAINST OPPRESSION AND TYRANNY AND IT EXEMPLIFIED THE FORWARD MARCH TOWARD THE FREE REPRESENTATIVE DEMOCRACY OF THE COLONISTS WHICH FROM THAT DAY TO THIS HAS CONTRIBUTED SO GLORIOUSLY TO THE DEVELOPMENT OF THE GREATEST FREE GOVERNMENT AND THE MOST PROSPEROUS AND HAPPIEST NATION AND PEOPLE IN HISTORY. LET ME THEREFORE CONGRATULATE AND COMMEND MY FRIEND THE DISTINGUISHED MAYOR OF BOSTON, HONORABLE JAMES M. CURLEY, AND HIS ABLE COMMITTEE TO WHOM I AM SO DEEPLY INDEBTED FOR THEIR KIND INVITATION FOR ARRANGING SUCH EMINENTLY APPROPRIATE CEREMONIES TO COMMEMORATE THESE GREAT EVENTS AND TO RECALL AND REVIVE THAT SPIRIT OF DEVOTION TO INDIVIDUAL LIBERTY WHICH ANIMATED THE GALLANT COLONISTS AS IT MUST ANIMATE, POSSESS AND INSPIRE US IN THESE TROUBLOUS DAYS IF WE ARE TO PRESERVE THE GREAT HERITAGE BEQUEATHED TO US BY THE ORIGINAL FOUNDERS, AND WHICH THE NATION HAS PROTECTED SINCE THAT TIME BY THE LOYALTY, THE BLOODSHED AND THE BITTER SACRIFICES OF OUR NOBLE SONS AND OUR FAITHFUL PEOPLE. EVIL FORCES CONFRONT US AS NEVER BEFORE IN THIS WORLD TODAY. ON A WORLD-WIDE FRONT ATHEISM, PAGANISM, IRRELIGION AND SACRILEGIOUS ENMITY TO OUR CHERISHED BELIEFS IN GOD AND DEMOCRACY ARE WAGING A DETERMINED, WELL-ORGANIZED CAMPAIGN TO UNDERMINE, OVERTHROW AND DESTROY THE FUNDAMENTAL TENETS OF FREE GOVERNMENT AND THE EXALTED PHILOSOPHICAL CONCEPTS UPON WHICH IT RESTS. OUR

NATION JOINING WITH OTHER ALLIED POWERS SUCCEEDED AFTER LAVISHLY SPENDING OUR WEALTH AND RESOURCES, UNSELFISHLY OFFERING THE BLOOD OF OUR BEST AND NOBLEST SONS, UNFLINCHINGLY HARNESSING THE GREAT STRENGTH OF OUR PEOPLE IN LIQUIDATING ONE SET OF TYRANTS WHO THREATENED HUMAN LIBERTY. BEFORE AND DURING THIS GREAT AND BLOODY CONFLICT WE WERE SOLEMNLY PROMISED PEACE, ORDER AND A DEMOCRATIC WORLD.

WE WERE SOLEMNLY ASSURED THAT THE GREATEST FULFILLMENT OF THE HOPES AND ASPIRATIONS OF DEMOCRATIC NATIONS WAS AT HAND. WHAT BITTER DISILLUSIONMENT OUR NATION HAS SUFFERED! WHAT SHAMEFUL BETRAYALS OF OUR WAR AIMS WE HAVE EXPERIENCED! WHAT IRONICAL DENIALS OF OUR HIGH IDEALS AND PURPOSES WE HAVE WITNESSED! INSTEAD OF LIBERTY, SECURITY AND PEACE WE ARE CONFRONTED BY CHAOS, CONFUSION, DISORDER, AGGRESSION AND CONSPIRACY TO OVERTHROW ALL OUR MOST PRECIOUS INSTITUTIONS.

WARNS OF RED COLOSSUS.

A GREAT RED COLOSSUS DRUNK WITH POWER, EMBOLDENED BY APPEASEMENT, ENCOURAGED AND STRENGTHENED ALL TOO OFTEN BY THE UNWISE POLICIES OF SOME IN OUR OWN GOVERNMENT HAS MOVED STEADILY ACROSS THE FACE OF EUROPE AND THE ORIENT, TAKING OVER SMALL FREE NATIONS AND PENETRATING AND INFILTRATING THE POISONOUS ANTI-DEMOCRATIC, ANTI-CHRISTIAN, ANTI-AMERICAN IDEOLOGIES INTO VERY MANY PARTS OF THE WORLD, INCLUDING MANY SEGMENTS OF OPINION AND POLITICAL AND SOCIAL ACTION IN OUR OWN COUNTRY. THIS MARXIST CONSPIRACY MUST AND WILL BE DEFEATED AND SMASHED. THIS BRAZEN CAMPAIGN TO DESTROY CHRISTIANITY AND DEMOCRACY MUST AND WILL BE COMBATED AND BLOCKED. AMERICANISM AND FREEDOM MUST AND WILL TRIUMPH OVER TOTALITARIANISM AND SLAVERY BUT AMER-

ICANS MUST BE AS ALERT AND VIGILANT AND COURAGEOUS AS THE HEROES OF BUNKER HILL IN MEETING THIS GREAT CRISIS IN THE AFFAIRS OF CHRISTENDOM AND DEMOCRACY. AMERICANS MUST BE JUST AS ZEALOUS IN PRESERVING THE BASIC ATTRIBUTES OF OUR FREEDOM WHICH ARE UNDER SAVAGE OR SUBTLE CHALLENGE AND ATTACK. AMERICANS MUST UNITEDLY MOVE REGARDLESS OF RACE, COLOR, CREED OR STATION IN LIFE TO CHECK THE ONWARD MARCH OF COMMUNISM WHICH CASTS AN OMINOUS SHADOW OVER MODERN CIVILIZATION. AMERICANS MUST ACT TO PROTECT AND SAVE THE NATION FROM THE RAVAGES OF THE MARXIST TYRANNY WHICH IS BORING ITS WAY DEEP INTO THE FABRIC OF OUR RELIGIOUS, POLITICAL, SOCIAL AND ECONOMIC INSTITUTIONS, BUT THERE ARE OTHER GRAVE DANGERS TO DEMOCRACY CONFRONTING US IN OUR EFFORTS TO CHECK COMMUNISM ABROAD AND AT HOME MEASURES HAVE BEEN PROPOSED WHICH ARE NOT IN KEEPING WITH OUR CONSTITUTION OR THE SPIRIT OF AMERICANISM.

FIRST ARE REPRESSIVE MEASURES TO STIFLE FREE SPEECH, FREE ADVOCACY, FREE EXPRESSION AND LEGITIMATE FREE POLITICAL ACTION. SECONDLY, POLICIES LOOKING TOWARD SUPER MILITARISM AND AN ULTIMATE MILITARY DICTATORSHIP ARE THREATENING US WITH THE SAME METHODS OF REGIMENTATION AND SLAVERY TYPICAL OF THE REGIMES AND SYSTEMS OF HITLER AND STALIN. EVERY TRUE AND THINKING AMERICAN FAVORS AN ADEQUATE NATIONAL DEFENSE SPEARHEADED BY COMMANDING AIR POWER AND IMPLEMENTED BY MODERN SCIENTIFIC WEAPONS AND INNOVATIONS TO SECURE THAT NATION AND EFFECTUATE A STRONG, VIGOROUS PRE-AMERICAN FOREIGN POLICY, BUT WE INSIST UPON THE RETENTION OF OUR TRADITIONAL AMERICAN VOLUNTARY TECHNIQUES. WE ABHOR AND RENOUNCE EXTREME MILITARISM AND COMPELSION IN PEACETIME WHICH ADOPTS THE VERY

TOTALITARIAN PHILOSOPHY AND PATTERN OF ARBITRARY REGIMENTATION SO OBJECTIONABLE TO THE AMERICAN PEOPLE. COMPULSION OF THIS KIND DIRECTED AGAINST THE INDIVIDUAL, AGAINST THE HOME, THE SCHOOL, AND THE CHURCH, IS JUSTIFIABLE ONLY IN A GENUINE EMERGENCY AFFECTING THE ACTUAL SECURITY OF THE NATION. LET THIS THEN, MY FRIENDS AND FELLOW AMERICANS, BE A TIME OF REJOICING AND GRATITUDE FOR THE IDEALS AND COURAGE AND HEROISM OF THE PAST AND ALSO A TIME OF REDEDICATION TO THE HIGH PURPOSE AND PATRIOTISM OF ALL THOSE WHO STROVE SO MIGHTILY AND CONTRIBUTED SO VALIANTLY AND MAGNIFICENTLY TO THE FORMATION AND PRESERVATION OF THIS—THE GREATEST FREE GOVERNMENT EVER ACHIEVED BY MAN.

TONIGHT AS WE RECALL THE NOBLE DEEDS OF THE EARLY PATRIOTS, AS WE COMMEMORATE THEIR NOBLE ACCOMPLISHMENTS FOR GOD AND COUNTRY, AS WE REVERENTLY THANK THE ALMIGHTY FOR THE GREAT WORK THEY WROUGHT AND THE PRICELESS BLESSING OF THEIR HERITAGE, LET US RESOLVE TO TAKE NEW COURAGE FROM THEIR EXAMPLE, TO DERIVE NEW INSPIRATION FROM THEIR AMERICANISM, TO MOVE FEARLESSLY AND MILITANTLY TOWARD THE GOAL WHICH WAS EVER PRESENT IN THEIR MINDS AND HEARTS — "UNDYING ENMITY AGAINST EVERY FORM OF TYRANNY OVER THE MIND OF MAN" — THE PROTECTION AND ENRICHMENT OF HUMAN FREEDOM, THE PRESERVATION IN ALL ITS GLORY OF OUR BELOVED AMERICA — CONGRATULATIONS, GREETINGS AND BEST WISHES TO ALL.

CONGRESSMAN PHILIP J. PHILBIN."

BOSTON'S TAX RATE FIXED BY ASSESSORS AND ANNOUNCED BY MAYOR CURLEY AS \$53.40.

(Continued from page 641.)

"Cities are creatures of the state, and it is in city-state relationships that the injustice of present conditions is so glaring. It has been the state governments, by and large, which have put the cities in economic strait jackets and curtailed our home-rule powers to the point that the very phrase is meaningless.

"The cities have only one source of appeal, and that is to the State Legislature.

"Our people are already paying enough taxes. What we propose is a better, a fairer, and a more equitable distribution of taxes.

"Specifically, we propose that the state governments share with their local governments more of the funds now collected from local taxpayers, to the end that the functions and services of city government may be preserved.

"The time for talk is past. The Governors and State Legislators must act if they want to avoid a nation-wide breakdown of local governments."

Failure of the Massachusetts Legislature to provide during the session just closed additional sources of revenue for the relief of cities and towns means that real estate must again carry the burden of additional costs in municipal operations because of the spiraling costs of supplies, equipment, public works expenditures such as snow removal, new streets, sidewalks, and general repairs, and increased compensation for municipal employees.

LESS THAN ANTICIPATED.

Boston's tax rate for 1948 is \$53.40. This is an increase of \$6.90 over last year's rate of \$46.50. I had anticipated a rate of at least \$55 because of greatly increased costs of the city operations and the volume of wage raises granted all city employees, firemen, policemen, teachers, and county employees.

Fire Department costs for this year are \$1,100,000 more than 1947. This is the first year the entire Fire Department will work a 48-hour week and receive the pay raises granted at the close of last year. In addition, new equipment has been purchased to make our department the most modern fire-fighting unit in the country. The protection afforded by a well-manned, well-trained, and well-equipped department costs money. I am sure that the citizens of our city prefer to have the protection of its 2,107 firemen rather than the volunteer forces that used to drop their tools and rush out to fight fires. With the added personnel and the new equipment, our Fire Department's efficiency has increased a hundredfold.

The same thing can be said of the Police Department, whose appropriations are \$870,000 more than last year. There are 2,822 men in the Police Department. They, too, were granted pay raises last year, and this is the first year that such an item was included for the full year. Boston has a good Police Department. Its efficiency is known throughout the country, and many times our officers are borrowed by other cities to aid in the solution of crimes. The people of Boston want the best in police protection, and they have it.

General costs in the Public Works Department increased \$470,000 for this year. Much of this amount is for replacing and repairing equipment, and there is not a city in the country better equipped than ours. During the past winter, snow removal costs totaled \$1,750,000. This is a staggering sum. But it was a staggering winter that made such costs imperative. Never has any Public Works Commissioner been confronted with the task his department faced last winter, and I say without fear of contradiction that not a city in the country was as well cared for during the blizzards of 1948 as Boston.

HOSPITAL NEEDS.

Our Boston City Hospital is famous the world over. The citizens of Boston are given the best medical care to be had. This year these costs rose \$2,000,000 over last year's figures. Boston's citizens deserve the best medical care and treatment. Their health and well-being is paramount in my mind and in the minds of all right-thinking people. Salaries have increased at the hospital, as have the costs of medical supplies and equipment. These are things over which I have no control. I have nothing to say about the price to be paid for an X-ray machine or the price of anesthetics, but I do say Boston's people deserve the best, and, while I am Mayor, they shall have the best.

Welfare and veterans' services costs are again on the rise. Such costs this year are \$1,500,000 higher than last year. Higher prices in food and clothing affect all of our people, and when the blow of inflation hits those of low income it hits harder. For that reason, grants to those who through no desire of their own are forced to receive welfare aid and veterans',

benefits have been increased. I am sure that no one wants to see a veteran in need or children hungry, in ragged clothes, their little feet protruding from torn and broken shoes.

Total increases in the cost of city operations is \$8,793,000, distributed as follows:

Increased disbursements by Welfare and Veterans' Services Departments.....	\$1,500,000
Increased snow removal costs..	1,350,000
Additional full-year costs for 48-hour week for firemen and salary increases for uniformed forces of Fire and Police Departments.....	1,350,000
A general salary increase for all employees receiving less than \$3,500 annually.....	1,318,000
Forty-hour week — full-year cost.....	1,100,000
Increase in prices of commodities and contractual services,	1,100,000
Increase in noncontributory pension costs.....	700,000
Repairs, reconstruction, and street cleaning due to severe winter.....	375,000
Total.....	\$8,793,000

While our school population steadily decreases, our costs of maintaining the schools continue to mount. This year the increase is \$2,864,000. In 1933, there were 137,521 children in our schools. Today there are 93,371. A large portion of the increase in school appropriations is attributable to equal pay for men and women teachers and other mandatory increases. Last, the State Legislature voted pay raises for policemen and school teachers and referenda for a 48-hour week for firemen and equal pay for men and women teachers, and these latter measures were approved by the voters. These items were passed on to Boston to be paid.

PROBLEMS OF EXEMPTIONS.

The 1948 tax rate is affected by additional exemptions from taxation. This problem of exemptions is serious. Little does the average taxpayer realize what confronts the man in the Mayor's office as group after group seeking exemptions from taxation hound him day and night.

In Boston there is a total of \$530,418,400 in valuation exempt. This is roughly one third of the total assessed valuation of the city. Of this amount, the United States Government has property valued at \$106,810,500, and the Commonwealth of Massachusetts, \$67,925,600.

The real estate valuation for 1948 is \$1,441,620,300, and the personal valuation is \$141,326,800, making a total assessed valuation in Boston for 1948 of \$1,582,947,100. This is an increase of \$24,336,000 over last year, of which the increase in real estate valuation is \$31,581,200. While increases in valuation on commercial properties have been made, there have been no increases in the assessments of residential and apartment properties.

The loss on personal property is \$7,245,000. This is attributable to the statutory exemption on personal property owned by the Metropolitan Transit Authority, which, in 1947, as the Boston Elevated Railway, was taxed at \$9,280,000.

TAX COMMISSIONER PRAISES ASSESSORS FOR GOOD WORK IN ESTABLISHING BOSTON TAX RATE FOR 1948.

The following communication has been received:

The Commonwealth of Massachusetts,
Department of Corporations and Taxation,
State House.

BOSTON, June 23, 1948.

To Board of Assessors.

Appreciate the intelligent way you submit to me the recapitulation sheet for the 1948 tax rate, which I approve at \$53.40.

This checks out splendidly and should prove tremendously advantageous to the finances of the City of Boston. Appreciate your kindly cooperation and intelligent manner in which you have handled this most difficult problem. Suggest you put on full speed ahead so that tax bills can go speedily forward and the revenue thus start flowing into the City of Boston. This is particularly necessary because the real estate tax becomes due in its entirety on July 1.

Let me congratulate you and wish for each of you all the good things of this life.

Cordially yours,

HENRY F. LONG,

Commissioner of Corporations and Taxation.

MAYOR CURLEY GREETES ARIZONA CITIZENS AFTER VISIT OF GOOD WILL DELEGATION FROM THAT STATE.

On June 22 Mayor Curley made public the following letter:

To the People of Arizona:

Dear Friends:

I have just had the pleasure of welcoming to Boston, capital city of Massachusetts, the Good Will Tour from your beautiful State of Arizona, which is under the guidance of Mr. M. E. Barker of Mesa, the City of Sunshine and Homes.

On behalf of the people of Boston, the Cradle of Liberty in America, I wish to extend our best wishes to the citizens of Arizona, sometimes called the "baby state," because on February 14, 1912, it became the 48th state to be admitted to the Union. Although still in its infancy, as compared with the Commonwealth of Massachusetts, which became a part of the Union on February 6, 1788—or 124 years earlier—I am impressed with the strides which Arizona has made through just such a progressive spirit as exemplified by this Good Will Tour.

The scenic beauties of Arizona, with its colorful, flowering landscape and its majestic canyons, together with its bracing and healthful climate, are well known to the people of Massachusetts and, in fact, are famous throughout the country. But there are other factors which make Arizona a great state. Although fifth in area and only 43d in population rank among the states, it has progressed rapidly in industry and agriculture. The Arizona of today, as we know it, is a great mining state. It ranks first in the mining of copper, second in gold, third in vanadium, and fourth in silver. The smelting and refining of copper is the state's principal manufacturing activity.

By developing its irrigation—for only three states today spend more money on artificial watering—its agriculture has

leaped ahead rapidly. On land once arid and useless, Arizona now grows cotton, corn, wheat, sorghums, citrus fruit, and vegetables. Expanded irrigation has made it possible for crops to grow so quickly that alfalfa, for instance, can be cut four to seven times a year.

On such a record of progressive development, Arizona is to be congratulated. I am asking the Good Will Tour to bring back my own warmest personal congratulations.

With best regards, I remain

Sincerely yours,

JAMES M. CURLEY,
Mayor of Boston.

MEMBERS OF CONGRESS FAVOR MAYOR'S PLAN FOR SHELTER RENT IN LIEU OF TAXES ON LOCAL HOUSING.

The following telegram was sent by his Honor the Mayor to Senators and Representatives of Massachusetts on June 16:

STRONGLY URGE THAT AMENDMENT BE ACCEPTED AND RETAINED THAT SENATE YESTERDAY ADOPTED KNOWN AS LUCAS AMENDMENT TO GOVERNMENT CORPORATIONS APPROPRIATIONS BILL AUTHORIZING LOCAL HOUSING AUTHORITIES TO PAY CITIES 5 PER CENT SHELTER RENT IN LIEU OF TAXES.

The following replies have been received:

From Congressman Thomas J. Lane:

RETEL GOVERNMENT CORPORATIONS BILL NOW IN CONFERENCE; YOUR RECOMMENDATION WILL BE BORNE IN MIND.

From Congressman McCormack:

YOUR TELEGRAM IN SUPPORT OF SOUND HOUSING LEGISLATION WITH PUBLIC HOUSING AND LOW-COST HOUSING INCLUDED THEREIN—I AM IN COMPLETE ACCORD WITH YOUR VIEWS. IT LOOKS AS IF REPUBLICAN LEADERSHIP DOES NOT INTEND TO PERMIT A VOTE TO BE TAKEN IN THE HOUSE ON THESE FEATURES OF ANY HOUSING BILL. I SHALL DO MY BEST ALONG LINES THAT WE BOTH SO STRONGLY SUPPORT AND ALWAYS HAVE.

From Congressman Thomas J. Lane:

RETEL H.R. 6841 BEEN SUPERSEDED BY H.R. 6988 WHICH CARRIES SLUM CLEARANCE AND PUBLIC HOUSING TITLES. THIS BILL IS STILL PENDING IN RULES COMMITTEE OF HOUSE WHERE IT IS NOW UNDER ACTIVE CONSIDERATION.

From Senator Henry Cabot Lodge:

RETEL H.R. 6841 MANY THANKS, I AM IN ENTIRE ACCORD.

"SWIM FOR HEALTH WEEK" OBSERVANCE URGED BY MAYOR.

Mayor James M. Curley on June 21 issued the following public statement:

My attention has been called that beginning today and continuing through Saturday, June 26, the thirteenth annual national "Swim for Health Week" is being observed throughout the country. Special emphasis is being placed on "safety in swimming," and local "learn to swim" campaigns.

When it is considered that there were three deaths by drowning in New England yesterday, two being boys of 14 years, and the third a man of 61, it would seem that there is need for greater attention to this situation in our area,

especially as warmer weather has arrived, and our beaches and lake pools are likely to be thronged throughout the summer.

Government statistics, gathered during the war, show that only 10 to 12 per cent of our population know how to swim; 12 to 15 per cent can flounder in the water for three to five minutes in an emergency; the balance cannot swim at all.

Here is a challenge to all organized agencies, such as boys' and girls' clubs, recreational departments of the schools and park departments, the commercial pools, and beach operators. We must constantly publicize the dangers of swimming in unprotected waters, particularly in abandoned quarries. Let us all strive to help save lives by recognizing "Swim for Health Week."

POLICE DEPARTMENT ORDERS.

General Order No. 1,956.

The resignation of Patrolman Stanley W. Jackson of Division 11 having been presented, it is hereby accepted, to take effect on Wednesday, June 30, 1948, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 36-inch, 33-inch, 30-inch, and 27-inch reinforced concrete pipe, 21-inch, 18-inch, 15-inch, 12-inch, and 10-inch akron pipe, and 10 catch-basins in Brighton avenue (north and south sides), between Commonwealth avenue and Cambridge street, in the Brighton district, at an estimated cost of \$86,000.

A surface drain of 30-inch reinforced concrete pipe, 21-inch akron pipe, a 10-inch pipe sanitary sewer, and one catch-basin in Pratt street, between Wadsworth street and Linden street, in the Brighton district, at an estimated cost of \$15,600.

A surface drain of 3-foot reinforced concrete pipe and two catch-basins in Chester street, between Ashford street and Brighton avenue, in the Brighton district, at an estimated cost of \$20,000.

A surface drain of 3-foot 6-inch reinforced concrete pipe and a 10-inch pipe sanitary sewer in Ashford street, between Ashford terrace and Chester street, in the Brighton district, at an estimated cost of \$17,700.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the following requests for transfers of appropriations:

INSTITUTIONS DEPARTMENT.

From Departmental Equipment Loan, Reserve, \$2,682.25; Departmental Equipment Loan, Central Office, \$6.17, to Departmental Equipment Loan, Long Island Hospital, Motor Vehicle, \$2,682.25; Departmental Equipment Loan, Long Island Hospital, Motor Vehicle, \$6.17.

PARK DEPARTMENT.

Cemetery Division.

From A-1, Permanent Employees, \$1,000, to A-3, Overtime, \$1,000.

REPORT OF MARY W. CAULEY, DIRECTOR OF HOUSEHOLD SCIENCE AND ARTS, ON ATTENDANCE AT NORTH ATLANTIC AND SOUTHERN REGIONAL CONFERENCE ON HOME ECONOMICS EDUCATION IN WASHINGTON, FEBRUARY 16 TO 20.

The following is the report of Mary W. Cauley, Director of Household Science and Arts, on attendance at North Atlantic and Southern Regional Conference on Home Economics Education in Washington, February 16 to 20:

This is to report that I was present at the Conference of Home Economics Supervisors, Teacher Trainers, and Heads of Home Economics Departments of the North Atlantic and Southern Region that was called by the Home Economics Service of the United States Office of Education at the Federal Security Building, from February 16 to 20, 1948. I attended all the meetings of the convention, to which 169 representatives came from 24 states, the District of Columbia, and Puerto Rico.

RESEARCH IN HOME ECONOMICS.

The convention, this year, placed emphasis on research in home economics. The first problem was that of recruiting teachers in this field, because of the great difficulty of obtaining teachers of home economics to fill existing vacancies. Some of the states reported that there was 30 per cent annual replacement of home economics teachers.

In order to discover why more college students were not electing this subject, research work had been started in almost all the states represented at the convention. Complete results of the research had not been completed, but sufficient work had been done to throw light on the obvious reasons for student teachers not electing the field of home economics.

The failure of college students to elect home economics has been attributed to the following causes:

1. Poorly located classrooms, which are often placed in the basement where light and ventilation are unsatisfactory.
2. Poorly equipped classrooms.
3. Crowding the school program with required subjects that make it impossible to fit in a course in home economics as an elective subject.
4. Failure of school executives to give adequate emphasis to the value of home economics.
5. The academic disrespect for the subject by other members of the school faculty.
6. Lack of desirable living quarters for teachers, especially in places remote from recreational and shopping centers.

THE HOUSING PROBLEM.

There is an urgent need of reshaping homes to develop the potential greatness of individuals. More effort must be directed toward providing better homes, essential for good family life. Civic and national interests must be aroused in advancing the building of new houses and in reconditioning old ones. It is to our national discredit that so much money is spent in providing automobiles, cosmetics, moving pictures, and other accessories to everyday living, while so little concern is evidenced toward improving homes.

The unique factor of the home is the rearing of children and developing their personalities. The child today is an economic liability. It has been estimated by one large insurance company that it costs almost \$10,000 to bring up a child to the age of eighteen. Notwithstanding the tremendous expense of rearing children, the home to be a home needs them to complete the personality of all the members. In any worth-while building program the maximum advantages to families with children should be offered. Modern knowledge must be used to make our homes suitable for children and real family living.

CHANGES IN THE AMERICAN FAMILY LIFE.

The American home has changed greatly in the past two decades. At the present time, about two-thirds of our people live in cities or in suburbs. The family today is smaller, and the life expectancy of its members is longer. Many activities of housework have vanished completely from the home, while modern inventions have made other activities less laborious and time-consuming. As a result, a large percentage of homemakers work part or full time outside the home, to add to the family finances and to maintain a higher standard of living.

Today the people of the country have great faith in education. Parents were never more willing to sacrifice in order to further the education of their children. As a result, pupils are kept in school longer than ever before. This gives the high school a strategic situation in providing for all levels of ability. Therefore, the secondary schools must not be indoctrinated by college requirements excepting as they affect the students who are to extend their education beyond the high school. The philosophy of the high school should be based on transmitting a social heritage, improving the life of the community, training for personal living, and providing for a vocation.

CURRICULUM CHANGES IN HOME ECONOMICS EDUCATION.

Changes in home economics curriculum should proceed on a broad front by looking outward to wider horizons. Prejudices of the past must be avoided. No one can live in a vacuum. It is impossible to shut in an individual, a family, or a nation. The dynamics of social relationships affect every life. Teaching the principles of human relationship is the most important contribution that the schools can make. It cannot be expected that anyone will be tolerant to people of other hemispheres if he fails to understand his next door neighbor. There must be a definite aim to revise the weakened ideal of family

life. Boys and girls must be inspired to establish a home of tomorrow in accordance with God-given principles. The most valuable outcome of a well-planned course in homemaking will be the increased respect for the dignity and beauty of parenthood and home life. To change the faulty attitude that prevails today toward home and family requires the building of understanding and the practicing of democratic principles—the hallmark of which is the line of authority. The freedom that characterizes a democratic home or a democratic country connotes responsibility. What Americans do today affects the whole world. The behavior that children learn at home and in school reaches out to the community in which they live, and the country at large, and eventually to all corners of the earth.

CIRCULAR LETTER NO. 9.

Increases in Pay.

CITY OF BOSTON,
MAYOR'S OFFICE, June 14, 1948.

To Heads of City and County Departments.

GENTLEMEN:

You are hereby authorized to provide a \$300 increase in compensation for all employees, not to exceed \$3,500 annually, exclusive of the uniformed forces of the Police and Fire Departments, the teaching personnel and attendance officers of the School Department, and those whose compensation is fixed by statute or ordinance. In order to simplify pay roll procedure, this adjustment is to be effective June 30, 1948, for weekly paid employees, and July 1, 1948, for semimonthly and monthly paid employees.

Instructions concerning the procedure to be followed in the establishment of this increase will be found in the following text.

Respectfully,

JAMES M. CURLEY, Mayor.

INSTRUCTIONS FOR CITY DEPARTMENTS.

Forms to be used in listing this increase in compensation will be the regular Civil Service Form No. 62-A for all departments, except the Public Welfare Department, which will use Form No. 62. Secure these forms from the Budget Department. Each set will consist of six forms. The instructions contained on the reverse side of the forms may be followed in detail, with the exception that six forms (one original and five carbons) are to be returned to the Budget Department.

As stated in the Mayor's Executive Order, the effective date for annual salaried employees paid weekly, and the regular weekly paid employees (formerly called per diem employees) will be June 30, 1948. The effective date for all employees paid monthly or semi-monthly will be July 1, 1948. In figuring the compensation for annual salaried employees \$300 is the basic increase. In calculating this increase use the 1948 leap year rate table. Because the proposed salary, after the increase has been added, is not to exceed \$3,500, those whose present compensation is \$3,300 will receive \$200, and those whose present compensation is \$3,400 will receive

\$100. The weekly equivalent of \$300 is established at \$5.74, and this amount is to be used in figuring the weekly wage of regular weekly paid employees (formerly called per diem employees). The same annual limitation not to exceed \$3,500 applies as well to this group of employees.

The use of these Civil Service forms will obviate the necessity of repeating the procedure to secure Mayor's approval. This will necessitate an original signature of each department head on the original form and the first carbon copy. *This is important.* In the event that more than one form is necessary, all forms but the last may be cut off directly above the approval data, on the double line, and each form may be numbered consecutively in the upper right-hand corner. When the forms have been completed assemble them into sets and send them (6 complete sets) to the Budget Department.

INSTRUCTIONS FOR COUNTY DEPARTMENTS.

The preceding authorization of the Mayor as applied to county employees includes only those employees whose salaries are fixed in accordance with the Compensation and Classification Plans for the Officers and Employees of Suffolk County, and the proposed salary, after the increase has been added, is not to exceed \$3,500. Because the county employees do not come under Civil Service, it is requested that each county official prepare a letter addressed to the Mayor (original and four carbons), and forward this letter to the Budget Department. Following is a sample of the required letter:

HON. JAMES M. CURLEY,
Mayor of Boston.

SIR:

In accordance with the salary adjustment authorized in your Circular Letter No. 9, dated June 14, 1948, I recommend for your approval the increases in salaries for the following employees of this department:

SPECIAL NOTICE.

In order to avoid complications and the resulting delay in the processing of pay rolls in the Auditor's office, it is absolutely essential that personnel changes be held in abeyance from the date the forms are submitted until July 14, 1948, except in cases of emergency employment in the Hospital and Institutions Departments.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

A. W. Hastings & Co., 393 Highland avenue, Somerville, mailed a copy of an informal bid to the Auditing Department; this was forwarded to the Supply Department, in error. The original bid from A. W. Hastings & Co. was mailed to the Penal Department and left on the commissioner's desk, with regular mail, and was opened later in the day.

Permission was granted to reject all bids and award the contract, without advertising, to A. W. Hastings & Co., in the sum of \$1,836.10, as they are the lowest bidders and should be given the work.

PUBLIC WORKS DEPARTMENT.

Upon June 11 the Mayor approved a contract with the Quincy Dry Dock and Yacht Corporation for general repairs to ferryboat "Charles C. Donoghue" at an estimated cost of \$32,595. WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses and contractors for furnishing labor, supplies, etc. Communications from the heads of the various departments interested were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, June 4, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

Street construction work in Rosebery road in Mattapan being performed under the direction of the Public Works Department of the City of Boston requires the removal of iron fence and gates, concrete foundations for fence, and existing concrete driveway, and the re-erection of iron fence to new grades, the regrading of entire line from sidewalk back to the old grade for a width of at least four feet, and the construction of a new driveway.

The work described would have to be done at intervals to accommodate the progress of the work being performed by the Public Works Department, and is of such a nature that it is very unlikely that I would be able to obtain competitive estimates for the work required to the advantage of the City of Boston.

Furthermore, notification by the Public Works Department of the necessity to have this work performed on the grounds of the James J. Chittick School was not received in sufficient time to permit this department to advertise the work on a competitive basis.

Consequently, Mr. Charles A. Callanan, Chief of the Civil Engineering Division of this department, has made an accurate survey of the work with engineers representing the P. J. Dinn Company, and has obtained from the Dinn Company a cost for the work in the amount of \$1,870. I am definitely of the opinion that the amount of \$1,870 could not be equalled or decreased by competitive bidding, and I am also of the opinion that the City of Boston would best be served by awarding this contract without advertising to the P. J. Dinn Company, in the amount of \$1,870, and therefore ask your approval of such procedure.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

INSTITUTIONS DEPARTMENT.

BOSTON, June 9, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

Attention: Budget Commissioner.

DEAR MR. MAYOR:

Authority is requested to incur expenditure not exceeding \$2,000 for boat hire to supplement our regular boat service.

This department has been accustomed to hire a boat to allow our night crew regular time off—one trip on Saturdays, three trips on Sundays, and as required on holidays.

Since the 40-hour week went into effect we have hired a boat for the 11.30 p. m. trip five nights a week, to avoid overtime. The department is also obliged to hire a boat when the "Curley" is laid up for repairs, inasmuch as the "O'Meara" is at present out of commission.

Rates paid are as follows: One or two round trips on any one day, \$30 each; three round trips on any one day, \$30 first trip and \$20 each additional trip.

These trips are covered by service orders and charged to Item B-10 of appropriation for "Steamers" (beginning with Service Order No. 47).

The prices appear reasonable, and I believe nothing would be gained by advertising.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, June 8, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

On Sunday evening, June 6, the 4-inch water pipe supplying the property at 706 Beacon street broke.

The flow of water from this broken pipe caused the street area in the vicinity to be undermined, with the result that for a considerable distance the roadway collapsed. Repairs to the supply pipe were begun immediately, and all necessary precautions were taken by this department to prevent further damage and thereby obviate injuries to persons or property. As a safety measure, traffic was diverted from the street.

Time would not permit, because of the emergency which arose, for advertising for proposals to repair the damage which had been done. I therefore arranged with J. A. Singarella Company to excavate the damaged area, to replace with gravel the dirt which had been washed away, and to restore the street area which had become undermined and settled.

It is estimated that this work will cost \$6,000. In view of the emergency which exists, I respectfully request your authority to dispense with advertising and to award a contract to J. A. Singarella Company, of 15 Bay street, Dorchester, for doing the above-mentioned work, on a stock and labor basis, at a cost not to exceed \$6,000.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

PARK DEPARTMENT.

BOSTON, June 9, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR:

During the winter of 1947-1948 permission was granted to dump snow on the athletic field at the Chestnut Hill Playground in Brighton. Because of the

severity of the winter considerable snow was dumped on this area and the heavy trucks going back and forth over the field made deep ruts, with the result that the athletic field is badly damaged.

I have retained the services of the C. J. Maney Company, 24 Dane street, Somerville, to grade and reseed the portion of the athletic field that was damaged. This company has the proper equipment for doing this type of work and is to perform the work on a per diem basis for labor and equipment, in conformance with all rates allowed by the City of Boston for such work.

The cost of this work is not to exceed \$1,600 and is to be charged to the Snow Removal appropriation.

Respectfully yours,

JOHN J. MURPHY, *Chairman.*

SUPPLY DEPARTMENT.

BOSTON, June 2, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

On April 20, 1948, this department publicly opened and read bids on proposals for recharging the fire extinguishers of the Boston Fire Department. Only one bid was received.

It is respectfully requested that permission be granted me to award an order to Gorham Fire Equipment Company, the only bidder, for furnishing this recharging service for the balance of 1948 and during any extended period thereof. The service will cost approximately \$175 per month.

Respectfully yours,

WILLIAM I. ROSE,

Superintendent of Supplies.

BOSTON, June 3, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

Permission is respectfully requested to award an order to the New England Alcohol Company for furnishing to the Boston City Hospital the following:

Twenty drums Ethyl alcohol, 95 per cent, ten 5-gallon cans absolute alcohol, 100 per cent.

Price on Ethyl alcohol is 96 cents per gallon and on absolute alcohol it is \$1.46 per gallon.

Prices were solicited from Commercial Solvents Corporation, U. S. Industrial Alcohol and New England Alcohol Company, and the bid submitted by the latter company was the lowest received.

Total amount of order will be \$1,109.80.

Respectfully yours,

WILLIAM I. ROSE,

Superintendent of Supplies.

BOSTON, June 3, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

Permission is respectfully requested to award an order to the National Cash Register Company, 537 Commonwealth avenue, Boston, for furnishing to the Boston Retirement Board three (3) Model 36E Allen Wales adding machines at a price of \$550 each, less a discount of 10 per cent.

The Boston Retirement Board has notified this department that this particular type of machine is best suited for their needs.

Total amount of order is \$1,485, net.

Respectfully yours,

WILLIAM I. ROSE,

Superintendent of Supplies.

BOSTON, June 8, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

Permission is respectfully requested to award an order to the Willys-Boston, Inc., 1045 Commonwealth avenue, Boston, for furnishing to the Boston Fire Department one (1) Willys-Overland Model 4-63 jeep station wagon as per the following specifications:

All standard equipment, all steel body, one piece steel top, complete with bumper bar, rail wheel trim rings, heater and defroster, oil bath air cleaner, oil filter, oversize tires, 6.50 x 15, with spare tire and tube on spare wheel, paint to be Boston Fire Department Red (Dupont Deluxe No. 93-066R comparable color and quality, seats No. 5 and No. 6 to be omitted and credit to be allowed.

Price is \$1,907.49, tax deducted, less a trade-in of one (1) G. M. C. delivery truck Model T30A-1929, \$57.49, making a net total price of \$1,850.

The Fire Department has notified this department that this model of station wagon is best suited for their needs, and as the Willys-Boston, Inc., are direct agents of the manufacturer no advantage would be gained by publicly advertising for bids.

Respectfully yours,

WILLIAM I. ROSE,

Superintendent of Supplies.

BOSTON, June 8, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

Supplementing my letter of May 26, 1948, relative to the permission to award contracts for the delivery of coal for the period of June 1 to December 31, 1948, you are respectfully informed that the bid as filed by Staples Coal Company for furnishing run of mine bituminous coal included a rider which, although containing substantially the same provision as the proposal form prepared by this office, is in the opinion of the Law Department not in strict conformity to the invitation for proposals.

However, the aforesaid bid was the only one received for the particular item involved and, in my opinion, it is in the best interests of the city to accept this bid in view of the fact that the coal offered is exactly in accordance with the specifications and has in the past proven to be of excellent quality. Furthermore, for coal of this type, the price contained in the bid is considerably less than going prices for comparable coal.

In view of the foregoing, I respectfully request your Honor's permission to award, without further advertising, a contract to Staples Coal Company, doing business as City Fuel Company, 80 Federal street, Boston, for furnishing 3,000 net tons of run of mine bituminous coal for the ferry boats in the amount of \$37,350.

Respectfully yours,

WILLIAM I. ROSE,

Superintendent of Supplies.

BOSTON, June 9, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

This department recently asked for quotations from leading manufacturers on liquid carbon dioxide (CO₂) for use by the Fire Department in combating particular types of fires. The following are the bids received:

The Liquid Carbonic Corporation, 25,000 pounds to 50,000 pounds per year, \$80 per ton; 50,000 pounds to 150,000 pounds per year, \$75 per ton.

E. & F. King & Co., no bid.

Mathieson Chemical Corporation, no bid.

Cardox Corporation, two tons or less per year, \$150 per ton; three tons per year, \$120 per ton; four tons and over per year, \$100 per ton.

It is estimated by the Fire Department that their requirements for a year will run between 25,000 pounds to 50,000 pounds which will take the price of \$80 per ton. In view of the information shown above, I would respectfully request that permission be granted me to award a contract to The Liquid Carbonic Corporation for furnishing liquid carbon dioxide (CO₂) at a price of \$80 per ton on an estimated quantity consumption of from 25,000 pounds to 50,000 pounds.

The approximate amount of contract will be \$2,000.

Respectfully yours,

WILLIAM I. ROSE,

Superintendent of Supplies.

BOSTON, June 9, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of two requisitions from the Traffic Commission for steel traffic signs. It is respectfully requested that permission be granted me to award an order to the American Gas Accumulator Company, 36 High street, Charlestown, as this company is the only one who manufactures traffic signs with the required specifications of the Traffic Department.

Total amount of order is \$1,207.50.

Respectfully yours,

WILLIAM I. ROSE,

Superintendent of Supplies.

EXTENSION OF CONTRACT.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract made with R. A. Buccella & Sons, Inc., for laying and relaying water pipes in Ferncroft road, West Roxbury; Platt road, Brighton; Colchester street, Neponset Valley Parkway, Washington street (extension), and Badger road, Hyde Park, to June 30, 1948. This extension is requested for the reason that the contractor was delayed in the performance of the work due to a shortage of lead, which is an essential material in the performance of this work in the joining of the pipes.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

John F. Shea Company, Inc., has been directed to perform the following extra work under the contract for resurfacing various bridges, dated September 25, 1947. Items ordered: Seal present scuppers with suitable wood plugs and furnish and place bituminous concrete base, where and as directed, in accordance with the standard City of Boston specifications for pavement. Work to be paid for at cost of materials plus 15 per cent overhead on labor. Estimated cost of extra work, \$920.

PROCEEDINGS OF CITY COUNCIL.

Friday, June 11, 1948.

Special meeting of the City Council held in the Council Chamber, City Hall, at 12 noon, President HANNON in the chair. Absent, Councilor Yerxa.

The meeting was opened with the salute to the Flag.

CALL FOR MEETING.

The Clerk read the call for the meeting as follows:

City of Boston,
Office of the Mayor, June 8, 1948.

John B. Hynes,
City Clerk.

Dear Sir:

You are hereby requested to assemble in the City Council Chamber, City Hall, on Friday, June 11, at 12 o'clock noon, for the purpose of taking action on the appropriation orders for salary increases to city, county and school employees, and to take action on all other pending matters now before your Honorable Body.

Respectfully,

JAMES M. CURLEY, Mayor.

FIRE DEPARTMENT ORDERS.**General Order No. 39.****I. SURVEY OF FIRE DEPARTMENT.**

In accordance with chapter 261 of the Acts of 1948, the Boston Finance Commission is directed to make an administrative survey of the City of Boston. By the provisions of the above-mentioned act this survey is made under the authority granted the Finance Commission by chapter 486 of the Acts of 1909. The Commission has selected Mr. Harold F. Burke, former Chief of the New York Fire Department, to make a field study of the Fire Department for the Commission. Chief Burke will be assisted by Mr. Joseph Roubicek in this survey.

In connection with the survey, questionnaires in triplicate are being distributed to all companies of the fire fighting force with this order. In order to expedite the return to Headquarters of these questionnaires, the officer coming on duty at 8 a. m., June 22, will be held responsible for the immediate filling out of the form and returning same through regular channels to Headquarters within 72 hours.

In filling out the sheets for pumper and hose wagon data, the information submitted shall apply to the new pump-

ers and hose wagons delivered, even though not yet in active service.

It is also the intention of Chief Burke and Mr. Roubicek to visit and inspect all fire stations during the course of their survey. Company officers are directed to cooperate in every way possible with Chief Burke and his assistant, to facilitate the manner in which the survey is to be made. Company officers are authorized to furnish information or answer questions pertaining to buildings, apparatus, and equipment. Questions of an administrative nature or pertaining to department policy are to be referred to Headquarters.

Chief Burke and Mr. Roubicek are authorized to enter company quarters at all hours, and permission is also granted them to ride upon the apparatus, if desired, at their own risk.

Forms are to be filled in triplicate, with special emphasis on accuracy and neatness.

Questionnaires are not being distributed to tower companies, rescue companies, or lighting plant companies.

By order of Fire Commissioner
 RUSSELL S. CODMAN, JR.

JOHN F. McDONOUGH,
 Chief of Department.

INVITATION FOR PROPOSALS FOR INTERIOR PAINTING AT THE THOMAS GARDNER SCHOOL, BRENTWOOD AND ATHOL STREETS, ALLSTON, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for interior painting at the Thomas Gardner School, Brentwood and Athol streets, Allston, Mass.

Proposals will be received until 12 o'clock noon, Tuesday, July 6, 1948, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$200, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

JAMES H. MOONEY,

Superintendent of Construction.

CITY OF BOSTON.**PUBLIC WORKS DEPARTMENT.**

PROPOSALS FOR SURFACE TREATMENT OF EXISTING BITUMINOUS MACADAM PAVEMENTS IN THE DORCHESTER DISTRICT.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for surface treatment of existing bituminous macadam pavements in the Dorchester district. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Surface Treatment of Existing Bituminous Macadam Pavements in the Dorchester District," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of WEDNESDAY, JULY 7, 1948, with a certified check for FIFTEEN HUNDRED (1,500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

ROBERT P. CURLEY,

(June 26.) Commissioner of Public Works.

CITY OF BOSTON.**PARK DEPARTMENT.**

PROPOSALS FOR GRADING AND FILLING ON PLAYGROUND, WASHINGTON STREET AND GALLIVAN BOULEVARD, DORCHESTER, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, invite proposals for grading and filling on playground, Washington street and Gallivan Boulevard, Dorchester, Mass. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed and marked "Proposal for Grading and Filling on Playground, Washington Street and Gallivan Boulevard, Dorchester, Mass.," and left before 2 o'clock on Thursday, July 8, 1948, at the office of the Park Department with a certified check for \$700, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening the bids. PROPOSALS FOR SHEET ASPHALT PAVEMENT IN HOOPER STREET, WARD 17, FROM MELVILLE AVENUE TO TREMLETT STREET; KENWOOD STREET, WARD 17, FROM ALLSTON STREET TO WASHINGTON STREET; AND SANFORD STREET, WARD 17, FROM 113 FEET WEST OF MORTON STREET TO CEDAR STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sheet asphalt pavement in Hooper street, Ward 17, from Melville avenue to Tremlett street; Kenwood street, Ward 17, from Allston street to Washington street; and Sanford street, Ward 17, from 113 feet west of Morton street to Cedar street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sheet Asphalt Pavement in Hooper Street, Ward 17, from Melville Avenue to Tremlett Street; Kenwood Street, Ward 17, from Allston Street to Washington Street; and Sanford Street, Ward 17, from 113 Feet West of Morton Street to Cedar Street," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of FRIDAY, JULY 9, 1948, with a certified check for SEVENTEEN HUNDRED (1,700) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 40

SATURDAY, JULY 3, 1948.

No. 27.

MAYOR CURLEY REPLIES TO CRITICISMS OF FINANCE COMMISSION AND OBJECTIONS TO PLANS PROPOSED FOR SOLVING BOSTON'S URGENT PROBLEMS IN BETTERING FIRE, TRAFFIC, AND WELFARE HOUSING CONDITIONS—POINTS TO DISREGARD OF NEEDS OF CITY DURING YEARS IMMEDIATELY PRECEDING HIS PRESENT ADMINISTRATION AND POLICY OF ALLOWING POLITICAL EXPEDIENCY TO GOVERN EXPENDITURES RATHER THAN DEMANDS OF GOOD SOUND GOVERNMENT—BLAMES COMMISSION FOR SILENCE IN ALLOWING CONDITIONS TO DEVELOP WHICH NOW NECESSITATE EXPENDITURES IN ORDER TO SAFEGUARD LIFE AND HEALTH OF CITIZENS.

On June 28 Mayor Curley directed the following to the Finance Commission:

ROBERT E. CUNNIFF, *Secretary*, Boston Finance Commission,
24 School Street, Boston, Mass.

DEAR SIR:

I am in receipt this date, June 28, of a communication dated June 23, 1948, with reference to providing funds for various municipal departments.

MAYOR VETOES PROPOSED INCREASE OF \$200 PENSION ALLOWANCE AS VOTED BY COUNCIL FOR RETIRED EMPLOYEES RECEIVING LESS THAN \$1,500.

The following letter has been forwarded to the City Council:

To the City Council.

GENTLEMEN:

I return herewith, without my signature and disapproved, the order of your Honorable Body accepting chapter 588 of the Acts of 1948. This act provides for an increase of \$200 in the pension or retirement allowances of retired employees whose pensions or allowances are less than \$1,500 a year.

In 1946, under chapter 559, the city increased the pensions and allowances of those receiving less than \$720 a year by 20 per cent, at approximately a cost of \$65,000 a year, and this year, under chapter 301, those receiving less than \$900 a year have been increased \$120, at an estimated cost of \$120,000. Over 1,000 retired employees were benefited, the annual cost being \$185,000.

These two increases were established by me in view of the evident fact that practically all of the amount of those pensions in the low brackets is required to meet the basic cost of food, lodging, and clothing, and that the basic level should be raised to meet the present cost of living.

The Act, chapter 588, now before me, entails a further increase of \$200 a year to those in the brackets between \$900 and \$1,500 a year. The additional annual cost of these proposed increases would be \$327,000 a year.

It may well be argued that those receiving an annual pension of more than \$900 a year are also hard hit by the high cost

(Continued on page 664.)

It does not differ in any degree from a similar communication received some time ago, which was answered at that time by directing attention to the fact that the nation, state, and municipalities are all permanent, enduring organizations, and that the political entity known as the Boston Finance Commission is ephemeral and will ultimately pass.

You direct attention first to the Fire Department. It is most unfortunate that the needs of the city were disregarded during the eight years prior to my return as Mayor of Boston, and that political expediency was the only thing that actuated during the particular period the Boston Finance Commission. The Fire Department in January, 1946, had so deteriorated both in equipment and personnel as to seriously menace the safety of the inhabitants and the properties located in Boston.

MAYOR PLEADS FOR SAFE AND SANE JULY 4 HOLIDAY BY MASSACHUSETTS CITIZENS.

Mayor James M. Curley on June 30 issued the following public statement:

The coming Fourth of July week end, which will be a long and joyous three days, we hope, brings with it certain personal responsibilities to make sure that such a happy result may be attained.

Boston, Massachusetts, wants to take its rightful place in the nation-wide Fourth of July program now being conducted by the National Safety Council to hold down the holiday accident toll.

I earnestly ask every citizen of our community to join with me in this safety endeavor to avoid accidents over the holiday week-end celebration.

Let us remember that the Fourth of July is an observance of the anniversary of our nation's hard-won freedom and independence. To preserve it has been a costly endeavor through many struggles, so let us not add to the cost in human life by needless tragedy and suffering which result from holiday accidents.

May each one of us dedicate himself to making this Independence Day celebration one of safe and sane festivity.

JAMES M. CURLEY.
Mayor of Boston.

FOR FIRE FIGHTING.

Apparatus unfit for use; companies undermanned to the point where it was a *rara avis* to see more than one man on a piece of apparatus responding to a fire alarm; and the only way in which a sufficient force could be provided at a fire was to ring a second and third alarm. However, this was not a matter for comment by your Body, although it existed for a period of eight years, during which the Finance Commission had the sleeping sickness.

The Boston Fire Department is acknowledged today by experts to be rapidly evolving into the best department of its size in the world, and this goal I am desirous be obtained, regardless of specious and unwarranted criticism by your organization, which seeks to justify its existence.

Your objection to the expansion of the Welfare Department needs no answer. In the South End section of Boston nearly 7,000 persons are on the welfare rolls with no suitable place for the presentation of their cases. I look forward, possibly next year or the succeeding year, to the establishment of a building for male applicants for welfare aid, so that separation, which should be in operation, will shortly be adopted.

MAYOR WANTS UNITED STATES TO STOP APPEASING RUSSIA AND WOULD KEEP WAY TO BERLIN OPEN WITH MEN AND ARMS IF NECESSARY—WANTS AMERICA TO ASSERT HER DIGNITY AND POSITION BY REFUSING TO ACCEPT DICTATES AS TO WHAT THEY SHALL OR SHALL NOT DO IN GERMAN TERRITORY—FAILURE TO OPEN CORRIDOR INTO BERLIN FOR AMERICAN TROOPS IS TO ADMIT WE FEAR RUSSIA AND HER POWER.

On June 28 Mayor Curley issued the following statement:

It is about time for a display of courage similar to that which made Faneuil Hall an institution to conjure with in the history of the world. I can't imagine any more humiliating plight any nation has been placed in than America is placed in at the present time, accepting the dictates of Russia as to whether a train shall go into a zone, sending food in by plane so we won't stir up the animosity of the Russians.

It is just a question of courage. It is a similar situation to that of the Barbary pirates when Americans went over there and refused to pay tribute. It is the same position the United States always took—the same position with reference to Cuba that brought on the Spanish-American War. It is only a matter of time when continued affronts will make it necessary to assume the offensive. I personally believe that Stalin and his group of racketeers would hesitate no matter what the United States might do to be a party to war.

When you consider the number of male inhabitants of Russia killed in World Wars I and II, and the revolution succeeding which placed a crepe on every fifth home in Russia—any man declaring war against the United States and Allies would incur the eternal animosity and hatred of his country. People held in subjugation by the power of the Czar for centuries and who had the courage to rise up and overthrow the Czar—surely those people would be depended upon to drive Stalin and his racketeers out in event of war. It is time for action.

It is clearly the duty of America to assert her dignity and her position by refusing to accept the dictates as to what they shall or shall not do in the German territory. We have no desire for any land and have no desire to hold any people in subjugation as serfs. If war should come it is a choice of having it in European Russia and the countries of Europe or having it in Asiatic Russia. In World War I Germany practically destroyed all of Russia's resources in European Russia and compelled her to develop Asiatic Russia. With China as a base of operations what took place in World War I would be repeated in Asiatic Russia and Russia would be helpless. Countries that have become Communistic through 5th Column working in those countries of Europe will seize the opportunity to throw off the yoke for peace and security in the world.

The time for acquiescence to the orders of Russia and for a passive attitude on the encroachments and insults offered by Russia has long since passed. It is

about time that we should show some of the courage that gave birth to the Republic and maintained this nation through the years. I don't believe such action would lead to war. I think it would mark an end of the things that do lead to war. I think Russia would back down because she would recognize she had to back down. Just as long as we permit these insults we are paving the way for the coming of the day when Russia becomes more intolerant and more arrogant and war ultimately would be the only avenue left open.

The failure to open the corridor into Berlin for the American troops in Germany is equivalent to an acknowledgment that we stand in dread of Russia and that we fear her power when, as a matter of fact, we were never more powerful than we are at the present time and Russia never more helpless. The opening of the corridor into Berlin by American troops would not of necessity mean war. It would mean an end of the arrogance and insults that are humiliating to every right-thinking American and every right-thinking individual in the world and failure to do it is an acknowledgment of our fear of the Russians and if permitted to continue must ultimately lead to war when we are less prepared for it than we are at the present time.

I believe the time is ripe for action.

MAYOR CURLEY REPLIES TO CRITICISMS OF FINANCE COMMISSION.

(Continued from page 661.)

TRAFFIC DEPARTMENT HOUSING.

The Traffic Department is housed in a structure that has been condemned by both the Building Department and the Fire Department and is a menace to the men working there as well as the immediate neighborhood. I trust that the members of the Commission will visit the structure and make apology for their attempt to prevent a change that is absolutely necessary.

The objection to the enlargement of the chronic cases at Long Island, which is vital in order that a greater bed capacity will be made available for acute cases at the Boston City Hospital. The Long Island institution was the most sodden and deplorable and neglected institution of its kind that could be found in the entire United States prior to 1946. Eight years of disregard for the welfare of the unfortunates who are growing old without growing wealthy. The Finance Commission unquestionably was

a contributing factor to the maintenance of a program destructive to the unfortunates seeking city relief through its failure to recommend essential changes.

You refer to the tax rate for 1948 in Boston. This may be traced in some measure to the failure of your Commission to appear at any legislative hearings, or appear before His Excellency the Governor favorable to legislation of a revenue-producing character through which the tax rate might be lessened. Boston does not differ in any degree from any other large American city in the matter of tax increases, with the exception of cities located in those states that are authorized to initiate revenue-producing legislation.

Some measure of relief has been provided the people of Boston, the home owners, and the occupants of apartments during my terms in office as Mayor, in that there never has been an increase during those periods in the assessed valuation of properties held by what is known as small home owners, and in recent years no increase in the valuation of apartment properties in order that no excuse might be available to the owners of the premises to increase the burdens of the occupants.

BLAME GOVERNOR AND LEGISLATURE.

It is unfortunate that His Excellency the Governor and the State Legislature failed to provide a fund for the appointment of a committee to investigate as to the enactment of legislation that would increase revenues to the municipalities of the state. Personally, I have advocated an increase in the corporation tax from 5½ per cent to 15 per cent, which would have made possible a reduction in the tax rate in excess of the amount that the rate has been increased, so that no increase would be shown. I have likewise recommended the adoption of a 1 per cent withholding payroll tax which today is the salvation of a number of cities—Philadelphia being an outstanding example, where some \$25,000,000 was derived from this source by the City of Philadelphia. In the case of Boston the adoption of a similar tax would result in an increase in revenue to the city of \$11,000,000 annually.

At a conference of taxing officials held at the Hotel Belmont, Harwichport, on Friday and Saturday of last week, Henry Long, the Tax Commissioner of the state, declared that there would be few of the larger cities in Massachusetts able to escape a tax rate of \$100 per \$1,000 of valuation within a couple of years due to the extremely liberal measures adopted by the Legislature, supplemented by their failure to provide revenue-producing legislation to offset the increases.

I assume, and I trust rightly, that the statement of the Tax Commissioner was but a prelude to the introduction of a sales tax which would increase the burden of the already overburdened people of the state.

An expenditure of even \$1,000,000 would be warranted at the present time by the state for a commission, representing all elements of the population, to draft a program to be submitted to the incoming Legislature in 1949, whereby relief from what is anticipated by the Tax Commissioner might be provided without resorting to a sales tax.

Very respectfully yours,

JAMES M. CURLEY,
Mayor of Boston.

MAYOR CURLEY VETOES PROPOSED INCREASE VOTED BY COUNCIL.

(Continued from page 661.)

of living. While I realize that pensioners in the higher brackets have their problems, there must be a limit to the city's bounty, and it is my opinion that adding an annual increase in pensions of \$327,000 a year over the \$185,000 already incurred, making a total of over half a million dollars, exceeds that limit.

Accordingly I am impelled to veto the order.

Respectfully,

JAMES M. CURLEY, Mayor.

CITY'S OBSERVANCE OF INDEPENDENCE DAY WILL HAVE MAYOR CURLEY AS ORATOR.

The City of Boston will observe Independence Day on July 5, starting with a flag raising at City Hall at 9 a. m. in the morning and a parade through Province street to Bromfield to Tremont, where the troops will face the Granary Burying Ground and the Mayor will place three wreaths on the tombs of the three signers of the Declaration of Independence, namely, John Adams, Robert Treat Paine, and John Hancock. After the placing of the wreaths, the parade will proceed along Tremont street to School street, School to Washington, Washington to State, and the troops will form under the balcony of the Old State House, where the Declaration of Independence will be read by Robert B. Davidson of the High School of Commerce. After the reading of the Declaration of Independence, the parade will proceed down Devonshire street into Dock square, to the front of Faneuil Hall, where the historical exercises will be held, and the principal orator of the day will be his Honor the Mayor, James M. Curley. These exercises will take place at 10.30 a. m.

Other activities throughout the city will be:

Band concerts on July 4—Eliot square in Roxbury; Billings Field, West Roxbury.

Band concerts on July 5—Mary Hannon Playground in Dorchester; East Boston High School; East Boston Housing Project; Jeffries Point; Giblin square; Farragut Bandstand, South Boston; Eliot square; Marcella Street Playground; two concerts in Ward 12; Franklin Field; Ronan Park; Roberts Playground; Logan square; Mattapan square; Jamaica Pond; Healy Playground; Fallon Field; Ringer Playground; St. Gabriel's Monastery.

July 4, starting at 9 p. m., a band concert and a huge bonfire at 12.01 a. m., at Smith Field in Brighton.

Fireworks for July 5 will be on Boston Common, Franklin Field, Ronan Park, Roberts Playground, Jamaica Pond, and Fallon Field.

The majority of wards will have movie shows for the children and the distribution of ice cream and candy in every ward in the city.

Doll carriage parades, baseball games, running races, and various other games in the different wards.

On Monday, July 5, there will be a monster vaudeville show at 8 p. m. on Boston Common at the Frog Pond, followed by a fireworks display at 10 p. m.

TRAFFIC COMMISSIONER LEO F. CURLEY WARNS BOSTON MOTORISTS.

Traffic Commissioner Leo F. Curley on June 29 appealed to motorists to increase care and caution in driving through the streets of Boston, at any time over the long Fourth of July week end. No fatal accident has occurred in Boston on the Fourth of July since 1936.

"If we are to preserve this outstanding record we must earnestly urge and expect the co-operation of motorists and pedestrians," he said. "Every car available will be on the road over this long week end and our streets will be filled with carefree youngsters going to and from our playgrounds, where many and varied programs have been arranged for their enjoyment. Parents in particular, the Commissioner urged, must join with public officials, in making the 'Glorious Fourth' a safe one for children." Further warning parents, the Commissioner pointed out that since the beginning of the year six boys, under eight years of age, and one girl, five years of age, have been killed in the streets of Boston by motor vehicles.

PLANNING BOARD ELECTS OFFICERS.

The following letter was received on June 25 from the City Planning Board by his Honor the Mayor:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

I am directed to inform your Honor that in accordance with chapter 3, section 9 of the Revised Ordinances of 1947, the City Planning Board at a meeting held on June 22, 1948, elected the following officers for the ensuing year:

Thomas F. McDonough, Chairman;
Joseph A. Mitchell, Vice-Chairman; and also

Voted, That Mr. McDonough, Mr. Mitchell, and Miss Herlihy be authorized to approve for payment bills, pay rolls, and special drafts; and also that the Executive Director, Mr. Thomas E. McCormick, and the Secretary, Miss Mary T. Downey, be reappointed to their positions for the ensuing year.

Respectfully yours,

THOMAS E. MCCORMICK,

June 23, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MAYOR CURLEY:

Referring to your letter of June 18, enclosing communication from the residents of Norfolk terrace, Dorchester, regarding openings in the fence along our right of way in the vicinity of Norfolk street, Dorchester, Mass., we will arrange to have this taken care of promptly.

Very truly yours,

H. S. PALMER.

REPORT OF FRANCIS J. EMERY, DIRECTOR OF INDUSTRIAL ARTS, ON CONVENTION AT WASHINGTON.

The following is the report of Francis J. Emery, Director of Industrial Arts, Boston Public Schools, on attendance at American Industrial Arts Association Convention, Washington, D. C., May 6, 7, and 8:

The convention of the American Industrial Arts Association, held in Washington, D. C., on May 6, 7, and 8, 1948, was a busy one. Principal topics presented for deliberation were teacher education, elementary school programs, safety, state supervision, the "new" curriculum, and teaching aids.

College representatives from eight states presented and discussed teacher education in their areas. More specific attention is being given to this topic for industrial arts teachers in the central portion of the country than elsewhere. The thoughts expressed showed a tendency to lean toward the policy of the eastern section. Our longer experience has shown the need for college training comprising the usual knowledge and techniques necessary for teaching in general, coupled with a historical background, principles, and necessary particular technical skills for industrial arts teachers. The Teachers College of the City of Boston will, I feel sure, inaugurate its industrial arts teacher training program on sure ground.

Miss Helen McIntosh, from the United States Department of Education, talked about the modern elementary school. Miss A. Adele Rudolph illustrated the talk by showing colored slides of activities in the Philadelphia public schools. Motivation of much of the work was accomplished by correlation of the work of the industrial arts teacher. Many elementary teachers in Philadelphia are voluntarily reporting to Saturday classes to improve their industrial arts techniques.

The important phases of the school shop safety discussion were to attack the problem positively, recognizing that we can prevent many accidents, develop safe practices and rules of conduct suggested by the shop teachers, and to institute regular inspections. Dr. Gerald Baysinger presented the plan of Detroit as a model. Boston's plan is very similar.

Dr. William Warner presented the question of state supervision. Three ideas stood out: (1) the need for state supervision to control the dignity of industrial arts teaching at its various levels; (2) the direction of its improvement; and (3) co-operation with other state agencies.

The "new" curriculum would include the aims of industrial arts, namely, training for production, consumption, and recreation in the avenues of power, transportation, manufacturing, construction, and communication as a core of general education. Boston schools have been doing this for some time but not under such definite classifications.

Exhibits of teaching aids are ever present at conventions. These were all carefully selected. Many were ingenious and left good positive impressions on all witnesses.

Visits to three schools in Washington were sandwiched between the convention discussions. At the Western High School, a school like our Boston Latin School, the curriculum will include mechanical drawing and printing next September. Shop work at the Gordon Junior High School is nearly identical, in plan, with

that of the Boston junior high schools. The McKinley High School carries on shop work closely resembling that of the Boston Technical High School.

An early start from Boston gave an opportunity to visit the Murrell Dobbins Vocational-Technical School in Philadelphia. It is quite modern and the work carried on is very similar to that in the Boston co-operative courses.

These days were well spent. I am convinced that much thinking and research are being done throughout the country with respect to industrial arts.

Respectfully submitted,

FRANCIS J. EMERY,
Director of Industrial Arts.

250,500, 152 Indian Brand No. 10, at \$4.46 per M, \$1,117.23.

150,000, 5½-inch by 7½-inch white, special window, at \$8.38 per M, \$1,257.

220,000, 5½-inch by 7 13/16-inch white, special window, at \$8.22 per M, \$1,808.40.

The total amount of the contract is \$7,067.37.

Very truly yours,

JOHN J. TWOMEY, *Superintendent.*

BOSTON, June 16, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request permission to dispense with advertising so that I may order a sufficient number of 3½-inch by 6½-inch special outlook envelopes, postage meter style, from the Massachusetts Envelope Company, 641 and 643 Atlantic avenue, Boston.

These envelopes are needed for mailing of poll tax bills for the current year.

In view of the difficulty in obtaining in the open market envelopes in sufficient quantities and in the proper size, I deem it in the best interests of the city to dispense with advertising and purchase the envelopes from the above-mentioned firm.

The envelopes will be furnished at the price of \$6.75 per thousand, making a total for the above-mentioned quantity, \$1,947.44.

Very truly yours,

JOHN J. TWOMEY, *Superintendent.*

PUBLIC CELEBRATIONS.

BOSTON, June 18, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to award a contract, without advertising, to H. P. Hood & Sons, in the amount of \$6,933.20.

This contract is for the July Fourth celebration.

Respectfully yours,

HENRY F. BRENNAN,
Acting Director Public Celebrations.

PUBLIC WORKS DEPARTMENT.

BOSTON, June 11, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

A condition has developed on the South Boston approach of Broadway Bridge, over Fort Point Channel, which indicates that the steel work has deteriorated in such a manner that unless emergency repairs are made without delay, it will be necessary to close the roadway to traffic of all kinds, including the street railway cars.

In order to maintain uninterrupted service on this structure, it will be necessary to make temporary repairs immediately to several of the steel floor beams and about twelve of the steel stringers by welding strengthening plates, where necessary.

Because of this situation, I have arranged with the Massachusetts Welding Company to do such work as is necessary, at a cost not to exceed \$2,000.

Time will not permit of advertising for bids and, in view of these facts, I respectfully request the authority of your Honor to dispense with advertising, and to issue a service order to the Massachusetts Welding Company of 79 Clapp street, Dorchester, to make such emergency steel repairs as appear to be required on this structure, at a cost not to exceed \$2,000.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, June 11, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is requested to enter into an unadvertised contract with the Hancock Construction Company to furnish and lay, as directed, 3-inch asphalt top and 6-inch concrete base over Stony Brook sewer trench in Cummins Highway at American Legion Highway, West Roxbury, at an estimated cost of \$3,500.

Cummins Highway at this location is under maintenance guarantee by the Hancock Construction Company, which precludes the advertising for bids for this work.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, June 21, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

A. Singarella & Son, 22A Tremlett street, Dorchester, is now constructing, under contract, Wayburn street, from Eastland street to Eastland street, West Roxbury. Two new catch-basins are required at the northwesterly end of Wayburn street, near Eastland street.

As the construction of the street will be delayed if we were to advertise for bids to construct the basins, we request your approval to issue a service order to A. Singarella & Son to build two catch-basins and connections on an itemized basis at an estimated cost of \$1,500.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, June 22, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR:

The purchase of new meters in all sizes has been restricted by the lack of materials being furnished the manufacturers to fabricate the new meters.

In order to maintain meters on the 100,000 services in operation in this city, it is necessary to do considerable repair work to put old meters in condition for installation on service pipes. The department does not have the necessary parts or sufficient men to repair old and worn-out meters.

After consultation with the Hersey Manufacturing Company of South Boston, a proposal has been received whereby the Hersey Manufacturing Company has agreed to furnish labor and material necessary to repair or rebuild ¾-inch meters, 1-inch meters, and 1½-inch meters at their shop in South Boston. No advantage could accrue to the city to advertise this work as the Hersey Manufacturing Company is the only company in a position to furnish the necessary parts for installation in Hersey meters.

I respectfully request, therefore, your approval to the awarding of a contract, without advertising for bids, to the Hersey Manufacturing Company of 381 E street, South Boston, for the repair of 1,000 ¾-inch Hersey meters at \$7.60 each; 100 1-inch Hersey meters at \$11.40 each; and 100 1½-inch meters at \$16.72 each.

The above-mentioned prices have been reached by agreement with representatives of the Hersey Company and, in our opinion, said prices are fair and reasonable; and I might also add that these meters, when delivered, will be the equivalent of new meters, and the price of repairing them is only about one half the cost of new meters.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, June 14, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

Permission is respectfully requested to award a contract, without public advertisement, to the New England Coke Company for furnishing 200 tons of stove size coke to the House of Correction, Deer Island, at a price of \$16.90 per net ton delivered, with a 2 per cent cash discount for payment in fifteen days.

The above price, which New England Coke Company quoted in their letter to this office of June 10, 1948, is the same as the price we are now paying.

The price stipulated may be increased or decreased by any change in maximum price by reason of any regulations approved by Federal authority applying to this class of business; or the price may be increased by the amount of any increase in the cost of production of New England Coke, in the cost of transportation of such coke and by the amount of any tax imposed upon the sale thereof.

The approximate amount of contract will be \$3,380, less a 2 per cent cash discount for payment in fifteen days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, June 10, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Traffic Commission for traffic equipment.

It is respectfully requested that permission be granted me to award an order to Armor-Flex Company, Kirkwood, Missouri, in the amount of \$1,221.86. The Traffic Commission has used this company's equipment in the past and it has proven very satisfactory. As they are the manufacturers, no advantage would be gained by publicly advertising for bids.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, June 10, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of requisitions from the Park Department for the purchase of tulip bulbs. For the past few years these flowers have been purchased from Van't Hof & Blokker, Inc.,

of Limmen, Holland. Request for prices was mailed to this company's representative and they have submitted their quotation amounting to \$1,124.45.

In the past, these tulip bulbs have proved most satisfactory, and in my opinion no advantage would be gained by public advertisement for bids. It is therefore respectfully requested that permission be granted me to award an order to Van't Hof & Blokker, Inc., in the amount of \$1,124.45, with a 2 per cent cash discount for payment within ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

SUFFOLK COUNTY.

COURT HOUSE COMMISSION.

BOSTON, June 8, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

In 1946 and 1947, with your approval, the work accomplished by Daniel Marr & Son Company, Inc., as general contractor, with the assistance of A. B. Maddison Company and the Beacon Plate and Window Glass Company, on seven bays on the front of the new court house, eleven bays on the north side, and three bays on the northeast side solved the problem of leaks around the metal window frames, a condition which applied to practically all the window frames and spandrels through the new court house under rainstorm conditions. The only exception was during a high gale or hurricane when some water has been forced in.

The Commission concluded that it was best to do some of this work each year until completed, and has received a proposal of \$12,275 submitted by Daniel Marr & Son Company, Inc., as general contractor, in association with the other two named concerns. The contractor proposes to furnish the necessary labor, materials, and equipment to replace calking and to tighten ventilators on the steel sash located in 7 bays on the west elevation of the new court house from the sixteenth to the second floors, inclusive. The estimate is based on straight time at current wage rates with insurance covering Workmen's Compensation and Public Liability.

The Commission, realizing that this work requires specialized knowledge of existing conditions of the work to be done on this building, and having full confidence in their qualifications, respectfully requests your permission to award the contract to Daniel Marr & Son Company, Inc., as general contractor, without advertising for bids.

The funds are available in our 1948 budget.

Respectfully submitted,

COURT HOUSE COMMISSION,
ARNO I. DREW, *Chairman*.

REGISTRY OF DEEDS.

BOSTON, June 2, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR:

In accordance with provisions of chapter 156 of the Acts of 1939, I hereby respectfully request from your Honor written authority to dispense with advertising for proposals for the purchasing of 48 Grantor and 18 Grantee Indexes for 1948 from the Massachusetts Envelope

Company, under Item D-1 of the budget, in the amount of \$2,620.50, for the following reason:

These indexes are used throughout the year to enter all instruments that have been recorded in this department. The Massachusetts Envelope Company is a reliable and dependable and up-to-date concern.

Very respectfully yours,

LEO J. SULLIVAN,
Register of Deeds.

EXTENSION OF CONTRACTS.

BOSTON HOUSING AUTHORITY.

Gil Wyner Company, Inc., has been granted an extension of the contract for road, utility and grading work at River street, Mattapan. This extension of time is necessitated due to causes beyond control, as outlined in letter dated April 14, 1948.

The City of Boston has determined that: (1) the delay is due to unforeseen causes beyond control and without fault or negligence; and (2) notice of the cause of the delay was given within the time and in the manner prescribed by the contract; now, therefore, subject to conditions hereinafter set forth an equitable adjustment of the contract time is established as follows: the contract time for completion is extended to June 1, 1948.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.

2. The rights of this Authority are in no way prejudiced by this order.

3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

12 NEWLAND STREET,
MALDEN, April 14, 1948.

BOSTON HOUSING AUTHORITY, 10 Post Office Square, Boston, Mass.
Re: Roads, Utilities, Grading, Liversidge No. 2.

GENTLEMEN:

In compliance with Article 9 (D) on above contract, we hereby apply for an extension of the contract time on sections 1, 2 and 3 until June 1, 1948, for the following reasons:

1. R. D. Wood did not deliver the water pipe until March, 1948. This prevented us from completing the work by April 15, 1948.

2. Due to an unusual winter and excessive snowfall, we were unable to start our excavation on March 15, 1948, because of the frost on the ground.

Thank you for your kind consideration to the above.

Very truly yours,

GIL WYNER COMPANY, INC.,
by NATHAN WEINER,
Vice President.

M. S. Kelliher Company has been granted an extension of the contract for the general construction of veterans' houses on the north side of River street, Mattapan. This extension of time is necessitated due to causes beyond control, as outlined in letter dated April 28, 1948.

The City of Boston has determined that: (1) the delay is due to unforeseen causes beyond control and without fault or negligence; and (2) notice of the cause of the delay was given within the time and in the manner prescribed by the contract; now, therefore, subject to conditions hereinafter set forth an equitable adjustment of the contract time is established as follows: the contract time for completion is extended to June 30, 1948, for houses and July 15, 1948, for lawns and planting.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.

2. The rights of this Authority are in no way prejudiced by this order.

3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

and Tileston Street.

Attention of Mr. L. C. Chase.

GENTLEMEN:

We respectfully request an extension of time on the above contract from June 4, 1948, until July 1, 1948.

We expect to turn the six houses on Sawyer avenue and Downer avenue over for occupancy in June, but will be unable to complete the rest of the contract within the present time limit on account of certain materials specified not being available.

FIRE DEPARTMENT.

Approval has been given to grant a further extension of time to Construction Units, Incorporated, for the performance of a contract for the erection of a fire station for Engine 8, Ladder 24 at 392 Hanover street, Boston.

The contract is dated July 16, 1947, and was to have been completed within six months after date of the Mayor's approval, Temporary Mayor John B. Hynes having signed the contract July 28, 1947. The original date of completion in accordance with the contract was to have been March 8, 1948, but your Honor has already approved an extension to June 8, 1948.

The completion of the work has been delayed considerably because of the extremely severe winter of 1947-1948. On several occasions, due to heavy snowstorms and extreme cold, progress of the work was unavoidably retarded. Additional work requested by the Fire Department, and because of the manufacturer's inability to deliver metal door frames, makes it impossible to complete the contract on June 8, 1948.

Request is hereby made for a further extension of time for performance of the work under the contract to July 15, 1948.

PARK DEPARTMENT.

F. C. Dolan & Sons have been granted an extension of time until July 15, 1948, for the completion of the contract for reconstructing concrete walls and slopes at the American Legion Playground, East Boston, Mass.

R. W. Balam has been granted an extension of time until July 1, 1948, for the completion of the contract for subsoiling, concrete liners, and loaming at Fairview Cemetery, Hyde Park, Mass.

PUBLIC WORKS DEPARTMENT.

The Bethlehem Steel Company has been granted an extension of the time of completion of the contract for cleaning and painting hull of Ferryboat "Charles C. Donoghue," to June 25, 1948, inclusive.

This extension is requested for the reason that the dry dock necessary to pull the boat out of the water in order to do the work was not available until Friday, June 11, 1948.

W. H. Ellis and Son Company has been granted an extension of the time of completion of the contract for repairing fender piers at Chelsea North Bridge to August 22, 1948.

This extension is requested for the reason that the contractor has been delayed on account of inclement weather and the number of steamers constantly using the draw.

CHANGE IN CONTRACTS.

BOSTON HOUSING AUTHORITY.

Allied Engineering Corporation has been granted a change of the contract for the general construction of veterans' housing at Saratoga street, East Boston. The following change is ordered:

489 cubic yards of fill at \$2 per cubic yard, \$978; 479½ yards of loam at \$3.75 per yard, \$1,798.13. Total, \$2,776.13.

An equitable adjustment of the contract price and the contract time is established as follows: The contract price is increased two thousand seven hundred and seventy-six dollars and thirteen cents (\$2,776.13); the contract time is not changed.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.
2. The rights of the City of Boston are in no way prejudiced by this order.
3. All claims against the City of Boston which are incidental to or a consequence of the aforementioned change are satisfied.

Allied Engineering Corporation has been granted a change of order in the contract for the general construction of veterans' housing at Baker street, West Roxbury. The following change is ordered:

Connecting to existing storm sewers the 19 houses located on Joyce Kilmer road, Keystone street, Glenhaven road and North avenue, \$18,625.70; single extra step at the front entrance on each of the 15 houses located on Paragon road, \$293.25; additional fill, \$14,753. Total, \$33,671.95.

An equitable adjustment of the contract price and the contract time is established as follows: The contract price is increased thirty-three thousand six hundred and seventy-one dollars and ninety-five cents (\$33,671.95); the contract time is not changed.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.
2. The rights of the City of Boston are in no way prejudiced by this order.
3. All claims against the City of Boston which are incidental to or a consequence of the aforementioned change are satisfied.

Total, \$31,720.14.

An equitable adjustment of the contract price and the contract time is established as follows: The contract price is increased thirty-one thousand seven hundred and twenty dollars and fourteen cents (\$31,720.14).

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.
2. The rights of the City of Boston are in no way prejudiced by this order.
3. All claims against the City of Boston which are incidental to or a consequence of the aforementioned change are satisfied.

Breakdown of Underdrain.

Trench excavation, 1,248 cubic yards at \$3, \$3,744; stone, 656 cubic yards at \$3.25, \$2,132; gravel, 75 yards at \$2, \$150; 6-inch V. C. pipe, 655 feet at 95 cents, \$622.25; 8-inch V. Total, \$8,019.

CONTRACTS AMENDED.

INSTITUTIONS DEPARTMENT.

M & R Construction Company has been allowed to amend the contract for the designing, furnishing plans, and the furnishing and installation of oil-burning equipment, including storage tanks and pumps for the power plant at Long Island Hospital, Boston Harbor, Mass., by substituting as the date of completion of the work "August 1, 1948" in place of "June 1, 1948."

Delay is due to difficulty in securing materials.

Patrick Gillen, 243 West Fifth street, South Boston, as Constable for term beginning with first day of May, 1948, not authorized to serve civil process, and to serve without bond.
Referred to Committee on Confirmations.

REMOVAL OF PAUL BARTEL AS CONSTABLE.

The following was received:
City of Boston,
Office of the Mayor, June 8, 1948.
To the City Council.
Gentlemen:
This is to notify you that I have this day removed Paul Bartel, 34 Baxter street, South Boston, as a constable of the City of Boston.
Respectfully,
JAMES M. CURLEY, Mayor.
Placed on file.

CONVENIENCE STATION, CITY POINT.

The following was received:
City of Boston,
Office of the Mayor, June 16, 1948.
To the City Council.
Gentlemen:
I transmit herewith communication from the Park Department, relative to your order of June 7, 1948, concerning the opening of a convenience station at City Point for the women and children who visit the beaches.
Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, June 14, 1948.
Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.
Dear Sir:
In answer to your memorandum, with enclosure, Council order requesting the Park Commissioner to open the convenience station at City Point for the thousands of women and children who enjoy the beaches. I wish to say that this building will be opened for the summer season, beginning tomorrow, June 15. This is the usual custom when the beaches throughout the department open up for the season.
Very truly yours,
JOHN J. MURPHY, Chairman.
Placed on file.

ELECTRIC LIGHT, STRANDWAY, NEAR COLUMBIA CIRCLE.

The following was received:
City of Boston,
Office of the Mayor, June 21, 1948.
To the City Council.
Gentlemen:
I transmit herewith communication from the Park Department, relative to your order of June 11, 1948, concerning the installing of an electric street light at the corner of the South Boston Strandway, near Columbia Circle.
Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, June 18, 1948.
Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.
Dear Sir:
I have your memorandum, with enclosure, City Council order of June 11, 1948, requesting the Park Commission to install an electric street light at the corner of the South Boston Strandway, near Columbia Circle, where the by-pass road leading from Camp McKay meets with said Strandway.
The installation of all street lights, including the cost of operation of same, on highways and parkways is under the jurisdiction of the Public Works Department, Street Lighting Service. I would suggest that this request be submitted to the Public Works Commissioner for his consideration.
Very truly yours,
JOHN J. MURPHY, Chairman.

SUNDAY BAND CONCERTS AT MARINE PARK.

The following was received:
City of Boston,
Office of the Mayor, June 21, 1948.
To the City Council.
Gentlemen:
I transmit herewith communication from the Park Department, relative to your order of June 7, 1948, concerning the making of arrangements for band concerts in Marine Park every Sunday during the summer months.
Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, June 18, 1948.
Lawrence P. Gilligan,
Chief Clerk, Mayor's Office.
Dear Sir:
I desire to acknowledge your memorandum, with enclosure, City Council order requesting the Park Commissioner to make arrangements for band concerts in Marine Park every Sunday during the summer months.
Last summer at four locations, one of which was Marine Park, a series of band concerts was held on eight Sundays during July and August. The city paid one half of the cost of the concerts, and the other half was paid for by the Musicians' Union. The money expended was not in the Park Department budget but was paid out of the Contingent Fund. There is no money in this year's budget of this department for band concerts. Last year the concerts were fairly well attended in three locations, one of which was Marine Park.
If the same arrangements could be made as last year, and the money provided from some fund, in my opinion the suggestion warrants consideration.
Very truly yours,
JOHN J. MURPHY, Chairman.

MANHOLE EXPLOSIONS.

The following was received:

City of Boston,
Office of the Mayor, June 15, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from Corporation Counsel, relative to your order of May 10, 1948, regarding what progress has been made on survey taken by public utilities corporations for the purpose of devising ways and means of preventing further manhole explosions throughout the City of Boston.

Respectfully,
JAMES M. CUBLEY, Mayor.

City of Boston,

My dear Mr. McDermott:

I am glad to reply to your letter of June 3 relative to the order adopted by the City Council, which you quoted, concerning surveys by the public utility corporations regarding ways and means of preventing manhole explosions in the City of Boston.

In order to minimize, and if possible to prevent, accumulation of combustible gases in its manholes, Boston Edison Company in 1931 commenced, with the Boston Consolidated Gas Com-

pany, a continuous cooperative survey of the composition of the atmospheres in our manholes to detect the presence of combustible gases. The survey methods were planned originally with the assistance of the United States Bureau of Mines, concededly the best informed authority on this subject; and its primary object was to locate areas in which combustible gases were found in manholes. This method afforded the Gas Company an opportunity to remedy situations where the presence of combustible gases were the result of gas leaks.

The results showed that the survey provided an effective means of reducing to a minimum the number of Boston Edison manholes containing combustible gases of any nature and therefore reduced the potential hazard of manhole explosions in which such gases might be present. This survey has been continued without interruption from its inception. However, during the past winter, which was abnormally severe both as to temperature and the amount of snow, it appeared that an extensive number of street leaks in gas pipes were occurring. Two manhole explosions of more than ordinary severity were experienced during this period. Accordingly, while it is not to be inferred that illuminating gas is present in the case of all manhole explosions, it was considered advisable, in order to take all possible precautions, to institute a new procedure in which this manhole testing program was accelerated to the point where the testing crews operated continuously throughout the twenty-four hours and for seven days each week. In addition, all Boston Edison crews who had occasion to open manholes were provided with approved gas-testing equipment. Tests for the presence of gas were made each time before a manhole cover was lifted, so that the greatest possible coverage would be obtained.

Most important, arrangements were made with the Boston Consolidated Gas Company to advise our distribution dispatchers of the presence of all gas leaks in the streets. Boston Edison Company gave these reports the same precedence that was given to our own electrical emergency calls. The locations of these leaks were passed by short-wave radio or were telephoned at once to one of the Boston Edison crews who were equipped for gas testing, and they investigated all Edison manholes for the presence of combustible gases and, where necessary, the manholes of other utilities. All manholes found to contain such gas were then thoroughly ventilated until found free of gas. Manholes in these areas were tested at successive periods until it was determined that no further accumulation of gas was occurring.

For some time an investigation has been under way by Boston Edison Company of all methods known to us whereby combustible gas mixtures in manholes could be eliminated. In this connection we consulted other electric power companies, which have a similar problem, to obtain their experience and to determine the methods they employ. It was decided that, in addition to following all street gas leaks reported by the Gas Company, by our own employees, and by others, the most immediate step which might be most effective in minimizing possible accumulation of combustible gases in manholes was to increase natural ventilation of the manholes. To accomplish this, a new type of manhole cover was developed, approximately 40 per cent of the area of which is open to the atmosphere.

The exact efficiency of this type of cover and its ventilating effect is not yet determined, but, in order to take steps promptly, we have already installed over 100 of these covers in the area centering on the corner of Washington and Summer streets, and orders have been placed for an additional quantity which will be installed as fast as received. We are now conducting, according to Bureau of Mine methods, tests of this manhole cover and certain modifications of it, including the use of pipes, in order to increase manhole ventilation to the practical maximum. As this investigation proceeds, other proposed methods of freeing manholes of combustible gases are scheduled to be tried.

I appreciate this opportunity to advise you of our work on this important problem and to assure you of our desire to cooperate fully with all agencies which are concerned with it.

Very truly yours,
JAMES V. TONER.

William A. McDermott, Esq., Assistant Corporation Counsel, City of Boston Law Department,
11 Beacon Street, Boston, Mass.

Dear Mr. McDermott:

In reply to your letter of June 3, 1948, with reference to an order of the Boston City Council concerning a survey of manhole explosions, according to our record at a hearing before the City Council Committee on Public Safety held on Wednesday, February 25, there developed no necessity of surveying manholes owned by the Telephone Company, Western Union Company, Metropolitan Transit Authority, and Boston Consolidated Gas Company, as the records of past experience submitted at the meeting indicated that no survey of these manholes was necessary. Representatives of the Boston Edison Company expressed a willingness to cause a survey to be made of Edison manholes. From the date of that hearing until the receipt of your letter of June 3, this company received no notice that the city desired a survey.

I am accordingly assuming that the survey referred to in your letter was a survey of Boston Edison Company manholes, to be made by the Boston Edison Company in cooperation with representatives of the city, and that no further information is desired from this company.

If, however, you wish any further information from us, I will be happy to arrange for discussions with you and our representatives at any time convenient for you.

I am answering this letter inasmuch as Mr. E. M. Farnsworth, to whom you addressed your letter, has retired as president of this company.

Very truly yours,
E. H. ECKER, President.

TRAFFIC CONDITIONS, OLSON SQUARE.

The following was received:

City of Boston,
Office of the Mayor, June 11, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner, relative to your order of May 24, 1948, concerning the conducting of a survey at the junction of Adams street and Gallivan Boulevard, where Olson square is located, in order to alleviate a hazardous traffic condition and to reduce future accidents.

Respectfully,
JAMES M. CUBLEY, Mayor.

City of Boston,
Traffic Commission, June 9, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:

In reply to Council order of Councilor Beades, dated May 24, 1948, reading as follows:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to conduct an immediate survey at the junction of Adams street and Gallivan Boulevard, where Olson square is located, in order to alleviate a hazardous traffic condition and to reduce future accidents to a minimum."

Please be advised that we are preparing a plan whereby the present large triangular island in the throat of Adams street will be removed, and three small divisional islands substituted. It is expected that these three islands will channelize traffic entering and leaving Adams street at Gallivan Boulevard, and thus reduce the hazard that now maintains at that intersection. Upon completion of this plan, blueprints will be submitted to the Street Commissioners and the Public Works Commissioner to have this work done at their convenience.

Very truly yours,
LEO F. CURLEY, Commissioner.

PARKING METER CHARGES.

The following was received:

City of Boston,
Office of the Mayor, June 21, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner, relative to your order of June 7, 1948, regarding the setting of the price for parking meters in the outlying communities at one cent for twelve minutes, rather than the present five-cent minimum charge.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,

"STOP" SIGNS, SOUTH AND CENTRE STREETS.

The following was received:

City of Boston,
Office of the Mayor, June 21, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner, relative to your order of June 7, 1948, concerning the installing of "Stop" signs at the corner of South and Centre streets, Ward 20.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Traffic Commission, June 15, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir:
In reply to Council order of Councilor Bryan, dated June 7, 1948, reading as follows:

"Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install 'Stop' signs at the corner of South and Centre streets, Ward 20."

please be advised that recently a divisional island was constructed in the throat of South street, at Centre street, which we expect will channelize the movement of traffic and afford a haven for the pedestrians.

I respectfully suggest that Councilor Bryan wait for a short while to see whether or not the erection of this island will do away with the necessity of creating a "Stop" street.

Respectfully,
LEO F. CURLEY, Commissioner.

INVESTIGATION OF JOHN MINICHELLO.

The following was received:

City of Boston,
Office of the Mayor, June 21, 1948.
To the City Council.
Gentlemen:

I transmit herewith communication from the Overseers of the Public Welfare, relative to your order of June 11, 1948, concerning investigation of Mr. John Minichello, of 47 Seneca street, South End.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Overseers of the Public Welfare,
June 18, 1948.

Hon. James M. Curley,
Mayor of Boston.

Dear Sir:
This department is in receipt of the following order of the City Council, passed on June 11, 1948:

"Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to investigate Mr. John Minichello, of 47 Seneca street, South End, for the purpose of determining whether or not he was receiving public aid and, if so, to report to the City Council the reasons why he was accepted as a welfare recipient, said report to be forwarded before Monday next."

Investigation was made, and aid in this case was given on a week to week basis because Mr. Minichello was unemployed and he showed evidence that he was making an effort to obtain employment.

It was felt that because of Mrs. Minichello's pregnancy and the presence of a minor child there was apparent need in this family, and there was no alternative but to aid them.

Very truly yours,
LOUIS P. LEONARD, Chairman.

SALARIES OF FIRST ASSISTANT ASSESSORS, ETC.

The following was received:

City of Boston,
Office of the Mayor, June 21, 1948.
To the City Council.
Gentlemen:

The salaries of first assistant assessors, attachés of the City Council, and deputy sealers of weights and measures are governed by city ordinance.

In order that these employees, receiving less than \$3,500 a year, may share in the general compensation increase given to all other employees, the ordinances must be amended.

I therefore submit herewith an ordinance amending the salary rates for the employees above-mentioned, and respectfully recommend its passage by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston.

In the Year Nineteen Hundred and Forty-Eight.
An Ordinance Concerning Salaries of Officials of the City.

Be it ordained by the City Council of Boston, as follows:

Chapter 3, section 3, of the Revised Ordinances of 1947 is hereby amended as follows:

In the clause establishing the salaries of assessors, by striking out that portion relating to salaries of first assistant assessors, and inserting in place thereof the following: "Each first assistant assessor, thirteen hundred and fifty dollars for street work and preparation therefor, and thirteen hundred and fifty dollars for services on dooming board and work on abatements and investigations."

In the clause establishing the salaries of the sealer and deputy sealer of weights and measures, by striking out said clause and inserting in place thereof the following: "The sealer of weights and measures, five thousand dollars; the chief deputy sealer, such salary not exceeding thirty-five hundred dollars; and the other deputy sealers, such salary not exceeding thirty-three hundred dollars each, as may be fixed by the sealer of weights and measures with the approval of the mayor."

In the clause establishing the salaries of officers connected with the city council, by striking out said clause and inserting in place thereof the

following: "The officers connected with the city council; the clerk of committees, six thousand dollars; the assistant clerk of committees, forty-six hundred dollars; two stenographer clerks, each thirty-three hundred dollars; the city messenger, six thousand dollars; the first assistant city messenger, four thousand dollars; the second assistant city messenger, thirty-three hundred dollars; two stenographer-clerks, each three thousand dollars; the document man, thirty-five hundred dollars; the assistant document man, three thousand dollars."

SALE OF OLD CABOT STREET FIREHOUSE.

The following was received:

City of Boston,
Office of the Mayor, June 21, 1948.
To the City Council.
Gentlemen:

The Old Cabot Street Firehouse is now being occupied, under lease, by the William E. Carter Post, No. 16, American Legion. The building is in a dilapidated condition, as a result of age and a recent fire, and to place the said building in good condition for continued occupancy would cost the city a considerable sum of money.

It is the opinion of the Superintendent of Public Buildings, in which I share, that the building should be sold to the Carter Post of the American Legion for a flat sum of \$100. The members of the Post are willing, under these circumstances, to make the necessary repairs to the building.

I recommend, therefore, the adoption of the accompanying order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Buildings Department,
June 21, 1948.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor:
Referring to the attached correspondence concerning the purchase of the old Cabot Street Firehouse by the William E. Carter Post, No. 16, American Legion, it is my opinion that the city's interests would be best served by accepting their offer of \$100.

The building is in an extremely dilapidated condition and it would be most unwise, in my opinion, for the city to expend any sum to make it habitable.

In consideration of the above, I respectfully recommend that this order be forwarded to the City Council recommending said sale.

Attached is an order and description of the property.

Respectfully yours,
JAMES E. SULLIVAN,
Superintendent of Public Buildings.

Whereas, The City of Boston owns in fee a certain parcel of land containing approximately four thousand eight hundred thirty-two (4,832) square feet of land, together with the building thereon, situated on the northwesterly side of Cabot street at the southwesterly corner of Whittier street in the Roxbury district of the City of Boston; and

Whereas, The said parcel of property is no longer required for public purposes; now therefore it is hereby

Ordered, That the Superintendent, Public Buildings Department of the City of Boston, be, and he hereby is, authorized in the name and behalf of the City of Boston to sell at private sale for the sum of one hundred dollars (\$100) to William E. Carter Post No. 16, American Legion, all the City of Boston's right, title and interest in and to said parcel of property, hereinafter described; and it is hereby further

Ordered, That his Honor the Mayor of the City of Boston, be, and he hereby is, authorized in the name and behalf of the City of Boston to execute and deliver to William E. Carter Post No. 16, American Legion, a written instrument satisfactory in form to the Law Department of the City of Boston conveying all the City of Boston's right, title and interest in and to said parcel of property hereinafter described. The said parcel of property is bounded and described as follows:

Southeasterly by the northwesterly line of Cabot street, forty-eight and 25-100 (48.25) feet; southwesterly by land of the City of Boston, one hundred twenty-four and 70-100 (124.70) feet; northwesterly by the southeasterly line of Downing street, by two measurements, one and 9-100 (1.09) and forty-one and 69-100 (41.69) feet; northeasterly by the southwesterly line of Whittier street, one hundred two and 8-100 (102.08) feet, containing four thousand eight hundred thirty-two (4,832) square feet of land, more or less. Said parcel of land, together with the locations of the buildings thereon and all of said measurements, are shown on a plan marked "City of Boston, Cabot Street, Downing Street, Whittier Street, Roxbury, July 11, 1947, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department." The original plan is on file in the office of the Street Laying-Out Department, City Hall, Boston, Mass.

Referred to Committee on Public Lands.

SALE OF LAND AT COLUMBUS AVENUE AND RITCHIE STREET.

The following was received:

City of Boston,
Office of the Mayor, June 21, 1948.
To the City Council.
Gentlemen:

I am in receipt of the attached communication from the Commissioner of Public Works in which he recommends that approximately 22,271 square feet of city-owned land at Columbus avenue and Ritchie street be sold at public auction.

The portion of land in question is part of an area containing approximately 192,597 square feet of land, in use at the present time as a yard of the Public Works Department. The Commissioner of Public Works states that the entire area is not necessary for the needs of the department, and no activities will be sacrificed if the above-mentioned sale is consummated.

I concur in the recommendation of the Public Works Commissioner for the reason that wherever and whenever possible city-owned land should be disposed of and placed in taxable hands for the general good of the city. Consequently, I submit herewith an order for the sale, at public auction, of the land above referred to, at an upset price of \$11,135.50, and recommend adoption of the order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
June 16, 1948.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor:

This department has received a proposal for the purchase of approximately 22,271 square feet of city-owned land at Columbus avenue and Ritchie street, in Roxbury. The price offered is 50 cents a square foot.

This is a portion of an area of land under the jurisdiction of the Public Works Department, containing in all about 192,597 square feet, bordering on Columbus avenue, Ritchie street, and Highland street. It is the headquarters of the Roxbury district of this department. The entire area, however, is not necessary for our needs, and I am of the opinion that the city could sell the area for which the proposal has been made, without, in any way, sacrificing the activities carried on at this location.

At the request of this office the Law Department has prepared an order for presentation to the City Council. I attach the original and three copies of this order, and respectfully recommend that you transmit it to the City Council, with a request that a sale, at public auction, be authorized, at an upset price of \$11,135.50.
